Roll Call: President White, Ms. Ruane, Mr. Barela, Mr. Chavez, and Mr. Lauritzen

Flag Salute

(Mr. Lauritzen)

Invocation

(Mr. Chavez)

HEARING SESSION

* Hold Public Hearing on Increasing School Facilities Fees for New Construction

(Mr. Edmunds)

On June 5, 1989, the Board authorized an increase in school facilities fees levied pursuant to Government Code Section 53080, of 3¢ per square foot on new residential construction and 1¢ per square foot on new commercial/industrial construction. Under normal circumstances there is a 60-day waiting period for this fee increase to go into effect. Because of the potentially severe financial impact of the loss of revenue that could occur if fees were not increased, the Board enacted Urgency Interim Resolution No. 89/32 to increase the fees. This resolution has an effective period of 30 days, and will therefore expire on July 5, 1989.

HEARING SESSION

Hold Public Hearing on Increasing School Facilities Fees for New Construction

(Cont'd)

The purpose of this public hearing is to receive input and testimony on levying school facilities fees as proposed in Resolution No. 90/02, which would adjust the fee for new residential construction from \$1.53 per square foot to \$1.56 per square foot, and which would also adjust the fee for new commercial/industrial construction from 25¢ per square foot to 26¢ per square foot. Resolution No. 90/02 will become effective July 6, 1989, and expires 30 days thereafter. Inasmuch as the District is required to provide local matching funds to the State equal to the maximum allowable fee, and inasmuch as the District's General Fund would have to pay the difference between the existing fee and the increased fee, Resolution No. 90/02 contains urgency findings.

President White should formally open and close the public hearing on this matter. The Board will consider action on the Resolution under Item C, Adopt Urgency Interim Resolution No. 90/02, Increasing the Amount of School Facilities Fees to be Levied on New Construction.

COMMUNICATIONS SESSION

1. Administrative Reports and Written Communications

a. Accept Donations

(Mr. Edmunds)

All donations are given to Jurupa Unified School District with the request the money or item be used at the designated school.

- The Camino Real Elementary School P.T.A. wishes to donate \$500 for field trips at the school.
- The Indian Hills Elementary School P.T.A. wishes to donate \$567.20 to pay for its share of the school's emergency water packets.

Administration recommends acceptance of these donations, with letters of appreciation to be sent.

b. Other Communications/Reports

(Dr. Wilson)

2. Public Verbal Comments

This communication opportunity is included on the agenda of each regular Board meeting so citizens can make suggestions or identify concerns about matters affecting the school district, or request an item on a future agenda. California law states that there shall be no action on items not shown on the published Board Agenda.

The Board President will call on speakers who have completed cards requesting to be heard. Comments should be limited to five minutes. The Board may not have complete information available to answer questions and may refer specific concerns to the staff for appropriate attention.

Board Member Reports and Comments
(Time Limit 5 Minutes)

Individual Board members may wish to share information about topics not on the agenda, report on committee activities or request items on a future agenda.

ACTION SESSION

* **A. Approve Minutes of June 26, 1989 Regular Meeting**

Recommend approval as printed.

* **B. Consider Proposed Resolution #90/01, In Support of a Constitutional Amendment Prohibiting the Desecration of the United States Flag** (Mr. Barela)
(Time Limit 3 Minutes)

Board member Cook Barela requested that Resolution #90/01 be included in the supporting documents for the Board's review.

Recommend the Board adopt Resolution #90/01, In Support of a Constitutional Amendment Prohibiting the Desecration of the United States Flag.

C. Consider Adopting Urgency Interim Resolution #90/02, Increasing the Amount of School Facilities Fees to be Levied on New Construction (Mr. Edmunds)
(Time Limit 3 Minutes)

On June 5, 1989, the Board authorized an increase in school facilities fees from \$1.53 per square foot to \$1.56 per square foot for new residential construction, and from 25¢ per square foot to 26¢ per square foot for new commercial/industrial construction. This fee increase was put into effect by Urgency Interim Resolution No. 89/32, which has an effective period of 30 days and therefore expires on July 5, 1989. The District must provide a local matching contribution to the State equal to the maximum fee that can be collected pursuant to Government Code Section 53080. Without increasing fees, the District could suffer significant financial loss resulting from paying the fee increment from its General Fund. Additionally, during the past five years, the District has spent over \$4 million of General Fund and developer fee revenue which was not allocated through the State Building Program. Any additional loss of revenues that may result from not assessing the maximum allowable school facilities fee will create a drain on District resources that will lessen the District's ability to provide adequate education services. In order to prevent this potential loss of revenue, the Board may enact an urgency resolution to increase school facilities fees effective July 6, 1989. In so doing, the Board must find that the inability to collect fees during the period in question would pose an immediate threat to the public health, welfare and safety. This finding can be made on the basis of the financial information provided above.

Administration recommends the Board adopt Urgency Interim Resolution #90/02 Increasing the Amount of School Facilities Fees to be Levied on New Construction.

- * D. Approve 1989/90 School Level Consolidated Application Plans for Mission and Jurupa Middle Schools (Ms. Roberts)
(Time Limit 3 Minutes)

This year, both middle schools received School Improvement Planning funds from the State Department of Education. Jurupa Middle School received \$29,816 and Mission Middle School received \$27,452. The purpose of these funds is to assist schools in developing programs consistent with the quality criteria approved by the California State Department of Education. Next year, both schools expect to receive approximately the same level of funding.

