* c. Proclamation - California Earthquake Preparedness Month

(Mr. Taylor)

Governor Pete Wilson has proclaimed April as California Earthquake Preparedness Month. His goal is to promote earthquake preparedness statewide and motivate Californians to take action to increase their safety and reduce property damage during earthquakes. He has urged school boards to join his "BEAT THE QUAKE" campaign by proclaiming April as Earthquake Preparedness Month.

This year every school and service site in the district will participate in a "Duck, Cover and Hold Drill" on Tuesday, April 20, at 10:00 a.m.

Administration recommends that the Board support Governor Wilson's "BEAT THE QUAKE" campaign by proclaiming April as Earthquake Preparedness Month for the Jurupa Unified School District.

HEARING SESSION

Public Hearing on Proposed Waiver Request

(Mr. Campbell)

As required by law, the Board should hold a public hearing on the proposal that a waiver of Education Code Section 44252 (b) be requested of the California State Board of Education. This code section provides that prior to serving as a day-to-day substitute teacher, an individual must have passed the California Basic Educational Skills Test (CBEST), the same test that is given to fully credentialed regular teachers.

Currently, the district is facing a shortage of substitute teachers which could lead to an inability to provide substitute coverage for teachers who are absent because of illness, personal necessity, jury duty, etc. The waiver requested only applies to those who have not yet had the opportunity to take the CBEST. The term of the waiver expires on an individual basis, after scoring of each regular administration of CBEST has occurred. In February of 1992 the Board approved a request for a similar waiver which will soon expire. Action to request the waiver of Education Code Section 44252 (b) is included as Item J-7. President Knight should open and close the public hearing on the proposal to submit a waiver request.

ACTION SESSION

* A. Approve Minutes of the March 15, 1993 Regular Meeting

Recommend approval as printed.

B. Consider Proposed Development Adjacent to Pedley Elementary School (Mr. Edmunds)

Mr. Joe Terrell has requested to address the Board concerning a proposed zone change that would permit the construction of 50 homes on 12-1/2 acres of currently vacant land immediately south of Pedley Elementary School. The parcel is currently zoned for 1/2-acre lots, and the proposed zone change would permit lots of 7,200 square feet. Mr. Terrell will make a presentation to the Board concerning this project, after which he is seeking a determination from the Board as to whether the District would oppose the change of zone and the project.

The Assistant Superintendent Business Services has advised Mr. Terrell that, with respect to mitigation, the district would request the County to deny this project unless the developer is willing to provide mitigation of \$8,523 per dwelling unit for construction of school facilities.

Board members may recall that prior to the passage of SB 1287 last fall, the district's mitigation program required a fee of \$8,523 per new residential dwelling unit. The district's ability to require this mitigation was based upon the Mira Decision and other precedential court cases which held that land use jurisdictions could require full mitigation in instances of legislative land use changes (i.e. zone changes and general plan amendments). The Riverside County Board of Supervisors, after lengthy discussion, adopted Resolution #92/164 in support of full mitigation for schools. With the enactment of SB 1287, the legal basis for requiring full mitigation has been questioned. The Board of Supervisors has not yet made a final decision with respect to the disposition of Resolution #92/164.

B. Consider Proposed Development Adjacent to Pedley Elementary School (Cont'd)

The district currently has agreements with two developers for mitigation in the amount of \$8,523 per dwelling unit that are grandfathered by SB 1287. These agreements were negotiated in a spirit of fairness that the district would attempt to maintain a "level playing field" for all developers in the district by requiring the same level of mitigation.

In keeping with this mitigation strategy, administration recommends the Board approve this project if the developer is willing to provide mitigation in the amount of \$8,523 per dwelling unit.

