Hear Presentation from Rubidoux High School's FFA Agriculture Department

(Mrs. Roberts)

Representatives from Rubidoux High School's FFA and Agriculture Department will be present to discuss their progress. A biology course developed two years ago by Mrs. Rhonda Fuller was named the Model Agriculture Biology Course in California and has been accepted by the University of California as fulfilling a biological lab science entrance requirement. Information only.

Administrative Reports and Written Communications

a. Accept Donations

(Mr. Edmunds)

All donations are given to Jurupa Unified School District with the request that the money or item be used at the designated school.

Magnolia Lawnmower Service, of Riverside, wishes to donate one Micro Design and one Microfische Reader, valued at approximately \$50, with the request they be used in the Auto Shop Program at Jurupa Valley High School.

The Rotary Club of Jurupa wishes to donate \$350 with the request it be used to sponsor the District's "Spelling Bee" on February 18, 1993. The donation will be used to purchase awards such as ribbons and trophies.

This past December, Gordon Rudh, community member, donated the use of his fenced in property at Mission Village to the Rubidoux High School Cross Country team for a Christmas Tree Sale fundraiser. Frank Ruane and Bonnie Heck, community members, also volunteered their help to make it a successful event.

Administration recommends acceptance of these donations with letters of appreciation to be sent.

b. Consider Nominations for California School Boards Association 1993 Delegate Assembly Nominations

(Dr. Wilson)

An information packet on 1993 CSBA State Delegate Assembly Nominations has been included in the agenda for Board members. In accordance with CSBA bylaws, Board nominations for the CSBA Delegate Assembly must be postmarked by the post office on or before March 1, 1993 without exception. Delegates elected will serve a two-year term. The biographical sketch must be completed and returned to CSBA either with the nomination by March 1, or separately by March 8 at the latest, in order to be printed and distributed with the ballots.

The Jurupa District is in Subregion 18A, Riverside, which has six delegates and three vacancies. Terms are expiring for the following delegates: John Chavez (Jurupa USD) Jose Lalas (Corona-Norco USD), and Kenneth Skinner (Perris Un. HSD). They have indicated their desire to serve another term. The Board may nominate as many individuals as it chooses, but must have the nominee's permission to place his or her name into nomination.

The Board may nominate candidates for CSBA Delegate Assembly Subregion 18A, or defer action to the February 16, 1993 meeting.

Written Communications/Reports

(Dr. Wilson)

Report of Student Representatives

The Board welcomes Joel Morgan, Jurupa Valley High School Student Representative, and Donavan Alberga, Rubidoux High School Student Representative. They may wish to address the Board regarding student achievements, interests, or other matters.

4. Public Verbal Comments

This communication opportunity is included on the agenda of each regular Board meeting so citizens can make suggestions or identify concerns about matters affecting the school district, or request an item on a future agenda. **California law states that there shall be no action on items not shown on the published Board agenda.**

The Board President will call on speakers who have completed cards requesting to be heard. Comments should be limited to five minutes. The Board may not have complete information available to answer questions and may refer specific concerns to the staff for appropriate attention.

5. Board Member Reports and Comments

Individual Board members may wish to share information about topics not on the agenda, report on committee activities or request items on a future agenda.

HEARING SESSION

A. Hold Public Hearing and Consider Elementary School Attendance Boundary Adjustments (Dr. Wilson)

The President of the Board will open the public hearing on proposed elementary attendance boundary adjustments which will be effective with the opening of Stone Avenue Elementary School in September 1993. The Superintendent will comment on the proposed adjustments prior to hearing from community members. After any interested parties have addressed the Board, the President will close the public hearing and Board discussion will commence.

The purpose of scheduling this hearing was to provide an opportunity for members of the community involved in the proposed attendance changes to ask questions or express concerns. Notices of a public hearing were sent home on Wednesday, January 27 with students that will be affected. It included the number ranges and street addresses that would be in the Stone Avenue attendance area beginning with the 1993/94 school year.

In this hearing, issues or problems may come to light that the committee had not anticipated. The Board of Education will fully consider these before arriving at a decision.

The District plans to open Stone Avenue Elementary School in September 1993. The committee working on this proposal included the Superintendent John Wilson, Director of Education Services Jim Taylor, and elementary principals Ellen Raher, Camino Real School; Laverne Manns, Indian Hills School; Ellen Kinnear, Pedley School; Dorothy Baca, Troth Street School; Carmen Hernandez, Van Buren School; and Memo Mendez, West Riverside School. Additionally, district administrators Kent Campbell, Rollin Edmunds and Benita Roberts have carefully reviewed the proposal. As was the case with the opening of Granite Hill School, no change in the present middle school and high school attendance boundaries is contemplated at this time.

A. Hold Public Hearing and Consider Elementary School Attendance Boundary Adjustments

(Cont'd)

In generating the proposal the committee gave consideration to such issues as:

1. Available student capacity.
2. Equitable size of schools.
3. Natural and manmade boundaries.
4. Existing study areas.
5. Minimizing the need for busing.
6. Socio-economic makeup of schools.
7. Ethnic makeup of schools.
8. Neighborhoods.
9. Long-term district growth patterns.

The opening of a new school also provides an opportunity to reduce the size of existing schools. The following chart indicates enrollment by school before and after the proposed boundary changes.

ENROLLMENTS AS OF 12/04/92

<u>BEFORE BOUNDARY ADJUSTMENTS</u>			<u>AFTER BOUNDARY ADJUSTMENTS</u>	
<u>SCHOOLS</u>	<u>TOTAL</u>	<u>% MINORITY</u>	<u>TOTAL</u>	<u>% MINORITY</u>

West Riverside	941	72%	708	71%

A. Hold Public Hearing and Consider Elementary School Attendance Boundary Adjustments

(Cont'd)

As can be observed, the enrollment pressure points in the district are at the following three elementary schools:

West Riverside	-	1025	students which includes 84 Preschool/Head Start Students
Troth Street	-	847	students
Indian Hills	-	811	students

As such, the opening of Stone Avenue Elementary School must not only accommodate those residents in the immediate vicinity but must reach out to relieve the enrollment pressures at these three schools. With this in mind, the attendance areas affected are highlighted on the displayed map.

- Area 1 would move from West Riverside to Stone Avenue
- Area 2 would move from Indian Hills to Stone Avenue
- Area 3 would move from Camino Real to Stone Avenue
- Area 4 would move from Van Buren to Stone Avenue
- Area 5 would move from Pedley to Stone Avenue
- Area 6 would move from Troth Street to Pedley

Recommendation: That the Board approve the opening of Stone Avenue Elementary School with the elementary attendance boundary adjustments as proposed above effective with the 1993/94 school year.

B. Approve Minutes of the January 19, 1993 Regular Meeting

Recommend approval as printed.

*** C. Adopt Resolution 93/28. Establishing a New School Facilities Fee** (Mr. Edmunds)

Board members will recall that on January 4, 1993, the Board adopted Resolution Nos. 93/26 and 93/27, which established a new school facilities fee in the amount of \$1 per square foot on new residential construction. Added to the current statutory fee of \$1.65 per square foot, the new fee will result in a total fee of \$2.65 per square foot for new residential construction. The fee established by Resolution No. 93/26 cannot become effective until 60 days after its adoption. To insure that the District did not lose any revenues during the 60-day period, Resolution No. 93/27 was adopted as an urgency measure to authorize immediate collection of the fee for a 30-day period. Resolution No. 93/28 authorizes continued collection of the fee another 30-day period, until the new fee can be implemented on a permanent basis on March 5, 1993. Administration recommends the Board adopt Resolution No. 93/28 Establishing a New School Facilities Fee on an Urgency Basis.

D. Review and Act on Timely School Facility Matters

*** 1. Approve Change Order #2 for Mira Loma Middle School** (Mr. Edmunds)

The District Architect, Kal Porter and Associates, has prepared a request to the Office of the State Architect for Change Order No. 2 for Mira Loma Middle School being constructed by K. L. Neff Construction Company. The total amount of the change order is \$69,064.92, per supporting documents.

* 1. Approve Change Order #2 for Mira Loma Middle School (Cont'd)

Item #1: Additional catch basins required for storm drainage system; Item #2: Additional fire dampers and ceiling access doors; Item #3: Modified fire sprinkler pipe; Item #4: Soffit vents at lunch shelter; Item #5: Extension of fire line piping and Item #6: Encountering unexpected rock.

Item #1 has preliminary approval from the Office of Local Assistance. Items #2-6 should be approved by the Office of the state Architect and the Office of Local Assistance.

Administration recommends the Board approve Change Order #2 for Mira Loma Middle School in the amount of \$69,064.92.

