JURUPA UNIFIED SCHOOL DISTRICT
BOARD OF EDUCATION
REGULAR MEETING
AGENDA

MISSION STATEMENT

The mission of the Jurupa Unified School District is to create for our students a dynamic learning environment that is safe, healthy, and based on mutual respect, cooperation, and support among students, staff, parents, and the broader community. Staff and parents serve as educators and positive role models for all students by helping them develop a sense of responsibility, character, creativity and the skills to become successful, productive citizens of our democracy.

COMMUNICATIONS SESSION

1. Report of Student Board Members

a. Hear Reports from 2001-02 Student Board Members (Mr. Edmunds)
The Board welcomes Imran Farooq, Jurupa Valley High Student Board Member, Greg Duchon, Rubidoux High Student Board Member, and Michelle Knutson, Nueva Vista Continuation High Student Board Member. In addition, Student Board Members may wish to address the Board regarding student achievements, interests, or other matters.

2. Recognition

a. Recognize Former President of the Board (Mr. Edmunds)
Mr. Sam D. Knight, Sr. will be presented with a plaque in recognition of his service as President of the Board of Education from December 1997, through December 2001. Information only.

* b. Adopt Resolution #02/25 Yellow Ribbon Celebration - Commitment to Safe Schools and Violence Prevention Week (Ms. Sheppy)
The Yellow Ribbon Campaign will be celebrated in every community in America during "Yellow Ribbon Celebration," January 21 - 25, 2002. Parents, students, teachers, other school personnel, and members of the Jurupa community will demonstrate their commitment to safe schools and violence and suicide prevention by wearing or displaying yellow ribbons or other appropriate items during this weeklong campaign.

Sponsors of the campaign view this as an opportunity to create district-wide positive peer pressure, provide educational violence prevention activities, and engage community support. The Safe Schools Committee is requesting the Board's support to encourage participation during this important week in January. A copy of Resolution #02/25 is included in the supporting documents.

Administration recommends adoption of Resolution #02/25, Yellow Ribbon Celebration, Commitment to Safe Schools and Violence Prevention Week.

c. Accept Donations (Mr. Duchon)
All donations are given to Jurupa Unified School District with the request that the money or item be used at the designated school.

United Way, through an Edison International employer contribution program, wishes to donate $30.00 to purchase instructional materials for Camino Real Elementary School.

Parents of Peralta Elementary School students wish to donate $1,261.00 to pay expenses for a student field trip to a Green Meadows Production.

The Rustic Lane Elementary School PTA wishes to donate $1,700.00 to purchase instructional materials ($1,200.00) and to pay student admissions for a field trip ($500.00).

Through a charitable contributions program, "Box Tops for Education", General Mills raised $600.00 to donate to Rustic Lane Elementary School. The funds will be used to purchase instructional materials.

Rick Engineering Company, of San Diego, wishes to donate $250.00 for Rustic Lane Elementary School's sixth graders to attend science class camp.

Parents of Van Buren Elementary first grade students wish to donate $74.00 to pay student field trip expenses to a performance by Charlotte Diamond.

Parents of Van Buren Elementary second grade students wish to donate $68.00 to pay student field trip expenses to the Jurupa Nature Center.

The Sky Country Elementary School PTA wishes to donate $2,846.66 to purchase computer software.

United Way, through an Edison International employer contribution program, wishes to donate $75.00 to purchase instructional materials for Sunnyslope Elementary School.

The Jurupa Middle School PTA wishes to donate $2,000.00 to pay for the school's share of the Reading Is Fundamental (RIF) program.

The Mira Loma Middle School PTA wishes to donate $500.00 to purchase classroom supplies.

Parents of Mira Loma Middle School students wish to donate $363.45, with the request the funds be used to pay expenses for Science Class field trips.

United Way, through an Edison International employer contribution program, wishes to donate $180.00 to purchase instructional materials for Mission Middle School.

The following company/individuals wish to donate funds to the Rubidoux High Associated Student Body Fund, with the request the funds be used for the Boys' JV Soccer program.

Eugene & Robin Gentry	$50.00
Deborah Lewis	$50.00
Leticia & Luis Albarran	$50.00
The Recycler Core Company, Inc.	$50.00

Western Metal Lath, of Riverside, wishes to donate $400.00 to the Rubidoux High School Associated Student Body Fund, with the request the funds be used for the Girls' Basketball Program.

Mrs. Gladys Robison, a resident, wishes to donate two guitars, with the request they be used in the District's music program. The total approximate value is $150.00.

Administration recommends acceptance of these donations, with letters of appreciation to be sent.

d. Recognize Golden State Examination Seal Merit Diploma Winners – 2001 (Dr. Mason)
After analyzing the results of the May 2001 Golden State Examination, two additional seniors have qualified to receive the Golden State Seal Merit Diploma Award. This award is given to those graduating seniors who receive high honors, honors, or recognition designations on at least six Golden State Examinations: U.S. history, reading/literature or written composition, a mathematics examination, a science examination, and two other examinations of the student's choice. Administration and the Board wish to congratulate the following qualifying students: Rhabecca Graff, Jurupa Valley High School, and Rizwan Haque, Jurupa Valley High School. Information only.

* e. Recognize Receipt of Immediate Intervention/Underperforming Schools Program (II/USP) Funding (Dr. Mason)
The District was recently notified by the California Department of Education that funding in the amount of $200,000 was approved for identified schools participating in the 3rd Cohort of the Immediate Intervention/Underperforming Schools Program (II/USP) program. The identified schools (Granite Hill, Troth Street, Jurupa Middle, and Mira Loma Middle) will receive $50,000 each to begin planning and implementation of a plan to increase student achievement. A copy of the grant award is included in the supporting documents. Information only.

f. Recognize EISS Grant Award for Sunnyslope Elementary School Teachers (Dr. Mason)
The district was recently notified that Lorayne Garrison and Deborah Cedarholm, Sunnyslope Elementary teachers, have been awarded a $1,500 grant to serve as EISS Coaches. These teachers will attend a mandatory training at a cost of $500 and the remaining $1,000 will be used to support the classroom and reimbursement for expenses incurred from developing a coaching/consulting relationship with an assigned EISS school. Administration and Board members offer congratulations to these teachers. Information only.

* g. Recognize Golden State Examination Scholars (Dr. Mason)
Seven hundred twenty-one (721) Jurupa Unified students received high honors, honors, or school recognition in the Spring 2001 California incentive program, the Golden State Examinations (GSE), administered in May 2001. In 2001, more than 893,000 students statewide took part in the economics, government/civics, high school mathematics, reading/literature, and written composition examinations. Three hundred eighty-seven of these students attend Jurupa Valley High School, and three hundred thirty-four attend Rubidoux High School.

The purpose of these examinations, established by the California Education Reform Act of 1983 (SB 813), is to identify and recognize students with outstanding achievement in first-year algebra, geometry, high school mathematics, economics, government/civics, U.S. history, reading/literature, written composition, biology, chemistry, second-year coordinated science, and Spanish. Students aim for one of three levels of award – high honors, honors, or school recognition. Students who achieve high honors or honors on the GSE receive a certificate of achievement from the State and an insignia on their diplomas. Notice of GSE achievement also will become part of each student's permanent transcript. A copy of the list of students receiving high honors or honors is included in the supporting documents. Information only.

h. Recognize "Best of the Best" for September, October, November – Employee Recognition Program (Mr. Edmunds)

Outstanding nominations were received from employees throughout the District recommending a colleague for the first trimester of the "Best of the Best" employee recognition program. Those selected for honorable mention are:

Irma Adauto	Transportation Technician	Transportation
Tom Bystrzycki	High School Teacher	Rubidoux High School
Alice Cornejo	High School Teacher	Rubidoux High School
Ron Crawford	Resource Specialist	Rubidoux High School
Marie Johnson	Secretary - H/S Asst. Principal	Jurupa Valley High School
Linda Kibler	Cafeteria Mgr.-Elem.	Granite Hill Elem. School
Loren Mathis	Substitute Custodian	Maintenance
Roberta Pace	Teacher on Special Assnmt.	Mission Middle School
Susan Ridder	Teacher	Mission Middle School
Bryan Smith	Nurse	Education Center
Juanita Trujillo	Cafeteria Asst. II	Food Service/MLMS

Selected as the "Best of the Best" of Jurupa employees for September, October, and November are Alison Hernandez, Secretary/Account Clerk in Maintenance, Art Ayala, Custodian Specialist, and Travis Castillo, Heating and Air Conditioning Mechanic. When co-worker, Loren Mathis, suffered a heart attack on October 23, 2001, Alison, Art, and Travis were instrumental in assisting on the scene by summoning help and clearing the route for emergency vehicles, calling 911, and performing CPR until the paramedics arrived. They remained calm and took control of the situation until help arrived. They all went above and beyond to help a co-worker. Information only.

i. Recognize Education Support Services Employee of the Year (Dr. Mason)

Each year departments are given an opportunity to submit a candidate for "2001 Employee of the Year." This evening it is a pleasure to recognize Ms. Amy Allison as Education Support Services "2001 Employee of the Year." Ms. Allison came to the Jurupa Unified School District in January 2001 and works as a school psychologist and behavior specialist for Education Support Services. Ms. Allison's leadership at the district and school levels enables her to work effectively with parents, students, and staff. Furthermore, Ms. Allison is a caring and enthusiastic employee who works collaboratively with everyone.

It is a delight this evening to honor Ms. Allison as the District's Education Support Services "2001 Employee of the Year."

j. Recognize Classified Management Staff of the Year (Mr. Duchon)

This year the district opened a new category in order to honor a Classified Manager of the Year. A nomination form was sent to each employee throughout the district asking that the candidate's name be returned with rationale that included strong leadership qualities, clear vision and commitment to service, skills and knowledge, commitment to high standards, professionalism, and impact and influence. Numerous nominations were received acknowledging the outstanding qualities of many employees. However, two candidates really stood out as someone who goes over and above what is required of them.

This evening it is our pleasure to honor Ms. Pam Lauzon. Ms. Lauzon began working for JUSD in April 1984 as an account clerk, became a budget technician in July 1987, an accountant in December 1987, and a Supervisor of Accounting in October 1989. She advanced to Director of Business Services during 1994/95. Ms. Lauzon models the highest degree of competency in management and the technical duties of her job and exemplifies dedication, mastery of her craft, leadership, and integrity.

It is also a delight to honor Mr. Ron Garcia who has consistently modeled leadership, teamwork, and high standards. Mr. Garcia started working for JUSD in August 1974 as a custodian, advancing to head custodian in 1975, then head custodian at a high school in 1978, and advancing to his current position as Supervisor of Maintenance and Operations. Mr. Garcia is a caring and compassionate administrator who provides clear communications, work ethics, diligence, and commitment to excellence.

It is with the utmost pleasure and delight that we honor Ms. Pam Lauzon and Mr. Ron Garcia as this year's "2001 Classified Managers of the Year." Information only.

k. Recognize Jurupa's "Principal of the Year" (Dr. Mason)

Each year the district is invited to submit the name of a candidate for the County's "Principal of the Year." This competition gives districts an opportunity to recognize an important leader among the school site management staff. This year we are pleased to honor Ms. Tamara Elzig as Jurupa's "2002 Principal of the Year." Ms. Elzig came to Jurupa in 1990 as a teacher, serving at Sunnyslope Elementary. She left Sunnyslope in 1992 to teach at Granite Hill Elementary, where she stayed until becoming Sunnyslope's principal in 1998.

Ms. Elzig is committed to high student achievement and standards. She has devised many areas to involve parents in their student's education and improve student attendance and achievement. She is committed to her school, staff, parent organizations, and improved student outcomes.

Ms. Elzig has led a committee of teachers to revise the kindergarten report card, served as co-principal of the Extended Learning Opportunity summer school, and served on various district committees. Furthermore, Ms. Elzig is a caring and enthusiastic administrator who provides clear communications, focuses on quality teaching and learning, and possesses strong technical skills, work ethic, diligence, and commitment to excellence. It is a delight to honor Ms. Elzig this evening as the District's "Principal of the Year." Information only.

l. Recognize Jurupa's "Administrator of the Year" (Dr. Mason)

The Riverside County Office of Education offered districts an opportunity to select a district administrator to be recognized at the *Celebrating Educators* event in May. Staff members throughout Jurupa were invited to submit a nomination based on personal and technical strengths, contributions to their department, community involvement, and communication skills. We are pleased to honor Dr. Ellen Kinnear as Jurupa's "2002 Administrator of the Year." Dr. Kinnear has worn many hats while performing her duties in Jurupa, including serving as a teacher, staff development coordinator, principal, and district administrator.

For the past five years, Dr. Kinnear has provided leadership through her position of Director of Curriculum and Instruction. She played a crucial role in the district's efforts to develop clear and balanced curriculum standards, standards-based assessments and materials, and quality staff development and research-based instruction aligned with these standards.

