

BOARD OF EDUCATION REGULAR MEETING

AGENDA

BOARD OF EDUCATION Sandra Ruane, President Mary Burns, Clerk David Barnes John Chavez Jose Medina
SUPERINTENDENT John F. Wilson, Ed.D

APRIL 2, 1990

EDUCATION CENTER BOARD ROOM #16 - 3924 Riverview Drive, Riverside, CA 7:00 p.m.

OPENING

Call to Order

* Indicates supporting document
** Indicates supporting document
for Board Members only

Roll Call

CLOSED SESSION 6:00 P.M.

The Board will meet in Closed Session at 6:00 p.m. in the Superintendent's office to consider qualified matters of litigation, negotiation, student discipline, professional services, and/or personnel qualifications which are timely.

PUBLIC SESSION 7:00 P.M.

Speaker cards are available on the side table for citizens wishing to address the Board in either a hearing session or communications session. Speakers are requested to limit comments to five minutes.

Call to Order in Public Session

(President Ruane)

Roll Call: President Ruane, Ms. Burns, Mr. Barnes, Mr. Chavez, Mr. Medina

Flag Salute

(Mr. Medina)

Invocation

(Mr. Chavez)

COMMUNICATIONS SESSION

1. Recognition

a. Recognize District Science Fair Winners

(Ms. Roberts)

Twenty district students won first or second awards in the fourth annual District Science Fair. Each elementary, middle and high school was eligible to enter 8 projects. Nineteen projects will be sent to the Inland Science Fair to be held April 30th through May 3rd. Science fair entries were judged by teachers, district administrators and community volunteers.

1. Recognition

a. Recognize District Science Fair Winners Cont'd)

The latter group included: Dr. Kathleen Atkinson, professor of biology at UCR; Mr. Dave Lopez, General Manager, Rubidoux Community Services District; Steve Mains, Manager, Western Municipal Water District; Arnold Rodriguez, General Manager, Santa Ana River Water District; and John Schatz, General Manager, Jurupa Community Services District.

The following students won top honors in the contest:

Tamara Hallack	Mission Bell	First	Primary-Earth Science
Ellen Wilson	Troth Street	Second	Primary-Earth Science
Katie Kacarab	Camino Real	First	Primary-Life Science
Kristen Hahn	Mission Bell	Second	Primary-Life Science
Jefferies Pace	Sky Country	First	Primary-Physical Science
Christopher Taylor	Indian Hills	Second	Primary-Physical Science
Brady Kocher	Pedley	First	Intermediate-Earth Science
Chad Kocher	Pedley	Second	Intermediate-Earth Science
David Drummond	Sky Country	First	Intermediate-Life Science/Biology
Patrick Talley	Pacific Avenue	Second	Intermediate-Life Science/Biology
Penny Goldberg	Camino Real	First	Intermediate-Phys. Science/Chemistry
Christine Gonzales	Mission Bell	Second	Intermediate-Phys. Science/Chemistry
Nicole Stetson	Mission Middle	First	Junior-Life Science/Biology
Janae Jones	Jurupa Middle	Second	Junior-Life Science/Biology
Jennifer Strona	Jurupa Middle	First	Junior-Physical Science/Chemistry
Jeff Hahn	Jurupa Middle	Second	Junior-Physical Science/Chemistry
Michelle Church	Jurupa Valley	First	Senior-Physical Science/Chemistry
Herb Singh	Rubidoux	First	Senior-Life Science/Biology
Brian Tingle	Rubidoux	Second	Senior-Life Science/Biology
Eric Bosze	Rubidoux	First	Senior-Earth Science

* b. Announce Public Schools Week Activities

(Ms. Twombly)

The Jurupa Unified School District will celebrate Public Schools Week during April 9-13, 1990. This is an opportunity for parents and community members to become better acquainted with our schools. The supporting documents contain a schedule of special activities planned during Public Schools Week. Board members, district staff and community members are encouraged to participate in the many activities which will occur this week.

c. Recognize Annual Bus Driver's Day

(Mr. Edmunds)

The State Legislature has proclaimed the fourth Tuesday of each April as 'School Bus Driver's Recognition Day'. In recognition of the dedicated service provided by bus drivers, we have scheduled a breakfast for the bus drivers at 9:00 a.m. on April 24, 1990, at the Transportation Department. Board members are invited to join us at this event honoring the special contributions of our bus drivers.

2. Administrative Reports and Written Communications

Other Communications/Reports

(Dr. Wilson)

3. Report of Student Representatives

The Board welcomes Sophie Deason, Rubidoux High School Student Representative, and Jennifer Challacombe, Jurupa Valley High School Student Representative. They may wish to address the Board regarding student achievements, interests, or other matters.

4. Public Verbal Comments

This communication opportunity is included on the agenda of each regular Board meeting so citizens can make suggestions or identify concerns about matters affecting the school district, or request an item on a future agenda. **California law states that there shall be no action on items not shown on the published Board Agenda.**

The Board President will call on speakers who have completed cards requesting to be heard. Comments should be limited to five minutes. The Board may not have complete information available to answer questions and may refer specific concerns to the staff for appropriate attention.

5. Board Member Reports and Comments

Individual Board members may wish to share information about topics not on the agenda, report on committee activities or request items on a future agenda.

ACTION SESSION

*** A. Approve Minutes of the March 19, 1990 Regular Meeting**

Recommend approval as printed.

B. Hear Presentation on Middle School Program

(Ms. Roberts)

During the past two years, district middle schools have been working toward implementing some of the more than 22 broad recommendations from the State's Task Force on Middle Grade Education document, Caught in the Middle. The focus for change in this set of recommendations is on implementing programs which are better suited for students as they move from childhood to adolescence.

This evening, Mr. Don Manzo, principal of Mission Middle School, and members of the staff will discuss how Mission is implementing the concept of academic teams.

*** C. Letter of Support for the Cleanup of the Stringfellow Acid Pits**

(Dr. Wilson)

At the March 19, 1990 regular meeting, Mrs. Penny Newman, Executive Director of Concerned Neighbors in Action, addressed the Board regarding the permanent cleanup of the Stringfellow Acid Pits. She requested that the Board submit a letter to Donald Clay, Assistant Administrator for Solid Waste and Emergency Response for the U. S. Environmental Protection Agency, urging that he initiate actions that will permanently treat or destroy the contaminants at the Stringfellow site as opposed to simple containment such as a clay cap. Ms. Newman had indicated that the Board's support would be helpful. Administration recommends the Board approve submittal of the letter in the supporting documents.

* D. Adopt Resolution #90/31, in Support of Propositions 111 and 108

(Mr. Medina)

Maureen DiMarco, president of the California School Boards Association, has written to each Board of Education requesting they adopt a resolution in support of Propositions 111 and 108 on the June Ballot. Two propositions are tied to specific finance reforms related to K-12 education and a transportation system as represented in a comprehensive state funding package known as legislation Senate Constitutional Amendment (SCA)1. Included in the supporting documents for the Board's review is a copy of Resolution #90/31 and a question and answer document on this issue from Assemblyman Steve Clute.

Passage of Proposition 111 and 108 on the June 5, 1990 statewide ballot would:

- . Continue the Proposition 98 minimum funding guarantees for K-12 schools at 40 percent of state General Fund revenue.
- . Improve the Proposition 98 inflation factor for schools.
- . Revise the state's spending limit to recognize higher growth rates in student population and Cost-of-Living Adjustment (COLA) based upon per capita personal income. Currently the Gann Limit is calculated using the lesser of the U.S. Consumer Price Index or the change in California per capita personal income. This adjustment would eliminate the current constraint of the Gann Limit calculation and tie it to factors more consistent with true economic growth.
- . Provide an inflation and growth factor for such programs as Special Education, Child Care, Instructional Materials, Regional Occupational Programs, School Improvement, Economic Impact Aid, Staff Development, and Gifted and Talented Education.

Gradually increase the state gasoline tax by 9 cents (5 cents on August 1, 1990, and an additional 1 cent on January 1, 1991, 92, 93, and 94). This will finance a statewide transportation system, relieve traffic congestion, and improve and construct new highways. The cost to the District of increasing our gas tax by 9 cents per gallon would be about \$14,000 per year.

These propositions have already been endorsed by a wide range of California organizations or agencies such as: California Association of Highway Patrolmen, California Taxpayers Association, California Chamber of Commerce, California Police Chiefs Association, League of Women Voters of California, California Association of Hospitals and Health Systems, California Correctional Peace Officers Association, California Council of Police and Sheriffs, California State Automobile Association, Californians for Better Transportation, California Transit Association, California Union of Safety Employees, Californians for Higher Education, State Building and Construction Trades Council of California, County Supervisors Association of California, League of California Cities, UAW Region 6/International Union/United Automobile/Aerospace/Agricultural Implement Workers of America, Associated General Contractors of California, California Teachers Association, Riverside County Board of Education, Riverside County School Boards Association, and California School Boards Association.

Administration recommends the Board adopt Resolution #90/31 in support of Propositions 111 and 108 as shown in the supporting documents.

- * **E. Review and Approve at Informational First Reading Sections 4300, 4400, 4500, and 4600 of the Personnel Policy Handbook** (Mr. Huckaby)

District policies and regulations are developed for the orderly and consistent operation of the school district. Intermittently, as policies/regulations are added, revised, or deleted, they are brought to the Board in sections for review and approval. Included in the supporting documents are Sections 4300, Management/Confidential Employees; 4400, Management/Leadership Team Classified Members; 4500, Management/Leadership Team Certificated; and 4600, Management/Leadership Team Administrative.

Because of the time and expense involved in printing these four sections, they will not be reprinted for second reading. Board members and administrators are requested to bring this packet to the April 23 regular meeting for second reading.

Administration recommends the Board approve at informational first reading Sections 4300, 4400, 4500, and 4600 of the Personnel Policy Handbook.

- * **F. Adopt Resolutions in Connection with the Formation of Community Facilities District No. 1 of Jurupa Unified School District** (Mr. Edmunds)

An information report concerning the establishment of a Community Facilities District (CFD) for the purpose of financing public capital improvements was presented at the March 5th Board Meeting. Administration has continued to pursue the formation of CFD, and is prepared to recommend to the Board the adoption of four resolutions for this purpose. The supporting documents contain a memorandum from Bond Counsel, Best, Best & Krieger, explaining the resolutions that need to be adopted.

It should be noted that there has been a change in the amount of school facilities fees to be levied against the 240 unit project proposed by Van Daele Development Corporation. Until very recently, we had expected to collect \$1.58 per square foot on these homes. The parcel of land involved in this project had been in escrow for some time. When escrow closed about two weeks ago and title documents were transferred to Van Daele, it became apparent that a grandfathered fee agreement for \$1,400 per unit had been signed in 1984. The District has a well established precedent for honoring these fee agreements, but in this case administration renegotiated the agreement because of the considerable loss of revenue to the District that would be involved in honoring the agreement, and because of problems associated with establishing inequitable tax bases for the two developers in the CFD. As a result of these negotiations, we have agreed to levy a fee of \$1,915 per home on the Van Daele Development so that it is equal to the fee paid by Concordia. This results in additional revenue of \$120,000 over what the District could have collected based on the agreement at \$1,400 per unit. It is important to note that without forming the CFD, the District would not have had the opportunity to renegotiate this fee contract. However, total fees paid on this project are about \$200,000 less than were originally estimated based on \$1.58 per square foot. Therefore, we expect to receive about \$1.3 million in bond proceeds from the CFD as opposed to \$1.5 million as was estimated in the March 5th Board Agenda. This revenue stream will still enable us to substantially complete the transactions for which the funds have been programmed.

* **F. Adopt Resolutions in Connection with the Formation of Community Facilities District No. 1 of Jurupa Unified School District (Cont'd)**

Administration recommends the Board adopt the following resolutions:

- Resolution No. 90/33, Resolution of the Board of Education of Jurupa Unified School District Declaring its Intention to Establish Proposed Community Facilities District No. 1 of Jurupa Unified School District, County of Riverside, State of California, and to Designate Improvement Area No. 1 and Improvement Area No. 2 Thereof
- Resolution No. 90/34, Resolution of the Board of Education of Jurupa Unified School District Declaring Necessity for Proposed Community Facilities District No. 1 of Jurupa Unified School District to Incur a Bonded Indebtedness
- Resolution No. 90/35, Resolution of the Board of Education of Jurupa Unified School District Designating Improvement Area No. 1 and Improvement Area No. 2 of Proposed Community Facilities District No. 90-1
- Resolution No. 90/36, Resolution of the Board of Education of Jurupa Unified School District Employing Bond Counsel for Proposed Community Facilities District No. 1

G. Approve 1990 Mandated, Core Academic and Special Education Summer School Program

(Ms. Roberts)

For the past four years, the state has funded summer school programs for a limited number of students. Initially district enrollment in summer school was capped at 5% of a district's regular enrollment. Currently the cap is 7%. During the first two years summer school was limited to high school students, eighth graders needing to pass core academic subjects in order to be promoted to the ninth grade and K-12 special education students enrolled in special day classes. All classes were held on the Rubidoux High School campus. Two years ago we began a limited program for underachieving elementary students on three elementary campuses. One principal supervised all three sites. Registration was handled centrally by the Director of Elementary Education Operations.

This year, the plan is to operate high school and middle school mandated and core academic programs, at both comprehensive high schools. K-12 special education classes will continue to operate on the Rubidoux campus and elementary programs for approximately 600 students will be operated on the Glen Avon, Troth Street and West Riverside campuses.

Summer school offerings are limited to the following seven programs:

1. **Secondary Proficiency Classes** - Courses offered include: Secondary Reading Skills, Fundamentals of Writing and Math Essentials. These classes are offered to high school students who need to pass one or more proficiency examinations. (Rubidoux and Jurupa Valley)

G. Approve 1990 Mandated, Core Academic and Special Education Summer School Program

(Cont'd)

2. Core Academics - State law defines core academic areas as mathematics, social studies, science, English, foreign language, fine arts and computer education. The following chart displays courses proposed for comprehensive high schools.

<u>Course</u>	<u>JVHS</u>	<u>RHS</u>
Math A	X	
Basic Math Beginning Algebra	X	X
Algebra I	X	X
Algebra II	X	X
Geometry		X
General English I and II	X	X
World Cultures, History and Geography	X	X
U. S. History	X	X
Consumer Education	X	X
Economics		X
U. S. Government		X
Physical Science	X	X
Health Science	X	X
Biology	X	X
Life Science	X	X
Earth Science	X	X

The elementary program is limited to English Language Arts instruction.

3. Individualized Program IPI - This program is designed for graduating seniors and 8th graders needing to make-up credits for graduation or promotion.
4. Special Education - Special education classes for K-12 students are offered to students requiring such instruction.
5. Driver Education Training - This course is offered for qualified high school students wishing to enroll in this program outside of the regular school year.
6. Independent Study - Students assigned to independent study who desire to complete courses in summer school may enroll in this program.
7. Work Experience - This program is provided for students to earn credit while working in the community. Students receive related instruction in career awareness and job survival skills.

PROPOSED SUMMER SCHOOL SCHEDULE

Secondary, June 25 - August 3, 1990

(Secondary Proficiency Classes, Core Academic Individualized Program of Instruction IPI, Work Experience, Driver Training and Independent Study)

Hours, 7:45 - 12:15 Transportation is not provided.