2. Hear and or Approve Other School Facility Matters

(Dr. Wilson)

Due to frequent changes taking place in facility improvement programs, items which require Board discussion or action may arise between agenda preparation and meeting times. Administration may provide such items as verbal information reports or recommendations for action.

• Act on Student Discipline Matters

(Mr. Taylor)

1. The Administrative Hearing Panel recommends the denial of the readmission of the pupil in Discipline Case #92/34.
2. The Administrative Hearing Panel recommends the denial of the readmission of the pupil in Discipline Case #92/47.
3. The Administrative Hearing Panel recommends the readmission of the pupil in Discipline Case #92/53.
4. The Administrative Hearing Panel recommends the readmission of the pupil in Discipline Case #92/66.
5. The Administrative Hearing Panel recommends the denial of the readmission of the pupil in Discipline Case #92/72.
6. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #93/20 for violation of Education Code 48900 (b) & (k).

Act on Personnel Matters

(Mr. Campbell)

Administration recommends approval of Personnel Report #14 as printed subject to corrections and changes resulting from review in Closed Session.

Approve Routine Action Items by Consent

Administration recommends the Board approve Routine Action Items G 1-6 as printed.

1. Purchase Orders

(Mrs. Reul)

2. Disbursement Orders

(Mrs. Reul)

G. Approve Routine Action Items by Consent (Cont'd)

3. Agreements

(Mr. Edmunds)

4. Approve Non-Routine Field Trip Requests

(Mrs. Roberts)

The following Non-Routine Field Trips have been requested and administration has indicated that students will not be prohibited from attending any of the activities due to lack of funds. Copies of the Non-Routine Field Trip Requests are included in the supporting documents.

1. Kim Hagen, Jurupa Valley High School Theater Club sponsor, is requesting permission to travel to the Chapman University in Orange on Thursday, February 11 through Saturday, February 13, 1993 with approximately eight students to participate in the 18th Annual Henry Kemp-Blair Shakespeare Tournament. Students will work with other high school students from throughout the state on monologue and scene competitions. Students will travel by district vehicles and accommodations and meals will be at the Doubletree Hotel and Chapman University.
2. Mark McFerren, Rubidoux High School's United Black Students of California advisor, is requesting permission to travel to Bakersfield on Friday, March 19 through Sunday, March 21, 1993 with ten students. Students will participate in the 19th annual convention of United Black Students and will be housed in the Red Lion Hotel and travel by charter bus.
3. Gary Lesh, Jurupa Valley High School Agriculture Teacher, is requesting permission to travel to the National Date Festival in Indio, CA, with approximately sixty students, from Tuesday, February 16 through Sunday, February 21, 1993. Students will participate in showing their class projects. Transportation will be provided using agriculture vehicles.
4. Paul Kumamoto, Jurupa Valley High School Baseball Coach, is requesting permission to travel to Pismo Beach on Friday, February 26 through Sunday, February 28, 1993 with thirty-two students to participate in baseball competition. Transportation will be provided by district and parent vehicles and housing will be at the Motel 6. Appropriate forms verifying insurance coverage of parent vehicles will be on file at the school and Business Department.

It is recommended that the Board approve the Non-Routine Field Trip Requests for Kim Hagen to travel with eight students to the Chapman University in Orange February 11-13, 1993 to participate in the 18th Annual Henry Kemp-Blair Shakespeare Tournament; Mark McFerren to travel with ten students to Bakersfield March 19-21, 1993 to participate in the United Black Students' conference; Gary Lesh to travel to Indio from February 16-21, 1993 with sixty students to participate in the National Date Festival; and Paul Kumamoto to travel to Pismo Beach with thirty-two students to participate in baseball competition from February 26-28, 1993.

G. Approve Routine Action Items by Consent (Cont'd)

5. Approve Out-of-State Conference Request for Teacher (Mrs. Roberts)

Paul Horn, mathematics teacher at Rubidoux High School, is requesting permission to attend the National Council of Teachers of Mathematics (NCTM) conference to be held in Las Vegas, Nevada from February 24 through 26, 1993. The NCTM promotes the advancement of mathematics teaching at all levels of education. SB 1882 Staff Development funds will be used to cover the cost of conference attendance.

Administration recommends Board approval for the out-of-state conference request for Paul Horn to attend the National Council of Teachers of Mathematics in Las Vegas, Nevada from February 24-26, 1993.

6. Notice of Completion for Carpeting at Two District Sites (Mr. Edmunds)

I. Review Routine Information Reports

1. Update on PROJECT GAP (Dr. Wilson)

We continue to have thousands of dollars wasted in the community as we remove graffiti. For the month of December it was \$7434.40.

2. Status of AB 17X (Mr. Edmunds)

Assembly Bill 17X provides for a local process for levying an additional half-cent sales tax by majority vote of the voters in a county. The potential implementation of this local tax is contingent upon whether the Governor approves a continuance of the current half-cent sales tax at the State level. If he does, the opportunity for local jurisdictions to levy the tax will be lost.

The County Office of Education is preparing a Resolution for local school boards to adopt in support of the half-cent sales tax, should the Governor decide not to continue it statewide. This resolution will be presented to the Board in the near future for adoption. Information only.

COMMUNICATIONS SESSION

**ECOGNIZE JVHS
LVER BRIGADE**

Jennifer Strona of the Silver Brigade reviewed the numerous field shows and parades in which the band competed successfully and received high honors. Shawn Pierson, member of the Color Guard Tall Flag Unit, commented on future competitions.

Mr. Works, Instrumental Music Director, announced that the progression of the Silver Brigade has been outstanding over the past four years. The band was recently invited to participate in Band Festival '93 in Hawaii. In 1993-94 the Silver Brigade will advance to another division and make every effort to be as successful. Mr. Works commended the Jurupa Middle School 8th grade advanced band and expressed appreciation to President Knight and Board members for their support of the unit.

RECOGNIZE JVHS
SILVER BRIGDADE
(Cont'd)

President Knight thanked members of the Silver Brigade for their efforts and accomplishments as demonstrated by the many trophies on display. He also thanked the parent booster club for supporting this outstanding program in the community.

RECOGNIZE STEP-UP TO
EDUCATION PROGRAM

The Assistant Superintendent Education Services announced that four schools (Sunnyslope and Van Buren Elementary Schools, and Jurupa Valley and Rubidoux High Schools) were selected to write projects for California Edison Company's catalog Step Up To Education. Edison Company and other businesses will review the projects and determine whether or not they wish to provide financial support. All Jurupa schools requested \$10,000 to implement their programs. The schools should be notified in April if they were selected for funding.

RECOGNIZE ADOPT-A-
SCHOOL PROGRAM

The Director of Education Services was pleased to announce a new Adopt-A-School Program between Granite Hill School and Delta Sigma Pi, a University of California Riverside Coed Fraternity. He noted this was the third partnership for Granite Hill School and recognized principal Michelle Johnson for her efforts.

Ms. Johnson introduced members of the fraternity and stated that she was very pleased to have a partnership with UCR students who have already demonstrated a high level of academic excellence. The students will provide assistance to Good Guy activities, Career Day, and most exciting, they will assist in tutoring students. Michelle Bush, Activities Coordinator for the fraternity, expressed appreciation for the opportunity to be involved with community service activities and fundraisers.

REPORT FROM JURUPA
VALLEY STUDENT
REPRESENTATIVE

Joel Morgan, Jurupa Valley High School student representative, made the following report on current events:

A recap of sport events for boys and girls basketball was given.

Basketball Homecoming is February 4. The court has been selected and there are three candidates for the Queen. The crowning of the Queen will take place at half-time.

FFA Field Show will be at Antelope Valley on February 16.

REPORT FROM
RUBIDOUX STUDENT
REPRESENTATIVE

Donavan Alberga, Rubidoux High School student representative, made the following report on current events:

Last Friday's Basketball Homecoming was lost by a slim margin of two points to Canyon Springs. The Homecoming theme was "Voyage of the Pirates" and the theme for the dance afterwards was "A Night of Pirates' Treasures."

Anabelle Ayala was crowned Queen and Sammy Knight, Jr. was crowned King. FFA won the Club Float contest. The Class of '95 won both the Hallway Decoration and Class Float contests. The Class of '93 won the Spirit Stick.

A recap of sport events for wrestling, basketball and soccer was given. Will Fessler of the wrestling team won the city tourney and placed in county.

PUBLIC VERBAL
COMMENTS

President Knight noted that the Public Verbal Comments section was an opportunity for citizens to address the Board.

REQUEST FROM VAN
BUREN PRINCIPAL

Carmen Hernandez, principal of Van Buren School, stated that since Christmas there has been an increase in graffiti and vandalism at the school. On January 13 there were shots from two cars driving by at the time students were being dismissed. She asked that a community group be established to discuss some ideas for making schools and the area safer.