As reported at the June 5 Board meeting, the 1989-90 plans were developed by principals, school staffs and members of School Site Councils.

Board members have been provided with copies of the plans for review.

Administration recommends that the Board approve the 1989-90 School Improvement plans for Jurupa and Mission Middle Schools.

- * E. Adopt Resolution #90/03, In Support of Improved Funding for Home-to-School (Mr. Edmunds)
(Time Limit 3 Minutes)

The Board is well aware that there is a considerable shortfall in funding provided for home-to-school transportation, as compared to annual expenditures. This discrepancy grows greater each year. In 1989/90 it is anticipated that the District will expend over \$540,000 of General Fund money to transport students.

There are currently three bills pending which would provide improved funding for transportation and/or bus replacement. AB 300 (Campbell) would establish a new, more equitable funding formula for school transportation funding. AB 824 (Bader) would place a \$100 million bond act for school bus replacement on the June, 1990 election ballot. ~~AB 1958 (Kelley)~~ would provide additional funding for school bus fleet expansion in growing school districts.

The Riverside County Advocacy Association (RCAA) is lobbying in favor of these bills on behalf of its member districts. They are using a short video that was prepared by Superintendent Dale Holmes and the County Office of Education to convey RCAA's concerns in Sacramento. This short 3-minute video may be of interest to Board members, as part of it was filmed using the District's buses and transportation yard as background. If Board members would like to see the video, we can arrange to show it at the July 17, 1989 Board Meeting, or Board Members may take a copy home for individual viewing. Administration recommends the Board adopt Resolution No. 90/03 In Support of Improved Funding for Home-to-School Transportation.

- F. Award Legal Bids (Mr. Edmunds)
(Time Limit 5 Minutes)

1. Award Legal Bid #89/25L, Furnish Wood Shop Tools and Equipment for Jurupa Valley High School

Specifications for the wood shop tools and equipment for Jurupa Valley High School were developed by the District. Advertisements inviting bids were published in the Riverside Press Enterprise on June 7 and 14, 1989. Bid packets were mailed to six vendors; five of the six submitted bids.

Award Legal Bids (Cont'd)

1. Award Legal Bid #89/25L, Furnish Wood Shop Tools and Equipment for Jurupa Valley High School (Cont'd)

There were 64 items on the bid and rather than list all items, we have listed summaries by low bidder.

<u>Vendor</u>	<u>No. of Items</u>	<u>Amount</u> <u>(includes sales tax)</u>
Battels	16	\$17,688.48
A.T. Mitchell	1	14,659.73
Paxton Patterson	29	7,277.40
Brodhead Garrett	19	2,582.03

This equipment will be funded from the state furniture and equipment allowance for this project.

Administration recommends that the Board approve the issuance of the following purchase orders for Wood Shop Tools and Equipment for Jurupa Valley High School: 1) Purchase Order #55649 to Battels in the amount of \$17,688.48; 2) Purchase Order #55650 to A.T. Mitchell in the amount of \$14,659.73; 3) Purchase Order #55648 to Paxton Patterson in the amount of \$7,277.40; and, 4) Purchase Order #55651 to Brodhead Garrett in the amount of \$2,582.03.

2. Award Legal Bid #89/27L, Re-roofing at Pacific Avenue Elementary and Rubidoux High Schools

Specifications for re-roofing at Pacific Avenue Elementary and Rubidoux High Schools were developed by the District Maintenance Department with consultation from representatives of Resin Technology Company. Advertisements inviting bids were published in the Riverside Press Enterprise on June 8 and 15, 1989. Specifications call for polyurethane foam roofing on the Eastern half of Building "B" and all of Building "C" at Rubidoux High School; and the entire roof over Rooms 4, 5, and 6 at Pacific Avenue Elementary School. A mandatory job walk was held at 9:00 a.m. on Tuesday, June 20, 1989. The job walk was conducted by Bill Elzig, Senior Building Inspector, and Phil Wilkeson, Director of Purchasing. Also in attendance were eleven potential bidders and two representatives from Resin Technology Company.

During the job walk, a number of "soft spots" were discovered on the roofs of Buildings "B" and "C" at Rubidoux High School which indicated a need to replace some of the substratum, a material called fesco. An addendum to the bid was issued requiring bidders to quote a per square foot price on replacing this material. Actual quantity to be replaced will be determined at the time of the re-roofing job via inspection and verification. The addendum also called for bidders to include bids for new roofs over Rooms 1, 2, 3, 7, 8, and 9 at Pacific Avenue Elementary School. These quotes were requested as potential additions to the project if additional funds became available.