* **C. 1993/94 Preliminary Budget Projection**

(Mr. Edmunds)

In January, the Governor proposed a State Budget that would provide the same level of funding for K-12 education as was provided this year. Although there are substantial concerns about the State's ability to provide this level of funding, the Business Office has prepared a Preliminary Budget Projection for 1993/94 based upon the Governor's Proposed Budget. This projection has been prepared using the 1992/93 Budget as a base, and incorporating the revisions made in the Second Interim Report. This budget base is then rolled forward and modified using a set of assumptions concerning additional expenditures for next year. The Preliminary Budget Projection and the assumptions used to generate it are included in the supporting documents.

The first step in developing the 1993/94 Preliminary Budget Projection was to project a Beginning Balance, which essentially consists of the 1992/93 Ending Balance carried over into the next fiscal year. As included in the Second Interim Report, the estimated Unrestricted Beginning Balance is \$2,479,676, and the Estimated Restricted Beginning Balance is \$1,188,333.

Revenue has been estimated using a projected enrollment of 16,523 students, which represents an increase of about 250 students (1.5%) over the current year. The Base Revenue Limit and all other sources of funding are assumed to remain the same as this year. Based on this assumption, revenue for 1993/94 is estimated to be \$62,832,896. Adding this figure to the Beginning Balance results in Total Resources of \$66,500,905.

Expenditures have been projected by applying standard budget allocation formulas for staffing and supplies to the projected enrollment. In addition, assumptions have been made concerning anticipated expenditure increases in the areas of salaries and payroll costs, additional personnel, utilities and capital outlay. Using this method, the Estimated Expenditures for 1993/94 are \$64,551,251.

Comparing Total Resources to Total Expenditures, the District's Unrestricted Reserve next year is estimated to be about \$1,950,000, or about 3%. Based upon this analysis, it appears that the District will have a balanced budget next year with an adequate reserve. For the first time in three years, we do not anticipate the necessity for budget reductions. However, it must be emphasized that this analysis is a preliminary projection, not the Final 1993/94 Budget that will be presented to the Board in June. The Business Office is currently preparing a much more refined budget. As usual, we will not know with certainty what our financial condition will be until the State Budget Act is adopted some time during the summer. Information only.

D. Update on PROJECT GAP

(Dr. Wilson)

The Jurupa District and other local organizations have been working together to alert citizens that protection of our schools and community is everyone's business. A \$50 reward was recently presented to a local citizen for his quick response which led to the apprehension of two graffiti vandals who were painting the walls of one of our schools. The Business Office just received its first restitution in the amount of \$306.72 for labor and materials from two minors who graffitied three of our schools. A major community effort to resolve this serious problem is underway and appears to be starting to produce results.

* **E. Affirm Submittal of Application for Funding of the Early Intervention for School Success Program - 1993/94**

(Mrs. Roberts)

Administration has granted permission for Van Buren Elementary School to submit an application to participate in the Early Intervention for School Success (EISS) program. This is a program to provide diagnostic screening and appropriate developmental instruction programs for students in kindergarten and first grades in order to insure later school success. The school may receive up to \$5,000 to conduct the program. The supporting documents for Board members contain a copy of the application.

It is recommended that the Board affirm administration's decision to allow Van Buren Elementary School to submit an application to participate in the Early Intervention for School Success program.

F. Approve Submittal of Regulation XV Trip Reduction Plans

(Mr. Taylor)

The annually mandated revision of the Regulation XV Trip Reduction Plan is due to the South Coast Air Quality Management District on April 15, 1993. As required in the rule, the District has conducted an employee survey at the four regulated sites, and posted notices to employees that the revised plan is available for review.

Recent amendments to the regulation will create a small savings in training costs this year, and other changes will allow some flexibility in next year's update plan concerning survey methodology.

The results of the employee survey conducted for the week of February 22-26, 1993 show an increase in participation in the rideshare program. Although we have not attained the 1.5 average vehicle ridership goal established by AQMD for the Riverside area, we have moved toward the goal during the past year. The survey also indicates that employees at the four regulated sites are aware of the incentives offered in the program, how to take advantage of the incentives, who to contact regarding the program, etc.