COMMENTS ON THE
BUDGET

Dee Holman, teacher, commented on the effects of an unbalanced pay cut. She noted that after the work day, many teachers spend several hours developing ideas, assignments, and projects to motivate student achievements. Ms. Holman stated if the district is in a financial dilemma, all employees should share equally in the cuts and make it more bearable for everyone.

Fran Rice, NEA-J president stated that throughout the process of negotiations she has tried to be an effective leader of the Association. Ms. Rice referred to page 3 of the Factfinding Report and asked to go on record with her response to the second sentence under Salary Adjustment line 12. She stated the following: "At no time did we agree in factfinding that the district was indeed in any fiscal trouble. We did say and agree that we do not want to see the district without a district approved budget with the county or see the district go into receivership. We did not say as it states on page 3 of the report that the district was in deep fiscal trouble."

Marilyn Gallagher, teacher, stated that recently a board member indicated teacher salaries comprised 95% of the budget. The Superintendent clarified that the cost of all personnel in the district was about 87% of the budget.

Loretta Pearce stated that she was a teacher at Mission Middle School working on a Master's degree in Education. She has taught for fourteen years and was hired by the Jurupa District four years ago. She felt salaries were finally approaching amounts that teachers deserve. Now the district office and school board were asking the most important component, the teachers, to take the burden of budgetary cuts. She suggested an across the board cut in salaries with all extra programs equally cut.

Sue Ferraro, science teacher at Mission Middle School, has lived and taught in the district for 19 years. A few years ago teachers were showed the respect for their profession with approval of the salary schedule. Expecting teachers to take the entire cut shows a lack of respect. Ms. Ferraro stated that she cares for the students and provides the best education possible. Over \$2000 of her salary has been spent on lab materials so that students have on hands activities. If salaries were cut, there will be a drastic change in the science program.

Chuck Dunn, teacher, referred to Item D, Board Benefits, and suggested that the health care package and conference expenses as well as salaries be considered for reduction.

Mark Herring, teacher, noted that as teachers in every day life, no decision is off limits. He recently told the manager of a local Target store of the ramifications of a line of clothing that promoted graffiti. Mr. Herring stated that it seems inevitable teachers will take a pay cut which says they are worth less than a year ago. This was not a matter of what is fair or unfair, but a matter of reduction in salary which is simply socially irresponsible.

Dena McNamara, teacher, commended the Superintendent for the concept of the Jurupa Family. Cuts at the expense of teachers are the easiest way to go and does not hurt business. The students will still get the same caring teachers at the same reduced price. However, the district will realize that it has to invest in the right places for the returns. Teachers will not have the money to invest in quality programs. Ms. McNamara asked if all possibilities to balance the budget without a salary cut have been exhausted. She felt a salary cut would be a devastating choice for the Jurupa family which we all care so much about.

Roberta Pace, science teacher at Mission Middle School, stated that students have written letters to famous scientists indicating the importance of helping everyone understand the world, solving problems and making decisions. However, hands-on experiments for students does not come cheaply but it would be more expensive to society if children did not have an opportunity to learn about science. Ms. Pace said that if proposed salary cuts became effective, teachers would not be able to invest in hands-on experiments and she would not be able to support her favorite charity, the Jurupa District.

Darwin Dallas, 6th grade teacher, stated that he was proud to be part of this excellent school district. He felt it was clear to everyone that sacrifice must be made. However, all revenue resources should be used first. He suggested charging parents for busing and extra curricular activities which are privileges. Charging fees would alleviate some of the cuts. Parents who cannot afford to pay a fee should receive a waiver similar to that given for free lunches. Mr. Dallas noted that he was distressed by the deterioration of schools because of the workload and understaffing. Other districts charge fees for these services and it should be considered for Jurupa.

Thomas Morrison stated that he was a member of the district's science adoption committee and a regular judge for the science fair, and felt demoralized by the proposed cuts. It was not just concern for the Jurupa family. A lot has to do with the salary schedule. Mr. Morrison said he felt it would be difficult to get the caliber of people the district has now.

At 8:30 p.m., President Knight called a brief recess. The Board reconvened in public session at 8:45 p.m.

BOARD MEMBER
REPORTS & COMMENTS

Board member Sandra Ruane requested a report for a future agenda from guidance coordinators at both high schools on the effect of new graduation requirements on the Class of 1993. This was the first group of students to graduate under the raised credits from 200 to 230.

Board member Mary Burns expressed regret that teachers were inconvenienced at the meeting and requested that future meetings be moved to a larger location until negotiations were completed.

Mrs. Burns asked if the district has received a report from the County Planning Commission on batch cement that was being proposed for the Stringfellow area. The Assistant Superintendent Business services replied that he had received an environmental checklist report and the hearing was scheduled for January 27.

Mrs. Burns stated that several teachers made some strong comments regarding salary cuts. When teachers gave up a pay raise eighteen months ago, quite a few board members decided that conference attendance would be at their own expense and at a minimum.

Mrs. Burns requested a report for a future agenda on Chapter 1 eligibility requirements and distribution of funds.

President Knight stated that the Board was very concerned about teachers' salaries and was equally concerned about incidents in the district such as occurred at Van Buren School. He suggested forming a group consisting of staff and community members to focus on some preventive actions and programs to make students knowledgeable about these dangers. President Knight asked that incidents at schools be shared with the Board as there was a high concern about safety in the environment.

ACTION SESSION

APPROVE MINUTES
Motion #148

MR. CHAVEZ MOVED THE BOARD APPROVE MINUTES OF THE JANUARY 4, 1993 REGULAR MEETING AS PRINTED. MRS. BURNS SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

SCHEDULE PUBLIC
HEARING ON
ELEMENTARY
BOUNDARY
ADJUSTMENTS
Motion #149

The Superintendent noted that the Stone Avenue Elementary School will be ready for occupancy in september 1993. He reviewed a map on display that was divided into study areas for collecting information through the Geographic Information Center of the County Office of Education.

The Superintendent noted that in 1978, a citizen committee appointed by the Board made a full study of growth in the community. The committee was opting for an elementary school of 680 students, middle school of 1000 students, and high school of 2000 students.

The Superintendent pointed out the location of Stone Avenue School on the map. He noted that maintaining neighborhoods was a consideration. Elementary schools impacted by the proposed boundary changes were identified on the map as follows:

Area 1 from West Riverside to Stone Avenue, Area 2 from Indian Hills to Stone Avenue, Area 3 from Camino Real to Stone Avenue, Area 4 from Van Buren to Stone Avenue, Area 5 from Pedley to Stone Avenue, Area 6 from Troth Street to Pedley.

SCHEDULE PUBLIC
HEARING ON
ELEMENTARY
BOUNDARY
ADJUSTMENTS
Motion #149
(Cont'd)

The enrollment pressure points in the district were: West Riverside with 1025 students, Troth street with 847 students, and Indian Hills with 811 students. Enrollment in those schools would be reduced by transferring a section of students to Stone Avenue School. The Director of Transportation was confident that he would meet busing requirements as presented by this proposal. The Superintendent recommended the Board schedule a public hearing so that parents of the schools involved may be informed.

Mrs. Burns stated that moving a section from West Riverside to Stone Avenue would assist in ethnic balance. However, Ina Arbuckle has 85% minority. She felt the district should create a system that encourages non-minorities to attend schools with heavy minority. A Magnet program was considered for Ina Arbuckle on several occasions but could not be implemented because of financial constraints. She asked that more concentration be given to relieving minority problems at some schools with Magnet programs.

The Superintendent reported that in 1979, the committee's definition of a segregated school was as follows: Segregation is presumed to exist when the enrollment of all minority groups in a school exceeds by more than 18 percent the district percentage of all minority groups.

The Assistant Superintendent Education Services noted that a Magnet School requires: a minimum of \$100,000 to establish a program; and busing for minority and non-minority students. The Superintendent added that a future consideration may well be the establishment of magnet schools at different sites because of the downturn in enrollment.

Mr. Chavez commented that magnet schools have been a topic of discussion for many years. Minority enrollment at several schools continues to increase. He felt it would be difficult to balance the school when minority enrollment was higher than 50%.

