2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Granite Hill Elementary Mission Statement:

Granite Hill is committed to providing a positive, safe learning environment where each individual can achieve his/her maximum potential through a policy of high expectations where esteem and respect are nurtured and supported by a structured and consistent school-wide behavior program.

Granite Hill has adopted AVID foundational skills to support the commitment to prepare all students for their future college and career ambitions. Students and parents are encouraged to partner with the school to support goal-setting, utilize resources and trainings for various career options.

Granite Hill has approximately 390 students. The expectation is that they meet or exceed California State Standards at each grade level and demonstrate mastery as reflected on both formative and summative assessments, including JUSD Units of Study post tests. The staff at GH strives to support student achievement in a variety of ways. Using research-based teaching strategies, students receive instruction designed to develop critical thinking and conceptual understanding in all content areas. Grade level teams utilize professional learning communities (impact teams) to analyze data and inform instructional practices. Students are involved in the process and have an integral part of the formative assessment process.

Our goals are to support students to be college and career ready, encourage parent participation and engagement with student learning, and to ensure a safe school environment. Granite Hill uses district benchmark tools along with state assessments to monitor student achievement in ELA, Math, Science, and English Language Development. Granite Hill offers many school wide programs to support student learning. ELO allows additional enrichment for students to have time to practice new skills or to apply to new learning. Band is offered to students in grades 4-6. Other programs include: Think Together after school, GATE, AVID Elementary, Saturday School, PBIS, and RSP.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Jurupa Unified School District conducts an evaluation of instructional materials to adopt materials that best meet the needs of students. The district conducts adoptions on a districtwide basis. The review process includes a committee of a majority of classroom teachers in the appropriate discipline (Education Code Section 60210). In addition, all instructional materials are in compliance with social content standards. When making adoption decisions, the adoption committee uses the content standards, the curriculum frameworks, the State Board of Education-adopted evaluation criteria, and the reports on each adoption as resources. The final decision for selecting and recommending textbook adoptions is with the adoption committee. The most recently adopted textbooks were selected from the state-approved list.

All students, including English learners, have standards-aligned textbooks checked out to them, to use in class and to take home, in each of the core curriculum areas of reading/language arts, mathematics, science and history/social science; foreign language and health; visual and performing arts; and science laboratory equipment for grades nine through twelve as appropriate.

Elementary students receive core curriculum textbooks on the first day of enrollment. Middle school and high school students receive textbooks checked out to them at registration days a few days before the first day of school. All students enrolling after the first day of school have core curriculum textbooks checked out to them by the Library Clerk on their first day of enrollment.

School Facility Conditions and Planned Improvements

Our custodial staff, consisting of 1 daytime custodian and 1 evening custodian, perform basic cleaning operations in every classroom on a regular basis. The safety, cleanliness, and adequacy of our school facilities are a high priority to the District. Overall, school grounds and facilities are in good repair maintenance does an excellent job at maintaining the facilities. The District's Deferred Maintenance Plan is assessed and updated every year. Work generated by the Deferred Maintenance Plan is generally completed during the summer months. Fire inspections are conducted on an annual basis and any issues are addressed immediately. The District also has an internal inspection team conducting annual safety inspections of all sites. All safety-related items are handled as top priority.

Safety is maintained through the coordination and efforts of several different agencies, including the local fire department, Keenan and Associates (Administrator of Workers' Compensation), Industrial Indemnity (Liability Insurance Carrier), the district safety committee, and our own school custodians.

Granite Hill Elementary School has 5 Activity Supervisors to support student safety. Granite Hill Elementary School in accordance with Senate Bill 187 has safe school strategies that include information on the status of school crime and the following elements: Safe school programs; child abuse reporting procedures; disaster response procedures; suspension and expulsion policies pursuant to Education Code Section 48900, 48915, and 49079; the District's Discipline Handbook and Sexual Harassment Policy; our school dress code; and procedures and rules for safety on the way to and from school as well as during school hours. This plan will be updated every year and approved by our School Site Council by March.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent involvement is encouraged at Granite Hill. Parents are invited to participate in School Site Council, English Learner Advisory Committee, Gifted and Talented Education Committee, Special Education Advisory Committee, and to assist with extra-curricular activities throughout the school year. Parents are invited to attend conferences to meet and set academic goals with teachers and students. For some designated student populations, families are invited to attend additional meetings to support behavioral or academic needs. We partner with our PICO (Parent Involvement Community Outreach) department to bring additional resources to the school site for involvement in wellness/health programs, ESL programs, mental health/counseling services, and nutritional programs. Parenting classes are generally available for enrollment throughout the year.

Parents are kept informed of school events through flyers, Class DoJo, Parent Square notifications, Social Media platforms (Facebook and Instagram), Marquee announcements, student Power School Learning pages, monthly calendars, and phone calls.

For more information on how to become more involved, please contact Tammy Patterson at (951) 360-2725.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Granite Hill Elementary School, in accordance with Senate Bill 187, has safe school strategies that include information on the status of school crime and the following items: safe school programs; child abuse reporting procedures; disaster response procedures; suspension and expulsion policies pursuant to Education Code Section 48900, 48915 and 49079; the District's Discipline Handbook and Sexual Harassment Policy; our school dress code; and procedures and rules for safety on the way to and from school as well as during school hours. This plan is updated annually and approved by our School Site Council. Staff and students practice monthly fire drills as well as incorporate earthquake disaster drills, lockdown procedures, and active shooter drills throughout the year. Our site has emergency water, food supplies, first aid supplies, radios, lights, and tools for emergency situations. The Riverside County Fire Department and the JUSD Safety Committee hold regular safety inspections. The school safety plan was voted on by SSC on January 25 of 2021 and most recently reviewed/ updated in October 2021. SSC members will review recent updates and vote on modifications in January of 2022.

2020-21 Types of Services Funded

Funds were spent for general education, inclusion, and state and federally funded special projects. In addition to state and local revenues received for general education, Granite Hill was allocated state and federal money for programs that include Title 1, Title III, and LCFF. These funds are allocated to support English Language Learners with Bilingual Language Tutors, AVID principles, Literacy using Literacy Support Teachers to assist targeted students, technology equipment and software, and materials/supplies for student learning. Funding is also allotted for the development of library/makerspace materials, to allow coaching for data analysis and reflection on instructional practices, BSEL supports, Units of Study collaboration, NGSS materials, and Balanced Math planning and support.

Professional Development

JUSD staff are offered professional development opportunities throughout the year to support district initiatives and to improve on instructional practices. These trainings are in alignment with school goals and are geared towards improving student achievement. The main objectives for Granite Hill are to support teacher collaboration impact teams, providing intervention literacy support, social emotional awareness, AVID Elementary strategies, Units of Study development and analysis, Ellevation and ELPAC to support students learning English, technology supports for software systems, and training for newly hired teachers.

The 2021-22 planned professional development days include 65 partial days and 42 full days.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