It was the intent of the District to continue to offer the same incentives as were approved last year; however, we have been advised by AQMD staff that without additional incentives the plan will not be approved. Therefore, we are proposing a new incentive. This incentive will permit the use of the driver training vehicles for carpool use. Guidelines will be developed and the gasoline expense will be the responsibility of the carpool participants. The district would provide routine and preventive maintenance on the vehicles. Last year, the Board approved a \$11,680 budget for this program which provides for necessary filing fees, training and substitute costs, printing and clerical supplies, and the program incentives. The proposed new incentive would not increase the approved budget.

F. Approve Submittal of Regulation XV Trip Reduction Plans (Cont'd)

The original plans for all four sites have been revised to reflect current statistical data including number of employees at the site, commuting modes, parking spaces, transit lines serving the area, sidewalk availability, etc. The plans are available for review in Jana Twombly's office.

Administration recommends that the Board approve the submittal of the revised Regulation XV Trip Reduction Plans for the four regulated sites.

G. Review and Act on Timely School Facility Matters

1. Authorize Substitution of Subcontractor on Stone Avenue Elementary School Construction Project (Mr. Edmunds)

RJW Construction Company, Inc., the prime contractor for the construction of Stone Avenue Elementary School, has requested Board approval to substitute for Environments West, Inc., the currently listed landscape subcontractor on the project.

Public Contract Code 4107 prohibits the prime contractor from replacing any subcontractor listed in the original bid except for certain specific reasons, and then only with authority from the awarding body. One of the allowable reasons is if the listed subcontractor fails or refuses to perform his/her subcontracts. On March 12, 1993, Environments West sent RJW Construction a letter advising they were terminating the contract. RJW Construction has unsuccessfully attempted to have the subcontractor reconsider.

The District, per Public Contract Code, sent Environments West a certified letter advising them of the prime contractor's request for substitution; they did not respond, thereby consenting to the substitution.

Administration recommends that the Board approve the request from RJW Construction Company, Inc., to replace Environments West, Inc., on the Stone Avenue Elementary School Construction Project.

2. Hear and or Approve Other School Facility Matters (Dr. Wilson)

Due to frequent changes taking place in facility improvement programs, items which require Board discussion or action may arise between agenda preparation and meeting times. Administration may provide such items as verbal information reports or recommendations for action.

It is recommended that the Board adopt the 1993/94 and 1994/95 School Calendars and 1993/94 Work Year Schedules shown in the supporting documents. Appropriate agreements exist with employee organization on areas that affect them.

There are no substantive changes in work years. The school calendars include four minimum instructional days for elementary schools as recently negotiated with NEA-J.

The purpose of the trip is to participate in the State finals and conference. Transportation will be by district vehicles and accommodations/meals will be arranged by the conference committee. Administration has indicated that students will not be prohibited from attending the activity due to lack of funds. A copy of the Non-Routine Field Trip Request is included in the supporting documents.

It is recommended that the Board approve the Non-Routine Field Trip Request for Rhonda Fuller to travel with nine students to Cal Poly, San Luis Obispo on Friday, April 30 through Tuesday May 4, 1993.

The purpose of the trip is to attend the Southern Counties Aid Expo. Transportation will be provided by district vehicle. Administration has indicated that students will not be prohibited from attending the activity due to lack of funds. A copy of the Non-Routine Field Trip Request is included in the supporting documents.

It is recommended that the Board approve the Non-Routine Field Trip Request for Barbara Dirkswager to travel to San Diego with seven students on Monday, April 19, 1993.

K. Review Routine Information Reports

1. Status of Air Conditioning Districtwide (Mr. Edmunds)

There are currently 30 classrooms in the District that are not air conditioned. Five of these will be air conditioned when Rubidoux High School is modernized. The remaining rooms are listed below with an estimate of the cost required to install air conditioning. The rooms at Troth Street and Pedley Elementary Schools are considerably more costly because they require dropped ceilings, additional electricity, and installation of new lighting as a result of the dropped ceiling. The prices for Rubidoux High School assume utilization of existing air conditioning units that are taken from rooms that are modernized.