MR. BARNES MOVED THE BOARD HOLD A PUBLIC HEARING FOR THE PROPOSED BOUNDARY ADJUSTMENTS AT ITS FEBRUARY 1, 1993 MEETING WITH TIMELY NOTICE TO PARENTS OF STUDENTS WHO WILL CHANGE SCHOOLS AS THE RESULT OF THE BOUNDARY ADJUSTMENTS. MR. KNIGHT SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

MOTION TO REDUCE
BOARD STIPEND FAILED
Motion #150
Cont'd)

Mrs. Burns stated that her husband was a designer in the aerospace industry and when the teachers took a cut last year, she also took one at home which resulted in unemployment. Mrs. Burns indicated that she would vote no on the motion to reduce the stipend because it demoralized the Board. Mrs. Ruane stated that she agreed with Mrs. Burns and doubted anybody would take a 50% cut. Some board members do more than attend two meetings a month. They volunteer their time to school and community activities and pay their own way to conferences. Most of the stipend received as a board member was put back into the community.

Mr. Barnes explained he was embarrassed that the Board had not acted sooner in light of the district's financial condition for the past two years with reductions in programs and salaries. Mr. Chavez added that he felt the intent of being a board member was to serve as a representative of the community.

In response to Mr. Dunn's concern about conference expenses, Mr. Chavez said that conferences represent education and being well informed. Conferences should be attended by teachers as well as other district representatives.

THE BOARD VOTED ON THE MOTION WHICH FAILED 2 TO 3: AYES, MR. BARNES AND MR. CHAVEZ; NAYS, MRS. RUANE, MRS. BURNS, AND MR. KNIGHT.

The Assistant Superintendent Personnel Services stated that the district has participated in the Golden Handshake program for several years on a no additional cost basis for both the district and the State Teachers' Retirement System. Under current legislation, this was the last year the program will be available unless the legislation is extended.

MRS. RUANE MOVED THE BOARD, IN IMPLEMENTING THE PROVISIONS OF EDUCATION CODE SECTION 22726, AUTHORIZE AND ESTABLISH A PARTICIPATION PERIOD FOR THE GOLDEN HANDSHAKE PROGRAM BEGINNING ON JUNE 19, 1993 AND ENDING ON AUGUST 29, 1993. MRS. BURNS SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

SUPERINTENDENT
ELECTION PROCESS

The Superintendent introduced Dr. Russ Nielsen, Deputy Superintendent at the Riverside County Office of Education, who was present to inform the Board of various options for selecting a superintendent.

Dr. Nielsen commended Superintendent John Wilson for his exemplary service on behalf of the County Office of Education's superintendent Dale Holmes and County Board of Education.

Dr. Nielsen reviewed some recruitment options for selection of a superintendent. One option was to first consider viable candidates from within the district before opening recruitment and conducting a state or national level search.

Dr. Nielsen gave the following reasons the Board might wish to consider an open recruitment: Owe it to students and community to openly seek the best person for the position; Some people say district staff were outsiders when they came to the district; Outsiders bring fresh ideas which all organizations need; District candidates have a built-in advantage in any selection process; District candidates get more than their share of jobs when selecting district staff; Time and cost of a search is cheap insurance when the importance is considered.

Dr. Nielsen gave the following reasons the Board might wish to consider a viable candidate from within the district: District staff who qualify should get first chance; District staff built and know the system and community; If there is agreement that a district staff person is the right person, show support by moving forward; Outsiders require time to become effective and do not always have that luxury; When a qualified district staff person is available, the expense and time consumed by a search is a waste of limited resources; It is logical to consider viable inside candidates first.

Dr. Nielsen concluded that if the Board decides to institute a search, the Riverside County Office of Education would provide more information on the process. If the Board decides to consider a candidate from within, Dr. Nielsen indicated he was available to meet with the Board.

RESOLUTION NO. 93/28

AN URGENCY INTERIM RESOLUTION OF THE BOARD OF
EDUCATION OF THE JURUPA UNIFIED SCHOOL
DISTRICT EXTENDING RESOLUTION NO. 93/27 AND
ESTABLISHING A NEW SCHOOL FACILITIES FEE FOR
RESIDENTIAL CONSTRUCTION

WHEREAS, Government Code Sections 53080 and 65995 authorize the governing board of any school district within the State to levy a fee against new and other residential construction within the district for the purpose of funding the construction and reconstruction of school facilities; and

WHEREAS, the State Allocation Board determined that, based upon the 1990 and 1991 adjustments in the statewide cost index for Class B construction, the maximum school facilities fee which may be levied pursuant to Government Code Section 53080 on new and other residential construction shall be \$1.65 per square foot of assessable space; and

WHEREAS, pursuant to Government Code Sections 53080 and 65995, the Board of Education ("this Board") of the Jurupa Unified School District ("District") has duly adopted a resolution establishing school facilities fees for residential construction in the amount of \$1.65 per square foot of assessable space; and

WHEREAS, the State Legislature recently enacted new legislation effective January 1, 1993 (Senate Bill No. 1287, Chapter 1354, Stats. 1992) which authorizes this District to levy upon new and other residential construction a fee of \$1.00 per square foot of assessable space in addition to the existing maximum rate of \$1.65 per square foot of assessable space authorized by Government Code Section 53080; and

WHEREAS, this Board has determined that despite its levy of school fees pursuant to Government Code Section 53080 and 63995, the District's school facilities continue to be overcrowded and its educational programs seriously impacted by the increasing student population generated by new and other residential construction within the District's boundaries; and

WHEREAS, the Board has based its determination on the fee justification report prepared in connection with its establishment of school facilities fees (the "Fee Justification Report") which analyzes the District's current school facilities, the estimated number of students which will be generated by new and other residential construction within the District and the estimated costs which will be required to construct permanent and portable school facilities to accommodate the students generated by such construction; and

WHEREAS, the Fee Justification Report further demonstrates that the estimated costs of providing school facilities for students generated by new and other residential construction will exceed the maximum amount of revenue which the District will collect from school facilities fees levied pursuant to Government Code Sections 53080 and 65995; and

WHEREAS, the Fee Justification Report justifies the imposition of this new school facilities fee on new and other residential construction as set forth in this Resolution by analyzing student generation data for new and other residential construction and by demonstrating that additional school facilities

are necessary to accommodate the increased student enrollment resulting from such construction; and

WHEREAS, this Board deems it necessary and desirable and in the best interests of the students, teachers, parents and electorate of the District that this Board establish a new additional school facilities fee of \$1.00 per square foot of assessable space for new and other residential construction; and

WHEREAS, the establishment of this new school facilities fee has been reviewed by the District's Board and staff under the California Environmental Quality Act ("CEQA"); and

WHEREAS, no city or county may issue a building permit for any residential development within the District absent a certification by the District of compliance by the developer with the requirements regarding school facilities fee as set forth in the Government Code; and

WHEREAS, the appropriate land use jurisdictions will be notified of the establishment of this new school facilities fee and will be requested to continue to work with the District to assure that the District's school facilities fee program benefits the residents and students of our community; and

WHEREAS, the District, for ten days prior to its public meeting: (1) has made available to the public data indicating the estimated cost required to provide the school services for which this school facilities fee will be levied and the revenue sources anticipated to provide such school services; (2) has mailed notice at least fourteen days prior to this meeting to all interested parties who have requested notice of the District's establishment

of school facilities fees; and (3) has held a duly noticed, regularly scheduled public meeting at which oral and written testimony was received regarding the proposed fees; and

WHEREAS, Government Code Section 66017(b) permits this Board to adopt an urgency measure as an interim authorization for the establishment of this new school facilities fee when necessary to respond to a current and immediate threat to the public health, welfare and safety, without following procedures otherwise required for the establishment of a fee, if such measure is enacted by a four-fifths vote of this Board, and if such measure contains findings describing the current and immediate threat to the public health, welfare and safety that exists in the absence of such an interim measure; and

WHEREAS, on January 4, 1993, this Board adopted Resolution No. 93/27 as an urgency interim measure to immediately establish its new residential school facilities fee; and

WHEREAS, this Board has determined that the current and immediate threat to its school building program continues and that it continues to be in the best interests of the students, teachers, parents and electorate of this District that its urgency interim Resolution No. 93/27 be extended as part of its school fee program in order to avoid a hiatus in fee collections;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION OF THE JURUPA UNIFIED SCHOOL DISTRICT AS FOLLOWS:

Section 1. Pursuant to Government Code Section 65995.3, this Board hereby establishes a new additional school facilities

fee in the amount of \$1.00 per square foot of assessable space for new and other residential construction.

Section 2. This urgency interim resolution is adopted by at least a four-fifths vote of this Board, shall take effect immediately on the date of its adoption, but have no force or effect thirty (30) days after its adoption.

