Call to Order in Public Session

(President Ruane)

Roll Call: President Ruane, Mrs. Burns, Mr. Barnes, Mr. Chavez, Mr. Medina

Flag Salute

(Mr. Medina)

Invocation

(Mrs. Ruane)

1. Recognition

- a. Recognize new Adopt-A-School Partnership between Sunnyslope Elementary School and Carl's Jr. Restaurant (Mrs. Twombly)

An Adopt-A-School partnership is being formalized between Carl's Jr. Restaurant and Sunnyslope Elementary School. The Board is proud to recognize this new partnership through the signing of an adoption certificate.

Ms. Kim Boyer, Manager of the Carl's Jr. Restaurant located on Ben Nevis Blvd., has met with Principal Gary Hale to develop activities which will be beneficial to the students of Sunnyslope school.

1. Recognition

a. Recognize New Adopt-A-School Partnership between Sunnyslope Elementary School and Carl's Jr. Restaurant (Cont'd)

These activities include providing weekly and monthly incentives for teachers to utilize in motivational programs, possible field trips to the restaurant, and career/vocational speakers at appropriate levels. The school is very pleased to have this local business participate in the educational process.

b. Recognize the Third Annual Jurupa Family Picnic (Mrs. Twombly)

The third annual Jurupa Family Picnic was held on Saturday, October 6, 1990 at Memorial Park in Rubidoux. This special event is planned for the enjoyment of JUSD employees and their family members and guests. Attendance on Saturday topped 920.

The picnic opened at 10:00 a.m. with registration in the front of the park. Rubidoux High School campus supervisor Harrison Cole, better known as "Sir Duke," provided disc jockey entertainment throughout the day.

Several competitive events were held on Saturday. 16 teams of volleyball players competed for first and second place. First place went to Nueva Vista High School and second place to Jurupa Valley High School. A softball tournament was added this year with 11 teams competing in this event. Jurupa Valley High School took first place in this event with Mission Middle School receiving second place.

Thirty entries were submitted in the Cake-Baking Contest which included two divisions: Best Tasting and Cake Decorating. The entries were judged by Board member David Barnes, Assistant Superintendent Personnel Services Kent Campbell, NEA-J President Fran Rice, Employees Terry Glass and Penni Wilburg, and our clown for the day Mr. Harold Dennis. In the "Best Tasting" Division, first place went to the Lemon Lovers Cake made by Penni Wilburg from the Education Center, second place to the Pumpkin Pudding Cake made by Lynda Durand from West Riverside School and third place to the Lemon Cake by Diana Trust at Jurupa Valley High School. It was difficult to judge the very unique entries in the Cake Decorating Division because they were all very creative. First place was given to Dorothy White from Rustic Lane School for her entry "Where the Wild Things Are." Second place was awarded to Deanna Long from Ina Arbuckle for "Making A Difference," and third place went to the Dirt Cake in the flower pot made by Janet Templin at Camino Real.

New this year, was the "Obstacle Course" in which teams completed a course of tires, tricycles, hula-hooping, jump roping and hurdles. The Education Center team won first place and Jurupa Valley High School took second place.

The prized "Spirit Trophy" was competed for in fine fashion by many sites this year. Banners were placed throughout the park advertising the spirit and enthusiasm of different schools and service sites. One site even lost their banner to a grazing cow!! This competition was started as a way to encourage participation and enthusiasm for picnic activities and has been quite successful at reaching that goal. The winner of the 1990 Spirit Trophy was Mission Middle School for the second year in a row. The other very close finalists in this year's competition were the Education Center and Ina Arbuckle elementary School.

1. Recognition

b. Recognize the Third Annual Jurupa Family Picnic (Cont'd)

A total of 297 door prizes were given away to children and adults. A list of the contributors for these prizes was included in the program.

Children's games were conducted twice during the day for all ages of children and also included a parent-child event. Ribbons, candy and prizes were given to winners and participants in all events.