Dr. Kinnear is a caring and enthusiastic administrator, offering her assistance anywhere she is needed. It is an honor to recognize Dr. Kinnear this evening as the District's "Administrator of the Year." Information only.

m. Recognize "2002 Support Person of the Year" (Dr. Mason)

Each year the Riverside County Office of Education invites school districts throughout the County to submit the name of a classified employee for the "Support Person of the Year" competition. This evening twenty-five (25) classified employees are being recognized as their respective department or school site's "2002 Support Person of the Year." All are excellent representatives of their profession and symbolize the positive contributions to public education and our democratic society.

After recognizing these twenty-five (25) employees, we will announce Jurupa's "2002 Support Person of the Year." This person(s) will represent our district in the County's *Celebration of Education* in May. Congratulations to these outstanding employees.

Mr. Richard Jenkins	Camino Real Elementary
Ms. Judy Lester	Glen Avon Elementary
Ms. Linda Kibler	Granite Hill Elementary
Ms. Annie Patino	Ina Arbuckle Elementary
Ms. Veronica Carrera	Indian Hills Elementary
Ms. Susan Goodwine	Mission Bell Elementary
Ms. Maria Fullerton	Pacific Avenue Elementary
Ms. Lilia Guillen	Pedley Elementary
Ms. Alisa Brunson-Pyburn	Peralta Elementary
Ms. Janice Pellegrin	Rustic Lane Elementary
Ms. Shannon Cleland	Sky Country Elementary
Ms. Debbie Brokar	Stone Avenue Elementary
Ms. Teresa Regalado	Sunnyslope Elementary
Ms. Amelia Raya	Troth Street Elementary
Ms. Kym Adame	Van Buren Elementary

Ms. Olivia Ugale	West Riverside Elementary
Ms. Mary Ray	Jurupa Middle School
Ms. Dorothy Tyler	Jurupa Middle School
Ms. Audrey Catt	Mira Loma Middle School
Ms. Peggy Johnson	Mission Middle School
Mr. Jose (Pepe) Dominguez	Jurupa Valley High School
Ms. Ellen Vanta	Rubidoux High School
Ms. Vicki Jacobs	Rio Vista High School
Mr. John Collier	Learning Center
Mr. Chris Eckert	Food Services

After the recognition ceremony, the Board President will call for a short recess so family, friends, and members of the community may offer congratulations.

3. **Administrative Reports and Written Communications** (Mr. Edmunds)

4. **Public Verbal Comments**
This communication opportunity is included on the agenda of each regular Board meeting so citizens can make suggestions or identify concerns about matters affecting the school district, or request an item on a future agenda. California law states that there shall be no action on items not shown on the published Board agenda. The Board President will call on speakers who have completed cards requesting to be heard. Comments should be limited to five minutes. The Board may not have complete information available to answer questions and may refer specific concerns to the staff for appropriate attention.

5. **Board Member Reports and Comments**
Individual Board members may wish to share information about topics not on the agenda, report on committee activities or request items on a future agenda.

ACTION SESSION

A. **Approve Routine Action Items by Consent**

Administration recommends the Board approve/adopt Routine Action Items A 1-6 as printed.

* 1. Approve Minutes of December 10, 2001 Regular Meeting
* 2. Disbursement Orders (Mrs. Lauzon)
* 3. Agreements (Mr. Duchon)
* 4. Accept and Ratify Report of Purchases (Mr. Duchon)

Due to difficulties the District has experienced with both the "OneSource" purchasing software and the "Galaxy" financial system, Administration has been unable to produce any report of purchases for the Board's approval since September 28, 2000. Recent fixes to the systems have allowed the production of these reports. Included in the supporting documents is a Report of Purchases for the fiscal year 2000/2001 that covers the period from 9/28/2000 through 6/30/2001; and for fiscal year 2001/2002 covering the period 7/1/2001 through 12/6/2001. Administration expects to be able to regularly produce the reports from this period forward. Administration recommends the Board accept and ratify the Reports of Purchases for periods 9/28/2000 through 6/30/2001 and 7/1/2001 through 12/6/2001.

* 5. Approve Non-Routine Field Trip Request from Jurupa Valley High (Dr. Mason)
Mr. Robert Norwood, teacher at Jurupa Valley High School, is requesting approval to travel to Indio on Monday, February 18 through Sunday, February 24, 2002 with approximately eighty (80) students. The purpose of the trip is to provide students an opportunity to participate in the annual National Date Festival. Students will groom and show their livestock projects during the Festival. Staff members and volunteer parents will provide supervision, transportation will be by district vehicles, and costs will be paid through donations. Administration has been assured that no student will be denied an opportunity to participate in this activity due to a lack of funds. A copy of the Non-Routine Field Trip Request is included in the supporting documents. It is recommended that the Board approve the Non-Routine Field Trip Request from Mr. Rob Norwood to travel to Indio with approximately eighty (80) students to participate in the annual National Date Festival on Monday, February 18 through Sunday, February 24, 2002.

* 6. Approve Non-Routine Field Trip Request from Rustic Lane Elementary (Dr. Mason)
Ms. Susan Henry, Mr. Luis Hernandez, and Ms. Judy Lynch, teachers at Rustic Lane Elementary School, are requesting Board approval to travel to Balboa on Tuesday, March 19, 2002 with approximately one hundred four (104) students in the 5th grade for a whale-watching expedition. The purpose of the trip is to provide students an opportunity to study life cycles of sea life and write an essay about whales. District vehicles will provide transportation and costs will be paid through PTA and staff donations. Administration has been assured that no student will be denied an opportunity to participate in this activity due to the lack of funds. A copy of the Non-Routine Field Trip Request is included in the supporting documents. It is recommended that the Board approve the Non-Routine Field Trip Request from Ms. Susan Henry, Mr. Luis Hernandez, and Ms. Judy Lynch to travel to Balboa on Tuesday, March 19, 2002 with approximately one hundred four (104) students in the 5th grade.

B. Approve School-Within-A-School and Third Continuation High School (Mr. Edmunds)
Several years ago, as part of the Public Schools Accountability Act of 1999 mandated by the legislature and regulated by the State Board of Education, school districts throughout California were required to implement new programs such as standards-based education, STAR (SAT9 and CST) assessments, rigorous retention criteria, the Academic Performance Index (API), and the California High School Exit Exam (CAHSEE). As school districts have attempted to put these new initiatives into place, they have been faced with the challenge of adapting current educational programs to more singular academic approaches to schooling. In Jurupa Unified, for example, it has become apparent that until standards-based instruction (including higher accountability and student mastery of academic skills) has been successfully implemented at the elementary and middle grades, many students may fall short of gaining the academic skills and credits necessary to successfully pass the CAHSEE and graduate from high school. Although various factors (e.g., continuation school, adult education, summer school, expanded independent study opportunities, and our second summer graduation ceremony) have led the District's high school attrition rate (number of students graduating divided by the number of students enrolling in ninth grade) to decline from 54% five years ago to 35% and 40% during the last two years, the new academic expectations of CAHSEE and analyses of our current students' success in obtaining high school credits suggest a need to create new programs aimed at improving our students' achievement and graduation rates.

Many ideas are currently being discussed (e.g., a Basic Skills Academy for students who have not mastered basic academic skills, Year-Round Fundamental Magnet Schools focused on reading, writing, and mathematics skills, and alternative evening or weekend educational opportunities to support students in need of significant academic support). This evening, Dr. DeWayne Mason, Assistant Superintendent of Education Services, will share information about two pilot programs—A School-Within-A-School, designed by the Jurupa Valley High School Principal, Mr. Ron Shecklen, and his staff, and a third session of Nueva Vista Continuation High School, developed by Mr. Mike Chalmers and Mr. Paul Jensen, Principals of Nueva Vista Continuation High School and the Learning Center, respectively. If approved by the Board, these pilot programs will be implemented during the second semester. Assuming that evaluations of these programs demonstrate success, larger and more comprehensive and refined programs may follow during the 2002-2003 school year.

Administration recommends the Board approve implementation of a School-Within-A-School Program and a Third Session of Continuation High School for the second semester of 2002.

* **C. Approve Submittal of English Language and Intensive Literacy Program Grant Application** (Dr. Mason)

The district is eligible to apply for English Language and Intensive Literacy Program (ELIP) funding for students in grades K-8. If approved, this application could give the district $340,000 and provide increased instructional opportunities for students who are having difficulty learning English and mastering reading. The grant application includes a plan for providing intensive English language education and will serve about 850 students in grades K-8. This program requires 120 hours of instruction and an Intensive English Academy (IEA), a part of the district's summer ELO program, which provides 105 hours of supplementary English language development and literacy instruction per student. Fifteen (15) hours of instruction will be completed during the 2001-2002 school year through an after school program. A copy of the application is included in the supporting documents.

It is recommended that the Board approve the submittal of the English Language and Intensive Literacy Program application for funding in the amount of $340,000.

* **D. Approve Submittal of 2001-2002 Vocational Education Application** (Mr. Edmunds)

The district is eligible to apply for Vocational Education funding for high school programs. The grant includes the required four-year state plan entitled, "Carl D. Perkins Vocational and Technical Education Act of 1998." This application entitles the district to $128,252 under Title II, Part C. Funds are used at both comprehensive high schools to support their vocational education programs (i.e., agriculture, business and marketing, home economics careers and technology, and industrial technology). A copy of the application and budget is included in the supporting documents.

It is recommended that the Board approve the submittal of the Carl D. Perkins Vocational and Technical Education Act of 1998 application for funding.

* E. **Approve High School Course Plans** (Dr. Kinnear)

Attached in the supporting documents are the newly developed course plans for the following courses:

Construction Technology III
This is the third in a series and the capstone class in construction technology. It is a project-based class where students put to practical application knowledge and skills learned over the previous two years. In this process students will deepen their depth of knowledge of content and improve their technical skills.

Know Your Car
This is an introductory course designed to give students a basic understanding of automotive systems and how to maintain them. It should also give the student knowledge needed to explain why a system failed and what should be done to repair it.

Administration recommends approval of the following high school course plans: "Construction Technology III" and "Know Your Car."

F. **Approve Revision of Site Grant Expenditure Plan for Jurupa Valley High** (Mr. Duchon)
Jurupa Valley High School is requesting to revise their Site Grant spending plan to reallocate the funds set aside for replacing theater curtains to replacing the light board in the school's theatre ($5,500). They would also like to reallocate the $10,000 set aside for purchasing benches to pay for quad improvements. Their School Site Council has approved this expenditure revision.

Administration recommends approval of the revised Site Grant Expenditure Plan for Jurupa Valley High School.

G. **Approve Purchase of Lexia Learning Software System for Reading Assessment at Peralta Elementary School** (Mr. Duchon)
Peralta Elementary School requests the purchase of a Lexia Learning Software System that will be installed on an eight-station computer learning and resource center in the school library. The software system will be used to perform reading diagnostics for reading problems. The teachers will use the software as a diagnostic instrument to perform in-depth diagnosis of a student's reading ability. The software is proprietary to the Ware Group and additional quotes were not obtained. Funding for this software will come from the Governor's Performance Award and Title I. Board policy requires that purchases in excess of $12,000.00 be presented to the Board for approval.

Administration recommends the Board approve the issuance of Purchase Order #38721 to the Ware Group in the amount of $15,017.50 (including tax) for the purchase of a Lexia Learning Software System for Peralta Elementary School.

H. Approve Purchase of Five Thomas 84-Passenger CNG Fueled Buses for the Transportation Department

(Mr. Duchon)

The Transportation Department requests the purchase of five Thomas 84-passenger CNG fueled buses to add to the existing CNG fleet. The buses will be purchased from the State of California General Services Contract through California Bus Sales of Fresno, California; on a 60-month lease purchase financed through Baystone Financial Group, and will be funded from the General Fund. The cost of the buses is $129,836.97 each (including tax) for a total of $649,184.85. South Coast Air Quality Management has provided grants in the amount of $50,000.00 per bus that will reduce the District's expenditure to $399,184.85.

Administration recommends the Board approve the lease purchase of five Thomas 84-passenger CNG fueled buses on a 60-month lease with Baystone Financial Group, for an annual payment of $89,903.07 for 5 years at a total cost of $449,515.35, which includes interest.

I. Review and Act on Timely School Facility Matters

1. Award Bid #02/01-Installation of Fire Hydrant at Van Buren Elementary School

(Mr. Duchon)

At the November 5, 2001 meeting, the Board authorized Administration to advertise for bids for the installation of a fire hydrant at Van Buren Elementary School. The Board also authorized the Superintendent or his designee to award a contract and directed that the results of the bidding and the contract be brought to the Board for approval.