G. Approve 1990 Mandated, Core Academic and special Education Summer School Program

(Cont'd)

PROPOSED SUMMER SCHOOL SCHEDULE (Cont'd)

Special Education, June 25 - July 20, 1990

Hours, 7:45 - 12:15 Transportation is provided.

Elementary, June 25 - July 20, 1990

Hours, 8:00 - 12:00 Transportation is not provided.

It is recommended the Board approve 1990 Summer School offerings as presented.

H. Submit for Approval AB-1470 School-Based Technology Grant Application

(Ms. Roberts)

Six elementary schools, one middle school and the continuation high school are each submitting for approval applications for the AB 1470 Educational Technology Local Assistance Program. The purpose of providing funds for this program is to have schools develop school-based coordinated plans for the use of technology as an effective tool to improve and expand instruction to meet the needs of all students. The State Department of Education intends for these grants to be planned and developed in coordination with other resources available in the school (i.e., SIP, ECIA Chapter I, staff development, mentor teachers, etc.) and meet locally defined educational needs.

Areas of emphasis for these school-based educational technology grants are: 1) **Curriculum alignment:** School-based educational technology projects must support and be aligned with one or more State Board of Education adopted curriculum frameworks and the quality criteria as described in their respective program quality review documents, 2) **Learning Resources Management:** Applications must also describe plans for improving the management and coordination of new and existing learning resources such as curriculum frameworks, textbooks, instructional materials, software and video guides, planning and evaluation guides, and instructional television programs and guides, and 3) **School-Based Technology Use Planning:** To accomplish the integration of technology into school site planning, this grant requires the development of a Technology Use Plan (TUP) that is to become part of currently existing school-based planning procedures. The TUP must describe how teachers and support staff will integrate technology resources into the schoolwide program. The TUP must also be an integral part of the School Improvement Plan at the elementary level, or the School Development Plan at the secondary schools.

Grants will be awarded at the rate of \$2000 plus \$25 per participating student. The district commitment is 20% of the awarded state funds (10% inkind and 10% matching funds). Districts will not be awarded more than two grants. If schools are funded, the district's contribution would not exceed \$4,000.

Application deadline: April 13, 1990.

Submitting Schools: Glen Avon, Mission Bell, Pacific Avenue, Rustic Lane, Sky Country, Van Buren, Mission Middle School, and Nueva Vista High School.

It is recommended that the Board approve submittal of the AB 1470 Educational Technology Local Assistance grant applications.

I. Review and Act on Timely School Facility Matters

(Mr. Anderson)

1. Reject Legal Bid #90/10L, Construction of Granite Hill Elementary School

(Mr. Anderson)

On Thursday, March 22, 1990, at 2:00 p.m., the District held the public opening of Legal Bid #90/10L for the construction of Granite Hill Elementary School. The following District employees were present at the opening: Dr. John Wilson, Superintendent; Bill Anderson, Director of Administrative Services; Phil Wilkeson, Director of Purchasing; Bill Elzig, Acting Director of Maintenance/Operations; and Bob Iverson, Buyer. District architects Kal Porter and Dave Lystrup were also present.

Four contractors submitted bids as follows:

<u>Contractor</u>	<u>Base Bid</u>	<u>Deduct Alternate "A"</u>	<u>Deduct Alternate "B"</u>
Robert McMullian & Sons	\$4,900,000	\$ 69,500	\$279,900
Rossetti Construction Company	4,914,000	198,900	88,000
S.J. Amoroso Construction	4,995,000	152,000	70,000
Wadman Corporation	4,860,000	103,500	30,000

All bids including deductive alternates exceeded the State allocation for the project of approximately \$4,300,000.

There were several reasons for going to bid early on the elementary school, one of which was to "test the waters" in time to change the specifications, if necessary, and rebid before the June 5 ballot. Architects are revising the plans by reducing the height of the vaulted library ceiling, some classroom cabinetry and portions of vinyl walls. Combined with these reductions will be increases in the State's construction index which can occur the first of each month. These changes should make the next bids on this job on May 1, 1990, come in under the State allowable.

Administration recommends that the Board reject all submitted bids on Legal Bid #90/10L and that the project be rebid as Legal Bid #90/12L, Construction of Granite Hill Elementary School, to be held on May 1, 1990, at 3:00 p.m.

2. Report on Strategy for Mitigating the Impact of Legislative Land Use Changes

(Mr. Edmunds)

According to State law, the maximum school fee that may be levied on new residential construction is \$1.58 per square foot. A recent court decision in the case of Mira Development Corporation versus the City of San Diego has set a precedent for requiring mitigation above this amount in instances where a land use jurisdiction is granting legislative land use changes such as zone changes, general plan amendments, or specific plans. In these instances, a development project may be denied until adequate mitigation for public service facilities, such as schools, has been provided.

I. Review and Act on Timely School Facility Matters

2. Report on Strategy for Mitigating the Impact of Legislative Land Use Changes

(Cont'd)

District administration has been pursuing the County's cooperation in denying legislative land use changes until Jurupa Unified School District has certified that adequate mitigation has been negotiated with developers. During the last several months, we have written letters on five development projects that may be affected by the Mira Decision precedent, requesting denial of the project until the District certifies that the impact has been mitigated. So far the County has not made a commitment to follow the Mira precedent, but they have referred at least one developer back to us to discuss our concerns.

We have developed what we think is a reasonable strategy for mitigating the impact of these developments. Essentially, we are planning to negotiate with developers for an increased fee in the amount of \$3.32 per square foot of new residential construction. If the developer agrees to this fee, we can request the County to condition approval of the development project upon the negotiated fee amount. If neither the developer nor the County is willing to impose the increased fee on the project, our recourse is to bring legal challenge against the project through the environmental review process. We would hope that such an aggressive stance would not be necessary.

The justification for the increased fee is that we currently have developed a plan for construction of school facilities that is based upon the current land use designations in the County General Plan for our district. If developers are successful in requesting land use changes that result in higher residential densities, there would be a resulting impact on the District's ability to provide facilities for the additional students that would be generated. The Justification Report for School Facility Fees, prepared by Rob Corley in May of 1989, states that the present pupil cost of providing permanent school facilities is \$10,502. The same report tells us that each new home built in the district generates .919 students. It follows that the cost of providing school facilities for each new home in the district is \$9,651 (.919 x \$10,502). If we assume that the average size of a new home is 1,600 square feet, then a school facility fee of \$6.03 per square foot (\$9,605 divided by 1,600 square feet) of new residential construction would be necessary to fully mitigate the impact of new development. If we further assume that the district could successfully participate in the State's 50/50 program and secure State funding for 50% of the construction cost, then the fee requested by the district could be cut in half. However, there are administrative costs involved in facility construction which we estimate at about 5% of the construction cost. Therefore, we think it is equitable to request a fee which is 55% of the full cost of providing facilities, or \$3.32 per square foot.

Administration intends to continue seeking mitigation for land use changes consistent with the logic outlined above. While we will attempt to apply this strategy equally to all developers, it will be necessary to review the impact of each individual development project. For example, in the case of a very large development, it may be necessary to seek additional mitigation or to seek dedication of land for a school site, in addition to a payment of fees. Additionally, if any of the assumptions in our fee formula change (i.e. the State is unable to provide 50/50 matching funds, or facility construction costs increase), it may be necessary to revise the fee. Information only.

I. Review and Act on Timely School Facility Matters (Cont'd)

3. Hear and/or Approve Other School Facility Matters

Due to frequent changes taking place in facility improvement programs, items which require Board discussion or action may arise between agenda preparation and meeting times. Administration may provide such items as verbal information reports or recommendations for action.

*** J. Approve Personnel Report #18**

(Mr. Campbell)

Administration recommends approval of Personnel Report #18 as printed subject to corrections and changes resulting from review in Closed Session.

K. Act on Student Discipline Matters

(Mr. Taylor)

**** 1. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #90/26 for possessing a weapon on a school campus, for displaying a weapon to pupils, defying school personnel, and disrupting school activities.**

**** 2. The Administrative Hearing Panel recommends that enrollment to the Jurupa Unified School District be denied to the pupil in Student Discipline Case #90/31, pursuant to Section 48915.1 of the California Education Code, as the pupil is currently on expulsion from another district and has been deemed a present and continuing danger to pupil and staff.**

L. Approve Routine Action Items by Consent

Administration recommends the Board approve Routine Action Items L 1-8 as printed.

*** 1. Purchase Orders** (Ms. Reul)

*** 2. Disbursements** (Ms. Reul)

*** 3. Agreements** (Mr. Edmunds)

*** 4. Appropriation Transfers** (Ms. Reul)

*** 5. Non-Routine Field Trip for Rubidoux High School** (Mr. Huckaby)

The Rubidoux High School Madrigals request permission to participate in the New Orleans Jazz and Heritage Festival on May 3-6, 1990. Twenty-two students will be performing and will be supervised by Staci Della-Rocco (director), Mr. and Mrs. Frank Jenson, and Karen Calhoun (accompanists).

This tour experience will enrich the lives of these students and provide an excellent learning opportunity. During their stay in New Orleans, they will be performing in the St. Charles Cathedral in Jackson Square and the Riverwalk.

Approve Routine Action Items by Consent

5. Non-Routine Field Trip for Rubidoux High School (Cont'd)

The cost per student is \$539 (which includes travel arrangements, hotel accommodations, and meals). The Madrigals have had several fund-raisers and they now have approximately 70 percent of the monies on hand. No student shall be denied the opportunity to participate in this activity due to lack of personal funds.

Administration recommends that the Board approve this non-routine field trip request for the Rubidoux High School Madrigals to participate in the New Orleans Jazz and Heritage Festival on May 3-6, 1990.

(Mr. Huckaby)

6. Out of State CASE Conference

As in previous years, we are requesting permission to send two driver training instructors (Charles Riggs, Jurupa Valley High School, and Charles Meyerett, Rubidoux High School) to the annual CASE (California Association Safety Education) Conference in Lake Tahoe, Nevada, April 26-29, 1990.

The purpose of this conference is to provide information regarding new regulations, laws, and procedures pertaining to the State Driver's Training Program.

The cost per instructor is approximately \$550. All expenses incurred, including registration fees, lodging, meals, and classroom substitutes are chargeable to annual driver training J.22.2A state report as inservice/professional growth activity.

Administration recommends that the Board approve this out-of-state conference request for two driver training instructors to attend the annual CASE Conference in Lake Tahoe, Nevada, April 26-29, 1990.

7. Confirmation of Easement Grant at Rustic Lane Elementary School (Mr. Edmunds)

New construction and rehabilitation projects frequently require easements for public utilities or the County Road Department. At the Board meeting of June 22, 1987, the Assistant Superintendent Business Services was authorized to grant necessary easements in order that orderly and timely progress could continue on various projects. The Board authorization requires such easement grants to be reported back for confirmation approval. The Assistant Superintendent has approved an easement grant for Rustic Lane Elementary School for Southern California Edison Company, as shown in the supporting document. It is recommended the Board confirm this action.

8. Additional Appointments to Discipline Committee (Mr. Taylor)

Pursuant to subdivision (d) of Section 48918 of the California Education Code, a Discipline Committee is appointed by the Governing Board. Members of the Discipline Committee are selected to serve on administrative panels and hear discipline cases for the Governing Board. Due to attrition and scheduling conflicts, administration requests the Board of Education consider additional appointments to the Discipline Committee at this time in order to maintain a sufficient amount of members.

L. Approve Routine Action Items by Consent

8. Additional Appointments to Discipline Committee (Cont'd)

The following certificated employees are recommended for appointment to the 1989/90 Discipline Committee:

Mrs. Betty Folsom, Teacher on Special Assignment
Mr. Jorge Garcia, Assistant Principal, Rubidoux High School
Mr. Louie Garcia, Classroom Teacher, Pacific Avenue Elementary School
Mr. Paul Jensen, Independent Study Coordinator
Ms. Terese Pisarik, Classroom Teacher, Jurupa Middle School
Mrs. Beverly Roston, Classroom Teacher, Indian Hills Elementary School
Ms. Lorraine Rubio, Classroom Teacher, Sky Country Elementary School
Mrs. Marge Steinbrinck, Dean of Students, Nueva Vista High School

Pursuant to the Jurupa Unified School District Student Discipline Handbook, the current Discipline Committee is valid through October, 1990. The new members would merge with the existing committee and be authorized to participate through October, 1990. It is recommended the Board approve additional appointments to the Discipline Committee.

M. Review Routine Information Reports

***1. Report on Annual Language Census**

(Ms. Roberts)

Each spring, the State requires that districts throughout California conduct an annual language census. This report contains the number of students by grade who are limited English proficient. In addition, the district must report on the students who have been reclassified to fluent English proficient status.

The current census indicates that there are 1,376 who are limited English proficient based on the criteria set by the State. This represents a 36% increase over last year. At present, the dominant limited English proficient population continues to be Spanish speaking. However, the following other languages have been documented in the census: Tagalog, Korean, Persian, Mandarin, Japanese, Cambodian, Portuguese, Vietnamese, Polish, Samoan, Turkish, Lao, Rumanian, Tongan, Arabic, Cantonese, Yoruba, French, Farsi (Persian), Urdu, and Sinhalese.

The supporting documents contain a chart showing the number of limited English proficient K-12 by school and by grade. Schools with the highest number of English proficient students are Ina Arbuckle (148), Rustic Lane (104), Troth Street (118), West Riverside (165), Mission Middle School (144), and Rubidoux High School (129). Information Only.

2. Rescheduling of April 16, 1990 Regular Board Meeting

(Dr. Wilson)

At the March 19, regular meeting, the Board approved rescheduling the April 16 regular meeting to **Monday, April 23**, at 7:00 p.m. in the Education Center Board Room.

M. Review Routine Information Reports (Cont'd)

3. Non-Public School Placements

(Ms. Roberts)

The District is responsible for serving all handicapped children who are at least three years of age but not over twenty-two years of age under the Education of All Handicapped Children Act of 1975 (PL 94-142). When no appropriate public school placement is available either within the local school district or the County Office of Education, then it is necessary to place these pupils in a non-public school. The law requires that we advise the Board of such placements.

This month, we plan to place two Severely Handicapped Pre-School pupils at Children's Center. The cost is \$41.80 per day; 70% of this cost, or approximately \$29.26/day will be refunded by the State.

Code Nos.: 90.34, 90.35

**** 4. Receive Reports Pursuant to Education Code #48915**

(Mr. Martinez)

Education Code #48915 requires that when a school principal determines that expulsion is inappropriate for specific student discipline violations, the principal will report in writing to the Governing Board. Such reports are included in the supporting documents for Board members only. Information only.

JURUPA UNIFIED SCHOOL DISTRICT
RIVERSIDE, CALIFORNIA

MINUTES OF THE REGULAR MEETING

MARCH 19, 1990

OPENING

CALL TO ORDER The regular meeting of the Jurupa Unified School District Board of Education was called to order by President Sandra Ruane at 7:26 p.m. on Monday, March 19, 1990, in the Education Center Board Room, 3924 Riverview Drive, Riverside, California.