Award Legal Bids

3. Award Legal Bid #89/27L, Re-roofing at Pacific Avenue Elementary and Rubidoux High Schools (Cont'd)

Six companies submitted bids as follows:

<u>Vendor</u>	<u>Base Bid</u>	<u>Fesco Replacement (per sq ft)</u>	<u>Additional Building at Pacific Avenue</u>
Foam, Inc.	\$48,155.00	\$3.50	\$19,865.00
TEC Systems, Inc.	49,382.00	.50	19,890.00
Wiltshire Urethane	49,986.00	N/B	23,304.00
Tech Application	50,797.00	2.00	20,186.00
Foam Experts	53,510.00	.90	22,345.00
Southern California Roofing	57,982.00	1.72	23,791.00

Our Maintenance Department is estimating a need to replace a minimum of 500 square feet of the fesco which would then make the bid amounts read as follows:

Foam, Inc.	\$49,905.00
TEC Systems, Inc.	49,632.00
Wiltshire Urethane	Non-Responsive
Tech Application	51,797.00
Foam Experts	53,960.00
Southern California Roofing	58,842.00

If the amount of fesco that has to be replaced increases, then the bid submitted by TEC Systems becomes more advantageous to the District in comparison to the others.

Administration recommends that Legal Bid #89/27L for Re-Roofing at Pacific Avenue Elementary and Rubidoux High Schools be awarded to TEC Systems, Inc., of Bakersfield, and that Purchase Order #55658 in the amount of \$49,382.00 plus \$0.50 per square foot for fesco replacement be issued to cover this work. The District has \$57,600.00 in the 1989-90 State Deferred Maintenance Plan for this project.

G. Review and Act on Timely School Facility Matters

Hear and/or Approve Other School Facility Matters

(Mr. Anderson)

Due to frequent changes taking place in facility improvement programs, items which require Board discussion or action may arise between agenda preparation and meeting times. Administration may provide such items as verbal information reports or recommendations for action.

Approve Personnel Report #1
(Time Limit 2 Minutes)

(Mr. Campbell)

Administration recommends approval of Personnel Report #1 as printed subject to corrections and changes resulting from review in Closed Session.

Act on Student Discipline Matters
(Time Limit 3 Minutes)

(Mr. Taylor)

- * 1. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #89/30 for defying school officials and disrupting school activities.
- * 2. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #89/35 for threatening to cause physical injury, possessing and brandishing a weapon, committing robbery, defying school officials, and disrupting school activities.
- ** 3. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #89/38 for causing physical injury to a pupil, defying school officials, and disrupting school activities.

J. Approve Routine Action Items by Consent
(Time Limit 2 Minutes)

Administration recommends the Board approve Routine Action Items as printed.

* Agreements

(Mr. Edmunds)

K. Review Routine Information Reports

* 1. Report on School-Within-A-School "SWAS" Program at Rustic Lane

(Ms. Roberts)

Several months ago, the Board approved the concept of a "School-Within-a-School" program at Rustic Lane Elementary School. The principal and his staff have continued to develop this program throughout the school year. The supporting documents contain a memorandum from the principal regarding the status of this program to date. Form A is a letter to parents, Form B is a "School-Within-A-School" (SWAS) Parent-Teacher-Student Educational Contract. The third form is a memorandum from the principal to teachers at the school about the SWAS program. Information only.

Receive Reports Pursuant to Education Code #48915

(Mr. Martinez)

Education Code #48915 requires that when a school principal determines that expulsion is inappropriate for specific student discipline violations, the principal will report in writing to the Governing Board. Such reports are included in the supporting documents for Board members only. Information only.

ADJOURNMENT

RESOLUTION NO. 90/02

AN URGENCY RESOLUTION OF THE BOARD OF EDUCATION
OF THE JURUPA UNIFIED SCHOOL DISTRICT INCREASING
THE AMOUNT OF SCHOOL FACILITIES FEES TO BE
LEVIED ON NEW CONSTRUCTION

WHEREAS, the State Legislature, in Government Code Sections 53080 et seq., has established a school fee program which, in practical effect, requires this Board of Education to levy fees against all new residential, commercial and industrial development projects within the District for the purpose of funding the construction and reconstruction of school facilities; and

WHEREAS, this Board has previously undertaken a comprehensive study of the District's school facilities, the amount of development occurring within the District's boundaries, the pupils generated by such development, and the costs of constructing permanent and relocatable facilities to meet the pupil needs generated by such new development; and,

WHEREAS, based upon that study and information and testimony presented to us, this Board levied a fee against all new residential, commercial and industrial development in the amounts of \$1.53 and \$0.25 per square foot of covered or enclosed space, respectively; and

WHEREAS, Government Code Section 65995 requires the State Allocation Board at its January meeting to annually increase the maximum amount of school fees which may be levied under the State's school fee program according to the adjustment for inflation set forth in the state-wide cost index for Class B construction; and

WHEREAS, the State Allocation Board has made the determination that based upon the 1989 adjustment in the state-wide cost index for Class B construction, the maximum amount of school fees which may be levied pursuant to Government Code Section 53080 should be increased to \$1.56 per square foot of habitable space for residential development and \$0.26 per square foot of covered or enclosed space for commercial and industrial development; and

WHEREAS, notwithstanding this District's continuing levy of school fees, this District's school facilities continue to be overcrowded and our educational programs seriously impacted by increasing student population caused by new residential, commercial and industrial development; and

WHEREAS, this Board has again undertaken a comprehensive study of the District's school facilities, the pupils generated by new residential, commercial and industrial development within the District and the costs associated with constructing permanent and relocatable school facilities to meet the pupil needs generated by such new development and, based upon that study, determined that the actual costs of providing school facilities at all grade levels for new construction exceeds the maximum amount of fees which, by law, this District may levy; and

