d. Recognize "Better Speech and Hearing Month" (Dr. Hendrick)

The month of May has been designed as, "May Is Better Speech and Hearing Month" by the American Speech and Hearing Association. This is the national professional organization for speech pathologists.

As Board members are aware, the district currently employs 17 speech pathologists, who are technically known in the field of education as Language, Speech and Hearing Specialists. However, in most school districts these professionals are more commonly referred to as "speech therapists" or "speech teachers." Of the 17 employed in our district, 7 work part-time and 10 are employed on a full time basis. Our speech therapists are credentialed by the State Department of Education to provide services to school children, and they are also licensed by the State of California to provide Clinical Rehabilitative Services. Most hold at least a Masters Degree in Communicative Disorders and many also possess what is known as their "CCCs" or Certificate of Clinical Competence" issued by the American Speech and Hearing Association.

Jurupa speech therapists provide a variety of services to approximately 780 children ranging in age from 3 to 21 years old, who have been diagnosed and identified as having one or more communication disorders. All of these children are identified as being in need of special education, as speech therapy provided in a school district is a special education service. Speech therapists provide services not only to children enrolled in public schools, but also in private schools in our area as required by federal and state law.

Ms. Melody Paulsen, Special Education Program Specialists, who is also a credentialed speech therapist, will be present to describe in more detail services provided by the speech therapists. Information only.

These court cases enable local planning jurisdictions to require that developers mitigate impacts on school facilities in situations where the development requires a legislative land use change. The supporting documents contain a resolution that was prepared from the model developed by the California School Board Association.

Administration recommends that the Board approve Resolution #97/35 in Support of the Mira, Hart, Murrieta Decisions.

ACTION SESSION

A. Approve Routine Action Items by Consent

Administration recommends the Board approve/adopt Routine Action Items A 1-8 as printed.

- * 1. Approve Minutes of May 5, 1997 Regular Meeting
- * 2. Purchase Orders (Mrs. Lauzon)
- * 3. Disbursement Orders (Mrs. Lauzon)
- * 4. Payroll Report (Mrs. Lauzon)
- * 5. Agreements (Mr. Edmunds)
- * 6. Adopt at Second Reading Board Policy 4218. Uniforms for Employees (Mr. Edmunds)

At the Board Meeting of May 5, 1997, the Board approved Policy 4218, Uniforms for Employees, at first reading. The major issue addressed by the uniform sub-committee was in consistency in the appearance of employees who are required to wear uniforms. In order to address this inconsistency, it was decided that one of the two uniform allowance payments made by the District (the uniform allowance is paid twice annually: once in December and once in June) will be in the form of a voucher to a vendor who provides uniforms. This would insure that employees spend at least half of the District allotted uniform allowance each year for uniforms. It would also promote consistency in that employees will only be able to buy standardized articles of clothing that are selected in advance by the District. This voucher system will begin with the June 1997 voucher uniform payment. The December uniform allowance payment will continue to be in cash to be used for uniform replacement at the employee's discretion.

Another major issue discussed by the uniform sub-committee was the importance of the uniform in assisting identification and recognition of District employees and the jobs they perform. Out of these discussions, administration is recommending that Maintenance, Grounds, and Custodial employees have different colored uniforms to distinguish the departments which they represent. The major proposed change in Regulation 4218 consists of identifying a uniform for maintenance workers that consists of a light brown or beige shirt and dark brown pants, and for grounds personnel a light green shirt and dark green pants. Custodial, warehouse, and automotive personnel will continue wearing light blue shirts and dark blue pants. Administration is also recommending changes in the uniform for campus supervisors so they are more readily recognizable as figures of authority on campus.

The change in Policy 4218 removes the exception of management personnel assigned to school sites from the requirement to wear uniforms. The effect of this change is to require head custodians at secondary schools to wear uniforms so that they too are easily recognizable as District employees.