<u>School</u>	<u>Estimated Cost Per Room</u>	<u>Total Cost</u>
Pedley Elementary Rooms 5, 6, 15 and 16	\$8,800	\$ 35,200
Rubidoux High School Building C - Rooms 1, 2 and 3 Building D - Rooms 6, 7, 8 and 9 Building V - Rooms 2A and 6	\$5,000	\$ 45,000

President Knight opened the public hearing on RJW Construction Co.'s request to replace Alfaro Constructors, Inc. as the concrete subcontractor on the Stone Avenue Elementary School project. He noted that both parties would present their position regarding this matter. District counsel, Dan McHugh of Best, Best & Krieger, was also present to answer questions and advise the Board of its legal responsibility. The Assistant Superintendent Business Services added that each side would be allowed a brief rebuttal.

Jerry Bell, construction manager for RJW, referred to a letter they sent the school district citing facts regarding Alfaro Constructors, Inc. Mr. Bell stated that the reasons for requesting a replacement of the concrete subcontractor were lack of performance and a breach of labor standards by not paying the prevailing rate. He noted that Alfaro filed a stop notice on the project for additional money, and Mr. Bell further stated RJW had overpaid Alfaro for work done on the project by \$22,000.

Marcos Alfaro, foreman for Alfaro Constructors, stated that it was true RJW paid \$22,000 over what was approved but that was an agreement between RJW and Alfaro. In November a stop notice was filed because RJW was 90 days late in payments. A letter dated December 8, 1992 was sent to RJW indicating that payment was received. It further indicated that the project was running behind schedule because RJW was not resolving problems and Alfaro Constructors would not share in delay costs beyond their control to complete the concrete work. Mr. Alfaro stated they would finish the project if there were no further delays in payment during completion of the project.

Mr. Bell responded that RJW was forced to overpay Alfaro Constructors, Inc. \$22,000, or they would not come back to work or remove the stop notice. However, upon receipt of the money, they sent another letter as mentioned above. Mr. Alfaro did not live up to his word to complete the project and work with RJW's superintendent on a construction schedule. Mr. Bell stated it was a mistake to pay \$22,000 to Alfaro. The issue of floor repair was not forced until December when it had to be done to complete other work.

John Clearman, Superintendent of RJW, stated the project was progressing slowly. At times, Mr. Alfaro had only two to four men on the project and only poured two loads of concrete a day. Mr. Clearman stated that he asked Mr. Alfaro for a schedule before he returned to the site in order to coordinate work with other subs. The daily log shows the manpower actually used.

Mr. Alfaro declined to respond to comments made by RJW representatives.

HEARING ON REQUEST
FOR REPLACEMENT OF
CONCRETE
SUBCONTRACTOR ON
STONE AVENUE
PROJECT
(Cont'd)

In response to Mr. Barnes' question, Mr. Bell of RJW said that in December Alfaro Constructors, Inc. was paid \$22,000 more than what was approved to get them back on the project. Alfaro has requested an additional \$19,000 for December and RJW will not pay for repairing defective workmanship or for only a few yards of concrete. Mr. Alfaro interjected that was not a fair assessment because they had to make payments out of their own pockets.

Mr. McHugh, district's counsel, stated that the Board should focus on whether the Stone Avenue project was being substantially delayed because a subcontractor was not performing and the progress of the work was being disrupted. If this was so, the Board can give consent under law to substitute another concrete subcontractor. Mr. McHugh pointed out that as long as the Board gives due process to the parties involved, listens to the evidence and is fair in its decision, there should be no liability to the district, and the subcontractor can seek his own legal recourse with the contractor. The school district has substantial documentation and the weight of the findings would lean toward the prime contractor, RJW Construction Co. at this time.