Members of the Board present were:

ROLL **Ms. Sandra Ruane, President**
CALL **Ms. Mary Burns, Clerk**
 Mr. David Barnes, Member
 Mr. John J. Chavez, Member
 Mr. Jose Medina, Member

Staff Advisors present were:

STAFF **Dr. John P. Wilson, Superintendent**
PRESENT **Ms. Benita Roberts, Asst. Supt. Curriculum, Instruction, Assessment**
 Mr. Kent Campbell, Assistant Superintendent Personnel Services
 Mr. Rollin Edmunds, Assistant Superintendent Business Services
 Mr. Jim Taylor, Director of Education Operations (Elementary)
 Mr. Doug Huckaby, Director of Education Operations (Secondary)
 Mr. Wilbert Anderson, Director of Administrative Services
 Ms. Barbara Reul, Director of Business Services
 Ms. Jana Twombly, Public Information Officer

FLAG Board member David Barnes led the pledge of allegiance to the flag of
SALUTE the United States of America.

RECOGNIZE Jana Twombly, Public Information Office, announced a special adopt-
ADOPT-A-SCHOOL a-school partnership between Camino Real Elementary School and Mt.
PARTNERSHIP Rubidoux Convalescent Hospital.

Ellen Raher, principal of Camino Real, stated that the partnership has two objectives for students: provide the experience of giving service in the community and developing a relationship with senior citizens. A videotape about this unique partnership will be shown this week in the Library Media Center. Ms. Raher also announced that a number of activities are planned that include working on Easter baskets, presenting a play, and decorating the hospital with students' artwork.

Ms. Raher introduced Ms. Elizabeth Plott, owner of the facility, and other staff members. Ms. Plott thanked Camino Real School for initiating this special relationship. Mr. Chavez expressed appreciation to everyone involved for providing students an opportunity to participate in the art of giving.

ACCEPT
DONATIONS
-Motion #215

PRESIDENT RUANE MOVED THE BOARD ACCEPT THE FOLLOWING DONATIONS WITH LETTERS OF APPRECIATION TO BE SENT: \$1800 FROM MISSION BELL SCHOOL PTA FOR CONSTRUCTION OF A BALL WALL, AND \$35 FOR AN ALDER TREE; \$38.48 FROM WESTERN MUNICIPAL WATER DISTRICT FOR TRANSPORTATION FOR A FIELD TRIP TO THE WATER TREATMENT PLANT FOR TWO MISSION BELL SCHOOL CLASSES; \$500 FROM RUSTIC LANE SCHOOL PTA FOR FIELD TRIPS; \$3,000 FROM SKY COUNTRY SCHOOL PTA FOR STUDENT ASSEMBLIES, ETC., AND \$299.73 FROM PARENTS OF FIRST GRADERS AT THE SCHOOL FOR A FIELD TRIP TO LOS ANGELES CHILDREN'S MUSEUM; SIX CUSTOM GOLF BAGS AND SIX SETS OF HEAD COVERS VALUED AT \$620 FROM JURUPA HILLS COUNTRY CLUB AND W.O. KIRKPATRICK FOR THE JURUPA VALLEY HIGH SCHOOL GOLF TEAM; A WELL AND PUMP VALUED AT \$77,500 FROM PETER AND HARVEY HETTINGA FOR THE JURUPA DISTRICT. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY. Mr. Barnes asked about the district's plans for using the well and pump. The Assistant Superintendent Business Services replied that the water will probably be used for irrigation purposes which does not require testing.

RECOGNIZE
RUBIDOUX HIGH
SCHOOL FFA

Rhonda Fuller, agriculture teacher at Rubidoux High School and former graduate of the school, introduced FFA members Curtis Diaz and Christina Harris. She noted that the new chapter is planning to submit a grant application for funds to establish an agriculture lab. Students have participated in the Farmers Fair, and the Indio Date Festival where they received showmanship awards as well as numerous livestock awards. Mr. Chavez commended Ms. Fuller for an excellent slide presentation at the recent FFA Banquet.

REPORT FROM
JURUPA VALLEY
STUDENT
REPRESENTATIVE .

Jennifer Challacombe, Jurupa Valley High School student representative, made the following report:

- . The high school's first Talent Show will be held March 22 in the theater. Tickets are on sale and the Student Store will be open during intermission.
- . Spring sports are underway. Several victories have been won by the swimming, and softball and baseball teams.
- . The Class of '92, led by Mrs. Huckaby, have received their shirts. Board members and the Superintendent received shirts as a memento of the class.

REPORT FROM
RUBIDOUX STUDENT
REPRESENTATIVE

Sophie Deason, Rubidoux High School student representative, made the following report:

- . Seniors Brian Tingle and Lily Fernandez will participate in the State Speech Tournament in Stockton, California on May 3, 4, and 5 at the University of Pacific College. Only the top three students were selected from over sixty participants representing Riverside and San Bernardino counties. Donations toward the support of this particular event would be welcomed.
- . ROTC had its annual inspection by Captain Bricker and was commended for another outstanding year.

REPORT FROM
RUBIDOUX STUDENT
REPRESENTATIVE
(Cont'd)

- . The Sadie Hawkins Dance was held this past Friday. Paul Blough was crowned Sadie's Matie and about 400 people were in attendance.
- . About 24 clubs were involved in Club Week which ranged from candid cartoon photos to snow cones and pizza.
- . Many students attended a presentation on drug abuse during lunch and 5th period this past Friday. Guest speakers had experience with rehabilitation programs.
- . The Delta Alliance Corp participated in the St. Patrick's Day Parade and won many trophies which are on display in the office.
- . Rubidoux students Nina Cherry, Nathan Hernandez and Nicole Sierra were "Best of Show" winners at the Riverside Plaza Art Show on March 17-18. In addition, seven other students received recognition for their artwork.
- . Spring sports were doing very well. A recap was given of the various teams' scores.

PUBLIC VERBAL
COMMENTS

President Ruane noted that the Public Verbal Comments section was an opportunity for citizens to address the Board.

REQUEST FOR
SUPPORT TO
CLEANUP
STRINGFELLOW
SITE

Penny Newman, Executive Director of Concerned Neighbors in Action, addressed the Board on the Stringfellow Acid Pits in Glen Avon. She noted that Don Clay, Assistant Administrator for Solid Waste and Emergency Response for the EPA in Washington, D.C. is expected to meet with Concerned Neighbors in Action on April 17 to hear their concerns. A Record of Decision, which is the process towards final cleanup, should be signed within the next few months. Ms. Newman requested that the Board consider sending a letter to Mr. Clay as an item on the April 2 agenda, urging that he initiate actions that will permanently treat or destroy the contaminants at the Stringfellow site as opposed to simple containment with a clay cap. She noted that a petition on the issue was also in circulation.

BOARD MEMBER
REPORTS &
COMMENTS

- Board member Jose Medina presented a CSBA Legislative Network Alert on **Propositions 111 and 108** related to K-12 education and a transportation system. He requested the Board consider a resolution of support at the April 2 regular meeting.
- Board member John Chavez noted that he was a judge at the recent **Science Fair at Van Buren Elementary School**. The projects were well done and imaginative.
- Board member Mary Burns commented that she and Ms. Ruane continue to **tour school campuses** and appreciate the opportunity to meet staff members and visit classes. She also enjoyed being a **judge at the Science Fair at Van Buren School**.

HEARING SESSION

PUBLIC HEARING ON INCREASING SCHOOL FACILITIES FEES FOR NEW HOME CONSTRUCTION

President Ruane formally opened the public hearing on increasing school facilities fees for new residential construction. The purpose of the hearing was to receive input and testimony on levying school facilities fees as proposed in Resolution #90/30, which would adjust the fee for new residential construction from \$1.56 per square foot to \$1.58 per square foot. Since no one wished to address the Board, President Ruane formally closed the public hearing on the proposal. The Board will consider action on Resolution #90/30 under Item C.

PUBLIC HEARING ON WAIVER REQUEST

President Ruane formally opened the public hearing to request a waiver from the State Department of Education from the daily lunch requirement during the summer school session. Since no one wished to address the Board, President Ruane formally closed the public hearing on the waiver request. The Board will consider action on the waiver request under Item K-1.

ACTION SESSION

APPROVE MINUTES -Motion #216

MR. CHAVEZ MOVED THE BOARD APPROVE MINUTES OF THE MARCH 5, 1990 REGULAR MEETING AS PRINTED. MR. BARNES SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

PROCLAIM APRIL AS EARTHQUAKE PREPAREDNESS MONTH -Motion #217

The Director of Secondary Education Operations reported that the Governor has urged school boards to support his "Beat The Quake" campaign by proclaiming April 1990 as California Earthquake Preparedness Month. Jurupa District's proclamation, as shown in the supporting documents, will be submitted to the Governor's office for display in the State Capitol. The Director further noted that the April campaign includes a statewide "Earthquake: Duck, Cover, and Hold Drill" which will take place on April 3 at 10:00 a.m. All sites in the district will participate in this practice drill as well as the community and local businesses.

PRESIDENT RUANE MOVED THE BOARD SUPPORT GOVERNOR DEUKMEJIAN'S "BEAT THE QUAKE" CAMPAIGN BY PROCLAIMING APRIL AS EARTHQUAKE PREPAREDNESS MONTH FOR THE JURUPA UNIFIED SCHOOL DISTRICT. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

ADOPT RESOLUTION #90/30, INCREASING SCHOOL FACILITIES FEES -Motion #218

The Assistant Superintendent Business Services reported that in January 1990, the State Allocation Board authorized an inflation increase in school facilities fees of two cents per square foot on new residential construction. This would increase the current fee from \$1.56 to \$1.58 per square foot. Since the district participates in the State School Building Program and is required to provide local matching funds, it would be libel for the two cents if the resolution were not adopted.

MR. CHAVEZ MOVED THE BOARD ADOPT RESOLUTION #90/30, INCREASING SCHOOL FACILITIES FEES FOR NEW RESIDENTIAL CONSTRUCTION. MR. MEDINA SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

REVIEW SPANISH
LANGUAGE ARTS
TEXTBOOKS
-Motion #219

The Assistant Superintendent Curriculum, Instruction and Assessment noted there were 28 elementary bilingual classrooms in the district. A committee of bilingual teachers, chaired by the Bilingual Coordinator, Luz Mendez, has recommended the district adopt Campanitas De Oro for K-6 Spanish Language Arts. The books will be on public display for a review period of not less than 13 days.

PRESIDENT RUANE MOVED THE BOARD APPROVE FOR REVIEW CAMPANITAS DE ORO TO BE USED IN K-6 BILINGUAL CLASSROOMS. MR. MEDINA SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

SUBMIT
APPLICATION
FOR TWO MORE
HEAD START
CLASSES
-Motion #220

The Assistant Superintendent Curriculum, Instruction and Assessment stated that 149 families were on a waiting list to participate in the federally funded Head Start Program. The Jurupa District's application requests approximately \$140,000 for program expansion, which is half the amount expected by the Riverside County Office of Education from the Federal Government.

Mr. Chavez commented that the Head Start Program has a very positive impact and he wondered if administration were considering the establishment of a Head Start Center rather than expanding at another school site. The Assistant Superintendent explained that Head Start portables were located at school sites because of the availability of secretarial and custodial services as well as playgrounds and kitchens. In addition, children were assigned to a program in their area since transportation is not provided.

She also noted that a special celebration will be held in May for the 25th Anniversary of the Head Start Program. Studies show that children who participate in this program have a higher rate of academic success than similar children who do not have this opportunity.

PRESIDENT RUANE MOVED THE BOARD APPROVE SUBMITTAL OF AN APPLICATION TO REQUEST TWO ADDITIONAL HEAD START FUNDED CLASSES FOR THE 1990/91 SCHOOL YEAR. MS. BURNS SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

ADOPT EMERGENCY
RESOLUTION FOR
ASBESTOS ABATEMENT
-Motion #221

The Assistant Superintendent Business Services reported that 18 classroom floors at Rustic Lane Elementary School contain asbestos material. The modernization of the school has ceased until the asbestos abatement is completed.

He noted that at the last meeting the Board approved an Application for Asbestos Abatement Apportionment from the State. The estimated cost from Brickley Construction Company to complete the required abatement work is \$37,507. In addition, the County Health Department will charge \$25,000 to prepare project specifications. The total cost of the project will be about \$62,500 instead of \$107,000 as estimated at the last meeting. The District will apply to the State for 50% funding.

ADOPT EMERGENCY
RESOLUTION FOR
ASBESTOS ABATEMENT
-Motion #221
(Cont'd)

The Assistant Superintendent explained that adoption of Emergency Resolution #90/29 for asbestos abatement services at Rustic Lane School will release the district from requirements of the normal bidding process on an emergency basis. In addition, the modernization will be interrupted 2-4 weeks as compared to 10-12 weeks under the normal bidding process.

MR. CHAVEZ MOVED THE BOARD ADOPT RESOLUTION #90/29, EMERGENCY PROCUREMENT OF ASBESTOS ABATEMENT SERVICES FOR RUSTIC LANE ELEMENTARY SCHOOL. MR. MEDINA SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

SETTLEMENT
OFFER
-Motion #222

MR. BARNES MOVED THE BOARD REJECT THE SETTLEMENT OFFER MADE BY BALLAS DEVELOPMENT CORPORATION IN CASE #193853. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

ADDITION OF
RESOLUTION #90/32
UNDER ITEM H
-Motion #223

The Director of Administrative Services requested that the Board take action to add "Adopt Resolution #90/32 Regarding Purchase of Mac Murray Property" under Item H, Hear and/or Approve School Facility Matters. He reported that the State has reviewed necessary documents, including escrow instructions, to purchase the property through the State School Building Program at an appraisal of \$54,900 an acre. There were no restrictions on the use of the property. The Superintendent added that administration has been in negotiations on this purchase for a number of years. The district was notified by mail on March 19 of a June 1, 1990 deadline to close escrow in order to obtain the 25.6 acre parcel for a third middle school.

MR. MEDINA MOVED THE BOARD ADD ITEM "ADOPT RESOLUTION #90/32 REGARDING PURCHASE OF MAC MURRAY PROPERTY" UNDER ITEM H, HEAR AND/OR APPROVE SCHOOL FACILITY MATTERS. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

ADOPT RESOLUTION
#90/32, PURCHASE
OF MAC MURRAY
PROPERTY
-Motion #224

MR. CHAVEZ MOVED THE BOARD ADOPT RESOLUTION #90/32, REGARDING PURCHASE OF MAC MURRAY PROPERTY LOCATED AT OR NEAR THE INTERSECTION OF STEVE AND 50TH STREETS FOR A THIRD MIDDLE SCHOOL. MR. BARNES SECONDED THE MOTION. In response to Mr. Barnes question, the Director of Administrative Services noted that there will be a surplus of about five acres, however, the State has indicated that the cost of purchasing the whole parcel is equal to paying severance damages. The opening of the third middle school in September 1992 will depend on passage of the June 5, 1990 bond election. THE BOARD VOTED ON THE MOTION WHICH CARRIED UNANIMOUSLY.