The Jurupa Family Picnic was successful because many people contributed to making it a fun day for everyone. Special recognition goes to each of the following people for their efforts:

- o Jana Twombly (Education Center) was the central coordinator for the picnic.
- o Denise Calderon (Education Center) arranged for the coordination of the volleyball tournament by volunteer Diane Vaughan, and the softball tournament by Ray Lauzon and Pat O'Reilly. In addition, she organized needed equipment and instructions for each event. She was one of the chief coordinators for the Obstacle Course event.
- o Candy Coder (Food Services) was also one of the chief organizers for the Obstacle Course event. She designed the course and arranged for needed equipment and instructions. She also served as the site coordinator for the Maintenance and Operations facility.
- o Lynn Newell (Mission Middle School) organized games for the children.
- o Lupe Hernandez (Rustic Lane School) was a member of the Central Planning Committee and assisted with a variety of areas.
- o John Wheeler (Jurupa Middle School) and Ruth Medaris (Education Center) did another outstanding job of planning and preparing food for this group of 920 plus.
- o Susan Coykendahl (Nueva Vista High School) was the coordinator for volunteers. She arranged for volunteers to work the different areas of the picnic.
- o Elvera Humphrey and Darwin Dallas (Ina Arbuckle School) worked on registration for the picnic and assisted in other areas as well.
- o Jeanie Fortin (Nueva Vista High School) was the coordinator for set-up and clean-up for the picnic and assisted with a variety of other areas also.
- o Mr. Dave Mackey, Warehouse Manager, assisted in obtaining needed equipment for the picnic and arranged delivery by warehousemen Mike Wilson and Joe Flores.
- o Mr. Harold Dennis, spouse of accounting department employee Juanita Dennis, was the clown again this year and provided animal balloons to the children throughout the day. He also assisted with cake judging.

1. Recognition

b. Recognize the Third Annual Jurupa Family Picnic (Cont'd)

Over 110 employees and their spouses or guests assisted with set-up, registration, cooking, judging, children's games, popcorn serving, clean-up and the first aid station. Each of these people deserve a special thanks for their help in making the day successful.

Recycling efforts at the picnic netted \$60.00. Picnic participants were asked to place their aluminum soda cans in recycling boxes and the result was a profit for next year's activity.

Jurupa Parks and Recreation Manager Chuck Logan was very cooperative in making sure that all park facilities were in top shape for this special event. Mr. Bill Perry, parks staff member, assisted the day of the picnic in meeting maintenance and set-up needs.

* c. Adopt Resolution #91/16, Commitment to a Drug-Free Community (Mrs. Rubio)

Mrs. Roberts, Assistant Superintendent Education Services, will introduce Mrs. Lorraine Rubio, teacher on special assignment for the D.A.T.E. (Drug, Alcohol, and Tobacco Education) Project.

Californians for Drug-Free Youth, Inc. (CADFY) and the State Department of Alcohol and Drug Programs have announced that its fourth annual California **RED RIBBON CAMPAIGN** will be held October 20-28, 1990. Other sponsors include the State Department of Education, the California Parent Teacher Association and the Attorney General's Crime Prevention Center. In 1985, Federal Agent Enrique Camarena was murdered by drug traffickers and the Red Ribbon Campaign was begun in support of a drug-free nation. The red ribbon is a visible support for the value "My Choice, Drug-Free." The Red Ribbon Campaign provides the framework for a positive prevention strategy.

The Jurupa Unified School District and "Jurupans United for Substance Abuse Training (J.U.S.T. Draw the Line) plan to coordinate a program encouraging employees and community members to wear a red ribbon during this week as visible support for a drug-free community.

This is an opportunity to create district-wide positive peer pressure, provide educational drug-free activities, and engage community support. All school sites have personalized Red Ribbon Week objectives in support of this campaign.

Administration recommends the Board adopt Resolution #91/16, Commitment to a Drug-Free Community, as shown in the supporting documents.

2. Administrative Reports and Written Communications

a. Accept Donations for Schools

(Mr. Edmunds)

All donations are given to Jurupa Unified School District with a request the money or item be used at the designated school.

The Sky Country Elementary School PTA wishes to donate \$300 to purchase supplies for teachers.

Chevron Oil Field Research Company wishes to donate a Hewlett Packard 87 Computer, disc drive, plotter and two printers for use in the Science Department of Jurupa Valley High School. The approximate value of this equipment is \$7,130.

Mr. and Mrs. Lawrence Browne wish to donate \$50 to purchase library books for the Glen Avon School Library. This money was a cash prize won by their daughter Victoria in the CHEX "Be True to Your School" program.

Administration recommends acceptance of these donations with letters of appreciation to be sent.

* b. Consider Nominations for the 1990 Election of Members to the Riverside County Committee on School District Organization

(Dr. Wilson)

Included in the supporting documents is a letter and other information on the 1990 Election of Members to the Riverside County Committee on School District Organization (SDO). The Second Supervisorial District includes Alvord, Jurupa, Corona-Norco and Riverside Unified School Districts and Riverside Community College.