Bids were received and publicly opened for Bid #02/01, Installation of a Fire Hydrant at Van Buren Elementary School, on November 29, 2001. Bid documents were delivered to two (2) prospective bidders and responses were received from the following two (2) bidders:

Contractor	Amount
Benel Mechanical, Inc.	**$41,750.00**
Genesis Construction	$44,750.00

Funds for the project will come from the General Fund.

Administration recommends the Board approve the award of Bid #02/01- Installation of a Fire Hydrant at Van Buren Elementary School to Benel Mechanical, Inc. in the amount of $41,750.00.

2. Review and Act on Other Timely School Facility Matters

(Mr. Duchon)

Due to frequent changes taking place in facility improvement programs, items that require Board discussion or action may arise between agenda preparation and meeting times. Administration may provide such items as verbal information reports or recommendations for action.

(Mr. Edmunds)

J. Act on Student Discipline Cases

The Board of Education hereby accepts and adopts as its own the Findings of Fact and the Conclusions of Law submitted by the Administrative Hearing Panel in each of the following discipline cases subject to corrections and changes resulting from review in Closed Session.

EXPULSIONS:

** 1. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #02-033 for violation of Education Code Sections 48900 (a1) & (.4) for the Fall Semester 2001 and Spring Semester 2002; and that the pupil be referred to Jurupa Community School, operated by the Riverside County Office of Education, for the period of the expulsion. This case will be referred to the Student Assistance Program and the School and Community OutREach Team (SCORE) for follow-up. This case shall be reviewed for possible readmission to the Jurupa Unified School District on or before June 17, 2002.

** 2. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #02-034 for violation of Education Code Sections 48900 (c) & (k) for the Fall Semester 2001 and Spring Semester 2002; and that the pupil be referred to Jurupa Community School, operated by the Riverside County Office of Education, for the period of the expulsion. This case will be referred to the Student Assistance Program and the School and Community OutREach Team (SCORE) for follow-up. This case shall be reviewed for possible readmission to the Jurupa Unified School District on or before June 17, 2002.

** 3. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #02-036 for violation of Education Code Sections 48900 (c), (j) and 48915 (a3) for the Fall Semester 2001 and Spring Semester 2002; and that the pupil be referred to Jurupa Community School, operated by the Riverside County Office of Education, for the period of the expulsion. This case will be referred to the Student Assistance Program and the School and Community OutREach Team (SCORE) for follow-up. This case shall be reviewed for possible readmission to the Jurupa Unified School District on or before June 17, 2002.

** 4. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #02-039 for violation of Education Code Sections 48900 (a1), (a2) & (k) for the Fall Semester 2001 and Spring Semester 2002. However, the Board of Education may wish to consider that the enforcement of the expulsion order be suspended for the Spring Semester 2002. The pupil shall be assigned to the Independent Study Program, operated at the District Learning Center, for the Fall Semester 2001 and to Nueva Vista High School for the Spring Semester 2002. This case will be referred to the Student Assistance Program and the School and Community OutREach Team (SCORE) for follow-up. This case shall be reviewed in January for educational placement at Nueva Vista High School for the Spring Semester, 2002 and for possible reinstatement to the Jurupa Unified School District on or before June 17, 2002.

** 5. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #02-040 for violation of Education Code Sections 48900 (a1), (a2) & (k) for the Fall Semester 2001 and Spring Semester 2002; and that the pupil be referred to the Community Day School, operated at the District Learning Center, for the period of the expulsion. This case will be referred to the Student Assistance Program and the School and Community OutREach Team (SCORE) for follow-up. This case shall be reviewed for possible readmission to the Jurupa Unified School District on or before June 17, 2002.

J. **Act on Student Discipline Cases** (Continued) (Mr. Edmunds)

SUSPENDED EXPULSIONS:

** 1. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #02-032 for violation of Education Code Sections 48900 (a1), (k) & (.4) for the Fall Semester 2001 and Spring Semester 2002. However, the Board of Education may wish to consider that the enforcement of the expulsion order be suspended; the student be assigned to the Community Day School, operated at the District Learning Center and placed on school probation for the term of the expulsion order. This case will be referred to the Student Assistance Program and the School and Community OutREach Team (SCORE) for follow-up. This case shall be reviewed for possible reinstatement on or before June 17, 2002.

** 2. The Administrative Hearing Panel recommends the expulsion of the pupil in Discipline Case #02-037 for violation of Education Code Sections 48900 (c) & (k) for the Fall Semester 2001 and Spring Semester 2002. However, the Board of Education may wish to consider that the enforcement of the expulsion order be suspended and the student be assigned to the Community Day School, operated at the District Learning Center, with Special Education support, and placed on school probation for the term of the expulsion order. This case will be referred to the Student Assistance Program and the School and Community OutREach Team (SCORE) for follow-up. This case shall be reviewed for possible reinstatement on or before June 17, 2002.

Administration recommends the discipline actions as described and listed above subject to corrections and changes resulting from review in Closed Session.

* K. **Approve Personnel Report #11** (Ms. French)

Administration recommends approval of Personnel Report #11 as printed subject to corrections and changes resulting from review in Closed Session.

Routine Action Item Voted on Separately.

Approve Purchase of One Barn for Jurupa Valley High School (Mr. Duchon)

On July 2, 2001, the Board approved the purchase of one barn structure to house swine from Centaur Horse Walkers, Inc. in the amount of $23,795.13. Centaur Horse Walkers, Inc. has been unable to proceed with supplying the barn so Purchase Order #34922 has been cancelled.

Bill Elzig, Sr. Building Inspector, has obtained a quote from All Cities Steel, the supplier for the steel to Centaur Horse Walkers, Inc., to supply substantially the same structure for $28,003.75 (including tax). Mr. Elzig arranged to have a sturdier material included for the roof covering, which accounts for the additional cost. The building is otherwise the same as was ordered from Centaur Horse Walkers, Inc. Funding for this structure will come from Lottery Funds. Board policy requires that purchases in excess of $12,000.00 be presented to the Board for approval.

Administration recommends the Board approve the issuance of Purchase Order #39038 to All Cities Steel in the amount of $28,003.75 (including tax) for the purchase of one horse barn for Jurupa Valley High School.

Jurupa Unified School District

YELLOW RIBBON CELEBRATION

RESOLUTION #02/25

Commitment to Safe Schools and Violence Prevention

WHEREAS, Violence and bullying behaviors have reached epidemic stages in the United States, we believe that people have a right to learn and work in a safe, nurturing environment.

WHEREAS, It is imperative that community members launch visible safe schools and violence prevention education efforts to reduce the number of violence-related incidents at our school sites.

WHEREAS, We recognize the impact of the community on the development of children and adolescents; and,

WHEREAS, California Department of Education is coordinating the effort to offer our citizens the opportunity to demonstrate their commitment to safe schools and violence prevention in our district; and,

WHEREAS, The Yellow Ribbon Campaign will be celebrated in every community in America during "YELLOW RIBBON CELEBRATION," January 21 - 25, 2002; and,

WHEREAS, The parents, students, teachers, other school personnel, and members of the Jurupa community will demonstrate their commitment to safe schools and violence prevention by wearing or displaying yellow ribbons or other appropriate items during this weeklong campaign; and,

WHEREAS, The community of Jurupa further commits its resources to ensure the success of the YELLOW RIBBON CELEBRATION; and,

Now, THEREFORE, BE IT RESOLVED, that the Board of Education of Jurupa Unified School District does hereby support January 21 - 25, 2002 as "YELLOW RIBBON CELEBRATION," and encourages its citizens to participate in safe schools and violence prevention education activities, making a visible statement that the District is firmly committed to a peaceful, non-violent community.

Passed and adopted by the Governing Board of Education at a regular meeting on January 7, 2002.

Dear Superintendent Roberts:

Congratulations! The schools within your district listed on Attachment A that volunteered to participate in the Immediate Intervention/Underperforming Schools Program (II/USP) have each been selected to receive $50,000 planning grants. We request that you immediately inform appropriate individuals, including your county superintendent, county treasurer, auditors, school principals, accounting and program staff of all pertinent information regarding this grant.

The grant shall be administered in accordance with the provisions of Chapter 6.1 (commencing with Section 52050) of Part 28 of the Education Code. This chapter is known and cited as the Public Schools Accountability Act of 1999 (PSAA), as amended by Senate Bill 1552 in September 2000, and Assembly Bill 961 in October 2001. The following special conditions apply:

1. The PSAA does not specify in detail how planning grants should be spent locally. Therefore, districts and schools have the discretion to spend the grant monies on any activities that relate to contracting with an external evaluator or other entity, providing release time, staff development, or other activities related to developing the II/USP action plan.

2. All approved project funds for the 2001-2002 planning grants must be legally obligated or expended by June 30, 2002. Schools may carryover any unexpended funds into the first year of implementation (2002-2003).

SELECT COUNTY COMMITTEE REPRESENTATIVE ON SCHOOL DISTRICT ORGANIZATION	The Superintendent noted that Mr. Chavez served as the representative for the past year to vote at the Annual Election for the County Committee on School District Organization Election, and asked the Board to select a representative for the coming year. MR. CHAVEZ VOLUNTEERED TO SERVE AGAIN IN THIS CAPACITY. BY A CONSENSUS DECISION, THE BOARD DETERMINED THAT MR. CHAVEZ WOULD SERVE AS THE REPRESENTATIVE TO THE COUNTY COMMITTEE ON SCHOOL DISTRICT ORGANIZATION.
APPROVE CERTIFICATION OF SIGNATURES -Motion #127	The Deputy Superintendent Business Services and Governmental Relations stated that a new Certification of Signatures for authorized school district business functions must be submitted to the County. MR. KNIGHT MOVED THE BOARD APPROVE THE CERTIFICATION OF SIGNATURES IN THE SUPPORTING DOCUMENTS. MR. TEAGARDEN SECONDED THE MOTION, WHICH CARRIED UNANIMOUSLY.
APPOINT LIAISON REPRESENTATIVES TO DISTRICT ADVISORY COMMITTEES	The Superintendent requested Board members to select liaison representatives for the three District Advisory Committees. He noted that those members of the Board that served on the committees last year are noted in the supporting documents. BOARD MEMBERS DETERMINED BY A CONSENSUS DECISION TO SERVE ON THE FOLLOWING ADVISORY COMMITTEES: MRS. ADAMS, VOCATIONAL EDUCATION ADVISORY COMMITTEE; MR. CHAVEZ, ENGLISH LEARNER ADVISORY COMMITTEE, AND MR. KNIGHT, CONSOLIDATED APPLICATION ADVISORY COMMITTEE.
HEAR REPORT FROM JURUPA VALLEY HIGH STUDENT BOARD MEMBER	Imran Farooq, Jurupa Valley High Student Board Member, reported that the Jurupa Valley High Stadium Groundbreaking Ceremony occurred on December 8, 2001. After-school tutoring is now available for students each day of the week. Seniors are approaching deadlines to submit UC applications; they received their GPA verifications and FAFSA forms to complete. SATs were administered on December 1. The Philharmonic Symphony Orchestra visited the school and students exhibited excellent behavior during the performance. The latest edition of *The Prowler* was released. Eighteen speed bumps were installed in the school's parking lot. Barns are currently being built for the agriculture department. The annual Disaster Drill was successful as students evacuated classrooms in an orderly fashion. Forty bands were represented at the 2001-02 Southern California Tournament of Champions on December 1, 2001, and Jurupa Valley High was one of three schools to receive honors in all captioned categories. Imran Farooq was selected as the representative for Jurupa Valley High to attend the Optimist Club award ceremony honoring his outstanding community service. Two coaches will be retiring at the end of this school year, Coach Thompson (football) and Coach Norwood (tennis). The Construction Academy is building new walls for the Career Center.
HEAR REPORT FROM RUBIDOUX HIGH STUDENT BOARD MEMBER	Gregory Duchon, Rubidoux High Student Board Member, reported that for the first time the Cross Country Team won the State Championship. An Academic Achievement Pep Rally was held on December 5. The school's Canned Food Drive provided food for 13 needy families for Thanksgiving. Students are participating in the "Koins for Kids" drive to raise funds for holiday gifts for underprivileged children. Two Advanced Placement classes visited the Getty Museum on November 27. On November 28, students and staff participated in the Annual Blood Drive. The ASVAB test was administered to the Junior Class last week. The ASB is preparing for their Santa Gram fundraiser. During winter break, the following events will take place: the band will travel to Phoenix to participate in a competition, and Mr. Podgorski is planning a humanitarian field trip to an orphanage in Mexico. Performances of *The Twelfth Night* are scheduled for December 20-22 at 7:30 p.m. in the gym. Imran thanked Mrs. Adams for the gifts presented to Student Board members.