PERSONNEL
REPORT #17
WITH INSERT
-Motion #225

MR. CHAVEZ MOVED THE BOARD APPROVE PERSONNEL REPORT #17 AS PRINTED WITH INSERT I PAGES 9 AND 10. MR. BARNES SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

ISSUANCE OF
REEMPLOYMENT
NOTICES
-Motion #226

MR. CHAVEZ MOVED THE BOARD DIRECT ADMINISTRATION TO ISSUE OFFER AND NOTICES OF REEMPLOYMENT TO REGULAR CERTIFICATED EMPLOYEES, EXCLUDING ADULT EDUCATION TEACHERS, TEACHERS ON EXTRA COMPENSATION ASSIGNMENTS, SUBSTITUTE TEACHERS, THE SUPERINTENDENT, THE ASSISTANT SUPERINTENDENTS, CERTIFICATED DIRECTORS, CERTIFICATED MANAGERS REASSIGNED AS PER EDUCATION CODE SECTION 44951, TEMPORARY PERSONNEL, PROBATIONARY PERSONNEL NOT REELECTED FOR CONTINUED EMPLOYMENT, PERSONNEL WHO HAVE RESIGNED AND ANY CERTIFICATED EMPLOYEE ON SUSPENDED STATUS. MR. BARNES SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

RATIFY AGREEMENT
WITH CSEA
-Motion #227

MR. BARNES MOVED THE BOARD RATIFY MEMORANDUM OF AGREEMENT WITH CALIFORNIA SCHOOL EMPLOYEES ASSOCIATION AS INCLUDED IN THE SUPPORTING DOCUMENTS. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

SUSPEND
EXPULSION
CASE #90/23
-Motion #228

PRESIDENT RUANE MOVED THE BOARD EXPEL THE PUPIL IN DISCIPLINE CASE #90/23 FOR ATTEMPTING TO CAUSE PHYSICAL INJURY, USING PROFANITY, DEFYING SCHOOL PERSONNEL AND DISRUPTING SCHOOL ACTIVITIES, AND FURTHER RECOMMENDS THAT EXPULSION BE SUSPENDED AND THE PUPIL BE PLACED IN THE INDEPENDENT STUDY PROGRAM. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

APPROVE ROUTINE
ACTION ITEMS
-Motion #229

MR. BARNES MOVED THE BOARD APPROVE ROUTINE ACTION ITEMS K-1 THROUGH K-12: PURCHASE ORDERS; DISBURSEMENTS; AGREEMENTS; APPROPRIATION TRANSFERS; MONTHLY PAYROLL; CERTIFICATED EXTRA COMPENSATION; CLASSIFIED EXTRA TIME; CLASSIFIED OVERTIME; ADOPTION OF WORKING TODAY AND TOMORROW TEXTBOOK FOR NUEVA VISTA HIGH SCHOOL; REVIEW OF SEVENTH GRADE CORE LITERATURE SELECTIONS; RESCHEDULING OF APRIL 16, 1990 BOARD MEETING. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

ROUTINE
INFORMATION
REPORTS

The Board reviewed routine information reports: Report on Comprehensive Teacher Education Institute (CTEI); Cafeteria Fund Financial Report for Period Ending January 31, 1990; Non-Public School Placements; Receive Reports Pursuant to Education Code #48915.

CLOSED SESSION

At 5:30 p.m. on Monday, March 19, 1990, President Sandra Ruane called the Board to order in Closed Session in the Superintendent's office at the Education Center. All Board members were present. Also in attendance were the Superintendent, other administrators, and attorneys involved in pending litigation. At 6:45 p.m. the attorneys departed.

At 7:05 p.m. President Ruane excused administrators and continued to meet with the Superintendent. The following action was taken in Closed Session.

3-19-90

AMEND
SUPERINTENDENT'S
CONTRACT
-Motion #230

MR. BARNES MOVED THE BOARD AMEND THE SUPERINTENDENT'S CONTRACT TO INCREASE HIS SALARY FROM \$86,545 TO \$90,007 FOR THE 1989/90 SCHOOL YEAR. ALSO, IN RECOGNITION OF THE SUPERINTENDENT'S AGREEMENT TO CONTINUE FUTURE EMPLOYMENT WITH THE DISTRICT, THE SUPERINTENDENT'S CONTRACT WAS ADDITIONALLY AMENDED TO PROVIDE THE SUPERINTENDENT WITH DISTRICT FULLY PAID HEALTH AND WELFARE BENEFITS UPON HIS RETIREMENT FROM THE DISTRICT AND HIS RIGHTS TO OTHER DISTRICT PAID HEALTH AND WELFARE BENEFITS ARE EXHAUSTED. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

At 7:20 p.m. the Board adjourned from Closed Session.

ADJOURNMENT

There being no further business, President Ruane adjourned the meeting from public session at 8:37 p.m.

MINUTES OF THE REGULAR MEETING OF MARCH 19, 1990 ARE APPROVED AS

Washington, D.C. 20460

Dear Mr. Clay:

The Stringfellow Acid Pits are located within the Jurupa Unified School District which serves the children of the community of Glen Avon.

We understand that currently several technologies are identified which offer more stringent protection than does simple containment. We urge you to initiate actions that will permanently treat or destroy the contaminants at the Stringfellow site.

Sincerely,

BOARD OF EDUCATION

Resolution #90/31

SUPPORT FOR PROPOSITIONS 111 and 108

WHEREAS, California faces serious problems in its fiscal policy that threaten the critical areas of K-12 education, community colleges, transportation, health services, law enforcement, senior programs, and other taxpayer supported services thereby endangering the state's current and future economic health and its leadership in the national and world economy; and

WHEREAS, Proposition 111 would update the Gann spending limit to allow the state greater flexibility in making use of all available revenue generated by California's strong economy; and

WHEREAS, Proposition 111 would allow the state to increase the gasoline tax to provide desperately needed funding for maintenance and improvement of highway and mass transit projects without reducing funds needed for other critical state programs; and

WHEREAS, Proposition 111 would continue the funding guarantees to K-12 schools and community colleges that were adopted by the voters in Proposition 98; and

WHEREAS, without a change in the Gann spending limit, it will be impossible to maintain the current level of education, transportation, health services, law enforcement, senior programs, and other vital services to the residents of California; and

WHEREAS, reducing traffic congestion in California will require substantial investments in alternative methods of transportation in the expansion and construction of mass transit facilities; and

WHEREAS, Proposition 108 contains a general obligation bond for urban, commuter, and intercity rail projects to address the growing traffic congestion problem; and

WHEREAS, Propositions 111 and 108 represent a comprehensive state funding package agreed upon in the Legislature as legislation known as Senate Constitutional Amendment (SCA) 1.

NOW, THEREFORE BE IT RESOLVED, that the Board of Education of Jurupa Unified School District supports passage of Proposition 111 and Proposition 108 on the June 5, 1990, Statewide Ballot.

Passed and adopted by the Governing Board
at a regular meeting held on April 2, 1990.
Board of Education

Sandra Ruane, President

John J. Chavez, Member

Mary L. Burns, Clerk

Jose J. Medina, Member

David H. Barnes, Member

DRAFT

SENATE CONSTITUTIONAL AMENDMENT 1

SCA 1

WHAT IS SCA 1?

SCA 1 (Senate Constitutional Amendment 1) is a statewide initiative proposed by the legislature that will appear on the June 1990 ballot as "The Traffic Congestion Relief and Spending Limitation Act of 1990".

WHAT IS THE OBJECTIVE OF SCA 1?

- To enact a statewide traffic congestion relief program.
- To update the spending limit on state and local government to handle the needs of a growing California population.
- To provide new revenues to be used to reduce traffic congestion by building state highways, local streets and roads, and public mass transit facilities.
- The amendment updates the state appropriations limit to allow for new funding for congestion relief, mass transit, health care, services for the elderly, and other priority state programs.
- The measure still provides an overall limit on state and local spending. It would continue to provide that public education and community colleges receive at least 40% of the state general fund budget.

Changes in Funding

HOW WILL THE GANN LIMIT BE CHANGED?

Spending limit growth is now based on the lesser of the rate of inflation or economic growth, adjusted for a growing population base.

Under SCA 1, the calculation would be based on per capita income, adjusted for population growth. This method would permit spending revenue generated by the existing tax structure in a growing economy and protect against unnecessary tax increases.

Increased spending on capital outlay projects would not be subject to the state's spending limit.

DRAFT

Revenues exceeding state or local spending limits would be averaged over two years. Of any state excess remaining after two years, half would go to K-14 education and the rest returned to the tax payer.

Also, funds spent beyond the limit for emergencies declared by the Governor would not reduce subsequent years' limits.

WILL SCA 1 REDUCE SCHOOL FUNDING IN FAVOR OF TRANSPORTATION?

SCA 1 would raise the Proposition 98 K-14 funding guarantee to the greater of

- 1) Increases in California per capita personal income and average daily attendance,
- or
- 2) 40.88% of state general fund revenue.

The amendment would limit K-14 guaranteed funding increases in years of low state revenue growth, so other state programs will not need to be reduced to accommodate education. Any difference between the funding guarantee and available revenue would be repaid to schools in years when revenue growth outpaces personal income growth.

HOW WILL SCA 1 PROVIDE ADDITIONAL FUNDING FOR TRANSPORTATION?

If voters approve SCA 1, legislation already on the books will enact a gas tax increase of 5 cents a gallon on August 1, 1990, plus a 1 cent increase in each of the follow four years.

Truck weight fees, except pickup trucks under 4001 pounds, would go up 40% on August 1, 1990, and 10% more on January 1, 1995.

These increases, plus the incremental increase of sales tax generated by the increased gas tax targeted for planning and transit, would generate \$15.5 billion over the next 10 years.

SCA 1 exempts the above revenue augmentations from the state appropriation limit.

DOES THE LEGISLATION THAT WOULD BE ENACTED BY SCA 1 MANDATE THAT THE STATE CONTINUE TO SPEND EXISTING RESOURCES ON TRANSPORTATION?

Article XIX of the California Constitution requires that all fuel tax, weight fees, and any other tax on motor vehicles be used for transportation, so the legislation does not have to address these funds. The new legislation requires that the additional sales tax generated by increasing the gas tax also be restricted to transportation. In addition, the monies will be passed on to local governments contingent on their maintaining current levels of spending from existing sources.

P
13

IS THIS ANOTHER WAY OF SUBSTITUTING NEW TAX MONEY IN LIEU OF MONEY PRESENTLY BEING SPENT ON ROADS, SO THE LEGISLATURE CAN SPEND IT ON OTHER 'PET PROJECTS'?

No. In addition to Article XIX spending restrictions, the current method of allocating funds for transportation also prevents the legislature from making specific project allocations.

Instead, an independent commission, the California Transportation Commission (CTC), is given the responsibility to make final decisions on which projects will be funded by state resources. Projects are required to be funded on a cost effectiveness basis, with fixed percentages of the monies to be spent on north and on south state counties. Each county is guaranteed a minimum level of funding based on population and state highway miles.

WHY DOES CALIFORNIA NEED SCA 1?

SCA 1 will implement chaptered legislation which increases the gas tax and truck weight fees to provide increased revenue. Without increased revenue the state highway and transit systems will not be able to respond to current and future demand of the motoring public. It will allow for expenditure of these revenues and will make technical changes in the State Appropriation Limit to better meet the needs of the State.

WHAT WILL BE DONE WITH THE INCREASED REVENUE?

Already approved legislation would establish a ten-year transportation spending plan. This plan creates a new Congestion Management Program (CMP) and modifies the State Transportation Improvement Plan (STIP) process. Increased revenue would go to support these and existing transportation efforts.

WHY DOES CALTRANS NEED MORE MONEY?

California ranks 49th in the nation in the amount of gas tax charged at the pump, and 50th in per capita transportation spending. The last increase in gas tax was 1 cent in January, 1983, raising the total state excise tax to 9 cents a gallon.

If our gas tax had increased at the rate of inflation since 1969, Californians would be paying 50 cents tax per gallon at the pump.

For many reasons--the state's diversity, changing commute patterns, increasing population, increasingly complex environmental requirements, fixed tax rate, and the imposed spending limit--Caltrans cannot keep pace with today's transportation needs. Yet by the year 2000, travel on California roads is expected to have increased by almost thirty percent.

HOW MUCH ADDITIONAL GAS TAX WILL THE AVERAGE DRIVER PAY PER YEAR?

Based on the number of licensed California drivers and the projected number of gallons of fuel that will be sold in 1990, it is estimated each driver will spend \$39 on gas tax annually at the 9¢ rate and \$61 annually at the 14¢ rate.

DRAFT

Federal Funding Impact

THERE IS ALSO FEDERAL TAX ON GAS. WHERE DOES THAT GO?

Federal gas tax was also increased to 9 cents a gallon in 1983. A minimum of 85% of these revenues is returned to California for transportation purposes. These funds are matched by state dollars at an average ratio of 85% federal to 15% state. Federal dollars can only be spent on specified transportation efforts, for example, federal funds cannot be spent on highway maintenance.

WHAT HAPPENS IF THE STATE CANNOT MATCH THE FEDERAL FUNDS?

The state forfeits its claim to the federal revenue paid by California drivers. Other states may receive the revenue that would have been returned to California.

IS IT POSSIBLE THAT CALIFORNIA WILL NOT BE ABLE TO MATCH FEDERAL FUNDS, IF SCA 1 IS NOT APPROVED BY THE VOTERS?

Not in the short term. However, in subsequent years, if additional funding is not made available, there may not be sufficient funds to both match federal dollars and maintain the safety and integrity of the state highway system.

Sales Tax

SALES TAX IS IMPOSED ON MOTOR VEHICLE FUELS. WHAT HAPPENS TO THOSE REVENUES?

Currently, all sales tax on diesel fuels are earmarked for the Transportation, Planning and Development (TP&D) Account. In addition, should SCA 1 pass, the sales tax revenues generated on the increased excise tax on gasoline will also go to the TP&D account. The balance is deposited in California's general fund and can be appropriated by the legislature for any state program.

Since 1972 the amount of revenue generated by sales tax on gas has been offset by a 1/4 cent of the general sales tax directed to transportation. At that time the sales tax collected on gasoline was equivalent to 1/4 cent of sales of tax on all retail sales and has remained virtually equal over the years. This revenue is directed primarily to fund transit operations.

DRAFT

Weight Fees

A 40% INCREASE IN TRUCK WEIGHT FEES SOUNDS SUBSTANTIAL. WHAT DOES THAT TRANSLATE TO?

Weight fees are imposed by the Department of Motor Vehicles (DMV) as part of vehicle registration charges. Revenues collected are transferred to Caltrans. Caltrans then reimburses DMV for administrative costs.

Fees are calculated in 1,000 lb. increment of unladed weight and number of axles. The increased fees would range from \$73 for a two axle truck weighing 4,000 to 5,000 lbs., to \$924 for a truck/trailer with three or more axles weighing more than 15,001 lbs. The trucking industry supports SCA 1 because highway condition and safety is of utmost importance to their business.

There will be no increase in the current annual fee of \$8 for two axle vehicles under 3,000 lbs. and \$24 for two axle vehicles 3,000 to 4,000 lbs. Most cars and light duty trucks fall into this category.

Gas Tax

HOW MUCH MONEY WILL A 5¢ PER GALLON ON GAS RAISE ANNUALLY?

A general rule of thumb is that a one cent increase on gasoline will raise \$130 million annually, and a one cent increase on diesel will raise \$20 million annually. The legislation treats gasoline and diesel the same, so a five cent increase would generate an additional \$750 million in revenue per year.