The Jurupa District may submit a nomination for a qualified and interested candidate from this area to represent the Second Supervisorial District. Gary Wittenmyer, whose term is expiring this year, may wish to continue on the committee. In addition, school districts may submit nominations for the Member-At-Large vacancy. Written nominations must be received by the Riverside County Office of Education by October 19, 1990.

Board member Jose Medina will serve as the district's Representative Delegate to elect members to fill County Committee vacancies at the Annual ACSA/CSBA Fall Conference on October 30, 1990, at Raincross Square.

3. Report of Student Representatives

The Board welcomes Ammie Wert, Jurupa Valley High School Student Representative, and Michelle Smith, Rubidoux High School Student Representative. They may wish to address the Board regarding student achievements, interests, or other matters.

4. Public Verbal Comments

This communication opportunity is included on the agenda of each regular Board meeting so citizens can make suggestions or identify concerns about matters affecting the school district, or request an item on a future agenda. **California law states that there shall be no action on items not shown on the published Board Agenda.**

4. Public Verbal Comments (Cont'd)

The Board President will call on speakers who have completed cards requesting to be heard. Comments should be limited to five minutes. The Board may not have complete information available to answer questions and may refer specific concerns to the staff for appropriate attention.

5. Board Member Reports and Comments

Individual Board members may wish to share information about topics not on the agenda, report on committee activities or request items on a future agenda.

ACTION SESSION

* A. Approve Minutes of the October 1, 1990 Regular Meeting

Recommend approval as printed.

B. Hear Presentation from Principal of Camino Real Elementary School (Mr. Taylor)

Mr. Jim Taylor, Director of Elementary Education Services, will introduce Mrs. Ellen Raher, Principal of Camino Real Elementary School. Mrs. Raher will review the instructional program and activities planned for the 1990/91 school year.

* C. Hear Report on 1989/90 California Assessment Program Test Results for Grades Three, Six and Eight (Mrs. Roberts)

BACKGROUND

Governor Deukmejian recently deleted the funding for the California Assessment Program from the current State budget. It is his intent that funds for CAP be deducted from Proposition 98 monies. At this time we are uncertain, until a new Governor is elected, about the future of this program. However, the district recently received results from CAP tests administered last spring in grades 3, 6, and 8.

The main purpose of the statewide testing program is to evaluate instructional programs over time. The California Assessment Program does not report individual student scores. The technique used to assess the effectiveness of the instructional programs of schools and districts throughout the State of California is by matrix-sampling. In a matrix-sampled test, each student takes only a small portion of a test and results are averaged for groups. Using matrix sampling allows the California Assessment Program to assess a number of curricular objectives. Over 1,000 items per grade level are available to be included on the various forms of the CAP test and there are approximately 18 to 40 different test forms at varying grade levels.

CAP SCORES

CAP results are reported as Scaled Scores (SS), ranging from approximately 100-400. Scaled scores remain stable and allow us to compare performance over time. From these scores, Statewide Ranks (SR) and Relative Ranks (RR) are derived.

* C. Hear Report on 1989/90 California Assessment Program Test Results for Grades Three, Six and Eight

CAP SCORES (Cont'd)

Statewide and relative ranks are computed on a scale of from 1 - 99. The statewide rank compares a district's, or a school's, scaled score with every other district or school in the state. A relative rank compares a district's or a school's score with districts or schools with similar background characteristics. Both Relative Ranks and Statewide Ranks change annually as they are dependent on the performance of the group taking the test. Typically, schools with higher parent education and income levels out-perform schools where these factors are less favorable. The number of students in a school who are limited English proficient also tends to negatively impact scores.

COMPARISON GROUPS

A school's comparison group for reporting relative ranks is determined by computing a composite index which includes the socioeconomic level, the percent of students with limited English speaking ability, student mobility and the percent of students receiving Aid to Families With Dependent Children (A.F.D.C.). All schools are ranked from high to low on the basis of the current composite index and a school's comparison group consists of the 10% of the schools ranked immediately above and 10% of the schools ranked below that school's location on the list of school rankings. It should be noted that rankings change from year to year and are based on the responses placed on the information form for each student taking the test.

For districts, the relative rank is computed by averaging the comparison group ranks for all schools in the district.

Background Factors

As indicated, several background factors are used to determine which districts and schools are alike and thus, are likely to have similar achievement. Background factor information also is presented along with test scores so that schools and districts can monitor changes in the nature of their student populations.

