COUNTIES CONSOLIDATED SPECIAL ASSUMPTION, SPECIAL SCHOOL BOND, AND SPECIAL STATE
APPORTIONMENT ELECTION

Tuesday, April 16, 1963

Polls Open 7:00 A.M. to 7:00 P.M.

The propositions to be submitted to the voters of said Unified School District are separated into three parts requesting the qualified voters to consider (1) shall the Jurupa Unified School District assume the bonded indebtedness of Glen Avon, Pedley, and West Riverside School Districts of Riverside County and the Union Joint School District of Riverside and San Bernardino Counties, elementary school districts included within the Jurupa Unified School District, and the proportionate share of the bonded indebtedness of the Riverside City Joint High School District of Riverside and San Bernardino Counties in the amount of \$2,908,348.79; (2) shall the District issue bonds in the amount of \$3,000,000; and (3) shall the Governing Board of the Jurupa Unified School District be authorized to accept a State Loan of \$5,000,000?

The election has been called to provide money for growth needs in the Jurupa Unified School District: (1) high school students are on a staggered schedule now because enrollment is in excess of building capacity and additional classrooms must be provided to avoid double sessions; (2) the junior high is at capacity with only grades 7 & 8 on the campus, an additional junior high school must be planned and constructed to eliminate double sessions; (3) our elementary classrooms will be at capacity next year with double sessions ahead without additional classrooms.

The purposes for which it is intended that the proceeds of the bond issue will be expended are as follows: (1) purchase and construction of additional classrooms at the high school level; (2) purchase and construction of an additional junior high school to reduce congestion at this level; (3) purchase and construction of additional elementary classrooms to reduce over crowding at this level; (4) to acquire additional building sites as needed to provide space for our growing school population; and (5) to acquire site and provide central administrative, operation and maintenance, and transportation space for efficiency of operation.

The proceeds of the bond issue may also be expended for any of the purposes specified in Education Code Section 21701 which are included in the bond proposition, as specified in the Notice Calling the Bond Election.

The passage of all three propositions by at least a two-thirds majority vote is necessary to provide the school district with the funds necessary to meet these critical building needs.