Bond Issue

ARE THERE OTHER TRANSPORTATION ISSUES ON THE JUNE BALLOT?

Yes. There is a \$1 billion mass transit bond measure called the Passenger Rail and Clean Air Bond Act of 1990. These bonds will be issued only if SCA 1 is approved. There will be two more bond issues of \$1 billion each on the November, 1992 ballot and the November, 1994 ballot. These bonds will provide significant new funding for urban and intercity rail transit, as well as other forms of mass transit.

Another bond issue, the Clear Air and Transportation Improvement Act of 1990 will generate \$1.99 billion through the issue of general obligation bonds. This bond issue is not contingent upon approval of SCA 1. It will provide funds principally for passenger and commuter rail systems, with limited funds for public mass transit guideways, paratransit vehicles, bicycle and ferry facilities, and a railroad technology museum.

DRAFT

Budget Policies and Reductions

WHAT IS THE BASIS OF THE 1990-91 BUDGET AND HOW DOES IT REFLECT SCA1?

The 1990-91 budget was developed based on existing revenues. It does not reflect increased revenues that would become available if SCA 1 were approved in June.

WHY IS THE 1990-91 BUDGET BASED ONLY ON EXISTING REVENUE?

SCA 1 will not be decided at the polls until June. It would not be appropriate to develop a budget based on unapproved revenue increases.

WHAT ARE THE BUDGET REDUCTIONS AND ADJUSTMENTS BEING PROPOSED TO BALANCE THE 1990-91 BUDGET?

The 1990-91 Budget reflects the following reductions:

- Elimination of \$102 million of state funded capital outlay projects
- Elimination of \$121 million of engineering services contracts
- Delaying the award of \$40 million of construction contracts until July 1991
- Elimination of \$64 million of mass transit guideway funding
- Elimination of \$40 million from Caltrans's support budget
- Reduction of \$108 million in various areas identified as discretionary

WHAT POLICIES AND OTHER FACTORS DROVE THE PROPOSED BUDGET CUTS AND ADJUSTMENTS?

Under current conditions, the revenues projected for the State Highway Account in 1990-91 are \$720 million less than the amount which would be provided by SCA 1 to fund ongoing programs, make significant progress on the 1988 STIP and fund programs mandated by recent legislation. The budget policy developed to operate within this framework establishes the following priorities.

- Maintain the operational safety and physical integrity of the state highway system
- Use all federal highway funds specifically allocated to the state
- Continue the 1988 State Transportation Improvement Program with limited funds available
- Provide timely delivery of October 17th earthquake recovery and seismic safety retrofit projects
- Perform the engineering and environmental support required to deliver locally funded state highway projects

D
P.7

Impact on Various Transportation Programs, If SCA 1 Is Not Approved:

Capital Program/Project Delivery

- Advertising of all capital projects, except those for safety, seismic retrofit and earthquake restoration will stop in February of 1990 and not resume again until April, 1991.
- STIP projects for which state matching funds are not available will be deferred.
- Hiring will be frozen. A portion of state-funded capital outlay support staff will be redirected to design and construction of highway projects funded from toll proceeds for Regional Measure 1 and reimbursements from local tax measures.
- No new state-funded engineering contracts will be awarded and existing contracts will be cancelled.

WHAT EFFECT WILL THIS HAVE ON THE PRIVATE SECTOR?

Many construction, engineering, and related businesses derive a substantial part of their income from contract work with the department.

WHAT IMPACT WILL SCA 1 FAILURE HAVE ON PROJECT DELIVERY?

This will adversely affect project delivery into the 1990s. It will take approximately three to five years to rebuild the Department's project delivery capacity, if additional revenues become available.

WHAT IMPACT WILL SCA 1 FAILURE HAVE ON PROJECT COSTS?

When the state is again in a position to contract for construction work, there may be fewer available experienced contractors and, therefore, costs will increase and projects may be further delayed.

Projected inflation will result in cost increases of at least 5% per year. Postponed projects may have to be redesigned due to changes in the environmental impact use patterns or delays in associated projects. Delays could actually double the cost of design and environmental impact research for some projects.

WHAT EFFECT WILL EARTHQUAKE RECOVERY AND RETROFIT PROJECTS HAVE ON COMPLETION OF 1988 STIP PROJECTS?

Redirection of a portion of existing staff from STIP work to restoration and retrofit work will continue. These activities will be reimbursed by state or federal emergency relief funds.

D
28

DRAFT

ENGINEERING CONTRACTS WILL BE ELIMINATED IN 1990-91. WHAT WILL HAPPEN TO EXISTING CONTRACTS?

1990-91 funding for existing contracts will not be available, therefore, the budget year portion of the contract will be cancelled.

WHAT WILL BE THE IMPACT TO WORK PRODUCTS FROM CANCELLED CONTRACTS?

Work on approximately \$34 million worth of projects now under contract will be discontinued. Incomplete work may not be recoverable, so that portion will have to be either contracted for again when funding becomes available or redesigned by Caltrans staff.

Cancellation of existing contracts may result litigation.

Maintenance and Operations**WHAT WILL BE THE IMPACT ON THE HIGHWAY MAINTENANCE PROGRAM?**

Highway maintenance will not experience direct reductions in 1990-91. However, resources needed for increased inventory or maintenance backlogs resulting from contracts and material reductions totalling \$68 million imposed in 1988-89 and 1989-90 will not be available. Without increased resources for maintenance backlogs and new transportation facilities there will be an overall reduction in level of service resulting in a gradual deterioration of the state highway system.

WHAT WILL BE THE LONG TERM EFFECT ON THE MAINTENANCE PROGRAM?

The long term impact on the state highway system is gradual pavement deterioration. This causes safety hazards and requires more expensive emergency and rehabilitation resources to restore the system to an acceptable level. Reduction in levels of service in all realms of roadway and roadside maintenance will occur.

HAS THE 1989-90 PREVENTATIVE MAINTENANCE BUDGET REDUCTION BEEN RESTORED?

Yes. The base reduction will be restored by the 1990-91 budget.

DRAFT**WHAT IMPACT DOES THE 89-90 BUDGET CUT IN PREVENTATIVE MAINTENANCE HAVE ON FUTURE MAINTENANCE COSTS?**

Preventative Maintenance is a life cycle extending measure designed to treat approximately 1/8 of the asphalt pavement in the state highway system annually. Preventative maintenance postpones the need for rehabilitation which cost about four times that of maintenance. The base reduction in 89-90 and the deferral of \$28 million in maintenance contracts in 88-89 has resulted in a backlog that will require an increased level of pavement rehabilitation in the future.

WHAT EFFECT WILL THERE BE ON URBAN CONGESTION?

Efforts to reduce traffic congestion through traffic management strategies will be greatly reduced. The impact on the motoring public will be significant.

Long-term consequences include increased risk; a more rapid growth rate for congestion; reduced regulation of traffic flow; less timely notification of traffic incidents, accidents, or alternate route information; and limited coordination with local agencies on new construction site development.

WILL THE GOVERNOR'S COMMITMENT TO TRAFFIC SYSTEM MANAGEMENT CONTINUE?

The Governor's commitment to reduce traffic congestion will continue within the limited resources available.

State Transit Funding**HOW WILL LOCAL TRANSIT BE AFFECTED?**

State support of local transit improvement will be reduced from \$108 million to \$16 million in 90-91. This means a reduction of local transit available to those who do not own private vehicles, such as the elderly, disabled, and inner-city residents.

The state will be unable to participate in the state transportation assistance program, which provides capital and operation assistance to local transportation agencies for public mass transit systems. This will result in reduction of services and/or increases in fares.

WILL CALIFORNIA LOSE FEDERAL FUNDS AVAILABLE FOR TRANSIT SYSTEMS?

State resources will not be available to match federal dollars, therefore, local government will have to provide the fund match.

D
23-10

Staffing Impacts

WILL THERE BE LAYOFFS?

There will be NO layoffs in 1990-91. The department will implement a hiring freeze in all program areas except highway maintenance and toll collection. Savings will be realized through attrition. Management will then evaluate Caltrans' fiscal situation and amount of attrition realized to determine what measures will be needed in 1991-92.

WHAT PROGRAMS WILL NOT BE AFFECTED BY THE HIRING FREEZE?

Only the maintenance and toll collection programs will continue at their current staffing level in 1990-91 and not be subject to a hiring freeze.

WHAT ABOUT CASH OVERTIME AND TEMPORARY HELP?

Cash overtime and temporary help will be eliminated, except for the areas of maintenance and toll collection.

If SCA 1 Is Approved

IF SCA 1 IS APPROVED IN JUNE, HOW WILL THE ADDITIONAL RESOURCES BE SPENT?

If voters approve SCA 1 and the Passenger Rail and Clean Air Bond Act of 1990 in June, increased gas tax, truck weight fees and \$ 3 billion from bond sales will provide \$18.5 billion in additional revenue over the next ten years. This stable source of revenue will enable the department to implement a long range transportation plan as mandated by chaptered legislation. This plan includes:

HIGHWAY PROGRAM

- \$3.5 Billion to fund the 1988 STIP
- \$1.25 Billion for the inter-regional road system
- \$1 Billion for Traffic Systems Management
- \$3 Billion for flexible congestion relief
- \$150 Million for soundwall projects
- \$100 Million for an environmental enhancement and mitigation program
- \$1 Billion for state highway maintenance and operations

MEMORANDUM

March 27, 1990

TO: THE BOARD OF EDUCATION OF JURUPA
UNIFIED SCHOOL DISTRICT

FROM: BEST, BEST & KRIEGER
BOND COUNSEL

RE: PROCEEDINGS FOR ESTABLISHMENT OF COMMUNITY
FACILITIES DISTRICT NO. 1

At the April 2 regular meeting, the Board will be considering the adoption of the following resolutions regarding the establishment of the above-referenced community facilities district:

(1) The Resolution of Intention to establish the District. This Resolution, among other matters expresses the intention of the Board to establish the proposed community facilities district and schedules a hearing on the establishment of the District for May 7, 1990. Attached to this Resolution is a document entitled Rates and Method of Apportioning Special Taxes which sets forth the maximum rates of special taxes and the method of apportioning or levying those special taxes in each fiscal year.

(2) The Resolution Declaring the Necessity for the Community Facilities District to Incur a Bonded Indebtedness. This Resolution schedules a public hearing for May 7, 1990 on the proposed bonded indebtedness for the District

F
B.1

for financing public facilities in the amount of \$9,000,000. This hearing will be held concurrently with the hearing on the resolution of formation.

(3) A Resolution Designating Improvement Area No. 1 and Improvement Area No. 2 of the Community Facilities District. As you may know, this community facilities district is comprised of two distinct noncontiguous developments by Concordia Homes and Van Daele Development Corporation. Each of these developments will be a separate improvement area of the community facilities district. The effect of designating these improvement areas is that separate elections will be held in each improvement area on the establishment of the District, the incurring of a bonded indebtedness in an amount necessary to financing the public facilities for each improvement area and the levy of special taxes on taxable property therein to pay the principal of and interest on the bonds.

At the April 2 meeting, the Board will also be considering a letter proposal from our firm with regard to our services as bond counsel and a resolution employing us in that capacity on the basis of that letter of proposal.

As you have previously been advised, bonds of the proposed community facilities district will be issued and sold to finance the school fee obligations of the two developers and also to finance water and sewer system facilities, fire protection and suppression facilities and

wastewater treatment plant capacity at the City of Riverside Regional Plant for Rubidoux Community Service District. In order for the School District to proceed with the financing of these facilities for Rubidoux Community Services District, it will be necessary that the two Districts enter into a joint powers agreement pursuant to a specific provision of the Mello-Roos Community Facilities Act of 1982 whereby the School District will establish the District and issue and sale bonds of the District to finance those facilities as well as school facilities.

The District will also be entering into agreements with the two developers with regard to the establishment of the community facilities district and the issuance of bonds for these purposes. Those agreements have been prepared and distributed to the parties; however, they are not yet ready for action by the Board. After we have completed negotiations with regard to any changes which may be appropriate, we will present the final versions of those agreements to the Board for action, probably at the April 23 meeting.

After the public hearings on May 7, the Board will adopt a resolution of formation establishing the District, the improvements areas and the boundaries thereof. The Board will also adopt a resolution determining the necessity of the community facilities district incurring a bonded indebtedness and calling an election on the bonded indebtedness, and another resolution calling an election on

BEST, BEST & KRIEGER

the proposition regarding the levy of special taxes on taxable property within the District to pay the principal of and interest on the bonds and on the proposition of the establishment of an appropriation limit for the community facilities district.

After the election, we will commence a validation proceeding in the Riverside County Superior Court to validate the bonds of the District and the special taxes. This proceeding which will protect us from any possibility of a future attack by property owners in the District, will take approximately 60 days to complete. After we have obtained a judgment in the validation proceedings, the District will be in a position to proceed with the sale of bonds for the financing of the public facilities.

Honorable Board of Education
Jurupa Unified School District

Re: Proposal Regarding Performance of Legal
Services in Connection With Community
Facilities District Proceedings and Issu-
ance of Bonds and Compensation Therefor

Ladies and Gentlemen:

For purposes of providing legal services to Jurupa Unified School District (the "District") with respect to the formation of a community facilities district for financing certain public facilities and proceedings necessary thereto including the issuance and sale of bonds, the firm of Best, Best & Krieger proposes to perform the following services on the following basis:

Services:

We will advise the District in regard to the proceedings for the establishment of a community facilities district pursuant to the Mello-Roos Community Facilities Act of 1982, being Chapter 2.5, Part 1, Division 2, Title 5 of the Government Code, for the provision of the aforementioned public facilities to be financed by bonds issued pursuant to that Act, and will prepare all ordinances, resolutions, notices, bond forms, and other documents required in the proceedings. We will also examine all proceedings step by step as taken and when the bonds are sold will issue our opinion or opinions upon the validity thereof. We will also attend any meeting in which substantive action in connection with the proceedings is to be taken.

F
255

Board of Education
April 2, 1990
Page 2

The services to be rendered will not include any services in connection with validation or condemnation suits, if such suits be filed to validate any proceedings hereunder or to acquire any property or easement proposed to be taken. The services to which the fees under the following schedule apply do not include any services or opinions in connection with the letting of cash contracts, any services or opinions in connection with any proceedings subsequent to the sale of bonds, or any services in connection with any litigation.

Compensation:

For preparation and supervision of the proceedings, examination of each step as taken, and the issuance of our approving opinion on the bonds to be issued, we will be paid a fee which will be the greater of an amount determined in accordance with the following schedule, the amount to which the following percentages are applied being the amount of bonds authorized and sold, or \$25,000:

<u>Amount</u>	<u>Fee</u>
Under \$ 10,000,000	1/2 of 1%
Over \$ 10,000,000 and	
Under \$ 20,000,000	1/4 of 1%
Over \$ 20,000,000	1/8 of 1%

The fee will be payable upon the issuance of bonds. If other services are requested by the District which are not within the scope of those outlined above, they will be performed on a time basis at the hourly rates of the attorneys involved. In the event the bonds are not issued, we will be paid a reasonable fee, to be mutually agreed upon, based upon the applicable hourly rates of the attorneys in the firm undertaking the work prior to abandonment.

