October 5, 2020 - Reopening Update

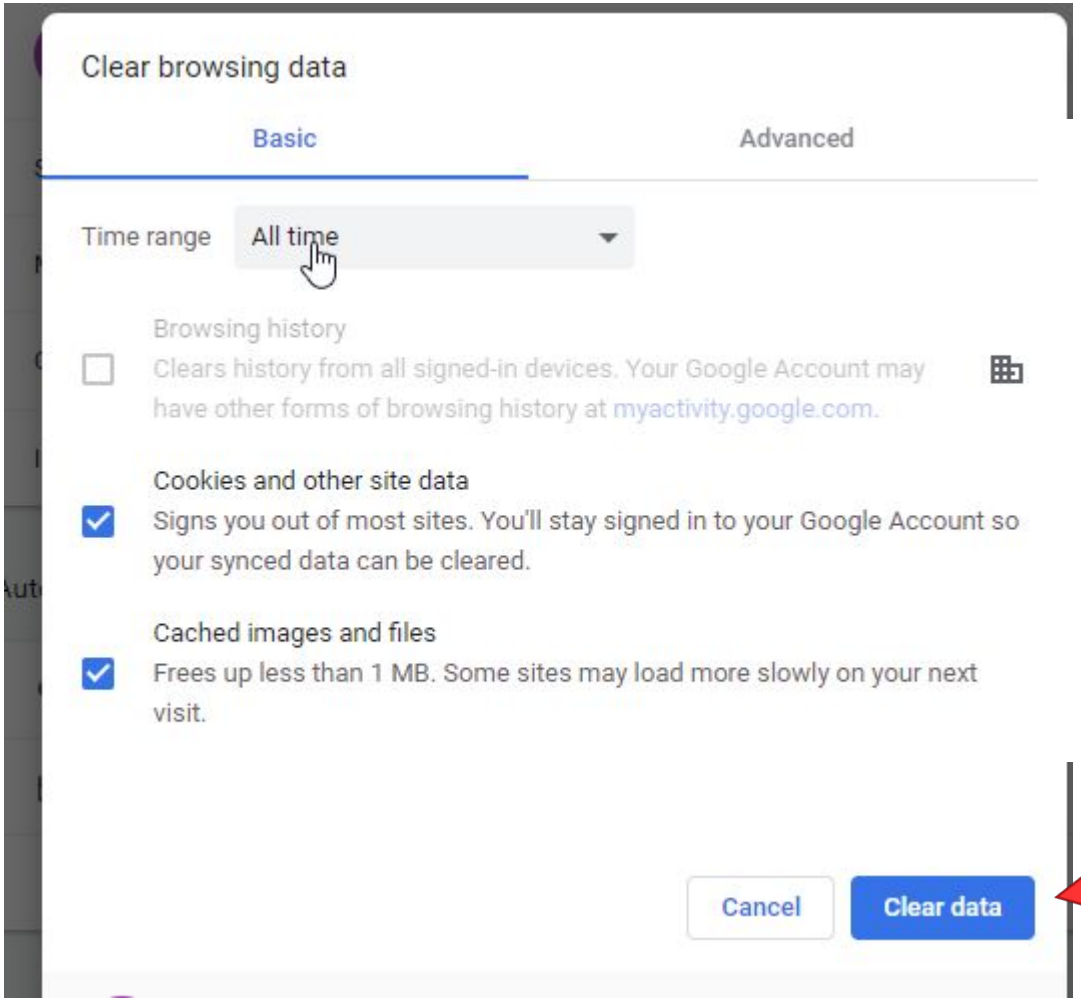
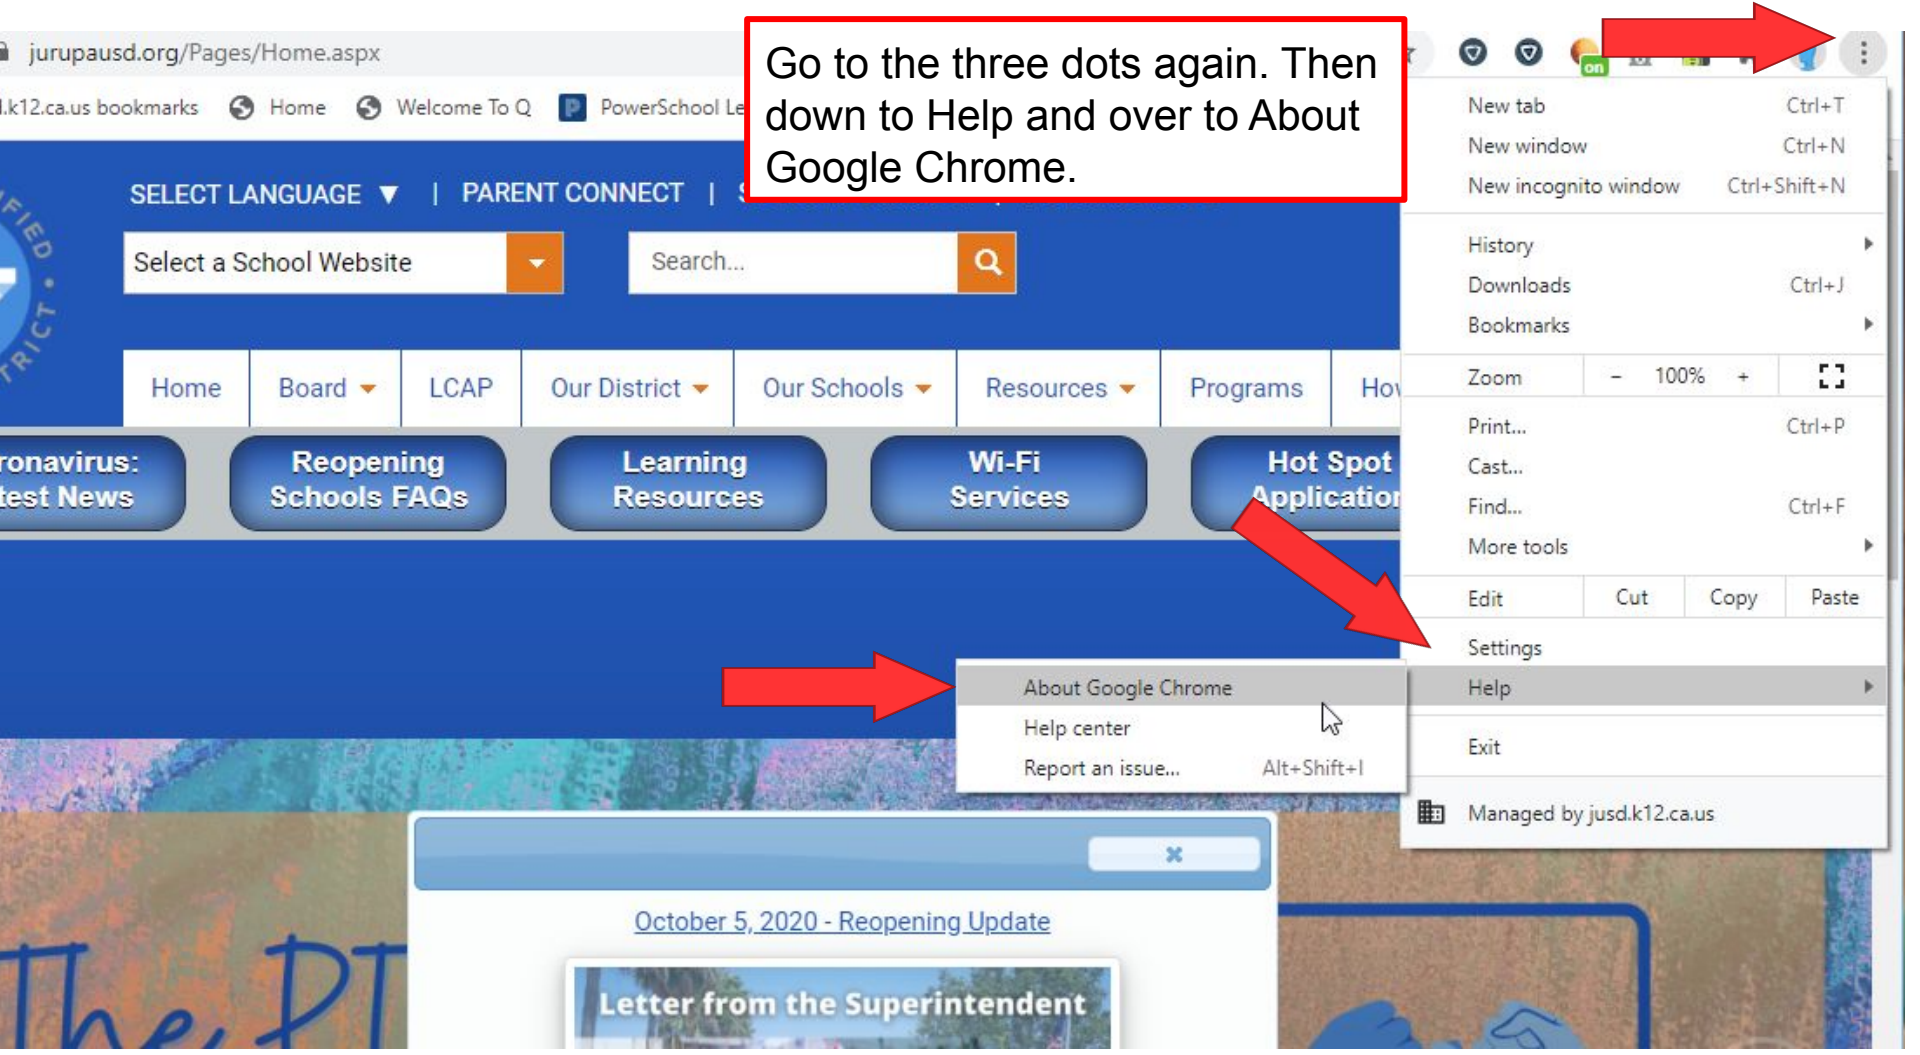
If you followed all these steps you have successfully cleared your browser. The next slides will show you how to check for updates in Google Chrome.



- Make sure the Time range is set to <u>All time.</u>
- Cookies and other site data and Cached images and files are clicked.
- Then go down and clear data.



Go to the three dots again. Then down to Help and over to About Google Chrome.

After checking for updates it will say “your Chromebook is up to date” Or the system will begin to update. When it is done a restart button will appear. Click it.
Wait for the Chromebook to power off then completely power back on before closing it.