SES: Socioeconomic Status

For grades 3 and 6, parent occupation is used as an indicator of SES. A value of 1 to 3 is assigned according to the occupation level of the student's parents (1 stands for unskilled employees; 2 stands for skilled and semiskilled employees; 3 stands for semiprofessional and professional employees). For example, an index of 2.00 at a school would mean that, on the average, the parents of students attending that school have occupations that are classified as skilled or semiskilled.

For grades 8 and 12, the parents' education level is used as an indicator of SES. A value of 1 to 5 is assigned according to the educational level of the student's parents (1 stands for those who did not graduate from high school; 5 indicates parents with advanced degrees). For example, an index of 3.00 at a school would mean that, on the average, the parents of students attending that school have attended some college.

* C. Hear Report on 1989/90 California Assessment Program Test Results for Grades Three, Six and Eight

Background Factors (Cont'd)

LEP: Limited English Proficient

The Limited English proficient (LEP) percentages are for the grade level being tested and may not reflect the percent of LEP students in a school. Districtwide, the percentage of LEP pupils increased at two CAP grades. Third grade showed a slight increase from 9.6% to 10.2%, sixth grade increased from 6.5% to 7.8%, while 8th grade showed a decrease from 5.0 % to 4.3%.

SUMMARY OF RESULTS

In basic skills, mathematics scores were highest at all three grade levels. Third grade scaled scores increased sixteen points, from 282 to 298. Sixth graders increased their average scaled score by 5 points, moving from 272 in 1988/89 to 277 in 1989/90. Eighth grade mathematics scores rose 4 points.

Written expression, which is tested at third and sixth grade levels in a multiple choice format was the next highest ranked area. While the scores at both grade levels dropped by 1 scaled score point and 3 points respectively, our relative ranks indicate achievement within the average range at third grade and in the top quarter of the distribution at sixth grade.

Reading scaled scores at all three grade levels remained virtually unchanged. The average scaled score for third graders, 271, is the same as reported for the previous year. The sixth grade scaled score declined by 3 points and the eighth grade average score dropped 1 point.

Eighth grade History/Social Science and Science scores continued an upward trend. Scaled scores in both subjects improved by one point.

Clearly, the two year decline in our reading and written expression performance can be attributed to the discrepancy between the goals and objectives in the State English Language Arts Framework which we are implementing and the content being tested by CAP which is based on older curriculum frameworks. If CAP continues, and tests are revised to reflect the curriculum currently being taught in our schools, we anticipate that there will be a return to higher levels of performance in these two subject areas.

The supporting documents contain a 4 year summary of results for the district and each school. In addition, Background Factor Summaries are included for a two-year period. **Information item only.**

D. Review and Act on District Advisory Committee Matters

(Mrs. Roberts)

**** 1. Approve District Advisory Committee Members**

State regulations governing Consolidated Application programs mandate that districts receiving State Compensatory Education Funds consult with parents regarding the planning of programs in the expenditure of these funds. In addition, the State regulations require that school districts with fifty-one (51), or more, limited English proficient pupils establish a district Bilingual Advisory Committee. Federal Chapter 1 regulations require consultation with parents, as do the State regulations for the Gifted and Talented program.

In response to the mandates of these various programs, the district has traditionally formed a District Advisory Committee composed of parent representatives from each school site receiving categorical funds. School sites have submitted names of candidates to serve on these committees.

Procedures for selecting members and operating such committees are outlined in District Policy 1221.3.

After consideration in closed session, it is recommended that the Board approve the 1990/91 members of the District Advisory Committee for the Consolidated Application and District Bilingual Advisory Committee.

2. Schedule for District Advisory Committee Meetings

District Advisory Committees require a Board Liaison. The following Board members are serving on committees:

Mrs. Ruane - District Advisory Committee for the Consolidated Application (DAC)
Mr. Medina - District Advisory Committee for Bilingual Education (DBAC)
Mrs. Burns - District Vocational Education Advisory Committee

The schedule of meetings for the DAC and DBAC are listed below:

October 17, 1990 (Wednesday)	9:00 a.m. - 11:00 a.m.	PDC
January 30, 1991 (Wednesday)	9:00 a.m. - 11:00 a.m.	PDC
March 27, 1991 (Wednesday)	9:00 a.m. - 11:00 a.m.	PDC
May 10, 1991 (Friday)	9:00 a.m. - 11:00 a.m.	PDC

The staff facilitator for the Vocational Education Advisory Committee will notify members and the liaison of meeting times and dates for this committee.