PRESENT 2001 DESIGN CONCEPT AWARD FOR HIGH SCHOOL #3	Mr. Gaylaird Christopher, from the architectural firm of Perkins & Will, presented to the Board of Education and the Superintendent the 2001 Design Concept Award for High School #3 that his firm received from the Council of Educational Facility Planners International. He noted that the design concept for the District's third high school was one of two projects selected to receive an award out of over 100 project designs submitted.
RECOGNIZE WESTED PARTNERSHIP	Ms. Lucinda Sheppy, Administrator of Student and Community Services, presented a plaque to WestEd representatives, Ms. Cynthia Peck, Director, and Ms. Cecilia Mutia, Assistant Director. Ms. Sheppy explained that WestEd is a non-profit research, development, and service agency, and she wished to thank them for their two-year partnership with the District. Ms. Peck reported to the Board concerning the central focus of WestEd, finding ways to help at-risk students remain in school and ensure their academic success. She reviewed that at three of the District's elementary schools and at the three middle schools, WestEd counselors and volunteers respond to referrals from teachers. WestEd and District staff work collaboratively to provide positive interventions for each student referred to the program. Program strategies include providing life skills instruction and counseling, a parent outreach program, and involvement in after-school programs. In addition, students are linked with a variety of community service partners that perform assessments of each student's needs. Ms. Peck commented that as at-risk students receive assistance, their academic test scores improve as well, and that WestEd is dedicated to bringing about positive changes for students in Jurupa.
	At 8:13 p.m., Mrs. Adams briefly excused herself from the meeting. At 8:22 p.m., Mrs. Adams returned to the meeting.
ACCEPT DONATIONS -Motion #128	The Deputy Superintendent requested the Board's approval of the donations listed. MR. TEAGARDEN MOVED THE BOARD ACCEPT THE FOLLOWING DONATIONS WITH LETTERS OF APPRECIATION TO BE SENT: $7,200.00 FROM THE STONE AVENUE PTA FOR FIELD TRIPS, INSTRUCTIONAL MATERIALS, AND PRINTING EXPENSES; $75.00 FOR TECHNOLOGY EQUIPMENT AT SUNNYSLOPE ELEMENTARY THROUGH A UNITED WAY DONATION; $500.00 FOR PLAYGROUND EQUIPMENT AT VAN BUREN ELEMENTARY THROUGH A MERVYNS' STORES FUNDRAISING PROGRAM; $36.00 FROM VAN BUREN PARENTS FOR A DESIGNATED 1ST GRADE FIELD TRIP; $78.25 FROM VAN BUREN PARENTS FOR A 3RD GRADE FIELD TRIP TO THE JURUPA MOUNTAINS CULTURAL CENTER, AND $55.00 FROM THE MIRA LOMA MIDDLE SCIENCE CLUB FOR A SCIENCE RELATED CLASS FIELD TRIP. MR. KNIGHT SECONDED THE MOTION. STUDENT BOARD MEMBERS CAST PREFERENTIAL VOTES: AYE, GREGORY DUCHON, IMRAN FAROOQ. A VOTE WAS TAKEN FOR BOARD OF EDUCATION MEMBERS; THE MOTION CARRIED UNANIMOUSLY.
PUBLIC VERBAL COMMENTS	President Burns opened the Public Verbal Comments session.
RUBIDOUX HIGH SCHOOL INCIDENT	Ms. Thelma King, community member, thanked the Superintendent for responding in writing to her concerns regarding Rubidoux High School that she raised at the November 19, 2001 Board meeting. She indicated that she would provide PTA members with a copy of his letter since some of her issues involved assistance for PTA members. Ms. King requested public relations training for administrative staff and teachers. She felt that the staff at Rubidoux High School are lacking in this area.

RUBIDOUX HIGH SCHOOL INCIDENT (CONTINUED)	Ms. Timel Sebastian reviewed that one week prior to the incident occurring on October 23, 2001, she parked on the Rubidoux High School campus in the same parking lot that she parked in on that date, encountered campus security, saw the Deputy, and went to the office to pass out flyers. However, she stated that the unprofessional treatment she received from the Deputy on October 23rd is a School Board matter, not a Sheriff's Department problem, and she felt that the Deputy should be replaced.
	Mr. Steve Figueroa, MAPA representative, stated that the program being offered by the District through the WestEd partnership violates FAPE and IDEA guidelines, and he plans to inform the U. S. Department of Education that the District is out of compliance in this area. However, he stated that his main topic of concern this evening is the use of excessive force by the School Resource Officer at Rubidoux High School, that a student was targeted and pepper sprayed by this Deputy, and he asked the Board to take a stand and place a new officer on this campus.
	Mr. Mark Blankenship, attorney for Ms. Timel Sebastian, stated that it is the Board's obligation to ensure that everyone is protected, that there is a level of trust established with parents and the community, and that the District should have competent staff to ensure that this occurs. However, he stated that because of the October 23, 2001 incident, the level of trust between Ms. Sebastian and Law Enforcement is gone. Mr. Blankenship also indicated that two other students encountering the same Deputy at Rubidoux High School no longer have trust in Law Enforcement. He asked the Board not to ignore their issues and to reach out to these individuals and help them.
	Reverend Bernel Butler, Rubidoux Pastor, stated that he no longer has confidence in the School Board concerning the resolution of parent complaints. He stated that his complaint is regarding the same Deputy that Ms. Sebastian has complained about this evening. Reverend Butler referred to an incident concerning the mistreatment of his son by this same Rubidoux High School Resource Officer, Deputy Paul Robles. He raised his voice and began to shout at the Board and the audience that the Deputy's actions are similar to those individuals that were directly involved in terrorism, Nazi Germany, and those who condoned slavery. Reverend Butler felt that this Deputy should have been rotated out of his position as School Resource Officer long before this time because he intimidates students and parents.
	Mrs. Burns cautioned Mr. Butler about using the Deputy's name, and commented to Mr. Butler that if his concerns involve a Sheriff's Deputy, he may wish to file a complaint directly with the Sheriff's Department. She reminded Mr. Butler that he had a right to speak, but he did not have a right to be disruptive in his comments and tone during the Board of Education meeting. Mr. Butler continued his outrage against the Deputy as he determined to leave the Board Room.
BOARD MEMBER REPORTS AND COMMENTS	Mr. Knight stated that Board members have an obligation and are doing the right thing by asking members of the public to follow the complaint process. He asked those individuals speaking this evening to follow that process that has been established to resolve their concerns and to receive an appropriate response. Mr. Knight commended fellow Board members for attending the recent CSBA Conference November 27 through December 1, 2001. He congratulated Mrs. Burns, President, and Mrs. Adams, Clerk, for being elected to their positions as Board officers for the coming year. In addition, he thanked Student Board members for their knowledgeable reports. Mr. Knight thanked the students and staff from Peralta Elementary for their wonderful singing performance this evening, he thanked the WestEd representatives for their outstanding report, and Ms. Lucinda Sheppy, for her leadership in the Student and Community Services division.
	President Burns stated that it is important for members of the public to recognize that they do have a right to state their opinions in public; however, the Board has the responsibility to be fair and just and to honor the rights and responsibilities of both

BOARD MEMBER REPORTS AND COMMENTS (CONTINUED)	parties. She stated that it was a pleasure to watch the student performance this evening that was provided by Peralta Elementary School students. President Burns stated that she enjoyed attending the CSBA conference in San Diego. She noted her attendance at the Jurupa Valley High School Stadium Groundbreaking Ceremony on Saturday and the Jurupa Mountains Cultural Center Groundbreaking Ceremony on December 6 for their new garden project.
	Mrs. Adams thanked the Peralta Elementary students for their performance. At 8:53 p.m., Mr. Knight briefly left the meeting.
	Mrs. Adams reviewed her attendance at the recent CSBA conference in San Diego, and she provided Mr. Teagarden, Mr. Knight, and the Superintendent with a copy of a tape of two of the sessions. She thanked the Superintendent and Deputy Superintendent for attending the CSBA conference with Board members, and she read a signed card that she received from the kindergarten class of Ms. Bolz at West Riverside Elementary School.
	At 8:55 p.m., Mr. Knight returned to the meeting.
	Mr. Teagarden stated that he was upset by what occurred this evening during the Public Verbal Comments session, and he asked, " Why can't there just be peace in the valley?"
	Mr. Chavez reviewed his attendance at the CSBA Delegate Assembly. He noted that a number of individuals were elected to leadership positions: President Elect, Jeannine Martineau; David Pollock, Vice-President; Paul Chatman, Director-at-Large, Black; Jack Norton, Director-at-Large, American Indian, and David Stine, Director-at-Large, County. Topics addressed this year at the conference included a Charter Schools manual, the Children's Health Task Force, discussion on pending bills, and the proposed school bond measure for March 2002. He requested administration to consider inviting CSBA General Session speaker, Mr. Peter Yarrow, and his daughter to speak to district personnel on the topic, "Don't Laugh at Me," in which they discuss the value of "respect" through music. Mr. Chavez also provided information on one of the mini-conference topics, safety planning and prevention. Mr. Chavez noted how important it is to demonstrate support to School Resource Officers since they have a difficult job maintaining campus safety. He commended the District's School Resource Officers for doing an excellent job. Mr. Chavez stated that he was glad to be a part of the Jurupa Valley High School Groundbreaking Ceremony on December 8, 2001. He congratulated the Rubidoux High School Cross Country Team for winning the recent State Championship, and he commended excellent soccer player and former student in the District, Ms. Veronica Zepeda. Mr. Chavez thanked the Peralta Elementary students for their singing performance.
	Mr. Knight wished everyone a happy holiday season.
	HEARING SESSION
PUBLIC HEARING: INTENT TO ADOPT MITIGATED NEGATIVE DECLARATION FOR HIGH SCHOOL #3	The Director of Facility Planning and Development, Mr. Greg Bowers, reported that results of the Initial Study of the site for high school #3 indicate no negative impact on the environment after mitigation. He noted that the study and Phase I Site Assessment have been available for public review over the past 30 days, and it is now part of the process to allow comments from the public prior to adopting a "Mitigated Negative Declaration" under Agenda Item I-2.

ACCEPT 2000/2001 AUDIT REPORT -Motion #130	Ms. Cecile Nunley and Ms. Heidi White of Vavrinek, Trine, Day & Company, whose firm recently completed the District audit for fiscal year 2000/2001, reviewed portions of the June 30, 2001 Annual Financial Report for Board members. It was noted that in Section 3, Page 5, Schedule of Financial Trends and Analysis, that while the District was below the recommended 3% reserve of total general fund expenditures, the reserves have been subsequently restored. In addition, in the "Findings" section of the report, the Student Body issues listed are of no significant concern as staff members are taking appropriate corrective actions. Ms. Nunley and Ms. White commended District staff for their outstanding work maintaining the financial records of the District. Ms. Nunley noted that next year's audit will include the new Governmental Accounting Standards Board (GASB) Statement 34 mandates, which require the listing of fixed assets for the annual financial statements.
	At 9:20 p.m., Mr. Chavez briefly excused himself from the meeting.
	MR. TEAGARDEN MOVED THE BOARD ACCEPT THE 2000/2001 AUDIT AND DIRECT THE AUDITOR TO PROVIDE COPIES TO THE STATE AND COUNTY AGENCIES AS REQUIRED BY LAW. MRS. ADAMS SECONDED THE MOTION. STUDENT BOARD MEMBERS CAST PREFERENTIAL VOTES: AYE, GREGORY DUCHON, IMRAN FAROOQ. A VOTE WAS TAKEN FOR BOARD OF EDUCATION MEMBERS; THE MOTION CARRIED 4-0. The Deputy Superintendent commented that the capital threshold for recording capital assets according to the GASB 34 standards was set by the Board at its October 15, 2001 meeting in the amount of $7,500.00.
	At 9:22 p.m., Mr. Chavez returned to the meeting.

