THE LCAP OVERARCHING GOALS

- All students will be career and college ready.
- All students will have a safe, orderly, and inviting learning environment.
- All students will feel connected to their school community through engaging educational practices and partnerships with parents and community.

**YOUR GUIDE TO THE LCAP**

ASSURING A CULTURE OF LEARNING AND ACHIEVEMENT

JUSD DISTINCTION

State and county education leaders have used Jurupa Unified School District’s work as a model for other districts’ implementation of the Common Core educational standards.

PATHWAYS TO SUCCESS FOR YOUR STUDENT
California has a new approach to education funding, called the Local Control Funding Formula (LCFF). To ensure responsible spending that aligns with community values, the LCFF requires that each district develop a Local Control and Accountability Plan (LCAP).

The LCAP is:
- A comprehensive planning tool to support and enhance local student learning.
- A 3-year plan that is revised each year, based on local student needs.
- Approved and overseen by the county Office of Education.

For the Jurupa community, the benefits include:
- Focused funding to improve services for all students.
- Broader measurements of school success, including an emphasis on positive learning environments.
- More local control over budgets and programs.

**High-Quality Instruction and Curriculum**
- Implementing the Common Core State Standards
- Setting groundwork for the Next Generation Science Standards
- Ensuring robust arts, enrichment and Career Technical Education Opportunities

**Professional Learning**
- K-12 instructional coaches model academic lessons and classroom leadership district-wide
- Special assignment: JUSD teachers who double as tech experts and coaches support peers at every school with curriculum and technology integration
- JUSD models a culture of continuous learning for everyone

**Academic and Behavior Interventions**
- Intensive instruction to help all students read at grade level
- Award-winning comprehensive supports for students struggling the most
  - Modern learning platforms such as online high school
  - A focus on success for all students, from the most at-risk to the most advanced

**Assessment, Data Analysis, and Monitoring**
- Ensuring alignment between Common Core standards and student assessment
- Providing the technology for 21st century learning, modern skill development and career readiness

**Safe and Orderly School Environment**
- Upgrading security and modernizing facilities with school bond proceeds
- Annually updating safe school plans in case of emergency
- Teaching behavioral responses to help students address problems constructively

**Parent, Student, and Community Engagement**
- Connecting parents and students to community and school resources such as health care and ESL classes
- Helping parents become more involved decision-makers in their children’s education