WHEREAS, the District's comprehensive report justifies the District's imposition of school fees on commercial and industrial development by analyzing specific categories of commercial and industrial development, all of which were determined to impact this District's facilities based upon the

square footage of the development, the anticipated number of employees and the number of new students generated by such employees; and

WHEREAS, this Board deems it to be in the best interest of the students, teachers, parents and electorate of this District that the District increase its school facilities fee by \$.03 to \$1.56 for residential development and by \$.01 to \$0.26 for commercial and industrial development, the maximum allowed by State law; and

WHEREAS, enactment of this fee increase has been reviewed by the District's Board and staff under the California Environmental Quality Act; and

WHEREAS, District staff has completed a preliminary exemption assessment, attached hereto as Exhibit "A," and has determined that it can be seen with certainty that there is no possibility that the imposition of this increased fee may have a significant adverse impact upon the environment; and

WHEREAS, no city or county may issue a building permit for any new residential, commercial and industrial development within this District without a certification by this District of compliance with the Government Code's School fee requirements; and

WHEREAS, the appropriate land use jurisdictions will be notified of this necessary change in school fee calculations and will be requested to continue to work with the District to assure that the school fee program benefits the residents and students of our community; and

WHEREAS, this District, for the ten days prior to its public meeting, has made available to the public, data indicating the estimated cost required to provide the service for which this fee is levied and the revenue sources anticipated to provide the service, mailed notice at least fourteen days prior to this meeting to all interested parties who have requested notice of the District fee increases, and held a duly noticed, regularly scheduled public meeting at which oral and written testimony was received regarding the proposed fees;

WHEREAS, this Board further finds and determines that without an increase of the maximum amount of school fees which may be levied under the State's school fee program adverse impacts upon the health, safety and welfare of the students, teachers, parents, electorate and public, in general, could result due to the fact that the District's school facilities are now overcrowded and our educational programs are being seriously impacted by the continuing increase in student population caused by the new residential, commercial and industrial construction within this District; and

WHEREAS, California Government Code Section 65962(c) allows this legislative body to adopt urgency measures as interim authorizations for this increase in the school facilities for this increase in the school facilities fee to protect the public health, welfare and safety, if such resolution is enacted by a 4/5th vote of this legislative body, and if such resolution contains findings describing the current and immediate threat

to the public health, welfare and safety perceived by the Board to exist in the absence of such interim resolution; and

WHEREAS, this Board deems it to be in the best interest of the students, teachers, parents, electorate and public, in general, of this District that this urgency resolution as part of the school facilities fee increase be enacted in order to avoid a hiatus in the fee collection during the 60 day period in which a resolution permanently adopting an increase in school fees is effective.

NOW, THEREFORE, BE IT RESOLVED by the Board of Education of the Jurupa Unified School District as follows:

SECTION 1. Pursuant to California Government Code Section 53080, this Board hereby increases the amount of school fees it levies against all new residential development by the amount of \$.03 per square foot of habitable space, and against all new commercial and industrial development by the amount of \$.01 per square foot of covered or enclosed space.

SECTION 2. This Board hereby finds, based upon the study it has undertaken and the information and testimony presented to it, that the amount of the fee increase for residential, commercial and industrial development bears a reasonable relationship and is limited to the needs of the community for school facilities and is reasonably related and limited to the need for schools caused by such new development, and that this District's increased fee is the estimated reasonable cost of providing adequate school facilities for existing and future students generated by that development.

SECTION 3. Based upon the data and testimony provided to this Board demonstrating that new development within District boundaries impacts upon its school facilities, this Board hereby determines that there is a reasonable relationship between the use of the fee for constructing new schools and the residential, commercial and industrial development project upon which the fee is levied and that a reasonable relationship exists between the need for new school facilities and such residential, commercial and industrial development.

SECTION 4. District staff is hereby directed to file a notice of exemption pursuant to the District's Guidelines for Implementation of the California Environmental Quality Act with the Clerk of the Board of Supervisors of the County of Riverside within five (5) working days of the date this resolution is adopted. The notice of exemption shall have a certificate of determination attached to it in the form of the preliminary exemption assessment hereto.

SECTION 5. District staff is hereby instructed to work with the appropriate land use jurisdictions to ensure compliance with California Government Code Section 53080 which provides that no city or county may issue a building permit for any development project within this District without certification by this District of compliance by that development project with the fee requirements of this resolution.

SECTION 6. District staff is hereby instructed to transmit certified copies of this resolution to all appropriate

land use jurisdictions issuing building permits within the District to inform each of them of the District's increased fees for residential, commercial and industrial development.

SECTION 7. The provisions of this resolution shall become effective July 6, 1989.

ADOPTED this 3rd day of July, 1989.

President, Board of Education of the
Jurupa Unified School District

ATTEST:

Secretary to the Board

JURUPA UNIFIED SCHOOL DISTRICT
RIVERSIDE, CALIFORNIA

MINUTES OF THE REGULAR MEETING

JUNE 26, 1989

CLOSED SESSION

At 6:08 p.m. on Monday, June 26, 1989, President White called the Board to order in Closed Session in the Superintendent's office at the Education Center, 3924 Riverview Drive, Riverside, California. Three Board members were present. Mr. Lauritzen arrived at 6:15 p.m. and Mr. Chavez was absent. Also in attendance were the Superintendent, other administrators, and district's legal counsel Ron Ruud who left Closed Session at 7:00 p.m.