*** E. Adopt Resolution #91/15 Amending and Adopting Local Guidelines for Implementing the California Environmental Quality Act**

(Mr. Edmunds)

The District is required to adopt and maintain a set of guidelines and procedures for evaluating the potential environmental impact of projects pursuant to the California Environmental Quality Act (CEQA). Within the last two years there have been changes made to CEQA by the Legislature and courts, and our current CEQA Guidelines should be revised to incorporate these changes. The supporting documents contain a memorandum from district counsel, Best, Best & Krieger, explaining the changes that have been made to our CEQA Guidelines. A copy of the CEQA Guidelines is available for inspection in the Business Office. Administration recommends the Board adopt Resolution No. 91/15 Amending and Adopting Guidelines for Implementing the California Environmental Quality Act.

F. Review and Act on Timely School Facility Matters

(Dr. Wilson)

*** 1. Approve Change Order #23 for Jurupa Valley High School**

When a state facility project is closed out in a timely manner a Final Change Order is generally approved to give the contractor additional "days" so that liquidated damages do not have to be imposed. If the change order is not approved, the state requires the district to "pay back" the amount of liquidated damages from the district's general fund.

The supporting documents contain Change Order #23 for Jurupa Valley High School. Administration recommends approval of Change Order #23 for Jurupa Valley High School.

2. Hear and/or Approve Other School Facility Matters

Due to frequent changes taking place in facility improvement programs, items which require Board discussion or action may arise between agenda preparation and meeting times. Administration may provide such items as verbal information reports or recommendations for action.

*** G. Approve Personnel Report #7**

(Mr. Campbell)

Administration recommends approval of Personnel Report #7 as printed subject to corrections and changes resulting from review in Closed Session.

H. Act on Student Discipline Matters

(Mr. Anderson)

- ** 1. The Administrative Hearing Panel recommends the readmission of the student in Discipline Case #89/28 with placement in the Independent Study Program.**
- ** 2. The Administrative Hearing Panel recommends the readmission of the student in Discipline Case #90/09 with placement in the Independent Study Program.**
- ** 3. The Administrative Hearing Panel recommends the readmission of the student in Discipline Case #90/15 with placement in the Independent Study Program.**

I. Approve Routine Action Items by Consent

Administration recommends the Board approve Routine Action Items I 1-9 as printed.

- * 1. Purchase Orders** (Mrs. Reul)
- * 2. Disbursements** (Mrs. Reul)
- * 3. Monthly Payroll** (Mrs. Reul)
- * 4. Certificated Extra Compensation** (Mrs. Reul)
- * 5. Classified Extra Time** (Mrs. Reul)
- * 6. Classified Overtime** (Mrs. Reul)
- * 7. Agreements** (Mr. Edmunds)

I. Approve Routine Action Items (Cont'd)

- * 8. Adopt at Single Reading Revised Regulation #1230, Parent Organizations (Mr. Huckaby)

Administration recommends the Board adopt at single reading revised Regulation 1230, Recognized Parent Organizations. This regulation is brought up-to-date on a yearly basis.

- * 9. Revised Regulation 5133, Recognized Student Organizations (Mr. Huckaby)

Administration recommends the Board adopt at single reading revised Regulation 5133, Recognized Student Organizations. This regulation is brought up-to-date on a yearly basis.

J. Review Routine Information Reports

Staff Development Days (Mrs. Roberts)

At the March 20, 1989 meeting, the Board approved four pupil-free staff development days for eligible schools to plan school-based coordinated programs for the purpose of better serving students. This is the second year of the program which has been highly beneficial for the district's teachers. Periodically a calendar of scheduled staff development days will be included in the agenda as information.

Governing boards are invited to recommend candidates for any of these offices. Candidates must reside within the supervisorial district for which they are nominated. Nominees for Member-At-Large may reside anywhere in Riverside County. Nominators should include a brief statement about the candidates. This information must reach my office by October 19, 1990, and will subsequently be distributed to governing boards and delegates for review prior to the election.

Please note that, even though written nominations or recommendations may have been submitted, candidates must still be nominated from the floor at the election meeting (Attachment "C").

I want to take this opportunity to thank each of you for your interest in the functions of the SDO Committee, especially in view of the growing population in Riverside County. I appreciate your valuable input and desire to offer the best alternatives for all students in Riverside County.