Mr. Chavez noted that this was about the fifth substitution for RJW Construction. Future contracts of the district should be strengthened to include a penalty for delays so that projects are completed on time. President Knight noted that the whole focus should be on the path of progress which has been disrupted in terms of completion of Stone Avenue School. The Assistant Superintendent Business Services added that the prime contractor was probably in a position to move forward with a replacement if the Board allows the substitution.

APPROVE REQUEST TO
SUBSTITUTE ANOTHER
CONCRETE
SUBCONTRACTOR ON
STONE AVENUE PROJECT
-Motion #211

MRS. BURNS MOVED THE BOARD APPROVE THE REQUEST FROM RJW CONSTRUCTION CO. TO SUBSTITUTE ANOTHER CONCRETE SUBCONTRACTOR IN PLACE OF ALFARO CONSTRUCTORS, INC. PRESIDENT KNIGHT SECONDED THE MOTION. Mr. Chavez said the issue was a business decision between the major contractor and subcontractor. The district contracted with the major contractor to get the job done and he should be the arbitrator to resolve the problem and not necessarily the Board. Mr. Chavez said he was reluctant to vote on the motion. The Assistant Superintendent Business Services explained that the Public Contracting Code has a provision for such a substitution. As the owner of the project the district can determine if progress has been adversely affected and whether a substitution should be made or not. The concrete work has not progressed and this has impacted the remainder of the project. President Knight reiterated that the district should focus on moving forward to completion of the school. THE BOARD VOTED ON THE MOTION WHICH CARRIED WITH FOUR AYES, AND ONE ABSTENTION, MR. CHAVEZ.

HEARING ON REQUEST
FOR WAIVER

The Assistant Superintendent Business Services stated that historically the district requests a waiver from the State Department of Education from the daily lunch requirement during the summer school session. The Board would take action on the waiver under Item L-5. President Knight opened and closed the public hearing without comment from those in attendance at the Board meeting.

PRESENTATION ON
TRANSITION
PARTNERSHIP PROGRAM

The Assistant Superintendent Education Services introduced Kathi Jensen, Special Education Program Specialist, who commented on the Transition Partnership (TPP) program implemented in schools for special education students this semester. She noted this was Mrs. Jensen's third year working with Dr. Hendrick head of the Special Education Department.

Mrs. Jensen stated that she believes very strongly in the Transition Partnership (TPP) program. Dr. Hendrick instituted the program in Jurupa after hearing about other districts' successful use of this concept. The goal of the program was for special education students to move from the school to adult life through coordinated services. Paul Jensen of Rubidoux High School received favorable responses from other school districts which encouraged the staff to move forward with the TPP program in this district.

Mrs. Jensen stated that she coordinates programs for special education students and teachers K-12. There were 36 high school students in the program. The teachers encourage students to explore careers so they can be responsible citizens when they graduate. This was a cooperative program between the Riverside County Office of Education, the Jurupa District, and State Department of Rehabilitation. Assistance to these students will continue two or more years after graduation from high school. The curriculum covers four different areas: decision-making, career planning, job preparation and independent living skills; job training/employment and followup and evaluation services. Mrs. Jensen said she was looking forward to addressing the Board next year on the success of the program.

CERTIFY 2ND PERIOD
INTERIM REPORT
-Motion #213

The Assistant Superintendent Business Services stated that once the budget is adopted, the district is required to prepare and submit to the County Office of Education First and Second Interim Reports of its financial condition. The County Office waived the First Interim Report because of salary negotiations with the certificated bargaining unit at the time it was due. The Assistant Superintendent reviewed the Second Period Interim Report included in the supporting documents. The report indicates that the district can meet its financial obligations for this year and three subsequent fiscal years. After submittal of the Second Report, the district should have an approved budget for 1992/93 within a couple of weeks.