Administration recommends that proposed Board Policy 4218. Uniforms for Employees, be adopted at second reading.

A. Approve Routine Action Items by Consent (Cont'd)

- * 7. Resolution No. 97/36. Resolution for Expenditure of Excess Funds (Mrs. Lauzon)
Throughout the school year, the Business Office monitors and adjusts the District's various budgets with respect to both revenue and expenditures. Changes in revenue result from grant applications, increased funding, adjustments to ADA, apportionment reductions, etc.

The method by which the revenue side of the budget is adjusted is to adopt a Resolution for Expenditure for Excess Funds. In this action the Board approves adding revenue to the budget for various purposes. Since the budget was revised on March 17, 1997, the District has received revenue adjustments in the amount of \$919,960, as identified below. Of this total, \$571,031 is unrestricted and will increase the unrestricted reserve. The balance remaining, \$348,929 is restricted in its use and offsetting expenditures are budgeted in these funds.

Supervision will be by staff members and transportation will be by district vehicles. Administration has indicated that no student will be denied the opportunity to participate in this activity due to the lack of funds. A copy of the Non-Routine Field Trip Request is included in the supporting documents.

It is recommended that the Board approve the Non-Routine Field Trip Request from Mr. Jeff Jacobs, Teacher at Nueva Vista High School, to travel to Lone Pine, CA with approximately fourteen (14) students on Friday, May 23 through Tuesday, May 27, 1997.

- * B. Adopt Board Proposal to CSEA, Chapter #392 (Mr. Campbell)

Subject to any changes directed by the Board after public comments in the verbal hearing session, administration recommends adoption of the Board's proposal as printed in the supporting documents as a basis for negotiations.

- C. Approve 1997/98 Mentor Teachers (Mr. Taylor)

The Mentor Teacher Program has been in operation since the 1984/85 school year. Funding is provided by the legislature and does not encumber the general fund. Mentor teachers provide assistance to new teachers and are recommended for appointment based on their expertise as teachers, their commitment to the profession and their ability to share their subject matter knowledge, or other teaching expertise, with their colleagues.

C. Approve 1997/98 Mentor Teachers (Cont'd) (Mr. Taylor)

During the past few weeks, the Mentor Teacher Selection Committee reviewed applications of several candidates, interviewed each candidate and interviewed administrators and teachers familiar with the candidates' qualifications. A list of candidates endorsed by the Mentor Teacher Selection committee will be reviewed by the Board during Closed Session.

After consideration in Closed Session, it is recommended that the Board appoint thirteen (13) and one (1) alternate 1997/98 Mentor Teachers from the list of candidates endorsed by the Mentor Teacher Selection Committee.

Resolution #97/35

A RESOLUTION OF THE BOARD OF EDUCATION OF THE JURUPA UNIFIED SCHOOL DISTRICT IN SUPPORT OF THE MIRA, HART, MURRIETA DECISIONS

WHEREAS, the Jurupa Unified School District ("District") recently has experienced and anticipates future significant residential growth within the boundaries of the School District; and

WHEREAS, in order to accommodate the students generated from the residential projects relating to such growth, the School District has entered into mitigation agreements with the developers of such residential projects; and

WHEREAS, the School District has relied upon the Mira Development Corporation v. City of San Diego; William S. Hart Union High School District v. Regional Planning Commission of the County of Los Angeles; and Murrieta Valley Unified School District v. County of Riverside decisions ("Mira Decisions") for the authority to enter into such mitigation agreements; and

WHEREAS, the Governor and some development interests are supporting legislation to repeal the Mira Decisions; and

WHEREAS, if the Mira Decisions are repealed, the School District would be unfairly burdened to provide the necessary school facilities for the students generated from the residential development within the boundaries of the School District; and

WHEREAS, without the Mira Decisions, the School District would lose approximately \$42,500,000 with respect to funding of school facilities; and

WHEREAS, the State of California currently has a backlog of \$5 billion to \$6 billion with respect to school facility construction and a projected need of \$30 billion over the next 10 years; and

WHEREAS, the codification of the Mira Decisions will ensure that cities and counties continue to have the right to consider school facility impacts when making certain land use decisions; and

NOW, THEREFORE, the Board of Education (the "Board") of the Jurupa Unified School District does hereby resolve, determine and order as follows:

Section 1. That the School District opposes any attempts to repeal the Mira Decisions.