RULES FOR THE ELECTION OF MEMBERS OF THE
COUNTY COMMITTEE ON SCHOOL DISTRICT ORGANIZATION

1. A candidate must be nominated from the floor at the election meeting by an authorized representative delegate.
2. A candidate must be a citizen and, if nominated for a supervisorial district, must reside within that supervisorial district. A Candidate for Member-At-Large may reside anywhere in Riverside County.
3. A candidate may be nominated for both a supervisorial district and for membership-at-large. However, a candidate who is subsequently elected to both positions must accept the supervisorial district position.
4. A candidate cannot be an employee of either the County Superintendent of Schools, a school district, or a community college district. However, any member of the governing board of a school district or community college district in the same or any other county who is otherwise eligible may simultaneously serve as a member of the county committee.
5. An authorized representative delegate may cast one vote for each vacant position.

REPORT FROM
JURUPA VALLEY
STUDENT
REPRESENTATIVE .

Ammie Wert, Jurupa Valley High School student representative, made the following announcements:

- This school year's first Pep Rally was well attended. The Football Homecoming Dance was successful. Second Annual Volleyball Tournament is in progress.
- ASB has 125 tickets to the Knotts Scary Farm at \$25 each for October 28. Fall Festival begins October 15. Red Ribbon Week is October 20-28.

REPORT FROM JURUPA VALLEY STUDENT REP (Cont'd)	<ul style="list-style-type: none"> . Over 80 students in the FFA will be participating in the Farmers Fair at Lake Perris on October 8. . Class competitions start in a few weeks. Each class will make a class flag and the winner of the competition will have its flag on display.
REPORT FROM RUBIDOUX STUDENT REPRESENTATIVE	<p>Michelle Smith, Rubidoux High School student representative, made the following announcements:</p> <ul style="list-style-type: none"> . A variety of activities are planned for the football homecoming on October 4, with the theme "Under the Big Top": first picnic lunch in the quad, parade down Mission Blvd at 2:30 p.m., pregame parade at 6:50 p.m., game versus San Bernardino High School at 7:30 p.m. followed by a dance at Harry C's. . SAT prep courses are being offered for the first time twice a week through October 11. . Senior parking has been in effect since September 27. . Delta Alliance Corps will participate in the parade at Banning. . FFA is ready for the Farmers Fair at Lake Perris.
PUBLIC VERBAL COMMENTS	<p>President Ruane noted that the Public Verbal Comments section was an opportunity for citizens to address the Board.</p>
COMMENTS ON PROP 128	<p>Karen Stringer, a resident of Corona and volunteer for "NO on 128" campaign, reviewed some of the impacts this proposition could have on schools. Proposition 128, entitled the Environmental Protection Act of 1990, was authored by Assemblyman Tom Hayden and is known as the Big Green Initiative. Ms. Stringer distributed a resolution of opposition for the board's consideration.</p>
COMMENTS ON MIDDLE SCHOOL NAME	<p>John Cantlin, who resides at 5881 Aurora Ave., stated that he would be willing to fund some type of survey of pupils and parents to determine the extent of their support for changing the name from middle school back to junior high school.</p>
BOARD MEMBER REPORTS & COMMENTS	<ul style="list-style-type: none"> - Board member Jose Medina reported that he spoke to thirty residents of the Indian Hills Alliance about education issues on September 30; attended the California Hispanic Caucus and heard speaker Maureen DiMarco, president of CSBA; attended Camino Real's Back to School Night which presented an impressive program. - Mr. Medina requested that a letter be sent to the Governor expressing the Board's concern about his veto of legislation that would reinstated the CAP program. - Mr. Medina stated that the Language Assessment Center has relocated a couple of times this year which could have an impact on the program for limited-English speaking pupils. Consideration should be given to a permanent location for the center. - Mr. Medina was pleased that Rubidoux High School has initiated SAT prep courses.

- BOARD MEMBER - Board member John Chavez attended Back to School Nights at **Van Buren and Pedley** Elementary Schools.
- REPORTS & COMMENTS
- (Cont'd)
- Mr. Chavez circulated a brochure entitled Education is Empowerment presented at the Hispanic Caucus in San Diego; and a flyer entitled AVID (Advancement Via Determination) Makes a Difference which describes a successful program used in San Diego to reduce the dropout rate.
- Mr. Chavez stated that October 9 is the last day to register to vote in the **November 6 General Election**. He encouraged school staff members to educate students on the voting process.
- Mr. Chavez indicated that he would attend the **Project Courage** Dinner in support of the Gang Violence Suppression Program on October 27; and the **ACSA/CSBA Fall Conference** on October 30.
- Mr. Chavez commented that the **CSBA Nominating Committee** has announced its 1990 slate of candidates for President-Elect and Vice-President. Elections will be held Thursday, November 29, as part of the Delegate Assembly.
- Board member Dave Barnes attended Back to School Nights at **Glen Avon and Mission Bell** Elementary Schools as well as the **NEA-J Open House** on September 28.
 - Board member Mary Burns stated that she has reviewed information on **Proposition 128**, the Big Green Initiative. She felt that cost should not be a deciding factor when people's lives are threatened by problems affecting the environment.