Section 3. This Board hereby finds that the District has committed the funds within its school facilities fee account for the construction or reconstruction of new school facilities, that without the enactment of this urgency interim resolution, this District will be unable to levy the new school facilities fee on new and other residential construction for a significant period of time until Resolution No. 93/26 takes effect; that new and rehabilitated classroom facilities are needed to house students generated by new and other residential construction within the District's boundaries; that the resulting loss of revenue could seriously impact the District's classroom construction program designed to alleviate overcrowding; and that such potential damage is a current and immediate threat to the public health, safety and welfare of the students within the District.

Section 4. This Board hereby adopts the Fee Justification Report and finds, based upon the report and the information and testimony presented in conjunction with it, as follows:

Section 4.1. New and other residential construction will result in a substantial increase in student enrollment necessitating the construction of new school

facilities to accommodate the new growth, and therefore a reasonable relationship exists between the use of school facilities fee, which is to fund the construction and reconstruction of school facilities, and the new and other residential construction on which the school facilities fee will be imposed.

Section 4.2. New and other residential construction will result in a substantial increase in student enrollment and therefore a reasonable relationship exists between the District's need for new and reconstructed school facilities and the types of development on which the fee will be imposed.

Section 5. This Board finds and determines that the establishment of this new school facilities fee is statutorily and categorically exempt from the California Environmental Quality Act ("CEQA") under Public Resources Code Section 21080(b)(8) and CEQA Guidelines Section 15273, because the establishment of this fee involves the modification, structuring, or approval of rates or other charges by the District to obtain funds for capital projects necessary to maintain school service within the District's existing service area.

Section 6. Pursuant to the District's CEQA Guidelines, District staff is directed to file a Notice of Exemption with the Riverside County Clerk's Office.

Section 7. District staff is hereby instructed to work with the appropriate land use jurisdictions to ensure compliance with California Government Code Section 53080, which provides that

Section 8. District staff is hereby instructed to transmit certified copies of this Resolution to all appropriate land use jurisdictions issuing building permits within the District to inform each of them of the District's establishment of this new school facilities fee for new and other residential construction.

ITEM CO-2.1: **ADDITIONAL CATCH BASINS REQUIRED FOR STORM DRAINAGE SYSTEM** - Contractor was directed to add 50 catch basins along with 715' of piping and fittings, per attached Instruction Bulletin 7, revised drainage plan and preliminary approval from the Office of Local Assistance.

Justification: The site is completely flat making drainage difficult. The soil has a high level of clay content, augmenting the drainage problem. See attached letter from Horn & Associates, dated 9/4/92.

Requested by: The Architect.

ADDITIVE PRICE 37,177.18
TIME EXTENSION NONE

ITEM CO-2.2: **ADDITIONAL FIRE DAMPERS AND CEILING ACCESS DOORS** - Contractor was directed to provide 44 additional fire dampers and 53 access doors.

Justification: The drawings do not identify every location. Fire dampers are required wherever mechanical ducts penetrate fire rated walls per UBC Section 4306. Ceiling access doors are required for accessibility in all hard ceilings per UBC Section 3204.

Requested by: The Architect and Engineer.

ADDITIVE PRICE 5,055.63
TIME EXTENSION NONE
(See attached Request for Change "V").

ITEM CO-2.3: **MODIFIED FIRE SPRINKLER PIPE** - Contractor was directed to increase the fire sprinkler pipe size from 2" to 2-1/2" per State Fire Marshal approved fire sprinkler drawings.

Justification: Pipe size increased by the State Fire Marshal deferred approval drawings.

Requested by: The Architect and Contractor.

ADDITIVE PRICE 453.57
TIME EXTENSION NONE
(See attached Instruction Bulletin 18).

ITEM CO-2.4: **SOFFIT VENTS AT LUNCH SHELTER** - Contractor was directed to provide soffit vents in lunch shelter structure per Instruction Bulletin 23.

Justification: Soffit vents required to provide ventilation for enclosed wood structure per UBC Section 3205(c).

Requested by: The Architect.

ADDITIVE PRICE 2,293.21
TIME EXTENSION NONE

ITEM CO-2.5: **EXTENSION OF FIRE LINE PIPING** - Contractor was directed to extend 8" fire line from property line south 270' to new 12" supply water line in Steve Street, per Instruction Bulletin 26.

Justification: New 12" supply water line was not designed or installed at the time the drawings were reviewed and approved by the Office of the State Architect. Contract documents directed Contractor to provide the 8" water line to property line, anticipating the water service continuing the length of Steve Street. When the water service was installed in Steve Street, the line stopped at 50th Street. The 8" water line must connect to the water service.

Requested by: The Architect.

ADDITIVE PRICE 8,131.23
TIME EXTENSION 5 days

ITEM CO-2.6: **ENCOUNTERING UNEXPECTED ROCK** - Contractor incurred additional cost due to encountering a solid rock dome while installing the 48" round storm drainage pipe per Request for Change "EE".

Angle Wollam, Secretary, Pacific Avenue Elementary

Staff Members Present:

Mrs. Tina Brennan, Curriculum Coordinator
Mrs. Benita Roberts, Assistant Superintendent
Mrs. Louise Gillette, Resource Teacher, Sunnyslope Elementary
Mr. Memo Mendez, Principal, West Riverside Elementary
Mrs. Michelle Johnson, Principal, Granite Hill Elementary
Mrs. Linda Dalton, Resource Teacher, Rustic Lane Elementary
Mrs. Beverly Rosten, Resource Teacher, Ina Arbuckle Elementary
Mrs. Patty Stark, Resource Teacher, West Riverside Elementary
Ms. Ellen Raher, Principal, Camino Real Elementary

FLAG SALUTE

Committee members and staff attending participated in the salute to the flag of the United States of America.

INTRODUCTION Mrs. Roberts introduced the project office staff members and committee members participated in a "get acquainted" activity. Participants were divided into four groups and planned "their ideal school." Each group conducted self-introductions and presented their plan (as listed below) to the other members:

Group 1 "Jurupa Family Education Center" Louise Gillette, Presenter

This ideal school would have abundant supplies such as classroom library, manipulatives, textbooks and resource materials. Technology would include a computer on every desk, a VCR in every room, large screens, cable t.v., laser disc and CD-Rom modems. The student/teacher ratio would be 20 to 1 and every parent would volunteer every week. Its P.T.A. would provide financing, be supportive and active and the environment would be comfortable, attractive, friendly and everyone would have positive attitudes. The community services would have a food bank, day care, police, medical and adult education and the playground would have equipment for after-school programs and help staff and students stay physically fit.

Group 2 "Imagine That" Linda Dalton, Presenter

This ideal school would have students who arrived at school on time each day, more parents would be involved at all levels, better communication with school and home, more equipment, monthly field trips, college level library at all schools, more resource personnel, all students would have high self-esteem and everyone would get along.

Group 3 "Light Bulb" Ellen Raher, Presenter

This school would be named "La Luz Elementary" and would work to generate intergrated learning between business, parents and the community. It would have the latest technology, sports involvement and global learning.

Group 4 "Hope Elementary" Bev Rosten, Presenter

Hope Elementary would be like a tree and the branches would include a pre-school for all, bilingual tutors all day, hands on materials, positive environment, grade level reading, technology, enrichment activities after school, early English transition, smaller classes, personnel for intervention strategies, activities for building self-esteem, services for all, full arts program, parent involvement, supportive staff and computer literacy.

Mrs. Roberts discussed the purpose of the district District Advisory Council (DAC) and the contents of the notebook given to each member of the Committee.

**PROGRAM
QUALITY
REVIEW**

Tina Brennan, Curriculum Coordinator, discussed the process for a Program Quality Review (PQR). The schools to be reviewed this year are Rustic Lane, West Riverside and Mission Middle School. Mrs. Brennan has been given the district level responsibility for coordinating this process.

**CATEGORICAL
FUNDING**

Benita Roberts presented a brief description of the categorical allocations to the district and the process allocating funds was described for each item. She explained why there are some carry-over funds and discussed some of the restrictions placed on the district for use of the funds. Committee members asked questions regarding the budget and how schools are determined for receiving funds for the current school year.

By consensus, committee members recommended submittal of the Consolidated Application for funding of five supplemental federal or state grants.

**SELECTION OF
CHAIRPERSON/
VICE-CHAIR-
PERSON**

This item was deferred until the next meeting

NEXT MEETING

The next meeting of the District Advisory Council for the consolidated Application is scheduled for Wednesday, January 20, 1993, 9:00 a.m. at Mission Bell Elementary, 4020 Conning, Riverside.

ADJOURNMENT

The meeting was adjourned at 10:30 a.m. and a tour, with Patti Stark, of West Riverside's computer lab followed.

