2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Sky Country continues to be a part of the AVID network of schools. As a member of the network, Sky Country believes that every student deserves the chance to be educated in a way that prepares them for college and/or career. Our teachers and staff encourage every child to set goals that will allow them to reach their dreams and work toward their future as they prepare for college and career. We have expanded on the philosophy of AVID elementary school with an even stronger focus on college and career readiness and 21st-century learning by extending training to more teachers.

Sky Country implements the district's Technology Gateway plan by providing all 2nd-6th-grade students a Chromebook device. Devices are a part of daily instruction and are checked out to students for in-school and at-home use. Chromebooks are an integral part of daily instruction and curriculum and support the current Units of study. Teachers as well as classified staff have begun attending staff development opportunities to learn how to implement effective instructional programs through Alludo. Parents will be provided with information on technology and learning opportunity classes throughout the year as well.

Our district and school initiatives are closely related. As a school, we are working toward full implementation of the district's Units of Study. These teacher-created units specifically cover the California standards for ELA, Mathematics, and NGSS for each grade level. Daily English Language Development (ELD) continues to be a key area of focus this school year. Every classroom provides integrated and designated ELD using the new ELD standards. Teachers use the ELA textbook (McGraw Hill – Wonders) to support the Units of Study. The Units continue to serve as our curriculum but teachers are given the freedom to use appropriate resources at their discretion. In 2020-2021 we moved to distance learning because of the COVID 19 pandemic, we continued to hold high standards and rigor as well as continuing to provide teachers with the training and support necessary for best practices in instruction through distance learning. In 2021 we are back in the classroom with students and are focusing on accelerating student learning. We are focused also on SEL and making sure students are making the appropriate adjustments back in the classroom and on campus. Sky country is offering Band, ELO (Extended Learning Opportunities) as well as GATE, RSP, SDC, to help students advance in their individual academic journeys.

Vision

All Sky Country Elementary School students will be academically successful and meet or master the challenging common core state standards. Students will develop their individual potential and self-worth to become successful, contributing citizens who take full responsibilities for their actions. Students will be respectful, responsible and safe.

2021-22 School Overview

School Mission Statement

The Sky Country staff is committed to creating a school that knows no limits to the academic success of each student. Teachers provide challenging lessons reflecting current research, best practices, and high expectations. Sky Country Elementary is an AVID School which takes pride in maintaining a student-focus for all activities and programs. Teachers help to develop connections between life experiences and the curriculum. Staff and parents work together to develop the academic, social, emotional, and physical well-being of all students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Jurupa Unified School District conducts an evaluation of instructional materials to adopt materials that best meet the needs of students. The district conducts adoptions on a districtwide basis. The review process includes a committee of a majority of classroom teachers in the appropriate discipline (Education Code Section 60210). In addition, all instructional materials are in compliance with social content standards. When making adoption decisions, the adoption committee uses the content standards, the curriculum frameworks, the State Board of Education-adopted evaluation criteria, and the reports on each adoption as resources. The final decision for selecting and recommending textbook adoptions is with the adoption committee. The most recently adopted textbooks were selected from the state-approved list.

All students, including English learners, have standards-aligned textbooks checked out to them, to use in class and to take home, in each of the core curriculum areas of reading/language arts, mathematics, science and history/social science; foreign language and health; visual and performing arts; and science laboratory equipment for grades nine through twelve as appropriate.

Elementary students receive core curriculum textbooks on the first day of enrollment. Middle school and high school students receive textbooks checked out to them at registration days a few days before the first day of school. All students enrolling after the first day of school have core curriculum textbooks checked out to them by the Library Clerk on their first day of enrollment.

School Facility Conditions and Planned Improvements

Our custodial staff, consisting of 1 daytime custodian and 1 evening custodian, perform basic cleaning operations in every classroom on a regular basis. The safety, cleanliness, and adequacy of our school facilities are a high priority to the District. Overall, school grounds and facilities are in good repair maintenance does an excellent job at maintaining the facilities. The District's Deferred Maintenance Plan is assessed and updated every year. Work generated by the Deferred Maintenance Plan is generally completed during the summer months. Fire inspections are conducted on an annual basis and any issues are addressed immediately. The District also has an internal inspection team conducting annual safety inspections of all sites. All safety-related items are handled as top priority.