RESOLUTION NO. 91/15

A RESOLUTION OF THE SCHOOL BOARD OF JURUPA
UNIFIED SCHOOL DISTRICT AMENDING AND ADOPTING
LOCAL GUIDELINES FOR IMPLEMENTING THE
CALIFORNIA ENVIRONMENTAL QUALITY ACT

WHEREAS, the California Legislature has amended the
California Environmental Quality Act; and

WHEREAS, Section 21082 of the California Environmental
Quality Act ("CEQA") requires all public agencies to adopt objec-
tives, criteria and procedures for the evaluation of public and
private projects undertaken or approved by such public agencies,
and the preparation, if required, of environmental impact reports
in connection therewith; and

WHEREAS, the School Board of Jurupa Unified School
District must revise its local guidelines for implementing CEQA
to make them consistent with the current provisions of CEQA.

NOW, THEREFORE, BE IT RESOLVED, by the School Board of
Jurupa Unified School District as follows:

SECTION ONE: Adoption of Local CEQA Guidelines. The
School Board of Jurupa Unified School District hereby adopts
"Local Guidelines for Implementing the California Environmental
Quality Act (1990 Revision)," a copy of which is on file at the

School District's office and is available for inspection by the public.

SECTION TWO: Prior Actions Repealed. All prior actions of the School Board enacting earlier guidelines are hereby repealed.

Adopted this _____ day of _____, 1990.

President of the School Board
of Jurupa Unified School
District

ATTEST:

Secretary of the School Board
of Jurupa Unified School
District

MEMORANDUM

September, 1990

TO: THE SCHOOL BOARD OF JURUPA UNIFIED SCHOOL DISTRICT
FROM: BEST, BEST & KRIEGER
RE: 1990 REVISIONS TO LOCAL GUIDELINES FOR IMPLEMENT-
ING THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

INTRODUCTION

As you know, the California Environmental Quality Act ("CEQA") requires you to assess whether a particular activity will have a significant effect on the environment. In this regard, we have prepared local guidelines to assist you in implementing the provisions of CEQA. Since our last revision of your local CEQA guidelines in 1989, the California Legislature and the courts have made some important changes to CEQA. Our 1990 revision of your local CEQA guidelines attempts to incorporate each of the important changes in a manner consistent with your current staff procedures.

While we believe these local guidelines provide an up-to-date manual for your environmental review process, we strongly advise you to consult with us when questions arise, particularly with regard to major projects. This memorandum describes the most significant changes made to your guidelines in this 1990 revision, and reflects new law through December of 1989.

1990 REVISIONSA. NOTICE OF PREPARATION OF DRAFT NEGATIVE
DECLARATION OR ENVIRONMENTAL IMPACT REPORT

The most substantive legislative changes to CEQA were made in Assembly Bill 886 which became effective January 1, 1990. Under AB 886, CEQA now requires direct mailing of a notice of preparation of a draft Environmental Impact Report ("EIR") or negative declaration to occupants in addition to owners of property contiguous to a project area. Specific notice requirements have also been enacted for waste burning projects. These requirements have been added to your guidelines in a new section entitled Notice Requirements for Waste and Fuel Burning Projects. Also, a notice of preparation must now be posted by the county clerk (or clerk of the Board of Supervisors depending on local practice) for a minimum of 30 days.

Public review periods for a draft EIR or negative declaration have been changed. Previously, a Lead Agency was required only to have a "reasonable" review period for a negative declaration. Our recommendation had been that a public review period for a negative declaration be at least 10 days. Now CEQA states that the public review period for a negative declaration must not be less than 21 days, or 30 days if submitted to the State Clearinghouse. A new sec-

tion has been added to your guidelines entitled Posting and Publication of a Negative Declaration. The public review period for a draft EIR shall not be less than 30 days, or 45 days if submitted to the State Clearinghouse. This review period for an EIR was already specified in your guidelines.

Generally, the review period established by the Lead Agency must be at least as long as the review period established by the State Clearinghouse. If a shorter review period is desired, a written request may be made to the Office of Planning and Research. This shorter review period may not be less than 30 days for a draft EIR or 21 days for a negative declaration. A shortened review period is not available for any proposed project of statewide, regional or areawide environmental significance. Finally, a shortened review period must be given prior to (and reflected in) the public notice provided for the preparation of an EIR or negative declaration.