In addition to the above fees, we will be reimbursed by the District upon monthly statements for any out-of-pocket expenses incurred by us in the course of our employment, such as long distance telephone calls, facimilie telecopy transmission, telegrams, messenger and courier services, travel at the request of the appropriate District

F
pg. 6

Board of Education
April 2, 1990
Page 3

officials, duplicating, computer time and the like. It is understood that we are to order the printing of the bonds for the account of the District. The bills for this service will come directly to the District and will be paid from bond proceeds.

Respectfully submitted,

BEST, BEST & KRIEGER

By:

R. T. Anderson

TERMS OF EMPLOYMENT APPROVED THIS

___ day of ___, 1990.

Authorized Officer of
Jurupa Unified School District

RESOLUTION NO. 90/33

RESOLUTION OF THE BOARD OF EDUCATION OF JURUPA UNIFIED SCHOOL DISTRICT DECLARING ITS INTENTION TO ESTABLISH PROPOSED COMMUNITY FACILITIES DISTRICT NO. 1 OF JURUPA UNIFIED SCHOOL DISTRICT, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA, AND TO DESIGNATE IMPROVEMENT AREA NO. 1 AND IMPROVEMENT AREA NO. 2 THEREOF

WHEREAS, the Board of Education of Jurupa Unified School District (the "Board") has received written petitions signed by the owners of certain real property within Jurupa Unified School District (the "District") requesting that the Board institute proceedings for the establishment of a community facilities district pursuant to Chapter 2.5 (commencing with § 53311) of Part 1 of Division 2 of Title 5 of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982," for the purposes of constructing, acquiring and financing through the sale of bonds the construction and acquisition of public facilities which are necessary to meet increased demands placed upon the District and Rubidoux Community Services District as a result of the development of said real property, and agreeing to the annual levy of special taxes on said property sufficient to pay the aggregate amount of the principal of and interest on said bonds coming due each year and the costs incidental thereto; and

WHEREAS, said petitions are signed by the owners of more than 10 percent of the area of land proposed to be included within the proposed community facilities district; and

WHEREAS, pursuant to Section 53320 of the California Government Code, the Board is required upon receiving such a petition to adopt a resolution of intention to establish a community facilities district; and

WHEREAS, pursuant to Section 53350 of the California Government Code, the Board may, by resolution, designate a portion or portions of a proposed community facilities district as one or more improvement areas for the financing of, or contributing to the financing of, specified public facilities which will be of benefit to the portion or portions of the proposed community facilities district, and which will be subject to the levy and payment of special taxes to pay the principal of and interest on the bonds of the proposed community facilities district which may be issued and sold to finance the design, construction and acquisition of such public facilities; and

F
258

WHEREAS, upon the designation of such an improvement area, all proceedings for purposes of a bond election and for the purpose of levying special taxes for payment of the bonds shall apply only to the improvement area for those specified facilities; and

WHEREAS, the Board has determined, as provided in said Section 53350, that for purposes of the financing of, or contributing to the financing of, specified public facilities portions of the proposed community facilities district should be designated as improvement areas;

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED BY THE BOARD OF EDUCATION OF JURUPA UNIFIED SCHOOL DISTRICT, AS FOLLOWS:

Section 1. Findings. The Board finds as follows:

(a) The foregoing recitals are correct;

(b) Portions of the proposed public facilities will be of benefit only to specific portions of the proposed community facilities district, and those portions should, therefore, be designated as improvement areas of the proposed community facilities district as provided in Section 53350 of the California Government Code; and

(c) Pursuant to said Section 53350, two improvement areas should be designated so that special taxes to pay the principal of and interest on the portions of the bonded indebtedness of the proposed community facilities district which will provide financing for the public facilities which will be of specific benefit to each improvement area may be levied only on taxable property in each improvement area.

Section 2. Proposed Community Facilities District. A community facilities district is proposed to be established under the provisions of Chapter 2.5 (commencing with § 53311) of Part 1 of Division 2 of Title 5 of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982." The name proposed for the community facilities district is "Community Facilities District No. 1 of Jurupa Unified School District, County of Riverside, State of California."

Section 3. Description and Map of Boundaries. The boundaries of the proposed community facilities district are described in Exhibit "A" attached hereto, and are also shown on the map entitled "Boundaries of Community Facilities Dis-

trict No. 1 of Jurupa Unified School District, County of Riverside, State of California, and Improvement Area No. 1 and Improvement Area No. 2 Thereof" which is on file with the Clerk of the Board. Said map is approved and, pursuant to Section 3110 of the California Streets and Highways Code, the Clerk of the Board shall, after conforming with the other requirements of Section 3111 of said Code, record the original of said map in her office, and not later than 15 days prior to the date of the public hearing set forth in Section 11 hereof shall file a copy of said boundary map with the County Recorder of the County of Riverside.

Section 4. Types of Facilities; Incidental Expenses.

(a) The types of public facilities proposed to be provided within and financed by the proposed community facilities district are:

(1) School facilities, including the acquisition of land for school sites, the acquisition, construction and rehabilitation of permanent and portable classroom buildings, the construction and installation of school site improvements, and the purchase of school buses and educational furniture and equipment;

(2) Water production, transmission and distribution facilities, or capacity in such facilities;

(3) Sewage and wastewater collection, transmission, treatment and disposal facilities, or capacity in such facilities;

(4) Fire protection and suppression facilities; and

(5) Acquisition of land, rights-of-way and easements necessary for any of the facilities specified in paragraphs (1) through (4) above.

The public facilities generally specified in paragraphs 1 through 5 above are more specifically identified in Exhibit "B" attached hereto; provided, however, that such specifically identified public facilities may be changed as may be determined to be necessary by the Board or the Board of Directors of Rubidoux Community Services District, as the case may be.

(b) The incidental expenses which will be incurred are: (i) the cost of planning and designing such facilities and the cost of environmental evaluations thereof, (ii) all

costs associated with the creation of the proposed community facilities district, issuance of the bonds thereof, the determination of the amount of and collection of taxes, and the payment of taxes, and costs otherwise incurred in order to carry out the authorized purposes of the community facilities district, and (iii) any other expenses incidental to the construction, completion, and inspection of such facilities.

Section 5. Special Taxes. Except where funds are otherwise available, special taxes sufficient to pay for all such facilities and to pay the principal of and interest on the bonds of the proposed community facilities district and the annual administrative expenses of the District and the proposed community facilities district in determining, apportioning, levying and collecting such special taxes, and in paying the principal of and interest on such bonds and the costs of registering, exchanging and transferring such bonds, secured by the recordation of a continuing lien against all taxable or nonexempt property in the proposed community facilities district, shall be annually levied within the proposed community facilities district.

Parcels of taxable property in the portions of the proposed community facilities district which are to be designated as improvement areas pursuant to Section 53350 of the California Government Code, as provided in Section 8 hereof, shall be subject to the annual levy of special taxes to pay the principal of and interest on the bonds of the proposed community facilities district which may be issued and sold to finance the design, construction and acquisition of public facilities for the benefit of property in the improvement area and such other expenses and costs.

The rates and method of apportionment of special taxes to be levied on parcels of taxable property in each such improvement area to pay the principal of and interest on the bonds of the proposed community facilities district which may be issued and sold to finance the design, construction and acquisition of public facilities for the benefit of parcels of property in each improvement area, and such other expenses and costs, shall be as set forth in Exhibit "C" attached hereto and by this reference made a part hereof.

Pursuant to Section 53340 of the California Government Code, said special taxes shall be collected in the same manner as ordinary ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure, sale, and lien priority in case of delinquency as is provided for ad valorem taxes.

Section 6. Exempt Properties. Pursuant to Section 53340 of the California Government Code, properties of entities of the state, federal, and local governments shall be exempt from the levy of special taxes for the payment of the principal of and interest on the bonds of the proposed community facilities district.

Section 7. Necessity. The City Council finds that the proposed public facilities described in Section 4 hereof are necessary to meet increased demands placed upon the District and Rubidoux Community Services District as a result of new development occurring within the boundaries of the proposed community facilities district.

Section 8. Proposed Improvement Areas and Allocation of Bonded Indebtedness Thereto. The Board proposes to designate Improvement Area No. 1 and Improvement Area No. 2 of Community Facilities District No. 1 of Jurupa Unified School District, County of Riverside, State of California (the "Improvement Areas"). Descriptions of the boundaries of the proposed Improvement Areas are attached hereto as part of Exhibit "A". The boundaries of the proposed Improvement Areas are also shown on the map of the boundaries of the proposed community facilities district which is on file with the Clerk of the Board.

The portions of the proposed \$9,000,000 bonded indebtedness for the proposed community facilities district which are proposed to be allocated to the financing of the public facilities which will be of benefit to parcels of taxable property within each of the proposed Improvement Area areas are as follows:

Improvement Area No. 1	\$ 4,200,000
Improvement Area No. 2	\$ 4,800,000

Pursuant to Section 53350 of the California Government Code, all proceedings for purposes of a bond election with respect to the portion of the bonded indebtedness allocated above to each of the proposed Improvement Areas and for the purpose of levying special taxes for the payment of the principal of and interest on the bonds which may be issued and sold to represent such bonded indebtedness and to finance the design, construction and acquisition of the public facilities for the benefit of each of the proposed Improvement Areas shall apply only to the Improvement Area.

Section 9. Repayment of Funds Advanced or Work-in-Kind. Pursuant to Section 53314.9 of the California Government Code, the Board proposes to accept advances of

funds or work-in-kind from private persons or private entities and to provide, by resolution, for the use of those funds or that work-in-kind for any authorized purpose, including but not limited to, paying any costs incurred by the District in creating the proposed community facilities district, and to enter into an agreement, by resolution, with the person or entity advancing the funds or work-in-kind to repay funds advanced, or to reimburse the person or entity for the value, or cost, whichever is less, of the work-in-kind, as determined by the Board.

Section 10. Prohibition of Owner Contracts. Pursuant to Section 53329.5 of the California Government Code, the Board finds that the public interest will not be served by allowing the owners of property within the proposed community facilities district or any Improvement Area to enter into a contract in accordance with subdivision (a) of that section, and that such owners shall not be permitted to elect to perform the work and enter into a written contract with the District or Rubidoux Community Service District for the construction of the public facilities pursuant to said Section 53329.5.

Section 11. Hearing. A public hearing on the establishment of the proposed community facilities district shall be held at 7:00 p.m. on May 7, 1990 in the meeting room of the Board of Education, 3924 Riverview Drive, Riverside, California.

Section 12. Notice. The Clerk of the Board shall publish a notice of the time and place of said hearing as required by Section 53322 of the California Government Code, and shall also give notice of the time and place of said hearing by first-class mail to each registered voter and to each landowner within the proposed community facilities district as prescribed by Section 53322.4 of said Code. Said notice shall be published at least seven (7) days and mailed at least 15 days before the date of the hearing, and shall contain the information required by said Section 53322.

Section 13. Reports. The officers of the District and Rubidoux Community Services District who will be responsible for providing the proposed types of public facilities to be provided within and financed by the proposed community facilities district, if it is established, shall study the proposed district, and, at or before the time of said hearing, file a report or reports with the Board containing a brief description of the public facilities by type which will in their opinion be required to adequately meet the needs of the proposed community

facilities district and their estimate of the fair and reasonable cost of providing those public facilities and the incidental expenses to be incurred in connection therewith. All such reports shall be made a part of the record of the hearing to be held pursuant to Section 11 hereof.

Section 14. Rubidoux Community Services District Facilities. The public facilities identified in paragraphs (2), (3) and (4) of subsection (a) of Section 4 hereof are proposed to be provided by and financed with the proceeds of the bonds of the proposed community facilities district for Rubidoux Community Services District. Pursuant to Sections 53316.2 through 53316.6 of the California Government Code, those public facilities shall not be included among the public facilities to be financed with the proceeds of the sale of the bonds of the proposed community facilities district unless the District and Rubidoux Community Services District enter into a joint exercise of powers agreement pursuant to said Sections 53316.2 through 53316.6. The Superintendent of the District is authorized and directed to negotiate, with the assistance of board counsel, the terms of such an agreement and present it to the Board for consideration at or before the time of the hearing specified in Section 11 hereof.

Section 15. Description of Voting Procedures. The voting procedures to be followed in conducting the consolidated special elections on (i) the proposition of the proposed community facilities district incurring a bonded indebtedness in an amount not to exceed \$9,000,000, (ii) the proposition with respect to the levy of special taxes on the land within the community facilities district to pay the principal of and interest on the bonds thereof, and (iii) the proposition with respect to the establishment of an appropriations limit for the community facilities district in the amount of \$1,000,000, if the community facilities district is established and such consolidated special elections (the "consolidated special elections") are held, shall be as follows:

(a) If at least 12 persons have been registered to vote within the territory of the proposed community facilities district for each of the 90 days preceding the close of the public or protest hearing (the "protest hearing"), the vote in the consolidated special elections shall be by the registered voters of the community facilities district with each voter having one vote. In that event, the consolidated special elections shall be conducted by the Registrar of Voters of the County of Riverside (the "Registrar of Voters"), and shall be held on a date selected by the Board in conformance with the provisions of Section

53326 of the California Government Code and pursuant to the provisions of the California Elections Code governing elections of school districts, insofar as they may be applicable, and pursuant to said Section 53326 the ballots for the consolidated special elections shall be distributed to the qualified electors of the community facilities district by mail with return postage prepaid and the consolidated special elections shall be conducted as a mail ballot election.

(b) If at the time of the close of the protest hearing, and for at least the preceding 90 days, less than 12 persons have been registered to vote within the territory of the community facilities district, and pursuant to Section 53326 of the California Government Code, the vote is therefore to be by the landowners of the community facilities district, with each landowner of record at the close of the protest hearing having one vote for each acre or portion of an acre of land that he or she owns within the community facilities district, the consolidated special elections shall be conducted by the Registrar of Voters as follows:

(1) The consolidated special elections shall be held on the earliest date, following the adoption by the Board of the resolution determining the necessity for the community facilities district to incur a bonded indebtedness pursuant to Section 53351 of the California Government Code, the resolution of formation establishing the community facilities district pursuant to Section 53325.1 of said Code, and a resolution pursuant to Section 53326 of said Code submitting the propositions with respect to (i) the levy of special taxes to pay the principal of and interest on the bonds of the community facilities district, and (ii) the establishing of an appropriations limit therefor to the qualified electors of the community facilities district, upon which such elections can be held pursuant to said Section 53326 which may be selected by the Board, or such earlier date as the owners of land within the community facilities district and the Registrar of Voters agree and concur is acceptable.

(2) Pursuant to said Section 53326, the consolidated special elections may be held earlier than 90 days following the close of the protest hearing if the qualified electors of the community facilities district waive the time limits for conducting the elections set forth in said Section 53326 by unanimous written consent and the Registrar of Voters concurs in such earlier election date as shall be consented to by the qualified electors.

(3) Pursuant to said Section 53326, ballots for the consolidated special elections shall be distributed to the qualified electors by the Registrar of Voters by mail with return postage prepaid, or by personal service.