At 8:07 p.m. President White adjourned from Closed Session.

COMMUNICATIONS SESSION

RECOGNIZE
BOARD MEMBER

President White recognized Mr. Chavez who was elected as a representative to the California School Boards Association Delebate Assembly from Subregion 18A. He noted that Mr. Barela also serves as a representative to the Delegate Assembly. Mr. Barela added that having two delegates from the Jurupa District will provide a very strong voice on issues before the association. Jurupa may be the only school district with the support of two delegates.

BOARD MEMBER
PRESENT

The Superintendent stated that Board member John Chavez has been delayed in Arizona and would not be able to attend the meeting.

RECOGNIZE
PARTNERSHIP WITH
INDIAN HILLS
SCHOOL

Ms. Twombly, Public Information Officer, announced that the Jurupa District recently joined with Alvord and Riverside Unified School Districts to recognize local businesses who have partnerships in education. Jurupa has thirteen businesses that support its schools.

Ms. Twombly further noted that De Anza National Bank, one of the district's oldest partnerships, has also adopted Indian Hills Elementary School. It also has an existing program with Rubidoux High School which was adopted in 1986.

Neil Hatcher, manager of De Anza Bank, and principal Laverne Manns have plans underway for the 1989/90 school year. Ms. Manns noted that students have already paraded through the bank at Easter time. Mr. Hatcher plans to display children's artwork and familiarize them with banking activities. Certificates were signed to formalize the partnership. President White thanked Mr. Hatcher for his strong support of Jurupa schools.

RECOGNIZE
1988/89
GRADUATES

The Assistant Superintendent Curriculum, Instruction and Assessment said she was proud to present the final report of 1989 graduates. Rubidoux High School had more than 500 graduates, Adult Education had 4 graduates, and Nueva Vista High School had 49 graduates as listed in the annotated agenda.

RECOGNIZE
ADDITIONAL
VOLUNTEER

The Assistant Superintendent Curriculum, Instruction and Assessment announced that Sonia Castillo, a volunteer at Sunnyslope Elementary School, has also given more than 25 hours of service to the district.

ACCEPT

-Motion #267

MR. BARELA MOVED THE BOARD ACCEPT THE FOLLOWING DONATIONS FOR SCHOOLS: A STAINED GLASS WINDOW VALUED AT \$300 FROM PATRICK DORFSMITH, TEACHER AT CAMINO REAL SCHOOL, FOR USE AT THE SCHOOL; \$2,300 FROM INA ARBUCKLE SCHOOL PTA TO UPGRADE SOUND SYSTEM (\$1,500) AND PURCHASE LIBRARY BOOKS (\$800) FOR USE AT THE SCHOOL; FOUR LIBRARY BOOK SHELVES VALUED AT \$400 FROM MISSION BELL SCHOOL PTA FOR USE AT THE SCHOOL; \$300 FOR AN AUDIO-MONITOR FOR THE MULTIPURPOSE ROOM, \$1,701.75 FOR AWARDS AND INCENTIVES FOR THE GOLDEN DINOSAUR AWARDS PROGRAM AND SKATING PARTY, STUDENT OF THE MONTH PROGRAMS, AND THE SPELLING BEE FROM SUNNYSLOPE SCHOOL PTA FOR USE AT THE SCHOOL; \$300 TOWARD THE PURCHASE OF STUDENT AWARDS FROM RON ROBINSON OF JURUPA HILLS COUNTRY CLUB FOR USE AT PACIFIC AVENUE SCHOOL; GIFT CERTIFICATE VALUED AT \$49 FROM KAREN ROSENBERG, OWNER OF THE IMAGINE THAT BOOKSTORE, FOR USE AT INDIAN HILLS SCHOOL. MR. WHITE SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY BY THE FOUR BOARD MEMBERS PRESENT.

REPORT ON
SUMMER SCHOOL
PROGRAM

The Assistant Superintendent Curriculum, Instruction and Assessment stated that Mr. Jim Taylor, Director of Elementary Education Operations, is in charge of elementary summer school. 608 children enrolled and 470 reported on the first day, June 26. Programs are being held at Van Buren and West Riverside Schools. 799 students are enrolled at Rubidoux High School: 76 Special Day Class students, 24 seventh graders and 29 eighth graders who were not promoted, 26 twelfth graders needing to make up classes for graduation, and 644 students for regular education. A total of 1269 students attended the first day of summer school. The Director of Elementary Education Operations added that this year's enrollment has increased more than 100 students at the elementary level and the program has been expanded from K-3 to K-5 students.

PUBLIC VERBAL
COMMENTS

President White noted that the public verbal comments section is an opportunity for the community to address the Board. Comments should be brief and concise, and refrain from discussing personnel in the district.

CITIZEN
COMMENTS

Gerald Adair, parent, distributed a document which he referred to as a public notice of a potential law suit. Mr. Adair noted that over 250 students attended the Jurupa Middle School dance at Club Metro. A number of parents were present. He also commented that 994 children voted to reinstate the name Jurupa Junior High School.

Holly Hanke, student at Jurupa Middle School, stated that she recently ran for treasurer of Jurupa Valley High School. A staff member had told her to cut out the part of her speech related to the name change. She felt this was a denial of her first amendment rights. Sandy Oberhansli, parent of Holly Hanke, added that the reason given was to avoid a problem at the assembly.

