**Resolution #97/24
In Support of Full State Funding
For Class Size Reduction**

WHEREAS, the State of California has established the Class Size Reduction Program, Education Code Sections 52120 et.seq., for the primary grades in an effort to provide smaller classes and a more effective mode of instruction to California's students; and

WHEREAS, the Jurupa Unified School district Board of Education has determined it is beneficial to the students of the district to reconfigure primary classes in accordance with Education Code Section 52120 et.seq; and

WHEREAS, the State of California has set the 1996-97 funding level for the operational portion of the Class Size Reduction Program at \$650 per pupil in classes of 20:1 or less; and

WHEREAS, the Jurupa Unified School District will fully implement the program in the first grade in February, 1997, and is in a position to calculate that the actual cost of the program exceeds State funding by \$1.1 million; and

WHEREAS, the Jurupa Unified School District is predominantly dependent upon the State of California for the source and amount of its funding;

NOW, THEREFORE, BE IT RESOLVED, that the Jurupa Unified School District Board of Trustees hereby certifies: The financial resources dedicated by the State of California for the Class Size Reduction Program are inadequate for the full implementation of the program, and the Jurupa Unified School District finds it unacceptable to shift further funding away from other district programs and services. It is, therefore, requested that the Governor and the members of the California State Legislature reexamine the funding provided for the operation of the Class Size Reduction Program and allocate financial resources sufficient to pay for the full cost of the program.

Passed and adopted by the Governing Board of Education at a regular meeting held on January 6, 1997.

VISITORS ON CAMPUS

The Board recognizes that it is appropriate and desirable to permit and encourage certain visitors to school campuses. The Board also recognizes that serious liabilities may be presented to students or the school district in cases where people without sufficient reason to be on a school campus are not excluded.

Except for students currently enrolled in that school and employees on active duty in the school district, any visitors to a school campus during the operation of school programs and activities must have permission from the administrator in charge. The administrator in charge will determine whether the time, manner and place of the intended visit represents a danger to staff or students or a potentially serious disruption to the educational process.

To ensure the safety of students and staff and avoid potential disruption, all visitors shall register in the office immediately upon entering any school campus during school hours.

Suitable signs indicating the Board policy requiring visitor permission and denoting school hours shall be posted by each entry gate on fenced school campuses and shall be otherwise posted at logical campus locations at unfenced schools. For this purpose, school hours are defined as being between 6:00 a.m. and 4:30 p.m. Monday through Friday except that school hours for the Adult Education Program extend until 10:30 p.m. Monday through Thursday.

Application of this policy allows for normal transit from the parking lot across the campus to the office where permission may be granted or denied.

Principals may provide an identifying badge to be worn by visitors while on campus.

The principal at each school shall make suitable arrangements for employees to remind visitors to obtain such permission and to notify the office of unidentifiable visitors observed on the campus.

No electronic listening or recording device may be used by visitors or students in any classroom without the expressed permission of the teachers and the principal.

Attn: Benita Roberts, Superintendent

Dear Superintendent Roberts:

Riverside County Fire Department wishes to extend our appreciation for your cooperation in keeping your schools in the highest possible state of Fire and Life Safety conditions, and still providing a comfortable learning environment for the students.

Providing your schools with fire resistant paper for display boards and maintaining fire alarms and fire suppression systems, on the scheduled due dates, prior to Fire Department inspections, helps in facilitating a pleasant atmosphere for all.

The cooperation we have received by your maintenance Supervisor Bill Elszig and Fire Service Technician/Maintenance Worker Tom Mummert have greatly reduced time involved with the inspections by having all exit doors and exit lighting serviced properly. Should any violations be found, rest assured, they are promptly resolved.

Classroom maintenance by staff is above average and have found them to be most cooperative and understanding in facilitating Fire and Life Safety codes.

Supervisor Benita Roberts

INFORMATION SESSION

FLAG SALUTE

Mr. Memo Méndez led committee members and staff in the flag salute to the United States of America.

PURPOSE OF DISTRICT ADVISORY COMMITTEE

Ms. Terri Moreno gave an overview of how the District Advisory Committee is selected. Copies of the District Council Handbook were distributed. Mr. Mendez outlined duties and by-laws of schoolsite and district advisory members. Also contained in handbook are complaint and parent involvement policies and procedures. The handbook covers how an Advisory Committee is involved with matters of educational concern. Ms. Moreno reminded everyone present that representative names must be submitted to the school board for formal approval.

TITLE VI (INNOVATIVE PROGRAMS)

We are continuing to receive funding for Title VI, but the Consolidated Application shows a reduction in the amount allocated. Funding was cut by 25%. We now receive \$64,000. Ms. Terri Moreno shared a end of year survey indicating 55.6% satisfaction with the current program; 44.4% indicated satisfaction with the current program, but would like to see consideration given to funding in the areas of technology, internet, computer software and early intervention/literacy. We will repeat this survey at the end of the 1996-97 school year to assess how the program is doing and priorities for next year.

UPDATE ON REAUTHORIZATION OF TITLE I PROGRAM

The purpose of Title I funding is to help students in low socio-economic communities to excel. Ms. Terri Moreno distributed a handout to assist new members with understanding the goals and policies of this program. Administering this program is a two step process:

- Recognize the Need
- Make a Difference/Show Growth

If the second step is not accomplished, funding may be jeopardized.

GOALS 2000 FUNDING INFORMATION

The primary objective of Goals 2000 is to provide students with the skills and knowledge to work in the 21st century. The following school sites applied for and receive Goals 2000 funding:

Granite Hill
Mission Bell
Pedley
Sky Country
Troth Street
Van Buren
Mira Loma Middle
Jurupa Valley High

Only 40% of the 1995-96 funds have been utilized to date. Governor Wilson recently released the remaining 60% of 1995-96 funding and sites have until June 1997 to use the balance.

**SCHOOL BASED
COORDINATED
PROGRAM
ANNUAL
EVALUATION**

Mr. Gregg Nelsen distributed the Annual Evaluation for 1995-96. Responses included all sites, Title I sites and parents only. There were five possible responses "strongly agree, agree, no basis for judging, disagree, strongly disagree." The responses follow:

1. Student achievement in our school mirrors the School Improvement Plan's objectives. (34% strongly agree, 55% agree)
2. The School Improvement Program has had an impact on creating a more positive school environment and climate. (46% strongly agree, 49% agree)
3. The skills of the instructional staff have been noticeably increased through School Improvement Program sponsored staff development efforts. (42% strongly agree, 44% agree)
4. The School Site Council has been highly involved in establishing the priorities for the School Improvement budget. (31% strongly agree, 52% agree)