CERTIFY 2001/02 FIRST INTERIM REPORT -Motion #131	The Deputy Superintendent Business Services and Governmental Relations presented the 2001/02 First Interim Report and noted the recent information received from the Governor's office concerning a proposed $2.25 billion in reductions to amounts already appropriated in the 2001/02 State Budget, including $843.5 million of funding for K-12 programs. He commented that although it may be March of 2002 before this information is final, the total potential loss to the Jurupa School District is $1,046,723 if funding is cut. Adding to this situation is an enrollment of about 300 ADA below this year's projection and no reimbursement from the State for Class Size Reduction portables already installed. These trends may result in a potential shortfall total of $3 million in the District's current fiscal year. The Deputy Superintendent reviewed the changes that have occurred since the June 18 Budget was adopted through the latest estimate as follows: Revenue/Sources, an Unrestricted Increase of $1,227,238; a Restricted Increase of $3,853,332, resulting in a Net Increase in Revenue of $5,080,570. Expenditures/Uses, an Unrestricted Increase of $1,486,813, a Restricted Increase of $5,675,160, resulting in an Increase in Expenditures of $7,061,973. The Net Increase in the Beginning Balance is $2,527,039, with the Unrestricted Reserve projected to be $4,036,021, or 3.01% of total expenditures. The Deputy Superintendent stated that in order to address the potential shortfall in the current fiscal year, the District will enter into a lease-purchase agreement for $800,000 to cover the cost of third grade class size reduction portables that the State has not reimbursed. The Superintendent's Core Team has implemented a hiring review process and budget administrators at the District level have been asked to consider five, ten, and fifteen percent reductions to their budgets. He noted that the Multi-Year Budget Projection for the next two fiscal years is also included in the supporting documents. The Projection indicates that the District will be fiscally solvent and meet its financial obligations for the current and two subsequent fiscal years. MR. KNIGHT MOVED THE BOARD CERTIFY THAT THE DISTRICT WILL BE ABLE TO MEET ITS FINANCIAL OBLIGATIONS FOR THE 2001/02 AND TWO SUBSEQUENT FISCAL YEARS. MR. TEAGARDEN SECONDED THE MOTION. STUDENT BOARD MEMBERS CAST PREFERENTIAL VOTES: AYE, GREGORY DUCHON, IMRAN FAROOQ. A VOTE WAS TAKEN FOR BOARD OF EDUCATION MEMBERS; THE MOTION CARRIED UNANIMOUSLY.
ADOPT ENTRY OF FACT: BOND ISSUE PASSED AT NOVEMBER 6, 2001 ELECTION -Motion #132	The Superintendent stated that the Board must record in their minutes the Certificate of Registrar of Voters to the Results of the Canvass of Election Returns that 62.66% of the votes cast were in favor if issuing the District's general obligation bonds. He noted that the Education Code cited in the Agenda for this process was incorrect. MR. TEAGARDEN MOVED THE BOARD ADOPT AN "ENTRY OF FACT" IN THE MINUTES OF THE MEETING INDICATING THAT MORE THAN 55% OF THE VOTES CAST ON MEASURE C WERE IN FAVOR OF ISSUING THE DISTRICT'S GENERAL OBLIGATION BONDS. MR. CHAVEZ SECONDED THE MOTION. STUDENT BOARD MEMBERS CAST PREFERENTIAL VOTES: AYE, GREGORY DUCHON, IMRAN FAROOQ. A VOTE WAS TAKEN FOR BOARD OF EDUCATION MEMBERS; THE MOTION CARRIED UNANIMOUSLY.

AWARD QUOTE FOR COMPREHENSIVE PROPERTY & LIABILITY INSURANCE -Motion #135	The Deputy Superintendent Business Services and Governmental Relations stated that the low quote for property and liability insurance for the District was received from Coregis Insurance Company in the amount of $232,102. MR. KNIGHT MOVED THE BOARD AWARD THE QUOTATION FOR COMPREHENSIVE PROPERTY AND LIABILITY INSURANCE COVERAGE TO COREGIS INSURANCE COMPANY, BROKERED THROUGH TALBOT INSURANCE AND FINANCIAL SERVICES, INC., AT A COST OF $232,102.00. MR. TEAGARDEN SECONDED THE MOTION. Mr. Teagarden and Mr. Chavez requested that next year, the District go out to bid for the Insurance Broker for comprehensive property and liability insurance. The Superintendent indicated that since the District had not done so for three years, it would be a good time to do so next year and he would insure that this occurs. He stated to Mrs. Burns that he would also provide for the Board the broker fee received by the District's Insurance Broker of Record. STUDENT BOARD MEMBERS CAST PREFERENTIAL VOTES: AYE, GREGORY DUCHON, IMRAN FAROOQ. A VOTE WAS TAKEN FOR BOARD OF EDUCATION MEMBERS; THE MOTION CARRIED UNANIMOUSLY.

MR. TEAGARDEN SECONDED THE MOTION. STUDENT BOARD MEMBERS CAST PREFERENTIAL VOTES: AYE, GREGORY DUCHON, IMRAN FAROOQ. A VOTE WAS TAKEN FOR BOARD OF EDUCATION MEMBERS; THE MOTION CARRIED UNANIMOUSLY. The Deputy Superintendent explained that the servers would be used specifically to analyze instructional data to assist with improving API scores.
AUTHORIZE ADDITIONAL EXPENDITURE FOR DEDUCTIVE ALTERNATIVE #1, TEAM ROOM FOR JVHS STADIUM -Motion #137	The Deputy Superintendent reported that the Riverside County RDA received bids for the Jurupa Valley High School Stadium and they are willing to increase the total project budget cost to $3,500,000, absorbing the additional $500,000 into the contract amount. However, they are requesting that the cost for a team room, $141,800, be the responsibility of the School District. In addition, RDA is willing to extend the contract payback period to a sixth year for the team room amount to be paid. MR. KNIGHT MOVED THE BOARD APPROVE AN ADDITIONAL EXPENDITURE OF $141,800 TO BUILD A TEAM ROOM FOR THE JURUPA VALLEY HIGH STADIUM AND AMEND THE CURRENT CONTRACT WITH RDA TO ALLOW FOR AN EXTENSION OF THE PAYBACK DURATION FROM FIVE TO SIX YEARS, HAVING THE SIXTH YEAR DESIGNATED FOR THE TEAM ROOM PAYBACK COST OF $141,800. MR. TEAGARDEN SECONDED THE MOTION. STUDENT BOARD MEMBERS CAST PREFERENTIAL VOTES: AYE, GREGORY DUCHON, IMRAN FAROOQ. A VOTE WAS TAKEN FOR BOARD OF EDUCATION MEMBERS; THE MOTION CARRIED UNANIMOUSLY.

APPROVE PERSONNEL REPORT #10 W/INSERT -Motion #142	The Assistant Superintendent Personnel Services requested approval of Personnel Report #10, with Insert K, Pages 8-13. MR. TEAGARDEN MOVED THE BOARD APPROVE PERSONNEL REPORT #10, WITH INSERT K, PAGES 8-13. MR. KNIGHT SECONDED THE MOTION, WHICH CARRIED UNANIMOUSLY.
	Mr. Chavez stated that he was upset by the comments made against the Rubidoux High School Resource Officer, and he felt that it was the responsibility of the Board President to stop the insults and innuendos made against the District, the Board, employees, and the Deputy. Mr. Chavez stated that this behavior at a Board meeting is unacceptable and the individual speaking should have been removed from the Board Room.
	President Burns indicated that she recognized her responsibilities as Board President; however, she felt that responding in any manner other than what she did, would only have escalated the matter.
	ADJOURNMENT There being no further business, President Burns adjourned the Regular Meeting from Public Session at 9:58 p.m. **MINUTES OF THE REGULAR MEETING OF DECEMBER 10, 2001 ARE APPROVED AS** _____ _____ _____ **President** **Clerk** _____ **Date**

Statements of Assurances

Local Educational Agency: Jurupa Unified School District

Address: 4850 Pedley Road, Riverside, CA 92509

Carl D. Perkins Vocational and Technical Education Act of 1998, Public Law 105-332

GENERAL ASSURANCES

1. Programs and services shall be in compliance with Title VII of the Civil Rights Act of 1964, the California Fair Employment Practices Act, and Chapter 4 (commencing with Section 30) of Division I of the *California Code of Regulations,* Title 5, Education. A statement of compliance with Title VI of the Civil Rights Act of 1964 has been filed with the Superintendent of Public Instruction.

2. Programs and services shall be in compliance with Title IX (nondiscrimination on the basis of sex) of the Education Amendments of 1972.

3. Programs and services shall be in compliance with the affirmative action provisions of the Education Amendments of 1972.

4. Programs and services shall be in compliance with the Age Discrimination Act of 1975.

5. Programs and services for handicapped persons shall be in compliance with the Education for All Handicapped Children Act of 1975, Section 613(a) and Section 504 of the Rehabilitation Act of 1973, and Americans with Disabilities Act of 1990.

6. Supplanting. Funds made available under this Act for vocational and technical education activities shall supplement, and shall not supplant, non-Federal funds expended to carry out vocational and technical education activities and tech-prep activities. **[Perkins III, Section 311]**

7. Comparability. State and local funds will be used to provide services in sites or programs served with the Perkins funds that, taken as a whole, are at least comparable to those services being provided in sites or programs that are not being served with the Perkins funds.

8. All state and federal statutes, regulations, programs, plans, and applications applicable to each program under which federal or state funds are made available through this application will be met by the applicant agency in its administration of each program, and the undersigned is authorized to file these assurances for such applicant agency.

9. The local agency will use fiscal control and fund-accounting procedures to ensure proper disbursement of, and accounting for, state and federal funds paid to that agency under each program.

10. The public agency will make reports to the state agency or board and to the U. S. Secretary of Education as may reasonably be necessary to enable the state agency or board and the secretary to perform their duties and will maintain such records and provide access to those records as the state agency or board of the Secretary deems necessary. Such records will include, but not be limited to, records that fully disclose the amount and disposition by the recipient of those funds, the total cost of the activity,for which the funds are used, the share of that cost provided from other sources, and such other records as will facilitate an effective audit.

11. Auditable records of each participating school program will be maintained on file at the district office for five years. **(Title 5, Section 3944; CFR 220.56)**

12. Any application, evaluation, periodic program plan, or report relating to each program will be made readily available to parents and other members of the general public.

13. The district board of trustees has adopted written procedures to ensure prompt response to complaints from parents, members of advisory committees, and members of other groups within 30 days and has disseminated these procedures to parent and community groups in the district **(Title 5, 3951)**.

14. The eligible recipient that uses funds under this Perkins Act for inservice and preservice vocational and technical education professional development programs for vocational and technical education teachers, administrators, and other personnel may, upon request, permit the participation in such programs of vocational and technical education teachers, administrators, and other personnel in nonprofit private schools offering vocational and technical education programs located in the geographical area served by such recipient. **(Perkins III, Section 318)**

D. 83

SPECIAL ASSURANCES

1. None of the funds made available under the Perkins Act shall be used to provide funding under the School-to-Work Opportunities Act of 1994, or to carry out, through programs funded under the Perkins Act, activities that were funded under the School-to-Work Opportunities Act of 1994, unless the programs funded under this (Perkins) act serve only those participants eligible to participate in the programs under this Act. **[Perkins III, Section 6]**

2. No funds made available under the Perkins Act shall be used to require any secondary school student to choose or pursue a specific career path or major; and to mandate that any individual will be required to participate in a vocational and technical education program, including a vocational and technical education program that requires the attainment of a federally funded skill level, standard, or certificate of mastery. **[Perkins III, Section 314]**

3. No funds made available under the Perkins Act may be used to provide programs for students prior to the 7th grade except that equipment and facilities purchased with funds under the Perkins Act may be used for such students. **[Perkins III, Section 315]**

4. No funds will be used to acquire equipment/software in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity, the employees of the purchasing entity, or any affiliate of such an organization. **[Perkins III, Section 122(c)(11)]**

5. The eligible recipient will provide a vocational and technical education program that is of such size, scope, and quality to bring about improvement in the quality of vocational and technical education programs. **[Perkins III, Section 134((b)(5)]**

6. The eligible recipient will comply with the requirements of this Perkins Act, Title I, and the provisions of the State plan, including the provision of a financial audit of funds received under this title which may be included as part of an audit of other Federal or State programs. **[Perkins III, Section 122(c)(11)]**

7. The funding for development and implementation of the Integrated and Career-Related Education Continuum as described in the California State Plan for Carl D. Perkins Vocational and Technical Education will be limited to programs as described in the local plan that (a) begin no earlier than grade seven; (b) include a clearly defined sequence of courses that prepare students for career entry and postsecondary education; (c) are part of a sequence that may include a capstone course at the high school, ROC/P or community college; (d) are taught by a vocational education credentialed teacher, or are taught in collaboration between a vocational education credentialed teacher and an academic teacher.

8. In compliance with OVAE/DVTE Program Memorandum 99-11, local agencies receiving Perkins III funds for vocational and technical education programs for adults will be represented on the Local Workforce Investment Board (WIB); enter into a Memorandum of Understanding with the local WIB relating to the operation of the One-Stop system, including a description of services, how the cost of the identified services and operating costs of the system will be funded, and the methods for referral; make available the core services that are applicable to VTEA through the One-Stop delivery system, either in lieu of or in addition to making these services available at the site of the particular program; and use a portion of the VTEA funds (or provide services with such funds) to create and maintain the One-Stop delivery system and to provide applicable core services through the One-Stop delivery system.

The undersigned certifies that the requirements as stated above will be performed for the 2001-2002 program year in coordination with the local plan and that written documentation and/or specified data will be on file, provided to the State as requested, and available for future consolidated compliance reviews.