(4) Pursuant to applicable sections of the California Elections Code governing the conduct of mail ballot elections of school districts, and specifically Chapter 5 (commencing with § 1340) of Division 2 of the California Elections Code with respect to elections conducted by mail, the Registrar of Voters shall mail to each qualified elector an official ballot in a form specified by the Board in the resolutions calling and consolidating the consolidated special elections, and shall also mail to all such qualified electors a ballot pamphlet and instructions to voter, including a sample ballot identical in form to the official ballot but identified as a sample ballot, a statement pursuant to Section 5301 of said Code, an impartial analysis by the County Counsel of the County of Riverside pursuant to Section 3781 of said Code with respect to the ballot propositions contained in the official ballot, arguments and rebuttals, if any, pursuant to Sections 3782 to 3787, inclusive, and 3795 of said Code, a return identification envelope with prepaid postage thereon addressed to the Registrar of Voters for the return of voted official ballots, and a copy of the resolution of formation establishing the community facilities district, adopted by the Board pursuant to Section 53325.1 of the California Government Code, and the exhibits thereto; provided, however, that such analysis and arguments may be waived with the unanimous consent of all the landowners, and in such event a finding regarding such waivers shall be made in the resolution adopted by the Board calling the consolidated special elections.

(5) The official ballot to be mailed by the Registrar of Voters to each landowner-voter shall have printed or typed thereon the name of the landowner-voter and the number of votes to be voted by the landowner-voter and shall have appended to it a certification to be signed by the person voting the official ballot which shall certify that the person signing the certification is the person who voted the official ballot, and if the landowner-voter is other than a natural person, that he or she is an officer of or other person affiliated with the landowner-voter entitled to vote such official ballot, that he or she has been authorized to vote such official ballot on behalf of the landowner-voter, that

in voting such official ballot it was his or her intent, as well as the intent of the landowner-voter, to vote all votes to which the landowner-voter is entitled based on its land ownership on the propositions set forth in the official ballot as marked thereon in the voting square opposite each such proposition, and further certifying as to the acreage of the landowner-voter's land ownership within the community facilities district.

(6) The return identification envelope delivered by the Registrar of Voters to each landowner-voter shall have printed or typed thereon the following: (i) the name of the landowner, (ii) the address of the landowner, (iii) a declaration under penalty of perjury stating that the voter is the landowner or the authorized representative of the landowner entitled to vote the enclosed ballot and is the person whose name appears on the identification envelope, (iv) the printed name and signature of the voter, (v) the address of the voter, (vi) the date of signing and place of execution of said declaration, and (vii) a notice that the envelope contains an official ballot and is to be opened only by the Registrar of Voters.

(7) The instruction to voter form to be mailed by the Registrar of Voters to the landowner-voters shall inform them that the official ballots shall be returned to the Registrar of Voters properly voted as provided thereon and with the certification appended thereto properly completed and signed in the sealed return identification envelope with the certification thereon completed and signed and all other information to be inserted thereon properly inserted by 5:00 p.m. on the date of the election.

(8) Upon receipt of the return identification envelopes which are returned prior to the voting deadline on the date of the elections, the Registrar of Voters shall canvass the votes cast in the consolidated special elections, and shall file a statement with the Board at its next regular meeting which is more than five (5) days after the date of the elections as to the results of such canvass and the election on each proposition set forth in the official ballot.

The procedures set forth in this section for conducting the consolidated special elections, if they are held, may be modified as the Board may determine to be

necessary or desirable by a resolution subsequently adopted by the Board.

ADOPTED this 2nd day of April, 1990.

President of the Board of
Education

ATTEST:

Clerk of the Board of Education

I, MARY BURNS, Clerk of the Board of Education of Jurupa Unified School District do hereby certify that the foregoing resolution was regularly introduced and adopted by the Board of Education at a regular meeting thereof held on the 2nd day of April, 1990, by the following vote of the Board:

AYES:

NOES:

ABSENT:

ABSTAIN:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of Jurupa Unified School District, this 2nd day of April, 1990.

Clerk of the Board of Education

EXHIBIT "B"

PUBLIC FACILITIES

1. School facilities, including the acquisition of land for school sites, the acquisition, construction and rehabilitation of permanent and portable classroom buildings, the construction and installation of school site improvements, and the purchase of school buses and educational furniture and equipment.

2. Water production, transmission and distribution facilities, or capacity in such facilities, including the acquisition, construction and rehabilitation of water wells, water storage facilities, pump houses, booster pumping facilities, air vacuum release valves, blow-offs, electrical controls, pressure reducing facilities and appurtenant facilities.

3. Sewage and wastewater collection, transmission, treatment and disposal facilities, or capacity in such facilities, including the acquisition of wastewater treatment plant capacity, and the construction of regional pump stations, regional force mains, pump sewers, collection sewer mains, manholes, lift stations, siphons, and appurtenant facilities.

4. Fire protection and suppression facilities, including construction of a fire station, including an auxiliary power system and a vehicle fuel dispensing facility, and the purchase and acquisition of emergency response vehicles, including two (2) type one fire engines with 1,500 gallon per minute rated and listed pumps, 500 gallon tanks and NFPA 1901 standard equipment, and one (1) heavy rescue squad (truck service) equipped and capable of housing and transporting items necessary to handle rescues, medical aid, and overhaul and salvage incidents.

5. Acquisition of land, rights-of-way and easements necessary for any of the facilities specified in paragraphs 1 through 4 above.

EXHIBIT "C"

RATES AND METHOD OF APPORTIONMENT OF SPECIAL TAXES FOR COMMUNITY FACILITIES DISTRICT NO. 1 OF JURUPA UNIFIED SCHOOL DISTRICT

A Special Tax applicable to each Assessor's Parcel in Community Facilities District No. 1 (herein "CFD No. 1") shall be levied and collected according to the tax liability determined by the Board of Education (the "Board") of Jurupa Unified School District (the "District") acting in its capacity as the legislative body of CFD No. 1 through the application of the appropriate amount or rate of Special Tax for "Developed Property" or "Undeveloped Property", as described below. All of the property in CFD No. 1, as depicted on the map of the boundaries thereof on file with the Clerk of the Board of Education, unless exempted by law or by the provisions of Section F below, shall be taxed for the purposes, to the extent and in the manner herein provided. All of the property in CFD No. 1 is included in Improvement Area No. 1 or Improvement Area No. 2 of CFD No. 1, as depicted on the boundary map.

A. Definitions.

The terms hereinafter set forth have the following meanings:

"Alternative Special Tax" for Developed Property means an amount equal to \$0.185 per square foot of an Assessor's Parcel for Improvement Area No. 1 and \$0.272 per square foot of an Assessor's Parcel for Improvement Area No. 2.

"Assessor's Parcel" means a lot or parcel shown on a map of the County Assessor of the County of Riverside with an assigned Assessor's Parcel Number.

"Assigned Special Tax" means the Special Tax determined in accordance with Section C and Section D below.

"Developed Property" means all Assessor's Parcels in CFD No. 1 for which a foundation building permit has been issued as of March 1 of the previous Fiscal Year, but not prior to April 2, 1990.

"Fiscal Year" means the period starting on July 1 and ending the following June 30.

"Maximum Special Tax" means the Maximum Special Tax, determined in accordance with Sections C and D below, that can be levied by the Board in any Fiscal Year on an Assessor's Parcel in each class of Developed Property and Undeveloped Property.

"Single Family Attached Residential Unit" means one or more Assessor's Parcels of

Developed Property which contain(s) a structure or structures, made up of two or more units that share common walls.

"Single Family Detached Residential Unit" means an Assessor's Parcel of Developed Property which contains one dwelling unit.

"Special Tax(es)" means the special taxes to be levied in each Fiscal Year on each Assessor's Parcel of Developed Property or Undeveloped Property to pay the amounts hereinafter specified.

"Taxable Property" means all Assessor's Parcels in CFD No. 1 which are not exempt from the levy of Special Taxes pursuant to law or Section F below.

"Undeveloped Property" means all Taxable Property in CFD No. 1 not classified as Developed Property.

B. Assignment of Land Use Class.

For each Fiscal Year (commencing with the 1991-92 Fiscal Year), all Taxable Property within CFD No. 1 shall be categorized either as a Developed Property or as Undeveloped Property and shall be subject to the levy of the Special Taxes in accordance with the rates and method of apportionment set forth in and Sections C, D, and E below.

For purposes of determining the applicable Maximum Special Tax pursuant to Sections C and D, Developed Property shall be assigned to one of the classes designated in Table 1 or Table 2 below. Single Family Detached Residential Units shall be assigned to Classes 1 through 5 based upon the square footage of the residential unit to be constructed on an Assessor's Parcel as set forth in the most recent building permit issued for the Assessor's Parcel. The square footage of residential units shall be exclusive of garages or other structures which are not used as living spaces, as set forth on the most recent building permit issued therefor. Single Family Attached Residential Units shall be assigned to Class 6. Commercial/Industrial Developed Property shall be assigned to Class 7. The square footage of a Commercial/Industrial building shall be computed from the gross square footage for the building(s) as reflected in the building permit(s) issued therefor. The acreage of a Commercial/Industrial parcel shall be determined by reference to the most current Assessor's Parcel Map or to the most current parcel map or other subdivision tract map recorded in the Office of the County Recorder of Riverside County.

Notwithstanding Section F below, for purposes of computing the Alternative Special Tax for Assessor's Parcels of Developed Property assigned to Class 6, the square footage of the entire underlying Assessor's Parcel or lot, as indicated on the current

Assessor's Parcel map or corresponding subdivision tract map recorded in the Office of the County Recorder of Riverside County, shall be used. The Alternative Special Tax applicable to each Assessor's Parcel in Class 6 shall be apportioned to the number of units located on the Assessor's Parcel.

C. Maximum Special Tax: Improvement Area No. 1

1. **Developed Property**

The Maximum Special Tax in any Fiscal Year for an Assessor's Parcel of Developed Property in Classes 1 through 5 shall be the greater of (i) the amount derived by multiplying the square footage applicable to the Assessor's Parcel by the Alternative Special Tax or (ii) the Assigned Special Tax Rate determined by reference to Table 1. For purposes of this Section C, the acreage or square footage of an Assessor's Parcel shall be determined by reference to the most current Assessor's Parcel Map, the most current parcel map or other subdivision tract map recorded in the Office of the County Recorder of Riverside County.

TABLE 1

Improvement Area No. 1
Assigned Special Tax Rates for Developed Property
Per Unit (Single Family Detached
Residential) and Per Acre (Single Family Attached
Residential and Commercial/Industrial)

<u>Class</u>	<u>Land Use</u>	<u>Square Footage</u>	<u>Assigned Special Tax Rates</u>
1	Single Family Detached	2,001 and above	\$1,479 per unit
2	Single Family Detached	1,801 - 2,000	\$1,344 per unit
3	Single Family Detached	1,601 - 1,800	\$1,277 per unit
4	Single Family Detached	1,300 - 1,600	\$1,143 per unit
5	Single Family Detached	Less than 1,300	\$1,008 per unit
6	Single Family Attached	N/A	\$8,058 per acre
7	Commercial/Industrial	N/A	\$8,058 per acre

The Maximum Special Tax for an Assessor's Parcel of Developed Property may exceed the Assigned Special Tax Rate if the Alternative Special Tax (\$0.185 per square foot for Developed Property) is to be applied pursuant to Section E below. The Alternative Special Tax (for Developed Property) will be applied under the Fourth step of Section E to the following:

Class 1 lots larger than 7,994 square feet
 Class 2 lots larger than 7,264 square feet
 Class 3 lots larger than 6,902 square feet
 Class 4 lots larger than 6,178 square feet
 Class 5 lots larger than 5,448 square feet

2. Undeveloped Property.

The Maximum Special Tax for Undeveloped Property is \$8,500 per acre. For purposes of this Section C (2), the acreage of Undeveloped Property shall be determined by reference to the most current Assessor's Parcel Map or the most current parcel map or other subdivision tract map recorded in the Office of the County Recorder of Riverside County.

D. Maximum Special Tax: Improvement Area No. 2

1. Developed Property

The Maximum Special Tax in any Fiscal Year for an Assessor's Parcel of Developed Property in Classes 1 through 5 shall be the greater of (i) the amount derived by multiplying the square footage applicable to the Assessor's Parcel by the Alternative Special Tax or (ii) the Assigned Special Tax Rate determined by reference to Table 2. For purposes of this Section D, the acreage or square footage of an Assessor's Parcel shall be determined by reference to the most current Assessor's Parcel Map or the most current parcel map or other subdivision tract map recorded in the Office of the County Recorder of Riverside County.

TABLE 2

Improvement Area No. 2
Assigned Special Tax Rates for Developed Property
Per Unit (Single Family Detached
Residential) and Per Acre (Single Family Attached
Residential and Commercial/Industrial)

<u>Class</u>	<u>Land Use</u>	<u>Square Footage</u>	<u>Assigned Special Tax Rates</u>
1	Single Family Detached	2,001 and above	\$ 1,392 per unit
2	Single Family Detached	1,801 - 2,000	\$ 1,265 per unit
3	Single Family Detached	1,601 - 1,800	\$ 1,202 per unit
4	Single Family Detached	1,300 - 1,600	\$ 1,075 per unit
5	Single Family Detached	Less than 1,300	\$ 949 per unit
6	Single Family Attached	N/A	\$11,848 per acre
7	Commercial/Industrial	N/A	\$11,848 per acre

The Maximum Special Tax for an Assessor's Parcel of Developed Property may exceed the Assigned Special Tax Rate if the Alternative Special Tax (\$0.272 per square foot for Developed Property) is to be applied pursuant to Section E below. The Alternative Special Tax (for Developed Property) will be applied under the Fourth step of Section E to the following:

Class 1 lots larger than 5,117 square feet
Class 2 lots larger than 4,650 square feet
Class 3 lots larger than 4,419 square feet
Class 4 lots larger than 3,952 square feet
Class 5 lots larger than 3,488 square feet

2. Undeveloped Property.

The Maximum Special Tax for Undeveloped Property is \$12,400 per acre. For purposes of this Section D (2), the acreage of Undeveloped Property shall be determined by reference to the most current Assessor's Parcel Map or the most current parcel map or other subdivision tract map recorded in the Office of the County Recorder of Riverside County.