Ms. Kenya Zundel, Bilingual Language Tutor, Jurupa Valley High School
Mrs. Rosi Partida, Secretary
Mrs. Juvencia Gamboa, Bilingual Language Tutor, Sunnyslope Elementary

Others present:

Ms. Teresa Abrego, Parent, West Riverside Elementary

INFORMATION SESSION

**PURPOSE OF DISTRICT
BILINGUAL ADVISORY
COMMITTEE**

Mrs. López reviewed the purpose of the District Bilingual Advisory Committee and its role in assisting the district staff with issues affecting Limited English Proficient students. Their role is also to advise the district staff in the administration of the annual language census and review the written notification to parents regarding the results of their child's language testing. All members received a copy of the District Advisory Council Handbook.

**INITIAL
IDENTIFICATION AND
PLACEMENT OF LEP
STUDENTS**

Mrs. López presented the district processes and procedures for identifying and placing LEP students in an appropriate educational program. The bilingual program was reviewed as well as the district-wide demographics indicating the increased numbers of LEP students.

TITLE VII PROPOSAL

Mrs. López informed parents that the Jurupa Unified School District is in the process of writing a Title VII grant proposal. The proposal is a request for supplemental funding for the transitional bilingual program at the K-3 grade levels at four of our schools - Ina Arbuckle, Rustic Lane, Troth Street, and West Riverside.

The general goal of the Title VII Project is to provide an effective program of bilingual/multicultural education which is designed primarily to increase the level of academic achievement for children of limited English speaking ability to a level commensurate with their English fluent peers.

The intent of the program is to provide for children of limited English proficiency classroom instruction designed to enable them to achieve competency in the English language, while providing access to the core curriculum in their primary language.

A Title VII grant would improve programs of transitional bilingual education in the district for limited English proficient students by providing staff development for administrations, teachers, and paraprofessionals. Additional materials will be purchased in the primary language (Spanish), English language development, science, and math. A project resource teacher and community liaison will be hired. Parents will receive training in a variety of areas.

The deadline for the grant is January 15, 1993.

REVIEW AND APPROVE SUBMITTAL OF THE ANNUAL REPORT - LEP PLAN TO REMEDY

The Annual Report of the Plan to Remedy the Shortage of Qualified Teachers for LEP students was reviewed. Mrs. López explained that it is part of the Consolidated Application, Part II.

The motion was moved and carried to approve the submittal of the Annual Report of the LEP Plan to Remedy to the Board of Education.

ACTION SESSION

SELECTION OF CHAIRPERSON AND VICE-CHAIRPERSON

Mrs. Hermelinda Ramirez was nominated to serve as chairperson and was elected unanimously.

Mrs. Rosa Casarez was nominated to serve as vice-chairperson and was elected unanimously.

NEXT MEETING

The next meeting of the District Bilingual Advisory Committee is scheduled for December 16, 1992, at the Professional Development Center (PDC).

ADJOURNMENT

The meeting was adjourned at 10:35 a.m.

Mr. David Barnes, Member
Mr. John Chavez, Member
Mrs. Sandra Ruane, Member

Staff Advisors present were:

STAFF PRESENT

Dr. John P. Wilson, Superintendent
Mrs. Benita Roberts, Assistant Superintendent Education Services
Mr. Rollin Edmunds, Assistant Superintendent Business Services
Mr. Kent Campbell, Assistant Superintendent Personnel Services
Mr. Jim Taylor, Director of Education Services
Mrs. Barbara Reul, Director of Business Services

FLAG SALUTE

President of the Board Sam Knight led the pledge of allegiance to the flag of the United States of America.

**INSPIRATIONAL
COMMENTS**

President Knight made an inspirational comment.

COMMUNICATIONS SESSION

**SUPERINTENDENT
SELECTION PROCESS**

President Knight stated that at the January 19, 1993 Board meeting, Dr. Russ Nielsen, from the Riverside County Office of Education, provided superintendent selection options for Board consideration which included an option of considering viable district staff candidates first. So in Closed Session this evening that is what the Board is going to do. Any personnel action that may be taken in Closed Session will be announced and/or acted upon in open public session at the conclusion of the meeting. The Board will reconvene in the Regular Board Room at the Education Center.

**RECOGNITION OF
RUBIDOUX'S FFA**

The Assistant Superintendent Education Services stated it was a pleasure to introduce Mrs. Rhonda Fuller and several students from Rubidoux High School's FFA and Agriculture Department. They would review accomplishments of the past year and goals for the future.

Mrs. Fuller expressed appreciation to everyone for their support and welcomed Mr. Knight to the School Board. She introduced student teacher Debbie Roamer, and FFA officers who presented each Board member with an arrangement made in the floral class. The date for the annual awards banquet would be announced shortly and everyone was invited to attend.

RECOGNITION OF
RUBIDOUX'S FFA
(Cont'd)

The Chapter Vice President of Rubidoux High School FFA reviewed courses offered through the Agriculture Department and announced that a biology course developed by Mrs. Fuller was named the Model Agriculture Biology Course in California. A past officer noted that FFA members would participate in the Indio Date Festival February 16-21. Donations were needed to help with expenses and would be greatly appreciated. The Chapter reporter announced that the Floral team took first place overall at the Hemet Field Day in September, and awards for livestock and other categories have been won throughout the year. In response to President Knight's question about the affect of FFA on their future goals, the officers commented as follows: Nicole stated that she won the Lions Club Speech Contest; Frank stated that he has developed leadership skills and has done well as a livestock judge, and Dan stated that FFA teaches about nutrition and operating farm equipment as well as caring of animals.

ACCEPT DONATIONS
-Motion #162

MR. BARNES MOVED THE BOARD ACCEPT THE FOLLOWING DONATIONS WITH LETTERS OF APPRECIATION TO BE SENT: A MICRO DESIGN AND MICROFISCHE READER VALUED AT \$50 FROM MAGNOLIA LAWNMOWER SERVICE FOR USE IN THE AUTO SHOP PROGRAM AT JURUPA VALLEY HIGH SCHOOL; \$350 FROM THE ROTARY CLUB OF JURUPA FOR USE IN THE DISTRICT SPELLING BEE; THE USE OF MR. GORDON RUDH'S FENCED IN PROPERTY AT MISSION VILLAGE TO RUBIDOUX HIGH SCHOOL CROSS COUNTRY TEAM FOR A CHRISTMAS TREE SALE FUNDRAISER, AND VOLUNTEER HELP TO MAKE THE EVENT SUCCESSFUL FROM FRANK RUANE AND BONNIE HECK. MRS. BURNS SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

NOMINEES FOR CSBA
DELEGATE ASSEMBLY
-Motion #163

The Superintendent noted that nominations for 1993 CSBA State Delegate Assembly must be received by March 1, 1993. The Jurupa District was in Subregion 18A, Riverside, which has six delegates and three vacancies. Mr. Chavez stated that he currently serves on the Delegate Assembly and would like to be renominated. The other two representatives Jose Lalas of Corona-Norco, and Kenneth Skinner of Perris Union High have also indicated they wish to serve another term. Mr. Chavez stated that the assembly meets two to three times a year on business of the association pending legislation, etc.

MRS. BURNS MOVED THE BOARD NOMINATE JOHN CHAVEZ, JOSE LALAS, AND KENNETH SKINNER AS CANDIDATES FOR CSBA DELEGATE ASSEMBLY SUBREGION 18A. MR. KNIGHT SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

REPORT FROM
RUBIDOUX STUDENT
REPRESENTATIVE

Donavan Alberga, Rubidoux High School student representative, made the following report on current events:

FFA participated in the Antelope Valley Field Day. The Floral Design Team took first place and Nicole Duran took second place in the individual awards.

The Band and Color Guard were invited to give a noontime concert at the White House this summer. After the performance they will take a special VIP tour. This is an outstanding honor!

Madrigals are preparing for the Val-o-gram fundraiser in February.

The Yearbook has many deadlines coming up. Senior Personalities were recently elected in such categories as Most Spirit, Most Athletic, Best Dressed, Class Clown, etc. Sammy Knight, Jr. was elected winner of the most Athletic category.

Renaissance Steering Committee has been selected to plan this year's showtime fair, one of the biggest events of the year.

REPORT FROM
RUBIDOUX STUDENT
REPRESENTATIVE
(Cont'd)

ASB was preparing for the Sadie Hawkins dance, School Blood Drive, Mr. Rubidoux, Club Week and the Annual Celebrity Golf Tournament.

A sports recap was given.

REPORT FROM JURUPA
VALLEY STUDENT
REPRESENTATIVE

Joel Morgan, Jurupa Valley High School student representative, made the following report on current events:

Class competitions in various games will occur all week ending with a pep rally on Friday to determine the winner.

Basketball Homecoming Queen will be crowned during halftime and announced at the dance February 6.