Chuck Dunn, resource specialist at Jurupa Middle School, distributed three memos referring to total costs for implementation of the Middle School concept, commercial activity, and lesson analysis. Mr. Dunn also noted that two promotion dances were held. He indicated that he helped organize the dance at Club Metro which went well with 40-50 parents present to provide assistance. He further noted that Math Field Day students did not receive T-Shirts this year.

BOARD MEMBER
REPORTS &
COMMENTS

- Board member Verne Lauritzen stated the **Mission Middle School** promotion exercise went well and was attended by many parents. He also appreciated having former board members present at the **Rubidoux High School** graduation.
- Board member Cook Barela noted that he participated in the **Nueva Vista High School** graduation. In continuing with tradition, each graduate was given a white carnation which in turn was given to the person who was helpful in obtaining educational goals.

BOARD MEMBER
REPORTS &
COMMENTS
(cont'd)

- Mr. Barela referred to a bulletin from the NSBA Office of Federal Relations. He pointed out that H.R. 7, **Vocational Education Overhaul Bill**, has passed the House. The Senate Subcommittee will begin hearings sometime this month. Mr. Barela noted that H.R. 7 will provide many advantages for local school districts which are aimed at modernizing vocational education. Legislators should be encouraged to support it.

Mr. Barela stated that the Supreme Court decision of June 21, 1989 allows desecration of the **United States Flag**. The new law has received strong opposition from government officials, various organizations and citizens. He noted the board agenda for July 3, 1989 will include a proposed resolution in support of a constitutional amendment prohibiting the desecration of the U.S. Flag.

- Board member Sandra Ruane stated she was highly pleased with the **Rubidoux High School graduation**. She thanked Board members for the opportunity to receive the class and present a diploma to her daughter.
- President White stated that the past week has been an exciting time for students. He appreciated the opportunity to attend **Jurupa Middle School** and **Rubidoux High School** ceremonies which were very nicely done.

MR. BARELA MOVED THE BOARD APPROVE MINUTES OF THE REGULAR MEETING OF JUNE 5, 1989 AS PRINTED. MS. RUANE SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

REPORT ON
COMPUTER
OFFERINGS
AT RHS

President White referred to the district's computer program and noted it will play an important role in the success of our high school graduates. He expressed appreciation to administration for the advancement that is being planned at the district's high schools.

Mr. Don Vail, principal at Rubidoux High School, distributed two packets: Introducing the...Computer Literacy Class, and Spreadsheets as Taught on Microsoft Excel. He stated that the program will be available as an elective to all students whether they are college bound or join the work force after graduation. Students completing a one year course will be able to do limited word processing or graphs. Students completing the second phase will learn advanced technology. A lab with Apple MacIntosh computers will be available. Mr. Vail concluded that students enrolled in the course should become capable users of a very efficient tool. President White expressed appreciation to the high school staff for expanding educational opportunities in an important field.

MR. LAURITZEN SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY. President White stated it was an excellent opportunity for the band and he was pleased the color guard was also attending.

REPORT ON
SCHOOLS
WITHOUT
DRUGS

The Superintendent stated that Item D, Report on Schools Without Drugs, has been included in the agenda at the request of Chuck Dunn from Jurupa Middle School. He noted the report gives a historical background of the district's participation in the Schools Without Drugs effort and a summary of the district's program to combat substance abuse.

-Motion #272

MR. BARELA MOVED THE BOARD URGE ALL COMMUNITY MEMBERS TO JOIN DISTRICT EFFORTS TO COMBAT SUBSTANCE ABUSE. MR. LAURITZEN SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

ADOPT 1989/90
40 SPECIAL FUNDS
-Motion #273

The Assistant Superintendent Business Services reported that supporting documents include budgets for 40 special funds. PRESIDENT WHITE MOVED THE BOARD ADOPT THE 1989/90 TENTATIVE BUDGETS FOR 40 SPECIAL FUNDS AS LISTED IN THE ANNOTATED AGENDA. MR. LAURITZEN SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

REVIEW 1989/90
TENTATIVE GENERAL
FUND BUDGET

The Superintendent stated that the 1989/90 Tentative General Fund Budget is meaningless because the California Legislature has failed to adopt a state budget that determines school districts' revenue. He further noted that Jurupa's budget was calculated on a 3.23 percent COLA (Cost of Living Allowance) and about a five percent increase in enrollment.

The Assistant Superintendent Business Services pointed out the district has a \$1 million expense for Jurupa Valley High School that it has not had in prior years. There is a possibility the state will approve a higher COLA which will be helpful. In addition, several proposals are under consideration for the distribution of Proposition 98 funds. The Assistant Superintendent explained that the supporting documents include a \$1 million needs list for additional expenditures not included in the Tentative Budget. Administration's intent is to add those expenses as the Final Budget is prepared assuming that an adequate reserve can be maintained. The Superintendent added that the Parks District has given a verbal commitment to pay \$75,000 over a three year period towards a swimming pool at Jurupa Valley High School, therefore, that amount has been set aside in the Tentative Budget for that purpose.