MR. CHAVEZ MOVED THE BOARD CERTIFY THAT THE DISTRICT WILL BE ABLE TO MEET ITS FINANCIAL OBLIGATIONS FOR THE 1992/93 AND THREE SUBSEQUENT FISCAL YEARS. MR. BARNES SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

MR. BARNES SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

UPDATE ON PROJECT
GAP

The Assistant Superintendent Education Services stated that the Superintendent has periodically apprised the Board of district funds expended on removal of graffiti. The total cost from July 1992 through February 1993 was \$40,888.72. She noted that amount would purchase a lot of instructional supplies. The district was aggressively seeking payment from parents of children responsible for such actions. The community has also come forward to find a solution to the problem. Mrs. Ruane added that the STOP (Stop Tagging Our Property) Committee has formed subcommittees to seek supportive legislation.

APPROVE HIGH SCHOOL
COURSES
-Motion #216

The Assistant Superintendent Education Services stated that both comprehensive high schools have submitted new courses for adoption. AVID, the new course at Rubidoux High School, provides an opportunity for minority students to attend college through extra academic support.

MR. BARNES MOVED THE BOARD APPROVE AVID, BEGINNING DRAFTING, ROP SPORTS THERAPY AND FITNESS, DIRECTED STUDIES, GENERAL WORLD LITERATURE, ALGEBRA A AND ALGEBRA B. MR. KNIGHT SECONDED THE MOTION. Mr. Chavez stated that many students in different school districts credit the AVID program with their successful pursuit of higher education. They felt it was the best program for preparing for entrance into the college system. Mr. Chavez said he was very positive that it would work as well in the Jurupa District. THE BOARD VOTED ON THE MOTION WHICH CARRIED UNANIMOUSLY.

SELECT AUDITOR FOR
1992/93
-Motion #217

The Assistant Superintendent Business Services stated that the Board was required to appoint an auditor for the current year by April 1, 1993. In 1991/92 the audit firm of Vavrinek, Trine, Day & Co. performed this service very creditably. He recommended the Board extend their contract for a second year at a cost of \$18,000. MRS. RUANE MOVED THE BOARD EXTEND THE CONTRACT WITH VAVRINEK, TRINE, DAY & CO. FOR THE 1992/93 FISCAL YEAR. MR. BARNES SECONDED THE MOTION. In response to Mr. Chavez' question, the Assistant Superintendent Business Services stated that administration would go to bid at the end of the firm's commitment to the school district of three years. THE BOARD VOTED ON THE MOTION WHICH CARRIED UNANIMOUSLY.

CAMPUS SAFETY The Assistant Superintendent Education Services stated that for several years the
district has made every effort to promote safety on campuses. Campus supervisors
at the secondary level carry radios and do an excellent job of monitoring parking
lots, etc. to ensure student safety. Administration and guidance coordinators
provide additional supervision on the campus at brunch and lunch time. The
Assistant Superintendent pointed out that student safety continues to be a high
priority and implementation of other suggestions would only be one more measure
of safety on Jurupa campuses. Elementary and secondary principals have discussed
providing some supervisory personnel with metal detecting devices. Other school
districts in surround areas were being contacted for their input. The Assistant
Superintendent stated that she felt parents were aware that safety was of the highest
concern.

Dear Mr. Campbell:

The National Education Association - Jurupa joins the Jurupa Unified School District Board of Education in their request for a waiver from Education Code 44252 Section B - Standards and Procedures for Issuance.

The Jurupa Unified School District continues to make efforts to employ substitute teachers who meet all the qualifications required by the State of California. We recognize there is a shortage of applicants who qualify under these conditions. We believe that the best interests of education would be served by such a waiver.