Joel Morgan, student representative, will run in the Los Angeles Marathon. Pledges to sponsor him in this endeavor will be greatly appreciated.

A sports recap was given.

COMMENTS ON THE
BUDGET

Dena McNamara, science teacher at Mission Middle School, stated that teachers were also demoralized but it might be felt less if every member of the Jurupa family did their part. If the Board took a 6% cut of \$24 it would be a start. Ms. McNamara was concerned about supporting her children as a single mother. She urged the Board to focus on some of these needs and get morale back in Jurupa schools.

Libbern Cook, teacher at Mission Middle School, stated that last year teachers only took a 3% cut. Others lost their jobs and teachers have picked up additional duties. Now the only way to balance the budget for this year was to cut teachers another 6%. The Board should look at other ways to trim the budget such as charging fees for busing and other activities.

Mr. Cook asked that everyone share in the reduction of salaries and all take the same cut. Teachers understand a cut must be made but the Board and administration should be just and fair.

Tony Barsoum, student at Mission Middle School, stated that education was essential in life as much as water and air. Teachers provide our children's education and are an essential means of life. They should receive all their rights and not get a 6% cut in salary.

Vicki Long, parent, stated her son decided to become an educator because he had some great teachers in Jurupa, and not because of the money. Mrs. Long applauded the School Board for making hard decisions. Anyone on an elected board in the next two years will have more tough decisions to make. Everybody including teachers should pull together instead of dwell on personal issues. Many people were out of work, or have taken pay cuts and were in a difficult situation. Ms. Long said she supported the Board who makes decisions on behalf of the entire community on budget matters.

J. R. Hertz, PTSA president at Van Buren School, referred to Item 4, Public Verbal Comments, and asked that it be a topic on the next Board agenda. Board members and administration report to this community. Although action cannot be taken for items not on an agenda, he felt some problems could be resolved if there were a two-way conversation between school officials and the community active conversation.

COMMENTS ON THE
BUDGET
(Cont'd)

Mr. Hertz pointed out the general public does not want a raise in taxes. A 6% cut now was nothing compared to what could happen. He asked that an open discussion session be included on the next agenda so concerns can be aired.

Mr. Hertz referred to Item C, Adopt Resolution 93/28, Establishing a New School Facilities fee. Several weeks ago the Board approved an emergency resolution to pay about \$8500 for documentation to justify this fee. He asked if the report contained any additional information.

Mr. Hertz stated that Van Buren School has received some funding for its restructuring grant. However, the School Site Council has been advised that any restructuring requires administrative approval which he felt has slowed the process. The Board approved the restructuring application and it should be carried out.

Anthony Allega, long time resident and employee of the district stated that Classified employees have not had an increase for two years, teachers took a pay cut, and even getting a desk was tight. The Board should reconsider a 50% reduction in compensation.

Ken Hedgpeth, parent, stated that he was disturbed the Board voted down a reduction in compensation when they also receive health and life insurance. Mr. Hedgpeth said the Board should be compensated for their service but not the maximum allowed by state law.

Amy Weidman, ninth year teacher, stated Jurupa has the best teachers because that was the district's only priority. The salary was not so great but the teachers loved teaching and were willing to give up their time, energy and money for the children. Ms. Weidman noted that she has been out of the country on business for the past two years. When she heard of the voluntary pay cut last year she knew education was Jurupa teachers' priority and not salaries. However, this proposed pay cut was the bottom line. She had purchased a house and car based on the contract she signed with the district, and now it would be impossible to pay those bills with a 6% pay cut.

COMMENTS ON
ELEMENTARY
SCHOOL
ATTENDANCE
BOUNDARY
ADJUSTMENTS

Charlene Galleano, parent, stated the proposed boundary change for Troth Street School transfers 45 children to Pedley School. The bus, which holds 90 children but may only have 45, will pass three schools. Ms. Galleano felt children closest to Pedley should attend the school. Her children who live the furthest east of Pedley would be bused.

Donald Hutson, parent, stated that he chose Indian Hills School because of its fine reputation and would consider selling his home to be within the boundary if that became necessary.

Kathy Whitford, parent of Indian Hills School, was concerned that her children would be moved to a school further away. Their home was up against the hills, four houses away from the Camino Real attendance zone.

Ms. Whitford noted that her children walk one mile to a bus stop near Limonite. If they were transferred to Stone Avenue School they would still walk a mile to ride the bus four miles to a new school.

Anne Hefti, parent, stated she drives her children the one mile to Indian Hills School. If the children were forced to change schools, they would be bused 4.7 miles to Stone Avenue, passing Indian Hills and Camino Real Schools. She felt the new school was built in the wrong location and wants her children to attend a neighborhood school where they can establish relationships. Ms. Hefti said her family moved to this area because of the fine reputation of principal Laverne Manns and the Indian Hills School. She asked the Board to reconsider the boundaries.

Steve Brennan, parent, opposed the boundary change in Area 1 which moved children from West Riverside to Stone Avenue, about 4.7 miles away. Sometimes parents do not have an appropriate vehicle or access to public transportation if they're needed at the school.

Marie Malloy, parent of Indian Hills School, stated the boundary changes were unreasonable since the bus would pass Indian Hills and Camino Real to attend Stone Avenue. Over 200 students may leave West Riverside to travel a distance of over five miles to Stone Avenue. This takes time away from family and school work. Proper transportation would be needed if children missed the bus or had to be picked up at school. Ms. Malloy stated parents at Indian Hills would voluntarily get children to the school closest to their home. The value of real estate could be affected because of busing children five miles to school. Ms. Malloy suggested a meeting to find another alternative.

Melody Arganda, teacher from another district who lives in Indian Hills, said she wants her son to attend the neighborhood school. She felt it was ridiculous for students to travel four miles to ease crowding at Indian Hills School as they drove by Camino Real. Ms. Arganda said some local citizens should have been on the committee to plan boundaries. A couple of years ago this district considered year-round education, but requirements change and this was not an option. Ms. Arganda stated that her district has proven year-round education can work from kindergarten through high school. Children do not get bored in summer. Teachers have less absenteeism because they get a mini vacation every sixty days. She felt boundaries should have been closer to Stone Avenue.

Robert Craig, parent, stated that his children will attend Stone Avenue next year. There was a fence across Martingale Road and it should be cleared. If not, children will be squeezing through the fence or requiring bus transportation.

Kathy Kivley, parent of Indian Hills School, stated she bought a home on Maria Drive so her children could attend Indian Hills School. She asked the following questions: How many students in each third grade class; How many teachers will be hired; How many students per classroom; What other alternatives were there for boundary changes; How many enrolled at Indian Hills ride the bus to school; How long will it take the bus to travel 3.3 miles to Stone Avenue; What was the criteria for this decision; Over how many years was long-term growth projected; and What growth rate was used for projecting student enrollment at Stone Avenue School?

Arnie White, parent, pointed out that students were coming from almost every neighborhood to this new school which seems an expensive solution. Through the years his children have attended a few schools while living in the same house and Indian Hills was the best school. It was very impractical to pass two schools to get to Stone Avenue. Mr. White said he was opposed to the proposal in times of tight finances. Additional busing should be the least of priorities. He suggested locating schools in areas with children population and minimizing problems by sending children to their neighborhood school.

Sara Lampe, parent, stated she was glad the Board considered a reduction in stipend but it was not approved. She asked that this topic be on the next agenda. The district has excellent teachers who dip into their pockets for materials. The proposed cuts should be reconsidered because teachers give the best quality education to the children.

COMMENTS ON
ELEMENTARY
BOUNDARY
ADJUSTMENTS
(Cont'd)

Sally Merha, parent of Van Buren School, stated she lives on Pedley Road and her children will attend Stone Avenue next year. She asked about locations of bus stops and who will be riding the bus; and how the principal and teachers will be chosen. Ms. Merha commended the quality of teachers at Van Buren School. Sixth graders would like to finish out in their present school and she hoped they would be allowed to do that on an intradistrict transfer.

Mrs. Merha noted that Van Buren School has had a lot of graffiti in the last few weeks. Sometimes the chemicals used to remove the graffiti could be harmful to students. They should be kept off campus when removal is taking place to avoid exposure. She hoped the district would consider some other options for the removal of graffiti.

Laura Kodis, parent, said that she was pleased with the instructional program at Troth Street School. The family lives near the boundary of Norco which would add another half hour on the bus if the children were transferred to Pedley.

Juana Varela Huerta requested that her children be allowed to stay at West Riverside School. They do not want to leave the school.

Virginia Trudeau, parent of Indian Hills School, stated that she did not want her children bused four miles from home to Stone Avenue School. As long as she assumes responsibility to drive children to and from school, they should be allowed to continue at Indian Hills. This was the best school and has the best principal.