NEW 1989/90
TENTATIVE GENERAL
FUND BUDGET
(attached)

President White pointed out the school district has to adopt a budget on a given timeline whereas the state does not hold itself accountable. Another area of uncertainty is the degree of funding for categorical programs. The state should provide adequate funding so that future lottery funds could be used for the purposes intended. He thanked staff members of the Business Office for the colored graphs which were very helpful.

Mr. Barela stated that the different proposals for the distribution of Proposition 98 funds were running wild. The latest compromise could cost the Jurupa District a minimum of \$616,000. Although Republican legislators have listened to board members' requests for full COLA and categorical funding, their creativity may lead to a political tradeoff that could cost the district money. He felt it was time for the school district to become creative to meet its needs by showing the state there is a deficiency in the general fund that is being filled with lottery funds.

APPROVE 1989/90
TENTATIVE GENERAL
FUND BUDGET
Motion #274

PRESIDENT WHITE MOVED THE BOARD ADOPT THE 1989/90 TENTATIVE GENERAL FUND BUDGET. MR. LAURITZEN SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

REVIEW CAPITAL
OUTLAY PLAN

The Assistant Superintendent Business Services reviewed the 1989/90 Capital Outlay Plan. The following item was added to page 35: Asbestos Abatement (AHERA) in the amount of \$75,000 from the State Deferred Maintenance Fund. He also commented on the potential of a State Deferred Maintenance increase.

APPROVE AFJROTC
APPLICATION
FOR JURUPA VALLEY
Motion #275

MR. BARELA MOVED THE BOARD DIRECT ADMINISTRATION TO COMPLETE AND FORWARD THE APPLICATION FOR A AFJROTC UNIT AT JURUPA VALLEY HIGH SCHOOL. MR. WHITE SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY. Mr. Barela requested that letters of appreciation be sent to ROTC officials for the successful program at Rubidoux High School. He also suggested some training for those responsible for care of flags in the district.

DEFER
CONSOLIDATED
APPLICATION
PLANS

The Superintendent noted that Item G, Approve 1989/90 School Level Consolidated Application Plans for Mission and Jurupa Middle Schools and Van Buren Elementary School, has been deferred to the July 3, 1989 regular meeting.

BARELA MOVED THE BOARD ISSUE PURCHASE ORDER #55591 TO EASTMAN KODAK FOR \$15,392.53 WHICH INCLUDES INSTALLATION AND SALES TAX TO COVER THE PURCHASE OF ONE KODAK 150AF COPIER FOR JURUPA VALLEY HIGH SCHOOL. THIS PURCHASE TO BE FUNDED FROM THE STATE ALLOCATION FUNDING FOR FURNITURE AND EQUIPMENT FOR THIS PROJECT. MR. WHITE SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

CONFIRM FURNITURE
PRICING FOR TWO
ELEMENTARY
SCHOOLS

The Assistant Superintendent Business Services noted that at the June 5, 1989 regular meeting, the Board adopted Resolution 89/31 waiving the bidding procedure for furniture required for Camino Real and Sunnyslope Elementary Schools second phases. Administration has confirmed that the competitive pricing on furniture for the two elementary schools is higher than last year's bid but lower than Virco's list price and even lower than the current San Bernardino county bid.

EASEMENT AT
PEDLEY SCHOOL,
LACK OF SECOND

PRESIDENT WHITE MOVED THE BOARD GRANT AN EASEMENT AT PEDLEY ELEMENTARY SCHOOL. THE MOTION DIED FOR LACK OF A SECOND. Mr. Lauritzen stated that as a trustee of public funds, he felt the Board should defer granting an easement until funding is available from the County. The Superintendent reviewed that a list of priorities for sidewalks in the district was sent to Ms. Dunlap. The County has developed a map from the list showing thirty different areas in the district that need sidewalks. He noted that Ms. Dunlap will be informed of the Board's interest once funding becomes available.

AUTHORIZE LEASE

RESOLUTION #90/01

REPORT OF A CONSTITUTIONAL AMENDMENT PROHIBITING THE DESECRATION OF THE UNITED STATES FLAG

WHEREAS, on June 21, 1989 the U. S. Supreme Court justices ruled that patriotic strength and American symbolism are better served when the flag is disgracefully burned and desecrated; and

WHEREAS, the justices' discourse will have an irreversible negative effect on the proper teaching of patriotic values, respect and love for our national symbols and country for our children in educational institutions; and

WHEREAS, such an irresponsible decision that "such acts are protected by the first amendment guaranteeing the freedom of speech" is in itself a reproach to the highest judicial office in this nation; and

WHEREAS, the justices' rare attempt to justify their decision under a patriotic discourse reveals that individual political and social beliefs were the basis for their decision rather than the wills and desire of this nation; and

WHEREAS, our schools must have the support of the U. S. Supreme Court in shaping the morale, character and patriotic values of each succeeding generation of children for the purpose of national security and our country's future defense;

BE IT RESOLVED, that the Board of Education of the Jurupa Unified School District hereby petitions local and state legislators, county and state governments, educational institutions, the California School Boards Association, and the National School Boards Association as well as our federal legislators to seek an amendment to the United States Constitution which states in essence that "The Congress and the States shall have power to prohibit the act of desecration of the Flag of the United States which serves as a symbol of our nation's ideals, and to set criminal penalties for that act."

PASSED/ADOPTED by the Board of Education at a regular meeting of the JURUPA UNIFIED SCHOOL DISTRICT held in Riverside, California on July 3, 1989.