CERTIFICATIONS REGARDING LOBBYING; DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS; AND DRUG-FREE WORKPLACE REQUIREMENTS

Applicants should refer to the regulations cited below to determine the certification to which they are required to attest. Applicants should also review the instructions for certification included in the regulations before completing this form. Signature of this form provides for compliance with certification requirements under 34 CFR Part 82, "New Restrictions on Lobbying," and 34 CFR Part 85, "Government-wide Debarment and Suspension (Nonprocurement) and Government-wide Requirements for Drug-Free Workplace (Grants)." The certifications shall be treated as a material representation of fact upon which reliance will be placed when the Department of Education determines to award the covered transaction, grant, or cooperative agreement.

1. LOBBYING

As required by Section 1352, Title 31 of the U.S. Code, and implemented at 34 CFR Part 82, for persons entering into a grant or cooperative agreement over $100,000, as defined at 34 CFR Part 82, Sections 82.105 and 82.110, the applicant certifies that:

(a) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any Federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal grant or cooperative agreement;

(b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

(c) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants, contracts under grants and cooperative agreements, and subcontracts) and that all subrecipients shall certify and disclose accordingly.

2. DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

As required by Executive Order 12549, Debarment and Suspension, and implemented at 34 CFR Part 85, for prospective participants in primary covered transactions, as defined at 34 CFR Part 85, Sections 85.105 and 85.110--

A. The applicant certifies that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

(b) Have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application had one or more public transactions (Federal, State, or local) terminated for cause or default; and

B. Where the applicant is unable to certify to any of the statements in this certification, he or she shall attach an explanation to this application.

3. DRUG-FREE WORKPLACE (GRANTEES OTHER THAN INDIVIDUALS)

As required by the Drug-Free Workplace Act of 1988, and implemented at 34 CFR Part 85, Subpart F, for grantees, as defined at 34 CFR part 85, Sections 85.605 and 85.610--

A. The applicant certifies that it will or will continue to provide a drug-free workplace by:

D. KJS

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an on-going drug-free awareness program to inform employees about--

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will--

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency, in writing, within 10 calendar days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title to: Director, Grants and Contracts Service, U.S. Department of Education, 400 Maryland Avenue, S.W. (Room 3124, GSA Regional Office Building No. 3), Washington, DC 20202-4571. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted--

(1) taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

DRUG-FREE WORKPLACE
(GRANTEES WHO ARE INDIVIDUALS)

As required by the Drug-Free Workplace Act of 1988, and implemented at 34 CFR Part 85, Subpart F, for grantees, as defined at 34 CFR Part 85, Sections 85.605 and 85.610--

A. As a condition of the grant, I certify that I will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant; and

B. If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, I will report the conviction, in writing within 10 calendar days of the conviction, to: Director, Grants and Contracts Service, U.S. Department of Education, 400 Maryland Avenue, S.W. (Room 3124, GSA Regional Office Building No. 3), Washington, DC 20202-4571. Notice shall include the identification number(s) of each affected grant.

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the above certifications.

2001-2002 LOCAL PLAN UPDATE

I. Assessment of Compliance with the Requirements of Vocational and Technical Education Programs Assisted with Perkins Funds

Section 135(b) of the Carl D. Perkins Vocational and Technical Education Act of 1998 established eight requirements of local educational agency (LEA) programs assisted with the Act's Title I, Part C, Section 131 and 132 funds. LEAs are required to ensure that the eight requirements are being met, or will be met, by June 30, 2004, in each vocational and technical education program in which Perkins III funds are used.

The following matrix must be completed and submitted with the 2001-2002 Application for Funds.

Instructions: (1) Check the following boxes that identify the LEA program(s) to be assisted with 2001-2002 Section 131 or 132 funds.

- ☒ 1—Agriculture
- ☐ 2—Arts and Communications
- ☒ 3—Business and Marketing
- ☐ 4—Health Careers
- ☒ 5—Home Economics Careers and Technology
- ☒ 6—Industrial Technology

(2) Complete the columns below that correspond to the number(s) of the program areas checked above, i.e. 1—Agriculture, 2—Art and Communications, etc. Place an X in the blanks in which the requirement is currently being met. For each requirement not being met, indicate in the blank the program year (2001-2002, 2002-2003, or 2003-2004) in which the requirement will be met.

II. Planned use of 2001-2002 funds

Briefly describe the planned use of the 2001-2002 Section 131 or 132 funds to improve **each** of the programs to be assisted with these funds.

See attached for site plans and program information.

Jurupa Unified School District
VOCATIONAL EDUCATION PLAN – 01/02

Jurupa Unified School District is adjacent to the city of Riverside, California, which has a population of 280,000. The district is an unincorporated area of 44 square miles, which includes communities of Rubidoux, Pedley, Glen Avon, and Mira Loma. The total school district population exceeds 20,000 students. Over one half of the students receive free or reduced lunches, and 17% of the district receives welfare benefits. The district reflects the changing student ethnic make-up of the state. In the last 10, years the white and Hispanic populations have switched from 59% white and 33% Hispanic to 33% white and 59% Hispanic. The English language learner numbers have increased dramatically, as shown in the 10% increase this year alone.

The district is currently part of Riverside County Office of Education's School To Career Grant. This support, along with the implementation of academic standards in language arts and mathematics, social studies, and science, has directly influenced the district's vocational program development and implementation for the past year. It has caused the district to look closely at what it is doing and how it is reaching specific outcomes that will prepare our students for the complex demanding world of the future. The end product, as measured by program outcomes, STAR testing, the district's Criteria Reference Tests (CRTs), and the state exit examination, will need a strong support system and a systematic structure. Both Rubidoux High School and Jurupa Valley High School are under performing schools and involved in II/USP. Vocational programs are a part of this process and will work to integrate needed improvements in academic core standards. This process involves evaluating the total educational program, implementing change for improved outcomes and increasing the API for each school.

Jurupa's vocational plan is done in conjunction with the district School To Career program, Digital High School, Academy and Pathway funding, the development and implementation of district academic and vocational standards and school site plans. This year the district will also work with the II/USP evaluator to improve outcomes at both comprehensive high schools and two of the three middle schools.

Section 1: Strengthening the Academic and Vocational and Technical Education Curriculum

A. Vocational education programs to be assisted with Title IC funds.

1. The district provides information to students through the counseling department, career center and vocational departments. As part of the guidance process, information is given to all freshmen at the time of registration. The district has increased vocational/career information and its access through school-to-career activities and increased efforts provided through the career center. The established vocational program course sequences and the outcome opportunities are given to district students and staff, this will continue to be part of the orientation for all students.

   The newly implemented career program at the elementary level includes information about training available in the district and local community colleges. The development and distribution of program brochures, posters, career planners and increased direct contact with the elementary and secondary students will provide for dissemination of vocational courses and vocational course sequence information. As part of the district School To Career grant the district will develop a sequential

career activity matrix. The matrix will show career standards at each grade level K-12 and provide a means of introducing students to the district vocational program and their sequence.

As part of the district's efforts to integrate the School To Career model and to allow for direct support to the site vocational programs, the district will use vocational education funding at Rubidoux, Jurupa Valley, and Nueva Vista High Schools and its three middle schools. The middle schools will use the funding to develop articulated standards and to support the development of career guidance activities and connecting activities to district pathway programs. Nueva Vista High School will utilize funding to improve computer equipment in the business program and materials and equipment in the home economics class. The two comprehensive high school sites will use vocational dollars to support a portion of a career technician to work in the development and implementation of career materials, information, and a system to support the vocational programs of the district. The district has utilized the comprehensive School To Career model to not only have a program from the 7th grade but to provide activities as low as kindergarten. No VEA funding will go below the 7th grade. Activities will be supported with district and School To Career funding. In addition VEA funding will only support programs that have an established sequence of at least three courses that prepare students for career entry and postsecondary education.

2. **Rubidoux High School** - Rubidoux High School will continue to upgrade and integrate academic and core standards. The drafting and multi-media programs will continue to work with Riverside Community College to developing an articulated program. This process needs to be continued in order to finish and implement the articulated program. The district will continue to evaluate the program to make sure that the district is able to accomplish the basic standards for the beginning drafting courses at Riverside Community College. The school is in the planning stages for a computer technology lab, which will offer the students a survey of technology-based vocational career options. **The multimedia pathway is in the process of adding classes: Intro to Multimedia, Video Production, and Web Design. Also beginning this year, another new class will focus on computer maintenance with a A+ Computer Maintenance and Certification class.** *Planned expenditures include additional software and equipment to improve the quality of the program.*

The district-targeted improvements in the agricultural program will include the continued development of an articulated pathway in landscaping and landscaping design. The district has expanded its staff, specifically employing a horticulture teacher to accomplish this development. As part of this program expansion, the district plans improvements in the nursery program and the development of a pathway program. The district will not only utilize VEA funds but also district funding, and Agricultural Incentive funds to accomplish these improvements.

During the 2001-02 year, the Agricultural Department will be adding a three-hour Agriculture Instructional Aide which duties will consist of assisting students with work and ag projects and working with the teacher to support instructional activities. The goal is to improve student outcomes with additional help to at-risk students and special populations. *Vocational funds will pay for substitute time, conference expenses, and ag instructional aide.*

The district will expand computer instruction in the business offerings. The vocational programs will work to assist in the development and evaluation of this site's digital high school grant. The district is working to get all of the business/computer instructors Microsoft Office Certified. An instructional aide will be added to assist in the computer lab. *The district will use resources to train*

D. Pg 10

staff and purchase additional computers, peripheral equipment and software to accomplish objective.

The homemaking program has been working with Riverside Office of Education and Riverside Community College to develop a pathway program in culinary arts. This program is in place and will feed into Riverside's Chef's Academy. The beginning of this pathway will start with homemaking, foods and nutrition programs. It will then require students to enroll in the ROP restaurant program at the 12th or 13th grade, prior to enrolling in the Chef's Academy. The School To Career and Tech-Prep Grants will assist in the continued development of this program. *The district will utilize some vocational funding to enhance the development activities. The district will also purchase materials and equipment to support the new and expanded instruction..*

The goal of the Drafting, CAD, and Graphics Design program is to have all students on individual computers. Student motivation and learning has and will continue to increase as their opportunity for *hands-on* time increases. This will include establishing an "Extended Learning Opportunity" for all students after school to use the computers for working on projects.

The Vocational Education programs to be assisted with Title IC funds over the next four years include:

2000-2001

1. The Home Economics program will receive a new demonstration table so that all students can see the teacher demonstrations rather than just the few at the front of the classroom.
2. The CAD/ drafting program will receive eight new computers to keep the Vocational Education students current with the technology knowledge required to compete in today's job market.
3. The photography classes will receive new software and hardware upgrades to keep the Vocational Education students current with the technology knowledge required to compete in today's job market.
4. The Computer Technology Lab will receive upgrade components to keep the Vocational Education students current with today's technology.
5. The Agricultural Department will receive a new computer so that the new Agricultural Instructional Aide will have a computer to work on with students on a one-to-one basis.
6. Agriculture teachers will attend an annual Agriculture conference and keep current on employment trends in the industry.

2001-2002

1. A three-hour a day Agricultural Instructional Aide will be hired to work with students on a one-to-one basis.
2. A three-hour a day Instructional Aide will be added to assist students in the computer lab.
3. Agriculture Staff Development (see number 6 above).
4. Computer furniture for one of the classrooms to get all of the wiring off of the floor.
5. A phone line for the Work Experience teacher to stay in contact with employers regarding student work permits and to coordinate many career activities for the Vocational Education students.
6. **Professional development support for conferences for Vocational Education Teachers**
7. **Supplemental instructional material and software for all Voc Ed classroom support.**

2002 – 2003

Same as numbers 1, 2, 4, 5, and 6 for the previous year.

1. New purchases of Vocational Education career materials for the Career Center.

2003-2004

1. **Same as numbers 1, 2, 4, 5, and 6 from 2001 – 2002**
2. Update COIN software for career work for Vocational Education students.
3. The purchase of six new computers for one of the computer classrooms to keep the Vocational Education students current on today's technology.

To show appropriate sequence of courses, refer to Rubidoux Program and Course Sequence (Appendix #1).

All funding will be used to support vocational programs, the development of programs, staff training and support systems for programs. Funds are allocated based on a long-range plan of development that includes academic, vocational and technical education. The plan will be continually evaluated to make sure it addresses the need to improve outcomes as measured by the vocational program completion rate, high school exit examination, graduation rate and API. Future distribution of funds will consider many factors including program development, other available funding and program outcomes.

3. **Jurupa Valley High School** – Jurupa Valley High School will continue to align its automotive program with the industrial standards and provide job specific training. *It has proposed to buy additional equipment and instructional materials to increase training opportunities for auto service.* The program has added additional sites to its community-based training to expose the students to the automotive industry and diesel mechanic opportunities.