Diana Butts, parent of Indian Hills School, stated that boundaries should not be changed. The school was a half mile from the house and her child can walk. Under the new boundary her child would be bused four miles to Stone Avenue.

Alvarado Tramble, parent of Indian Hills School, stated that Stone Avenue School was four miles from his home. His wife is working out of town during the week and he is the only one taking care of two children. Mr. Tramble requested an intradistrict transfer for the children to remain at Indian Hills School.

Peggy Steele, teacher at Mission Middle School, encouraged teachers not to ratify the contract for the following reasons: the district did not look into other alternatives; the Superintendent has a high salary and lifetime health benefits; Board members voted no on a stipend cut.

Ms. Steele also noted that some teachers in protest will no longer sponsor activities and field trips. Teachers took a 3% pay cut last year to show good faith. Now another cut was proposed for this year with possibly more financial difficulties next year. Everyone should help with the burden. Ms. Steele stated that teachers should stay united and vote no on contract ratification.

Kelly Milbauer, student at Mission Middle School, said that today she found out the students were not going to take a field trip because teachers didn't get paid enough. After school activities that teachers volunteer for keep kids off the streets.

William Eakin, parent of Indian Hills School, stated that he studied neighborhoods and visited schools long and hard before purchasing a home in Indian Hills. Stone Avenue has far more growth potential than Indian Hills School. Mr. Eakin said as an independent contractor he volunteers his time to the school because of the teachers. Now they may get a pay cut and busing will be more expensive.

COMMENTS ON
ELEMENTARY
SCHOOL
BOUNDARY
CHANGES
(Cont'd)

Myra Dehlen, sister of child attending West Riverside School, stated the teachers were excellent. It only takes her sister five minutes to walk to school and now she may travel on a bus for five miles that could take a half hour. Ms. Dehlen was concerned that changing schools would affect her sister's attitude and performance. She asked why a school was not built in this area since West Riverside has over 1000 students.

Mike Lankford, parent of Indian Hills School, stated that money should be a consideration in order to get good educators otherwise children will suffer. Stone Avenue might be a good school but his family was living in Indian Hills because of that school's reputation. Mr. Lankford asked the Board to consider other avenues because he wants the best for his family.

J. R. Hertz, PTSA president at Van Buren School, said that a previous speaker recommended that teachers not accept the proposed contract. The general public cannot afford a tax increase and next year may be worse. He urged teachers to accept the contract and support Math Field Day and after school activities.

BOARD MEMBER
REPORTS & COMMENTS

Board member John Chavez congratulated the Rubidoux High School AFJROTC Color Guard for their presentation at the RCSBA meeting. A letter of appreciation will be sent to Col. Carroll and the unit.

Board member Sandra Ruane explained that administration develops boundary changes for the Board's review. She pointed out that Jurupa teachers were still the highest paid and she felt that was proof of their importance to the Board and administration. Mrs. Ruane also noted that she would join the teachers in the same degree of sacrifice.

Board member Mary Burns expressed appreciation to the FFA for the beautiful floral arrangement. She planned to serve as a volunteer at the Indio Date Festival. Others were encouraged to attend the festival and view the many projects made by students. Mrs. Burns also clarified that her stipend went toward presentations in classrooms such as the magic show she performs for sixth graders, fundraisers and assistance to FFA.

Mrs. Burns informed Sally Merha that she has spoken to administration about substances used for graffiti removal and this will be resolved.

President Knight thanked the two students from Mission Middle School for addressing the Board and emphasizing that the direction of the district should be the education of our youth.

RECESS

At 9:03 p.m. President Knight called a brief recess. The Board reconvened in public session at 9:17 p.m.

HEARING SESSION

CONSIDER ELEMENTARY
SCHOOL BOUNDARY
ADJUSTMENTS

The Superintendent noted that the public hearing on proposed elementary attendance boundary adjustments effective with the opening of Stone Avenue School in September 1993, raised many questions and concerns. The Superintendent recalled that when he first came to the district thirteen years ago there were 8,000 students and now there are 16,000. The opening of a new school provides an opportunity to reduce the size of existing schools and in particular those with enrollment pressure points such as West Riverside with 1,025 students, Troth Street with 847 students, and Indian Hills with 811 students. With that in mind, the attendance areas affected were highlighted on the display map as follows:

CONSIDER ELEMENTARY
SCHOOL BOUNDARY
ADJUSTMENTS
(Cont'd)

Area 1 from West Riverside to Stone Avenue - The school has over 1,000 students. Approximately 200 children are recommended for transfer to Stone Avenue. Children would be on the bus 15-20 minutes after the bus is loaded and he felt this would be safer than crossing Mission Blvd. although a county crossing guard is provided.

Area 2 from Indian Hills to Stone Avenue - Before Camino Real School was built the whole area was in the Indian Hills School boundary. As a result of continued growth, Indian Hills enrollment has reached 811 students. Some time ago, because of a strong voice from the community, the district provided bus service to some students because of the safety factor of crossing Limonite. Now the question was whether or not to extend that bus service to Stone Avenue.

Area 3 from Camino Real, Area 4 from Van Buren and Area 5 from Pedley would all go to Stone Avenue and reduce the size of those schools.

Area 6 from Troth Street to Pedley has less than 20 students. It has been decided that those children will remain at Troth because of the undeveloped nature of the area. Troth Street is a large school with over 800 students. Moving Area 5 from Pedley to Stone Avenue would reduce Pedley's enrollment and provide space to relieve Troth Street in the future.

The Superintendent stated that the Board's policy which indicates that elementary students may qualify for transportation when they live at distances greater than one mile from their assigned school has not changed. Bus stops are not located further than a mile. He noted that in these tight financial times a problem was created for some parents who have been able to walk to school and now will need transportation to get to Stone Avenue. One option may be to have a small fund to pay for transportation in a real emergency. However, the school principal has been very helpful in this area.

The Superintendent pointed out that consideration was given to keeping neighborhoods together rather than splitting them up.

The Assistant Superintendent Personnel Services explained that the district has a formula for all schools that deals with the number of teachers and class size. A new school would be based on projected enrollment. However, the exact number of students by grade level cannot be determined until the school opens.

The Assistant Superintendent Business Services added that the growth rate districtwide was about 2%. Other criteria that must be taken into consideration when projecting enrollment are progression of students from one grade to the next, and new home construction.

The Superintendent stated that in the late 1970's the Board appointed an ad hoc committee to study growth. It determined the optimum size of an elementary school should be 680 students. Most of the schools in the district are now larger. However, with the opening of Granite Hill and Stone Avenue, some school enrollments will be reduced. The Board was also required by law to review the impact of boundary issues on ethnicity at schools.

CONSIDER ELEMENTARY
SCHOOL BOUNDARY
ADJUSTMENTS
(Cont'd)

In response to question on site selection, the Superintendent explained that administration works in conjunction with the State of California in selecting school sites, the Board does not. A site that may appear geographically well placed to administration may be unacceptable to the State. The Stone Avenue site was chosen a number of years ago. Although a principal has not been chosen as yet, several of the district's principals have expressed an interest. The Assistant Superintendent Personnel Services added that new schools were usually staffed by teachers who volunteer to move, and teachers from schools with overages due to boundary changes. The procedure was subject to the collective bargaining contract and has worked well in the past.

Several parents asked that next year's sixth graders remain in their present school and there be no change in the present middle school and high school attendance boundaries.

SPECIAL BOARD
MEETING 2-8-93

Mr. Chavez stated that rather than make a decision on boundary adjustments at this time, the Board should continue discussion at another public hearing at the earliest convenience. The Superintendent stated the teachers' association will be conducting a ratification election on the contract February 3, 1993, and the Board will be scheduling a Special Board Meeting February 8, 1993 at 6:00 p.m. in the Board Room on the same issue.

ADOPT RESOLUTION FOR
NEW SCHOOL FEE
-Motion #166

The Assistant Superintendent Business Services reviewed that on January 4, 1993 the Board adopted resolutions which established a new school facilities fee of \$1.00 per square foot on new residential construction. Added to the current statutory fee of \$1.65 the new total fee is \$2.65 per square foot. Resolution 93/28 will continue collection of the fee for another 30 days until the new fee of \$1.00 can be permanently implemented on March 5, 1993. He stated that the State Allocation Board acted to make the \$1.00 fee a part of the match. The district had hoped it would be able to retain that extra \$1.00 to use for capital outlay purposes.

MR. CHAVEZ MOVED THE BOARD ADOPT RESOLUTION 93/28 ESTABLISHING A NEW SCHOOL FACILITIES FEE ON AN URGENCY BASIS. MR. KNIGHT SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.