Safety is maintained through the coordination and efforts of several different agencies, including the local fire department, Keenan and Associates (Administrator of Workers' Compensation), Industrial Indemnity (Liability Insurance Carrier), the district safety committee, and our own school custodians.

Sky Country Elementary School has 6 Activity Supervisors to support student safety. Sky Country Elementary School in accordance with Senate Bill 187 has safe school strategies that include information on the status of school crime and the following elements: Safe school programs; child abuse reporting procedures; disaster response procedures; suspension and expulsion policies pursuant to Education Code Section 48900, 48915, and 49079; the District's Discipline Handbook and Sexual Harassment Policy; our school dress code; and procedures and rules for safety on the way to and from school as well as during school hours. This plan will be updated every year and approved by our School Site Council by March.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent involvement is key to the success of our students. Parents, teachers and students must work together to maximize learning for every child. Details are highlighted in our parent involvement policy.

At Sky Country, many opportunities are made available for parents and the community to participate and engage in our students' education. Parents are invited to attend meetings and be part of committees throughout the year. Committees include ELAC, School Site Council and PTO. Other meetings held during school hours include Hero-Bullying prevention and AVID information meetings. These meetings give parents an opportunity to learn while their kids are at school. Child care is provided for most meetings. Translation is generally provided. Parents are also invited to participate in our Back to School Nights as well as Parent Teacher Conferences. Parents are encouraged to have an active role in their child's education.

Non academic opportunities for parents to be on campus are offered monthly. For example, we have an annual Art Fair, Father Daughter Dance, Mother Son game night, family lunch, family game night-unplugged, Trunk or Treat, Movie Nights, and other grade level specific themed days.

Parents are welcomed when they enter our school and are encouraged to volunteer in the classrooms. The school shows appreciation for parents during an annual parent volunteer tea held in May. Even through Distance Learning we made our committee meetings available through Google meets as well as Parent Forums. Now that we are back in person we continue Parent Forums as well as we have resumed meeting on campus and continue to offer child care, we are also starting to offer google meet links for those who cannot make it in person. Contacts for the 2021-2022 school year are Debra Sigala- SSC, ELAC- Patricia Vargas, GATE, Charles Lantz and PTO, Rolanda Cavazos and all may be reached at 951-360-2816

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.34	0.01	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Sky Country Elementary School in accordance with Senate Bill 187, has safe school strategies that include information on the status of school creams and the following elements: safe school programs, child abuse reporting procedures, disaster response procedures, suspension and expulsion policies pursuant to Education Code 48900, 48915, and 49079; the District Discipline Handbook, and Sexual Harassment Policy; our school dress code and procedures, and rules for safety on the way to and from school, as well as during school hours.

The School Safety plan is updated and reviewed every year by the School Site Council, Leadership and staff. This plan focuses on daily safety measures, emergency safety procedures, evacuation instructions and risk management. Sky Country's safety coordinator makes sure staff members are informed and that emergency preparedness and school site safety does not slip through the cracks amid the urgencies that arise daily on a school campus. The plan is revisited every November and approved during a school site council meeting. Every year the plan is reviewed after the Great ShakeOut drill. Monthly drills also occur on campus including fire drills, lockdown and earthquake drills. With Students not on campus during COVID we still had to review safety measures for those staff members who are working through distance learning but were on site. Now being fully back on campus we have made sure that the plan is updated , we have accounted for all our supplies and our needs. Sky Country also implements a PBIS program for behavior support, this helps to ensure that students know the expectations and display positive behavior in each area of the school. We have social skills that are reviewed weekly as well as incentives for this positive behavior. Our PBIS/SEL committee meets once a month to review what students and staff needs are moving forward.

The school safety plan was approved on December 15th 2020 and was most recently updated in November of 2021. The School Site council will review the most recent updates and an upcoming meeting in January 2022.

Professional Development

Jurupa Unified School District offers its teachers many opportunities for professional development. The trainings are aligned with Sky Country's School Goals and are to help students become college and career ready, ensure the safe learning environment for all students and promote engagement of parents. One of the main goals is to provide academic intervention for students k-6 in literacy as well as math, give teachers collaboration time for IMPACT TEAMS, promote AVID strategies, Units of study implementation and analysis, Ellection and ELL support, training for different software systems as well and new teacher trainings.

The 2021-22 planned professional development days include 36 partial days.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