Passed and adopted this 19th day of May, 1997.

GOVERNOR PETE WILSON

May 7, 1997

Ms. Benita B. Roberts
Superintendent
Jurupa Unified School District
3924 Riverview Drive
Riverside, California 92509

Dear Ms. Roberts:

Thank you for your letter regarding class size in California public schools. I appreciate you sharing your thoughts with me on this issue.

As you are well aware, many of the classrooms in California's more than 7,700 public schools have been overcrowded for years. Unfortunately, classes containing younger students, between grades 1 and 3, were the most heavily impacted. Two years ago, it was not uncommon to have 30 or more students packed into a classroom. Recognizing the need for smaller classes, I signed the educational provisions of last year's State budget to ensure that young students receive individualized attention early, in their most impressionable stages.

Specifically, the budget directed \$771 million in incentive funds to reduce class size to 20 students in grades 1-3 in every California school wishing to participate. The class size reduction program emphasized flexibility as well: schools were given two options in how they would achieve the fixed reduction. Under option one, schools could claim \$500 per pupil in any class which was reduced in size to a 20:1 student/teacher ratio. Under the second option, districts could claim \$250 per pupil in any class in which the ratio was reduced to 20:1 for one-half the instructional minutes per day -- with all periods of math and reading instruction occurring in the more individualized setting.

The positive impacts of our class size reduction program are indisputable. Today almost one million children are learning to read in classes of no more than 20, and nearly 95 percent of the school districts are participating. Despite all of our successes, we must ensure the continuation of these efforts; and we must maintain adequate funding for facilities and programs. My new budget proposal for 1997-98 education spending directs \$488 million to fully implement class size reduction in kindergarten through the third grade. Of this amount, \$304.3 million will go towards implementing the statewide program in one additional grade.

Page 2

I have also included a \$2 billion school construction bond in this year's budget proposal, which would include significant reforms to simplify the current, overly cumbersome approval process, provide for additional facilities and accommodate our continuing growth in enrollment.

We are investing heavily in our public schools because healthy young minds are the keys to a healthy future for California.

Sincerely,

A handwritten signature in black ink, appearing to read "Pete Wilson". The signature is fluid and cursive, with the first name "Pete" and last name "Wilson" clearly distinguishable.

BOARD MEMBER
REPORTS & COMMENTS
(CONTD)

Mrs. Adams thanked Rustic Lane Principal, Mr. John Wheeler, for inviting the Board to his site and she commended the students and teachers for working together to provide the dance presentations for "Cinco de Mayo." She noted her attendance at the NSBA conference in Anaheim during the last weekend in April, and indicated that she brought back information to share with the Board from the "New Board Member Workshop" which emphasized trust, respect and communication in order to provide a quality education for students.

Mrs. Burns commented that while attending the NSBA conference in Anaheim, she visited several interesting exhibits and booths. As a follow-up to one particular booth that she visited concerning the screening/testing of children that may have scotopic vision syndrome, she asked for a written report for the Board regarding the status of district testing for this problem. Mrs. Burns stated that she viewed a video provided by the Administrator Education Support Services, Dr. Bill Hendrick, concerning this subject, and will pass the video on to other Board members interested in viewing it.

Mrs. Burns noted that last week she also attended a CFIER workshop on "Maintaining and Strengthening Employee/Employer Relationships." She asked that an EPA web site address that she received from Peralta Elementary Principal, Mrs. Anne Swick, be listed in the district publication, "It Happened On Monday." This web site address provides a fun, educational resource for students and teachers concerning recycling.