B. MANDATORY PREPARATION OF AN EIR FOR
WASTE BURNING PROJECTS

The Legislature has added a section to CEQA which now requires an EIR for any waste burning projects involving the burning of municipal or hazardous wastes or refuse-derived fuel, if the project consists of either the con-

struction of a new facility or the expansion of an existing facility by more than 10 percent. Previously, CEQA had required an EIR for the construction of any project which burns municipal waste or refuse-derived fuel. This requirement has been added to Section 5.09 of your Guidelines.

C. REPORTING OR MONITORING PROGRAM

A Lead Agency is now required to submit transportation information resulting from a reporting or monitoring program to the regional transportation planning agency where the project is located for a project of statewide, regional, or areawide significance. As you recall from last year's revisions, this reporting or mitigation monitoring program is now required to follow up on EIRs and mitigated negative declarations.

D. CONSULTATION WITH OTHER AGENCIES AND
PERSONS

A Lead Agency must now consult with transportation planning agencies in addition to other public agencies that might be affected by the project prior to completion of a draft EIR for projects of statewide, regional, or areawide significance. In addition, both state and local Lead Agencies must consult with any city and county which borders on the city or county within which the project is located.

E. SUBMISSION OF NEGATIVE DECLARATIONS AND
ENVIRONMENTAL IMPACT REPORTS TO STATE
CLEARINGHOUSE

We have added two new sections to your guidelines which outline when an EIR or negative declaration should be sent to the State Clearinghouse for circulation.

F. ALTERNATIVES

Language regarding project alternatives has been inserted into section 7.10 of your Local Guidelines in light of the court's holding in Citizens of Goleta Valley v. Board of Supervisors (1989) 216 Cal.App.3d 48. This new language provides that excessive costs which might result from a potential alternative does not prevent a discussion of that alternative.

G. CHANGES TO FORMS

The sample forms that we have provided for use in the preparation of CEQA documents have also been amended. These forms are found in the back of your guidelines. The Notice of Exemption (Form B) was modified to include several additional exemptions, including a declared emergency and a statutory exemption.

The Notice of Preparation of Draft Negative Declaration (Form D) now states that the public review period for a negative declaration has been extended from ten to twenty-one days.

The Notice of Determination (Form F) has been changed to require a statement whether findings were made pursuant to the provisions of CEQA. As you know, CEQA requires a Lead Agency to make specific findings to each significant impact identified in an EIR. (See Public Resources Code § 21081.)

On the Notice of Preparation (Form G), several additional categories have been added. There is now a line for a description of the project location and description. Additionally, spaces have been added to indicate any consulting firm retained to prepare the draft EIR.

The Notice of Completion (Form H) has been completely changed to reflect the newly revised state model.

The Environmental Checklist Form (Form J) has been changed to add to Section 2 under the "Air" category the question whether the projects results in the emission of hazardous air pollutants within one-fourth of a mile of a school. A second item under this category has been added which asks whether the project will result in the burning of municipal waste, hazardous waste or refuse-derived fuel and consists of either the construction of a new facility or the expansion of an existing facility by more than 10 percent.

The Notice of Preparation of Draft Negative Declaration (Form D) now states that the public review period for a negative declaration has been extended from ten to twenty-one days.

The Notice of Determination (Form F) has been changed to require a statement whether findings were made pursuant to the provisions of CEQA. As you know, CEQA requires a Lead Agency to make specific findings to each significant impact identified in an EIR. (See Public Resources Code § 21081.)

On the Notice of Preparation (Form G), several additional categories have been added. There is now a line for a description of the project location and description. Additionally, spaces have been added to indicate any consulting firm retained to prepare the draft EIR.

The Notice of Completion (Form H) has been completely changed to reflect the newly revised state model.

The Environmental Checklist Form (Form J) has been changed to add to Section 2 under the "Air" category the question whether the projects results in the emission of hazardous air pollutants within one-fourth of a mile of a school. A second item under this category has been added which asks whether the project will result in the burning of municipal waste, hazardous waste or refuse-derived fuel and consists of either the construction of a new facility or the expansion of an existing facility by more than 10 percent.

A new form entitled Notice of Availability of Draft Environmental Impact Report (Form K) has been added to the Guidelines. This form is to be published, posted or mailed to contiguous owners and occupants of land.

Please let us know if you have any questions about these revisions to your local guidelines, or any questions about CEQA in general as it applies to projects you carry out or approve.

We have enclosed a resolution for you to use to adopt these guidelines.