   The agricultural department has established two agricultural academies. It will continue to expand its offerings through core standard integration and articulation with local junior colleges. *The department will support special population students that are having difficulty mastering vocational and academic core standards through the employment of an instructional aide. The district will purchase equipment to provide a cold box for the Floriculture & Landscaping program.*

   The business computer department will continue the development of their computer lab, the multimedia/video production and drafting programs. The district is working to get all of the business/computer instructors Microsoft Office Certified. *The district will use resources to train staff and purchase additional computers, peripheral equipment, and software to accomplish this objective.* District programs will work with the ROP Computer Information Systems program on the campus to move students to the office business pathway. The district is also working with Riverside Community College to develop the multimedia pathway. At present a pathway and course sequence has been established. The district is implementing the Construction and Engineering Academy at JVHS. *Funds will be used to send instructors to training, visitations, equipment and software.*

   All programs will work to integrate the new district standards in math, language arts, science, and social studies into their programs.

The following programs will be assisted with Title IC funds in the following program years: 2000 – 2004. Specific expenditures are to be determined.

- Agriculture Academy - Production
- Agriculture Academy - Business
- Agribusiness and Communications
- Automotive/Small Engine Repair
- Business/Computers
- Construction and Engineering Academy
- Drafting
- Multimedia/Video Production

To show appropriate sequence of courses, Jurupa Valley Program and Course Sequence (Appendix #2).

Each year all vocational programs send representatives to meet with administration to discuss program development requirements for meeting student population growth and local industry/ business labor market demand. Based on this input, a prioritized list is developed for the purchase of equipment, staff training and support services. This list is put in the form of a recommendation to each school's School Site Council for review, input and approval. This information becomes part of the school's Plan and is reviewed and amended on a yearly basis.

B. All interested individuals are informed about the Perkins III requirements.

1. There are several committees that provide staff and administration with input for development, implementation and evaluation of vocational technical education programs. These groups include advisory committees, school site councils, Riverside Community College, Riverside County Office of Education ROP, and Riverside County Economic Development Department. Each year new school site council members and Advisory Committee members are provided information about how Perkins Act funds support vocational technical programs at the high school. Each year, the local board of education reviews Perkins Act information and school plans for expenditure of all categorical funds.

   Funded programs, including Perkins, are annually evaluated using several methodologies. One evaluation used is a subjective review of the program and its successes/failures during the past year. The personnel who do this review include, but are not limited to, the site principal, District Vocational Education Coordinator, District Curriculum Director, and site department chairpersons. Students' successful completion of courses, both academic and vocational, is reviewed. Particular attention is given to students who are members of special populations who receive additional assistance such as tutoring or curriculum modification. Core standards are an integral part of the district's entire curriculum. In most cases, state guidelines are followed to determine success. Additionally, surveys in reading and math help determine where the freshman-level students are in these critical areas. This provides a baseline of data to be used in future years to track the progress of these identified students.

   The district has developed academic standards in language arts, mathematics, social studies and science. All district staff has been included in this process. Due to the current development of district and state standards, vocational programs have lost vocational courses that provided direct instruction in both math and English. However, the district is working to integrate the new math and language standards into district vocational programs. To assist with this integration, the district has

provided training to all vocational staff. The integration of standards and the development of specific courses in the district pathways and academy programs will continue to be developed.

The district has developed an assessment system for math, language arts, science and social studies. The vocational departments will work to identify how they can provide activities to develop competencies in their programs. Currently, the district is developing vocational standards to address course content and outcomes.

C. Program includes a coherent sequence of courses with an emphasis on integrated curriculum.

1. VEA funding, along with STC and School Improvement funding, has paid for workshops and release time for the development of pathway programs reflected in the current matrix.

2. As stated in B.1, the district has developed academic standards in language arts, mathematics, social studies and science. All district staff has been included in this process. To assist with this integration the district has provided training to all vocational staff. The integration of standards and the development of specific courses in the district pathways and academy programs will continue to be developed.

   The planned activities to improve progress in achieving academic and vocational education integration over the next four years include:
   1. Development of additional computer classes.
   2. Development of multimedia classes.
   3. Development of a C++ programming language class (formerly known as Pascal).
   4. Implementation of a Landscape Design and Construction class.
   5. Development of an A+ Certification computer class.
   6. Development of a Web Design class.
   7. Upgrade the Automobile/Small Engine Repair equipment and materials.
   8. Increase enrollment in the Construction and Engineering Academy.
   9. Continue to update and improve the Home Economics and Culinary Pathway.
   10. Increase the amount of Vocational Education materials and assistance in Career Centers.

3. Each vocational education department chairperson meets periodically with the counseling staff to promote his/her program and to keep the counselors up to date on course revisions and sequence requirements. The District Vocational Education Coordinator also meets regularly with counselors to give support to the department chairpersons. Prior to registration each semester, fliers are posted around campuses, announcements are placed in the daily bulletin, which is posted as well as read over the loudspeaker system, and brochures, where applicable, are distributed. Special effort is made to reach the special education students by individual contact with teachers in this area.

4. This year one of the district's main efforts is to provide district standards in all career/vocational classes. This work started in the spring of 1999. Monthly meetings have produced a tremendous amount of work on this monumental task. The original target date of June 2000 was not made. At this point the district is hoping to finish in time for implementation at the start of the 2001-2002 school year. The process has included identification and integration of academic skills.

D. Program improvement activities of such size, scope, and quality to be effective.

1. VEA funds and other funding sources have been targeted to support district efforts to ensure the completion of the stated objectives. Funds will be targeted on a yearly basis to ensure the adequate size and scope of the effort. The targeted expenditures at the funded sites will allow for a concentrated effort. Additional effort in the development of vocational programs is provided through the School To Career Grant and Rubidoux, Jurupa Valley and Nueva Vista High School's and the three middle school's Professional Development Plan. Planning is both short term (this year) and long term (the next five years). Through this approach the district is able to utilize funds effectively to improve programs and develop the needed outcome of a quality delivery system.

2. The evaluation is part of the review of the yearly vocational education review. Sites request funding to accomplish specific tasks and the evaluation is directly tied to these stated outcomes.

E. Increased linkages between secondary and postsecondary educational institutions.

1. The district has worked very closely with Riverside Community College in the development of an articulation process. Riverside Community College has approved an articulation process and has established a means to link secondary schools to that institution. The district, Riverside Community College and Riverside County Office of Education Regional Occupation Programs are developing articulation programs in a variety of vocational programs. An example of this is the current Chef's Academy Apprenticeship Program.

   The district has also developed an articulation program with Mount San Antonio College and the agricultural department at Jurupa Valley High School. Riverside Community College has led the development of Multimedia tech-prep courses sequences in grades 11-14. RCC and the School To Career grant are funding this development. This process has included business, industry, labor, and the community. Last year the district worked with RCC and the other feeder schools to write curriculum. Both Rubidoux and Jurupa Valley High School have pathway programs in place. These pathway programs will articulate with the computer, drafting, business, and multimedia courses at both comprehensive high schools.

   The district is developing standards for all vocational programs. The specific outcome measures that come from this process will allow for true outcome data that will assist in the needed articulation. The Digital High School and School To Career grants will assist in linkages to postsecondary experiences.

   The district has established academic standards for math, language arts, science, and social studies and is in the process of establishing standards for all vocational classes. Vocational teachers are working to develop crosswalks that demonstrate core academic standards being taught and how they are measured. This tie to standards and their application will take place in all vocational courses.

Section 2: Program Strategies Reflecting Workplace Needs and an Understanding of All Aspects of the Industry

A. Programs are related to state identified industry sectors and local occupational needs.

1. The district utilizes the regional and county School to Career committee to assist in identifying the local area need, which provides the most current information. The district also uses the Riverside County Workforce Development Occupational Outlook Report for more in-depth information.

2. The District Vocational Education Coordinator meets regularly with various WIA personnel, especially those connected with the development and implementation of the Riverside County WIA program. Included in all of the current programs is a provision for district vocational education courses and/or ROP courses that are relevant to the job market and student needs in the local area. The district has worked to integrate JTPA programs into its delivery system for at-risk population over the past twenty years. This effort will continue with the current development of the WIA program for Jurupa area youth. The district is currently working with the Community Development Agency and Riverside Office of Education to develop a year-round program for at-risk and out-of-school youth for the new workforce development training programs. Riverside Unified School District will be the lead agency in this development. As part of this process, there will be a new youth opportunity center located in Rubidoux. The center will work with the district and other community agencies to provide services and vocational training for the Jurupa area.

B. Describe, in detail, the planned use of Perkins III funds and funds from other resources to accomplish each of the following improvements in vocational programs.

1. The district continues to participate in workshops and conferences. This training, along with industry visitations and advisory participation, provides ongoing contact with industry. Programs at both high schools provide internships and community classroom experience. All of the programs are tied to ROP and community college programs. In addition, these programs use guest speakers, teacher externships, and simulations/projects developed with industry.

2. Instructors are encouraged to attend/participate in conferences and workshops related to critical thinking and problem-solving skill attainment. They also will be encouraged to attend "academic" conferences to increase their knowledge of how to teach academic skills as well as vocational skills. Currently the district is establishing district standards in all vocational classes, which include critical thinking, and problem solving. The district has established core standards in math, language arts, science, and social studies. The district has all teachers working to achieve high academic core standards in the all programs and classes.

3. Staff will continue to attend workshops and conferences on "All Aspects of the Industry." All programs are required to include "All Aspects of the Industry" as part of their instructional program.

4. Various interest and aptitude surveys such as COIN, COPS, CAPS, and ASVAB, are administered to students at all school sites. Profiles that reflect the state-adopted 15 industry sectors are distributed to students and counselors for class placement.

5. The district will make any changes necessary to ensure that the program instruction in "All Aspects of the Industry" is integral to all assisted programs.

C. **Use of technology in the assisted programs will be developed, improved, or expanded.**

1. Technology education, development, and integration within the curriculum are high priorities with Jurupa Unified School District. The district has developed a technology use plan in order to integrate technology into the curriculum as outlined in the National Educational Technology Standards for Students. This has been accomplished at each comprehensive high school, the continuation school, alternative education and each middle school.

2. Jurupa Unified School District's Vocational Education Equipment Inventory that represents equipment obtained over the previous five years is listed in the inventory which verifies the district's current utilization and continued need for the equipment.

Section 3: Support Service and Activities

A. **Describe the extent to which the funded programs provide full and equitable participation of individuals who are members of special populations.**

The district provides full and equitable participation of individuals who are members of special populations by working with special population programs and teachers and providing appropriate program information and materials for enrollment.

B. **Describe in detail how the needs of individuals who are members of special populations groups will be assessed and the planned use of funds to meet such needs.**

Each site will collect data to identify special population students, program enrollment, and provide support services through instructional assistance. This assistance will be provided through a variety of funded programs such as tutoring through the counseling support program, instructional support from basic skill development tutoring, ESL services and special educational services. VEA instructional aides and special population services that coordinate counseling and support services to ensure students are aware of services, programs, and opportunities in vocational education and basic skill development will also be provided. Additional funding has been used to provide instructional support staff and supplies.

C. **Describe the strategies adopted to overcome the barriers that result in lowering rates of access to or lowering success in the assisted programs for special populations.**

The district identifies the special population enrollment at each district high school. It utilizes the state guidelines to identify service priorities. All special education students have a vocational career plan and are part of the district and county TPP program. Both teachers and counselors work with these populations to assist in vocational placement. Economically disadvantaged students are targeted to receive assistance and placement into vocational training. This process includes WIA, AVID, and SB813. Additionally, all 9th grade students and parents meet with the guidance department after taking an interest assessment.

The participation of special population students in vocational career planning is at or above the district percentage. Continued effort will be provided to insure access and success of these students. Specific efforts include working with the language and special education departments and continued articulation with the WIA program.

D. Describe in detail the affirmative outreach and recruitment efforts to be used to provide access to vocational education programs of such size, scope, and quality to be effective for all students, especially those who are economically disadvantaged (including foster children), students with disabilities, and students of limited English proficiency.

Each vocational education department chairperson meets periodically with the counseling staff to promote his/her program and to keep the counselors up to date on course revisions and sequence requirements. The District Vocational Education Coordinator also meets regularly with counselors to give support to the department chairpersons. Prior to registration time each semester, fliers are posted around campuses, announcements are placed in the daily bulletin, which is posted as well as read over the loudspeaker system, and brochures, where applicable, are distributed. Special effort is made to reach the special education students by individual contact with teachers in this area. The special education teachers are very cooperative in encouraging their students to enroll in vocational education classes. The district works with the language department and the WIA office to ensure information is given to these students and that they are given information and opportunity to enroll. The over-representation of these students in vocational programs showed the success of this process.

E. Describe in detail how vocational education programs cooperate with the special population requirements of the Perkins Act.

1. The district participates in workshops and activities. It provides materials and information to site staff and teachers. The district provides information about vocational programs to both male and female students and encourages nontraditional enrollment. Fliers and posters depicting participants in non-traditional roles are posted around campuses and brochures are distributed.