President Chavez thanked Rustic Lane Principal, Mr. John Wheeler, for his hospitality. He noted the successes of the recent Lions Club Spaghetti Dinner to raise funds for eyeglasses for students and the Jurupa Hispanic Association's barbecue to raise funds to provide scholarships for student recognition in June. President Chavez thanked those who bought tickets to these events to support students. He commented that he attended Assemblyman Pacheco's Education Advisory Committee meeting, and a planning meeting sponsored by Supervisor Tavaglione for the upcoming Teen Expo '97 scheduled for May 17 at the Club Metro, involving both high schools. President Chavez reminded the Board of the upcoming RCSBA meeting scheduled for May 12 and highlighted the topics discussed at CSBA's recent Delegate Assembly meeting in Sacramento. He submitted the Delegate Assembly's "Position Statement on Welfare Reform" and their Position Statement on "School-Sponsored Prayer." He noted that the foremost topic discussed by the Assembly was the Class Size Reduction program and adequate State funding.

In response to Mrs. Adams request, the Superintendent indicated that administration will provide a report concerning the review of the district's goals and their status as it relates to achievement of the goals. She reviewed the development of the district's Mission Statement, six goals and the Action Plans for each school site.

UNIFORMS FOR EMPLOYEES

It is the intent of the Board of Education that certain classified employees of the Jurupa Unified School District wear uniforms while performing their general duties. All Food Service, Maintenance, Operations, Transportation, Warehouse personnel and campus supervisors regularly assigned to schools are required to wear uniforms while on duty. These uniforms will aid in identification and recognition of personnel and add an aura of authority to school employees. Bus driver and cafeteria uniforms also promote safety and health factors.

For this purpose, the District will pay a uniform allowance to employees employed on a regular status. Employees who are required to wear uniforms must be in uniform daily no later than the second week of employment.

If jackets are a required portion of the uniform, the District will bear the costs of the jacket in addition to the uniform allowance. Such District-furnished jackets are considered as equipment and must be returned or paid for at termination of employment.

Name tags and/or identification patches furnished by the District shall be worn as part of the required uniform.

Employees who fail to wear the required uniform to work will be sent home to change into their uniforms. Employees are responsible for maintaining their uniforms in a neat and clean appearance. Employees who fail to maintain their uniforms as required will be sent home to change. Their work day will not commence until they return to work properly attired. Time spent by employees securing the proper or clean uniform will not be compensated.

RESPONSE TO CSEA COLLECTIVE BARGAINING PROPOSAL
(May 5, 1997)

The current 1995-98 Agreement between the Jurupa Unified School District and California School Employees' Association, Chapter #392 was the product of many hours of good faith bargaining.

Although the resulting Agreement represented compromises between the original proposals of each side, District operations in accord with its provisions have not created significant problems. Both the quality of the Agreement and mutual efforts by the parties to comply with its terms have contributed to this success.

One part of the current Agreement is to reopen negotiations in 1996-97 on Article XIV- Basic Compensation and Article XVII- Health and Welfare Benefits. Additionally, either party may select up to two additional Articles to reopen.

The Board of Education therefore makes the following proposal in regard to reopener negotiations:

1. Improve the Classified Salary Schedule and the District contribution to Health and Welfare Benefits in amounts and at times that do not hamper the District's ability to maintain a District budget in which expenditures do not exceed revenues and which provides an adequate contingency reserve.
2. Revise Article XXIV, Duration so that the existing contract will remain valid through June 30, 1999. The Agreement should provide for reopener negotiations on the Classified Salary Schedule and Health and Welfare Benefits for the 1998-99 school year.
3. Make specific additions, changes or deletions as listed below:

*page 53, line 11 - Delete Section 4 - Position
Reclassification

*page 53, line 11 - Add "The District shall comply with the requirements of the Education Code regarding position reclassification.