JURUPA UNIFIED SCHOOL DISTRICT

RESOLUTION NO. 90/03
IN SUPPORT OF IMPROVED FUNDING FOR
HOME-TO-SCHOOL TRANSPORTATION

WHEREAS, THE Jurupa Unified School District transports approximately 4,500 students each day on over 39 school buses, and

WHEREAS, there is approximately a \$540,000 difference between the cost of providing home-to-school transportation and the amount of funding received from the State, and

WHEREAS, this deficit is the result of the State funding formula for school transportation which has provided little increase in funding since the 1982/83 fiscal year, and

WHEREAS, the Jurupa Unified School District must use General Fund moneys that would otherwise be used for teachers and textbooks to fund the 35% school transportation deficit.

NOW, THEREFORE, BE IT HEREBY RESOLVED, That the Jurupa Unified School District urgently requests the State Legislature and the Governor to provide adequate funds for school transportation programs for both regular and special education students, commencing in the 1989/90 State Budget and each year thereafter; and

BE IT FURTHER RESOLVED, That the Superintendent of the District is directed to transmit a copy of this Resolution to the District's Assemblymember and Senator, the Governor, and the State Superintendent of Public Instruction.

SUBJECT: "SWAS"

The SWAS Program is off to a very good start. Both classes are full, and all parents have conferenced with one or both teachers. Some interesting comments and feelings were voiced during the conferences. Several parents stated they themselves had been in similar programs while attending elementary school. They further stated they had experienced an increase in self worth and academic achievement while in the program. Other parents, once they became aware of what the intent of the program was, indicated they wanted one or more of their other children in the program as well. Several parents declined to attend the parent conference, required for enrollment in the classes, and still others indicated they did not want their child in the program. Still others stated they would be moving thus eliminating their child from the program.

The two SWAS teachers, Carol Smith (4th-6th grades) and Kelly Sperry (1st-3rd grades), have met together frequently for the purpose of planning. They plan to continue meeting during the summer to finalize ideas, approaches, themes, etc. and will also be returning to school early to continue the planning process.

To be sure this program will experience changes as the year progresses in 1989/90. These growing pains are both expected and welcomed as we strive to improve the setting for students and staff alike.

Attached you will find copies of various letters, forms, and notices to staff and parents concerning SWAS.

Note: I have submitted the SWAS Program to the CSLA/ATC as my year three project.

**SCHOOL-WITHIN-A-SCHOOL
(A TWO-ROOM SCHOOL)**

The students at Rustic Lane school come from a wide variety of backgrounds and a number of programs and classes are available to meet the various needs of these students.

In a further effort to meet those various needs this program will offer students/parents a continuing program from 1st grade through 6th grade. This multi-grade two room school with two teachers, will give the teacher an opportunity to provide ongoing instruction to students for up to three years at a time per room. This family like atmosphere will be a stable environment for students who need consistency as determined by parents and recommending teachers. Collaborative/cooperative learning and cross age tutoring will be but a few of the benefits associated with these two classes.

In addition to parent consent it will be important for these students to maintain consistent attendance at Rustic lane School for the duration of their elementary education.

Students in this program are expected to make regular yearly growth; however, current studies indicate these students will over the long term show greater growth in all areas, including academics and social skills.

I agree to the voluntary enrollment of my son/daughter in the SWAS program (School-Within-A-School). I understand this program is designed to provide ongoing instruction for my son/daughter for one to six year(s) depending upon the year my son/daughter enters the program.

It is my understanding that I, as the parent(s), must participate in my child's educational program if he/she is to experience success. I therefore agree to the following conditions:

1. Parents will read to or be read to _____ minutes per _____.
2. Students will complete all assigned work (homework included).
3. Parents will provide the student(s) with a quiet location to complete assignments, etc.
4. Teachers will provide students and parents with appropriate progress reports reflecting social development and academic progress.
5. Parents and teachers will be available by phone or in person for conferences as needed.
6. The teacher will be available for phone conferences every _____ from _____ to _____.
7. The parent will be available for phone conferences every _____ from _____ to _____.

TO: Teachers
FROM: Walt Lancaster, Principal
SUBJECT: SCHOOL-WITHIN-A-SCHOOL - 2 ROOM SCHOOL

Now that the concept of the small school has been introduced to the Board of Education we are looking for students whom you think would benefit from this setting. Some of the criteria to be considered:

- 1.) Maturity
- 2.) Excels in one area
- 3.) Family environment
- 4.) Interest in school
- 5.) Potential far exceeds current output
- 6.) Need for consistency
- 7.) Works well with younger/older students
- 8.) Attendance and mobility
- 9.) Other ?

Please submit the names and reasons for referral to Carol Smith for students entering 4th, 5th or 6th grades and to Kelly Sperry for students entering 1st, 2nd or 3rd grade. To speed up the process please use one form (attached) for each student. (Extra forms are available from Carol or Kelly.)

The two-room school concept is a plus for students and our school. It is intended for those students who need year to year support and consistency beyond what is available in the normal classroom setting. These combined classes should provide these students with an opportunity to build self esteem, improve academically, achieve at their level of expertise as well as realize their self worth. This program is not for all schools, or all students but it should work well for 60 or so of our students who need what this program offers.