2. The district works with Riverside County Office of Education teen parent program to insure the availability of vocational training and the needed support services for district teen parents. Special education students receive transportation and other supports as needed. WIA programs have provided transportation to insure participation.

3. The district works with Riverside County and local community-based agencies to insure needed support. This includes Economic Development, WIA, Department of Social Services, Employment Development, Jurupa Area Parks and Recreation; Youth Service Center, Family Services Association, YMCA, and YWCA.

4. The district recognizes cultural diversity and actively recruits all students. This process is done in all programs and the make-up of the vocational courses is very representative of the ethnic mix of district campuses. The district participates in training that is designed to eliminate sex bias and stereotyping of special population groups.

D. Rue

Section 4: Comprehensive Professional Development

A. Professional development programs provided to teachers, counselors, and administrators.

1. Inservice training is provided to district personnel through a variety of ways, which include teacher inservices, workshops, conferences, staff development, and participation in college course work. This year the district has put specific effort on technology training for all district staff.

2. The district has worked with all principals to insure effective teaching skills based on research. In the fall of 1998 a systematic program on effective instruction was started with administrators. This two-year process was run at the same time teachers were developing the district standards and their assessment. The next phase is to move the effective instructional inservice to teachers. The effective teaching model that the district will use is research-based and includes material and consultations from the academic community. Its main text is *Looking in Classrooms*, Thomas Good and Jere Brophy. This process includes a variety of books and materials with the single focus of improving instruction. This year all administrators and consulting teachers will be trained in BTSA. Teachers in vocational areas will teach the newly established standards and have increased support through this district process to allow for better implementation of instruction. They will attend workshops and utilize current materials and text to ensure they address all aspects of the industry.

3. Jurupa Unified School District will continue to provide a teacher externship program through STC that places teachers in real world environments. It is planned to have a minimum of 10 teachers participate – 3 from each high school, 1 from each middle school and 1 from the continuation high school. Each participant would be at the worksite for minimum 21 hours. Externships are planned to take place during spring.

   Teachers will develop lessons from this experience that will reflect the state standards and SCANS. Teachers participating will make available the lessons they wrote and present them to staff within the district. We are projecting to continue this process to allow for all teachers to participate over the next four years.

4. All of the high schools have received Digital High School grant funding. As required in the grant, teachers will participate in a hands-on component of the customized MOUS class that incorporates a script for guided practice as well as other instructional strategies to effectively teach technology to students. Rubidoux offered a school-wide staff development day last year where all teachers rotated through three classrooms to see demonstrations on how to integrate computer technology into everyday lesson plans. All staff will continue to be in-serviced in helping students use new curricular software as it becomes available.

5. The district will review data and monitor programs to ensure it eliminates sex bias and stereotyping.

6. Teachers have attended or will attend the CUE Conference, Digital Video Expo, TPP Teacher Inservice and Training, California Art Education Association Conference, C-TAP, Connect, CBEA, School to Career, CAWEE, Educating for Careers, All Aspects of the Industry, Association of Career & Technical Education, Construction Building Industry Show, Comprehensive Guidance for Student Results, Inland Empire Job Corps, State Teachers Agricultural Conference, Regional Teachers Agricultural Conference, District Standards and Assessment Development, BTSA Training, Consulting Teacher Training and New Teacher Training.

D. 8/19

Section 5: Evaluation and Assessment of Vocational and Technical Education Programs

A. Describe the process that will be used to independently evaluate and continuously improve the academic and vocational performance of students participating in vocational education.

Funded programs, including Perkins, are annually evaluated using several methodologies. One evaluation used is a subjective review of the program and its successes/failures during the past year. The personnel who do this review include, but are not limited to, the site principal, District Vocational Education Coordinator, District Curriculum Director, and site department chairpersons. Students' successful completion of courses, both academic and vocational, is reviewed. Particular attention is given to students who are members of special populations who receive additional assistance, such as tutoring or curriculum modification. Core measure standards are an integral part of the district's entire curriculum. In most cases, state guidelines are followed to determine success. Additionally, surveys in reading and math help determine where the freshman-level students are in these critical areas. This provides a baseline of data to be used in future years to track the progress of these identified students.

B. Describe plans to increase the participation of representatives of business, industry, and labor in planning, implementing, and evaluating funded programs.

The district participates in a variety of capstone courses offered through the Regional Occupational Program. The district continues to participate in the development, evaluation and advisory of businesses, industry and labor. The district works with Riverside County Office of Education, Regional Occupational Program, local and regional business, and other school districts in the development of regional plans and activities. As part of this process, agencies share business contacts and labor information.

The district has worked with Riverside County Office of Education and Riverside Community College in the development of sequential course offerings that lead to employment. The Economic Development Department of Riverside County has provided detailed information that was used in this development process. The district development and expansion of programs in automotive and automotive diesel, computer information, culinary arts, graphic design and landscaping design reflect programs with high employment potential for the future.

C. Achievement of continued progress/improvement for each core indicators of performance for the previous program year.

1. The district high schools have not met the state-established academic standards. Both comprehensive high schools are currently under performing schools and involved in II/USP. The vocational programs have implemented state standards and are currently establishing district core standards for all of the vocational programs with an assessment system.

2. The district has made great strides in the graduation rate from a rate of about 50% a few years ago to a steady climb to 65% last year.

3. Jurupa Unified School District has consistently performed below the state average for students' placement in, retention in, and completion of, postsecondary education. Each year the district does a

follow-up survey of all previous year's seniors to find out placement after graduation. This phone survey is done during January and February each year. The most current data reflects the graduating class of 1999. Of those students, 15.2% were attending a 4-year university, 36.1% were attending a 2-year college, 9.8% were attending a trade school, 17% enlisted in the armed services, and 27.3% are in the work force. *

*Will exceed 100% due to participation in more than one area.

4. Currently the district does not show any representative data.

D. Plan for program improvement for the current program year, 2000-2001.

1. Each program is implementing district standards with evaluation criteria. Students not meeting the standards are enrolled in remedial courses and/or extended-day programs.

2. The district will continue to provide intense counseling and student support system to maintain the trend of increased graduation rates.

3. The district will continue to provide a standard-based educational program with assessment and support services necessary to have students reach the established exit standards for high school. The district is evaluating the required state exit exam standards in developing curriculum and strategies to assist students in reaching exit standards and graduating.

4. The district will continue to implement state core standards for all its vocational programs. The program teachers work to assist students in employment and will follow up on job placement. Along with these efforts, a follow up survey is conducted yearly. The job survey not only provides for placement data, it also notes skill attainment and the relationship of their training to their current jobs.

   Advisory Committees include representation of special populations. The district utilizes the school site counsels to review vocational programs. All of the reviews include members of special populations. As part of department's yearly review, both students and parents are surveyed.

   The district will evaluate the outcomes of nontraditional students, teen parents, and other special population students. The district utilizes state, regional and local labor market information for all planning and evaluation. As part of this process, the district includes nontraditional occupations. Riverside County Office of Education School to Career district program plan shows this coordinated effort.

   All programs in the Jurupa Unified School District that receive Title IC funds shall be carried out in accordance with Sections 612, 614, and 615 of the Individuals with Disabilities Education Act (IDEA).

   Assistance is provided for students who are members of special populations for entry into vocational education programs, and, with respect to students with handicaps, fulfilling the transitional service requirements of Section 626 of the Education of the Handicapped Act. Students who have individualized education programs under Section 614 (a)(5) of the IDEA, with respect to vocational

education programs, will be afforded the rights and protection guaranteed those students under Sections 612, 614, and 615 of the IDEA.

Assistance will be provided to students who are members of special populations will be for success in vocational education programs through provision of supplementary services, such as counseling, English language instruction, child care, and special aides.

Counseling and instructional services designed to facilitate the transition from school to post-school employment and career opportunities will be provided.

The district works with the special population programs to insure service and monitoring of special population student's progress, success and needed support. Student data will be gathered and tracked for each client. Staff will work together to evaluate and provide appropriate services. Teachers work with the established programs for special populations to insure support services for clients.

Department/ Standards Groups: Industrial Technology Enrichment

Grade level: 12th

Credits / Meets: 10 credits Voc. Ed.

Length of Course: 1 year

Prerequisites: Construction Tech. I & II

Course Description: This is the third in a series and the capstone class in construction technology. It is a project-based class where students put to practical application knowledge and skills learned over the previous two years. In this process students will deepen their depth of knowledge of content and improve their technical skills.

Department / Standards Groups:	Industrial Technology Enrichment	
Grade level:	$10^{th} - 12^{th}$	
Credits / Meets:	5 Credits	
Length of Course:	1 semester	
Prerequisites:	None	
Course Description:	This is an introductory course designed to give students a basic understanding of automotive systems and how to maintain them. It should also give the student knowledge needed to explain why a system failed and what should be done to repair it.	
Textbook:	Automotive Fundamentals, Stockell, Johnson, Goodhart Wilcox C, Inc. ISBN 1-56637-138-4	
Course Goals:	1. Develop appreciation, knowledge, comprehension, and critical thinking skills needed to perform basic maintenance on a modern automobile. 2. Develop appreciation, knowledge, comprehension, and critical thinking skills needed to understand the function of the major systems on a modern automobile. 3. Develop appreciation, knowledge, comprehension, and critical thinking skills needed to analyze a problem and explain what the appropriate repair would be.	
Exit Standards:	**Sub Goal 1: Safety** 1.1.1 Students will pass a safety test for both hand and power tools. (K) (Indirect/Direct)	

E. pg 4

1.1.2 Students will identify and/or demonstrate proper safety techniques for hazardous material disposal. (K,CTS) (Indirect/Direct)

Sub Goal 2: Tools

1.2.1 Students will identify and/or explain the function of different types of hand tools. (K, C)(Indirect/Direct)

1.2.2 Students will identify and/or explain the function of different types of hand tools. (K, C)(Indirect/Direct)

1.2.3 Students will identify and/or demonstrate the correct way to pickup a vehicle using air-lifts, floor jacks, and in-ground hoists. (K, C) (Indirect/Direct)

Sub Goal 3: Engines

1.3.1 Given a cut-away of an engine, students will identify the components. (K) (Indirect/Direct)

1.3.2 Given an engine, students will perform a wet/dry compression test. (CTS)(Direct)

1.3.3 Students will explain atmospheric pressure and how it causes air movement. (C)(Direct)

Sub Goal 4: Lubrication Systems

1.4.1 Students will identify and/or demonstrate the correct way to change the oil and filter. (K, CTS) (Indirect/Direct)

1.4.2 Students will identify and/or explain what determines good oil and the classification. (K, C) (Direct)

1.4.3 Students will identify all oil pumps and filtration systems. (K) (Indirect)

1.4.4 Students will identify and/or demonstrate how to service any automatic transmission, differential, and hydraulic systems. (K, CTS) (Indirect/Direct)

Sub Goal 5: Cooling Systems

1.5.1 Students will explain and/or identify the function of water movement, heat transference, and pressurizing a cooling system. (K, C) (Indirect/Direct)

1.5.2 Given a car engine compartment, students will explain the procedures for hoses and drive belts. (C) (Direct)

1.5.3 Students will explain and/or identify the symptoms that a bad thermostat would have on a water-cooled engine. (K, C) (Indirect/Direct)

Sub Goal 6: Wheels, Hubs, and Tires

1.6.1 Students will explain the function of shock absorbers and why we need different designs. (C) (Direct)

1.6.2 Students will identify and/or explain the difference between sprung and unsprung weight. (K, C) (Indirect/Direct)

1.6.3 Students will identify correct procedures and/or demonstrate a static and dynamic tire balance. (K, CTS) (Indirect/Direct)

1.6.4 Students will identify the proper steps and/or demonstrate the correct procedure to rotate tires and torque wheels. (K, CTS) (Indirect/Direct)

1.6.5 Students will identify and/or demonstrate the correct way to patch a tire and install a valve stem. (K, CTS) (Indirect/Direct)

1.6.6 Students will identify and/or demonstrate the proper steps to dismount and mount a tire correctly. (K, CTS) (Indirect/Direct)

Sub Goal 7: Wheel Bearing Service

1.7.1 Students will identify and/or demonstrate the correct steps/procedures to repack and adjust wheel bearings on a car with disc brakes. (K, CTS) (Indirect/Direct)

1.7.2 Students will identify and/or demonstrate the correct steps/procedures to repack a bearing cup. (K, CTS) (Indirect/Direct)

Sub Goal 8: Alignment

1.8.1 Given a tire wear problem, students will explain the cause. (C) (Direct)

1.8.2 Students will identify caster, camber, toe-in, and toe-out. (K) (Indirect)

Assessment:

1. Tests – Tests are in development for final exam
2. Informal Tests – Informal tests are textbook and instructor generated.
3. Assignments – Questions form textbook, instructor generated vocabulary, and hands on projects.