E. Method of Apportionment of the Special Taxes to Developed Property and Undeveloped Property.

Starting with Fiscal Year 1991-92 and for each following Fiscal Year, the Board shall determine the amount of Special Tax to be levied and collected from Taxable Property in each of the Improvement Areas in the Fiscal Year (the Special Tax Requirement). The Special Tax Requirement shall be calculated separately for each Improvement Area and shall include the sums necessary to pay principal and interest on the portion of the outstanding bonds of CFD No. 1 which was issued to finance public facilities for the Improvement Area, replenish the reserve fund for the bonds, and to pay administrative expenses of the District. The Board shall levy the Special Taxes separately within Improvement Area No. 1 and Improvement Area No. 2 as follows:

First: The Special Tax shall be levied on all Assessor's Parcels of Developed Property, exclusive of property exempt from Special Taxes pursuant to Section F below, up to 87% of the Assigned Special Tax Rate for each class of Developed Property determined by reference to Table 1 or Table 2;

Second: If additional funds are needed after the first step has been completed, the Special Tax shall be levied proportionately on each Assessor's Parcel of Undeveloped Property, exclusive of property exempt from Special Taxes pursuant to Section F below, up to the Maximum Special Tax for Undeveloped Property;

Third: If additional funds are needed after the first two steps have been completed, the levy of the Special Tax on Assessor's Parcels in all classes of Developed Property, exclusive of property exempt from Special Taxes pursuant to Section F below, shall be increased by an equal percentages above the Special Tax rates determined pursuant to the first two steps above, up to 100% of the Assigned Special Tax for each class, determined by reference to Table 1 or Table 2;

Fourth: If additional funds are needed after the first three steps have been completed, the levy of the Special Tax on Assessor's Parcels of Developed Property for which the Maximum Special Tax is determined by application of the Alternative Special Tax, shall be increased by an equal percentage from the Assigned Special Tax

up to the full amount of the Alternative Special Tax for the Assessor's Parcels;

Fifth: If additional funds are needed after the first four steps have been completed, the Special Tax shall be levied proportionately on each Assessor's Parcel of Undeveloped Property irrevocably offered for dedication to a public agency or owned by a homeowners' or property owners' association which has not been exempted from the Special Tax pursuant to Section F below, up to the Maximum Special Tax for Undeveloped Property; and

Sixth: If additional funds are needed after the first five steps have been completed, the Special Tax shall be levied proportionately on each Assessor's Parcel of Undeveloped Property conveyed to a public agency which has not been exempted from the Special Tax pursuant to Section F below, up to the Maximum Special Tax for Undeveloped Property.

F. Limitations.

The Board shall not levy the Special Taxes on up to 16.39 acres of land in Improvement Area No. 1 or 32.89 acres of land in Improvement Area No. 2 conveyed or irrevocably offered for dedication to a public agency or owned by a homeowners' or property owners' association, on land which is a public right-of-way or which is a utility easement making impractical its utilization for other than the purpose set forth in such easement. If the total number of acres of land conveyed or offered for dedication to a public agency or owned by a homeowners' or property owners' association exceeds 16.39 acres of land in Improvement Area No. 1 or 32.89 acres of land in Improvement Area No. 2, the acres exceeding such totals shall be taxed as Undeveloped Property to the extent set forth in the fifth and sixth steps in Section E above; provided, however, that in no event shall the Board levy the Special Taxes on land which is a public right-of-way or which is a public utility property not regularly occupied by personnel of the utility or a property encumbered with public or utility easements making impractical its utilization for other than the purpose set forth in such easement.

G. Manner of Collection.

The Special Taxes for CFD No. 1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, and shall be subject to the same penalties and the same procedure, sale and lien priority in case of delinquency as is provided for ad valorem taxes.

RESOLUTION NO. 90/34

RESOLUTION OF THE BOARD OF EDUCATION OF
JURUPA UNIFIED SCHOOL DISTRICT DECLARING
NECESSITY FOR PROPOSED COMMUNITY
FACILITIES DISTRICT NO. 1 OF JURUPA
UNIFIED SCHOOL DISTRICT TO INCUR A BONDED
INDEBTEDNESS

WHEREAS, pursuant to Section 53321 of the California Government Code, the Board of Education (the "Board") of Jurupa Unified School District (the "District") has adopted Resolution No. 90/33 (the "Resolution of Intention") declaring its intention to establish proposed Community Facilities District No. 1 of Jurupa Unified School District, County of Riverside, State of California, for the purpose of providing and financing public facilities which are necessary to meet increased demands placed upon the District and Rubidoux Community Services District as a result of development which will occur within said proposed community facilities district; and

WHEREAS, the Board has determined that it is necessary for said proposed community facilities district to incur a bonded indebtedness for the purpose of providing and financing such public facilities; and

WHEREAS, in the Resolution of Intention the Board has, pursuant to Section 53350 of the California Government Code, declared its intention to designate portions of the proposed community facilities district as improvement areas, and the effect of such a designation will be that all proceedings for purposes of a bond election and for the purpose of levying special taxes on taxable property within each improvement area for the payment of the principal of and interest on the portion of the aggregate principal amount of the bonds of the proposed community facilities district which may be issued and sold to finance public facilities for the benefit of each improvement area shall apply only to the improvement area for those facilities;

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED BY THE BOARD OF EDUCATION OF JURUPA UNIFIED SCHOOL DISTRICT AS FOLLOWS:

Section 1. Bonded Indebtedness. The Board declares that it is necessary that a bonded indebtedness be incurred by and for proposed Community Facilities District No. 1 of Jurupa Unified School District, County of Riverside, State of California, in an aggregate principal

amount not to exceed \$8,000,000 for the purpose of financing the design, construction and acquisition of the public facilities described in the Resolution of Intention.

Section 2. Costs Included. The amount of the proposed bonded indebtedness shall include all costs and estimated costs incidental to, or connected with, the accomplishment of the purposes for which the proposed bonded indebtedness is to be incurred, including, but not limited to, the estimated costs of construction and acquisition of the public facilities which are proposed to be provided within and for the proposed community facilities district, acquisition of land and rights-of-way, satisfaction of contractual obligations relating to expenses or the advancement of funds for expenses existing at the time the bonds are issued, architectural, engineering, inspection, legal, fiscal and financial consultant fees, bond and other reserve funds and interest on any bonds of the proposed community facilities district due and payable prior to the expiration of one year from the date of completion of the construction and acquisition of the public facilities, not to exceed two years, election costs, and all costs of issuance of the bonds, including, but not limited to underwriter's discount, fees for bond counsel, costs of obtaining credit ratings, bond insurance premiums, fees for letters of credit, and other credit enhancement costs, and printing costs.

Section 3. Payment of Bonded Indebtedness. Pursuant to Section 8 of the Resolution of Intention and Section 53350 of the California Government Code, parcels of taxable property within the portions of the territory within the Community Facilities District which have been designated as Improvement Area No. 1 and Improvement Area No. 2 (the "Improvement Areas") shall be subject to the levy of special taxes to pay the principal of and interest on the aggregate principal amount of the bonds of the Community Facilities District which may be issued and sold to finance public facilities which are of benefit only to parcels of property within each Improvement Area. The portions of the proposed bonded indebtedness of the proposed community facilities district which are allocated by Section 8 of the Resolution of Intention to the financing of the public facilities which will be of benefit to parcels of taxable property within each Improvement Area are as follows:

Improvement Area No. 1	\$ 4,200,000
Improvement Area No. 2	\$ 4,800,000

Pursuant to Section 53350 of the California Government Code, all proceedings for purposes of a bond

election with respect to the portion of the bonded indebtedness allocated above to each Improvement Area and for the purpose of levying special taxes for the payment of the principal of and interest on the bonds which may be issued and sold to represent such bonded indebtedness and to finance the design, construction and acquisition of the public facilities for the benefit of parcels of taxable property within each Improvement Area shall apply only to the Improvement Area.

Section 4. Hearing. A public hearing on the proposed bonded indebtedness for said proposed community facilities district shall be held at 7:00 p.m. on May 7, 1990, in the meeting room of the Board of Education, 3924 Riverview Drive, Riverside, California. Said hearing shall be conducted concurrently with the hearing on the establishment of the proposed community facilities district.

Section 5. Notice. The Clerk of the Board shall publish a notice of the time and place of said hearing pursuant to Section 53346 of the California Government Code, and shall also give notice of the time and place of said hearing by first-class mail to each registered voter and to each landowner within the proposed community facilities district.

ADOPTED this 2nd day of April, 1990.

President of the Board of
Education

ATTEST:

Clerk of the Board of Education

I, MARY BURNS, Clerk of the Board of Education of Jurupa Unified School District, do hereby certify that the foregoing resolution was regularly introduced and adopted by the Board of Education at a regular meeting thereof held on the 2nd day of April, 1990, by the following vote of the Board:

AYES:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of Jurupa Unified School District, this 2nd day of April, 1990.

Clerk of the Board of Education

RESOLUTION NO. 90/35

RESOLUTION OF THE BOARD OF EDUCATION OF
JURUPA UNIFIED SCHOOL DISTRICT
DESIGNATING IMPROVEMENT AREA NO. 1 AND
IMPROVEMENT AREA NO. 2 OF PROPOSED
COMMUNITY FACILITIES DISTRICT NO. 90-1

WHEREAS, the Board of Education (the "Board") of Jurupa Unified School District (the "District") has adopted Resolution No. 90/33, the resolution of intention (the "Resolution of Intention") with respect to the establishment of proposed Community Facilities District No. 1 of Jurupa Unified School District, County of Riverside, State of California, pursuant to Section 53321 of the California Government Code, initiating proceedings for the establishment of said proposed community facilities district pursuant to Chapter 2.5 (commencing with § 53311) of Part 1 of Division 2 of Title 5 of the California Government Code, the "Mello-Roos Community Facilities Act of 1982" (the "Act"), and has also adopted Resolution No. 90/34 declaring the necessity for the proposed community facilities district to incur a bonded indebtedness in an amount not to exceed \$8,000,000 for financing the design, construction and acquisition of public facilities which are necessary to meet increased demands placed upon the District and Rubidoux Community Services District as a result of new development occurring within the boundaries of the proposed community facilities district, as required by Section 53345 of that Code; and

WHEREAS, pursuant to Section 53350 of the California Government Code, the Board may by resolution designate a portion or portions of a proposed community facilities district as one or more improvement areas for the financing of, or contributing to the financing of, specified public facilities which will be of benefit to said portion or portions of the proposed community facilities district, and which will be subject to the levy and payment of special taxes to pay the principal of and interest on the bonds of the proposed community facilities district which may be issued and sold to finance the design, construction and acquisition of such public facilities; and

WHEREAS, upon the designation of such an improvement area, all proceedings for purposes of a bond election and for the purpose levying special taxes for payment of the bonds shall apply only to the improvement area for those specified facilities; and

WHEREAS, the Board of Education has determined that specific public facilities to be financed with the bonds of the proposed community facilities district, if such bonds are issued and sold, will be of benefit solely to portions of the property to be included within the boundaries of the proposed community facilities district, and that pursuant to Section 53350 of the California Government Code, those portions of the proposed community facilities district should be designated as improvement areas;

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED BY THE BOARD OF EDUCATION OF JURUPA UNIFIED SCHOOL DISTRICT AS FOLLOWS:

Section 1. Improvement Areas. The Board designates the portions of proposed Community Facilities District No. 1 of Jurupa Unified School District, County of Riverside, State of California, identified as such on the map of the proposed boundaries of the community facilities district on file with the Clerk of the Board, as Improvement Area No. 1 and Improvement Area No. 2 (the "Improvement Areas"). The boundaries of the Improvement Areas, and each of them, are described in Exhibit "A" attached hereto, and are also shown on the map of the proposed boundaries of the community facilities district.

Section 2. Allocation of Bonded Indebtedness. The portions of the proposed bonded indebtedness of the proposed community facilities district which shall be allocated to financing the design, construction and acquisition of the public facilities which will be of benefit only to parcels of property within each Improvement Area are as follows:

Improvement Area No. 1	\$ 4,200,000
Improvement Area No. 2	\$ 4,800,000

Section 3. Special Taxes. If the proposed community facilities district is established and the proposed bonded indebtedness for the community facilities district and the levy of special taxes to pay the principal of and interest on bonds thereof which may be issued and sold to represent such bonded indebtedness are authorized by the qualified electors of the proposed communities facilities district in the consolidated special elections thereon, special taxes shall annually be levied on all parcels of taxable property within each Improvement Area to pay the principal of and interest on the bonds of the proposed community facilities district which may be issued and sold to finance the design, construction and acquisition of the public facilities which are of benefit to such parcels. The rates and method of apportioning such special taxes for each Improvement Area

are set forth in Exhibit "C" attached to the Resolution of Intention. The special taxes to be levied on all parcels of taxable property within each Improvement Area shall be collected at the same time and in the same manner as ordinary ad valorem property taxes are collected, and shall be subject to the same penalties and the same procedure, sale and lien priority in case of delinquency as is provided for ad valorem taxes.

Section 4. Elections. All proceedings with respect to the elections for the authorization of the portion of the bonded indebtedness allocated in Section 2 hereof to each Improvement Area and the levy of special taxes on all parcels of taxable property therein to pay the principal of and interest on the bonds of the proposed community facilities district which may be issued and sold to represent such bonded indebtedness in accordance with the aforementioned rates and method of apportioning special taxes for the Improvement Areas shall be had solely within and with respect to each Improvement Area. The procedures to be followed in conducting the election in each such Improvement Area shall be those which are set forth in Section 15 of the Resolution of Intention. The elections with respect to the portion of the bonded indebtedness of the proposed community facilities district allocated to each Improvement Area and the authorization of the levy of special taxes to pay the principal of and interest on the portion of such bonded indebtedness allocated to each Improvement Area shall be consolidated with the elections on the proposition of the authorization of the bonded indebtedness for the proposed community facilities district.

ADOPTED this 2nd day of April, 1990.

President of the Board of
Education

ATTEST:

Clerk of the Board of Education

I, MARY BURNS, Clerk of the Board of Education of Jurupa Unified School District, do hereby certify that the foregoing resolution was regularly introduced and adopted by the Board of Education at regular meeting thereof held on the 2nd day of April, 1990 by the following vote of the Board:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of Jurupa Unified School District, this 2nd day of April, 1990.

Clerk of the Board of Education

RESOLUTION NO. 90/36

RESOLUTION OF THE BOARD OF EDUCATION OF
JURUPA UNIFIED SCHOOL DISTRICT EMPLOYING
BOND COUNSEL FOR PROPOSED COMMUNITY
FACILITIES DISTRICT NO. 1

WHEREAS, the Board of Education of Jurupa Unified School District (the "Board") has received written petitions signed by the owners of certain real property within District requesting that the Board institute proceedings for the establishment of a community facilities district pursuant to Chapter 2.5 (commencing with 53311) of Part 1 of Division 2 of Title 5 of the California Government Code, commonly known as the "Mello Roos Community Facilities Act of 1982" (the "Act"), for the purposes of constructing and acquiring and financing through the sale of bonds the construction, acquisition, furnishing and equipping of public facilities which are necessary to meet increased demands placed upon the District and Rubidoux Community Services District as a result of the development of said real property, and agreeing to the annual levy of special taxes on said property sufficient to pay the aggregate amount of the principal of and interest on said bonds coming due each year and the costs incidental thereto; and

WHEREAS, the Board has determined that it is necessary that the District employ attorneys to prepare and assist the District in completing the proceedings for the formation of the proposed community facilities district and the issuance and the sale of the bonds thereof, and to act as Bond Counsel in connection with the issuance and sale of such bonds;

NOW, THEREFORE, THE BOARD OF EDUCATION OF JURUPA UNIFIED SCHOOL DISTRICT DOES HEREBY RESOLVE AND ORDER AS FOLLOWS:

Section 1. Best, Best & Krieger is hereby employed as Bond Counsel to prepare and supervise the proceedings for the establishment of proposed Community Facilities District No. 1 and for the issuance and sale of bonds thereof, and to perform the services set forth in the letter proposal from such firm dated April 2, 1990. Said attorneys shall be compensated for their services as set forth in said letter proposal.

Section 2. The President of the Board is authorized to sign on behalf of the District and return to said attorneys a copy of their said letter proposal evidencing

their employment by the District on the terms and conditions therein set forth.

ADOPTED this 2nd day of April, 1990.

President of the Board of
Education