Sincerely,

Francine Rice

SUBMIT REQUEST TO
APPEAR ON STATE
AGENDA FOR AB 107
-Motion #231

Board member Mary Burns noted that AB 107 would provide incentives to re-establish small businesses in the Los Angeles area. Mrs. Burns' concern was that liquor store owners who normally pay \$6,000 for a license could pay as little as \$100 which would encourage more such stores near schools and be harmful to students. She pointed out that AB 107 has already passed the Ways and Means Committee. The Superintendent stated that under the Brown Act, the Board may direct him to submit a letter to appropriate state legislators requesting to appear on the agenda for AB 107. **MRS. BURNS MOVED THE BOARD DIRECT THE SUPERINTENDENT TO SUBMIT A LETTER TO THE STATE REQUESTING TO APPEAR ON THE AGENDA FOR AB 107. MRS. RUANE SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.**

HEARING SESSION

PUBLIC HEARING ON
PROPOSED WAIVER
REQUEST

The Assistant Superintendent Personnel Services stated that the proposed waiver of Education Code Section 44252 (b) only applies to those substitute teachers who have not yet had the opportunity to take the California Basic Educational Skills Test (CBEST). The term of the waiver expires on an individual basis after scoring of each regular administration of CBEST has occurred. In February 1992 the Board approved a request for a similar waiver which will soon expire. Action to request the waiver is included as Item J-7. President Knight opened and closed the public hearing without any comments from citizens.

ACTION SESSION

-Motion #232

MR. CHAVEZ MOVED THE BOARD APPROVE MINUTES OF THE MARCH 15, 1993 REGULAR MEETING AS PRINTED. MR. BARNES SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

CONSIDER PROPOSED
DEVELOPMENT NEAR
PEDLEY SCHOOL

Mr. Joe Terrell, who requested a change of zone permitting the construction of 50 homes on vacant land south of Pedley School, did not attend the meeting, to make his presentation, therefore, no action was taken.

REPORT ON 1993/94
PRELIMINARY BUDGET
PROJECTION

The Assistant Superintendent Business Services gave a brief overview of the preliminary budget projection for 1993/94. He noted this projection was prepared using the 1992/93 Budget as a base. The Governor had indicated in January that the State would provide the same level of funding for K-12 education as was provided this year; however, there was concern about the State's ability to do this. Administration has no major reductions in the budget at this time. The reserve for next year was estimated to be about 3% which is an adequate reserve.

UPDATE ON PROJECT
GAP

The Superintendent commented that the community's efforts to resolve the serious graffiti problem have started to produce positive results.

AFFIRM SUBMITTAL OF
APPLICATION FOR EISS
PROGRAM

-Motion #233

The Assistant Superintendent Education Services stated that the Early Intervention for School Success (EISS) program will provide diagnostic screening and appropriate developmental instruction programs for students in kindergarten and first grade to insure later school success. Van Buren School may receive \$5,000 to conduct the program.

MR. BARNES MOVED THE BOARD AFFIRM ADMINISTRATION'S DECISION TO ALLOW VAN BUREN ELEMENTARY SCHOOL TO SUBMIT AN APPLICATION TO PARTICIPATE IN THE EARLY INTERVENTION FOR SCHOOL SUCCESS PROGRAM. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.

SUBMIT REGULATION XV
TRIP REDUCTION PLANS

-Motion #234

The Director of Education Services announced that a survey at the four regulated sites participating in the Trip Reduction Plan of the South Coast Air Quality Management District (AQMD) has shown an increase in the rideshare program. AQMD has advised that the district's revision of Regulation XV Trip Reduction Plan, due April 15, requires additional incentives to be approved.

The Director of Education Services stated that in addition to current incentives, it was the district's intent to permit the use of the driver training vehicles for carpool use. The district would maintain the vehicles, but the gasoline expense would be borne by carpool participants. The new incentive would not increase the budget for this program.

MR. BARNES MOVED THE BOARD APPROVE THE SUBMITTAL OF THE REVISED REGULATION XV TRIP REDUCTION PLANS FOR THE FOUR REGULATED SITES. MR. CHAVEZ SECONDED THE MOTION WHICH CARRIED UNANIMOUSLY.
