B. Riverside County Mission, Commitment To A Safe Community (Time Limit 10 Minutes)

(Dr. Hendrick)

At the request of Board member Cook Barela, Linda Zellerbach, Program Coordinator, and Lawrence Payne, Assistant Coordinator, will present an overview of the Gang Violence Suppression Program.

In December, 1988, the Inland Community Action Group, Riverside County District Attorney's Office, Riverside County Office of Education, Riverside County Probation Department, Riverside County Sheriff/Riverside Police Department applied for a Gang Violence Suppression grant through the Office of Criminal Justice Planning. Early in 1989 the Riverside County Office of Education received word that the grant application was approved.

Seven (7) school districts, including Jurupa, participated with the Riverside County Office of Education in the development of the grant proposal. Six (6) high schools in the western portion of Riverside County were targeted by the Riverside County District Attorney's Office for this grant; Rubidoux High School is one of the six (6) high schools. Each middle and every elementary school that feeds students to each of the six (6) high schools are included to receive services provided by the grant.

** C. Appoint 1989/90 Mentor Teachers (Time Limit 3 Minutes)

(Ms. Roberts)

The Mentor Teacher Program established by Senate Bill 813 is intended to recognize outstanding teachers and to provide incentives to remain in the profession. Mentor teachers may provide assistance and guidance to new teachers and they may also provide assistance to more experienced teachers. In addition, they may provide staff development for teachers or develop special curriculum.

Each district electing to participate in the program is allocated a number of mentor teacher positions approximately equal to 5 percent of the teaching staff. An agreement with the certificated bargaining unit delineates the procedures under which the program operates. A mentor teacher selection committee composed of four teachers elected by their peers and three administrators determines which candidates will be recommended to the Board for appointment.

All applicants are required to submit a proposal which includes a description of the proposed mentor service, a statement of educational qualifications and any specialized training, the goals of the mentor teacher in his/her assignment, a statement concerning why the applicant should be considered for mentor teacher service and any professional experience related to the proposed service. Selection Committee members read and rate every proposal, interview administrators and teachers designated by the candidate and the entire committee interviews each candidate before a final recommendation is made. Candidates must receive a majority vote of the committee.

It is recommended that the Board approve 1989/90 mentor teachers from the list submitted by the Mentor Teacher Selection Committee.

(Mr. Edmunds)

* **D. Adopt Resolution #90/13, Surplus Sale**
(Time Limit 3 Minutes)

Each year Business Services conducts a surplus sale to dispose of items throughout the District that are no longer usable. The supporting documents contain a current list of surplus property and a resolution authorizing the sale of this property.

Most of the items are old, obsolete, unrepairable or uneconomical to repair. Surplus furniture in good condition has been set aside as a contingency for future use and will not be sold.

The surplus property sale will be conducted at the Warehouse during the week of October 16-21. Items will be sold to the highest bidder on a sealed bid basis.

Administration recommends that the Board approve Resolution #90/13 declaring the list of equipment surplus and authorizing its sale by sealed bid to the highest bidder.

PUBLIC
VERBAL
COMMENTS

President White noted that the public verbal comments section is an opportunity for the community to address the Board. Comments should be brief and concise, and refrain from discussion of personnel in the district.

COMMENTS ON
MIDDLE SCHOOL

Chuck Dunn, resource specialist at Jurupa Valley High School, stated that last week he was here and heard the Superintendent tell everybody how objectively teachers were evaluated. He noted that he has had a complaint about an evaluation for a long time and has passed it through channels. A copy will be given to Mr. White. If this Board doesn't do something, he was sure the new board would. Mr. Dunn handed a copy of the evaluation observation to Mr. White and stated, "Take it, do something with it, don't just sit there."

Mr. Dunn also commented that a political action committee called "Kids," registered with the state, has a job to do. A representative of the kids was here last week and read a list of violations that administration allowed to occur. He noted that some counselor was taking stickers away from kids and saying they cannot pass them out. This is simply not true, they are allowed to. Board members should make sure that administration knows about constitutional rights. Kids have a right to disagree. That was the same counselor who threw "Schools Without Drugs" in the trash. The Board needs to do something with these people.

BOARD MEMBER
REPORTS &
COMMENTS

- In response to Mr. Lauritzen's question, the Superintendent replied that a letter has been sent to the **Riverside County Road Department** regarding the Board's concerns about the present method for resurfacing the streets.
- Board member John Chavez complimented **Vonita Green** who sang the **National Anthem** at Rubidoux High School's first football game. He also enjoyed the country atmosphere at Jurupa Valley High School's first football game which the team won.

- Mr. Barela noted that the Riverside County School Boards Association Executive Board held its monthly meeting to finalize plans for the **RCSBA General Meeting on October 4 in Highland Springs**. The topic will be "Team Building."
- Mr. Barela reported that **CSBA has issued an advisory** on the School Accountability Report Card which should be distributed shortly.
- Mr. Barela noted that he attended the **CSBA Back to School Conference** in Ontario, California. Some topics were Implementation and Impact of Proposition 98, Site-Based Management, Health and Safety Issues/Policies, and legislation under consideration for next year.
- Mr. Barela stated that as a member of the School/Law Enforcement Partnership, he received a copy of the **School Safety Implementation Plan Grants** for administration's review. He noted that a letter of intent is due by September 22.

BOARD MEMBER
REPORTS &
COMMENTS
(Cont'd)

- Mr. Barela commented that for the past year CSBA has been administering a **pooled purchasing program**. Administration was given the information for review.
- Mr. Barela stated that he has received a letter from Senator Presley on **AB 2 regarding school districts' trustee areas**. It has passed the Senate as amended. - Board member Sandra Ruane **welcomed student representatives** and suggested they contact her with any questions or concerns.
- President Bill White stated that **J.U.S.T. - Draw the Line** (Jurupans United for Substance Abuse Training) will have an open meeting at noon on September 20 at the Steer & Stein. This is the community's drug prevention program in which the school district is heavily involved.

UPDATE ON
CONSTRUCTION
PROJECTS

The Director of Administrative Services stated that this past week the State Allocation Board approved the modernization of Rustic Lane Elementary School and the first addition to Jurupa Valley High School. Both projects are on the State's information list which guarantees funding when it is available.

The Director stated that if there were no objections from the Board, administration planned to go to bid on the modernization of Rustic Lane School which will cost about \$800,000 and take eight months to complete. Bids could be awarded at the second meeting in November with construction to begin sometime in December. That would allow the modernization to be completed before school starts in September, 1990. All students would be moved to Felspar Annex prior to construction except for two kindergarten classes, one first grade class and a K-1 combination class as well as the bilingual assessment program which are housed in four portables on the campus. A portion of the parking lot would be fenced off for safe walking to and from the portables.

The Director pointed out there is some financial risk in undertaking the modernization in that money would have to be advanced to get it underway. However, delay could result in higher construction costs. The Governor is considering some interim financial support in this area and a bond election is scheduled for June 1990. The Assistant Superintendent Business Services reviewed several options for temporarily financing the projects. In response to Mr. Lauritzen's question, the Director replied that the cost for bus service to Felspar Annex will not be that much more. Students who are bused now will continue to be picked up at the regular stops. Students who are walkers now will be picked up by the bus at Rustic Lane School.

The Director also informed the Board that sometime next year administration plans to install additional softball fields at Jurupa Valley High School. The cost to do the project in-house would be about \$35,000.
