2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Ina Arbuckle Elementary School is one of seventeen TK-6 elementary schools in the Jurupa Unified School District, and is located in Jurupa Valley, CA. The population of our community is very mobile. The majority of the students live within walking distance of the school in apartments, mobile home parks or rented homes, which contributes to a high transient rate. Ina Arbuckle Elementary School is located in one of several communities in the city of Jurupa Valley served by the Jurupa Unified School District, a district of approximately 20,000 students. Ethnic distribution is 91% Hispanic, 5% African American, 2% White (not Hispanic), and 2% other. Ina Arbuckle Elementary School is currently serving approximately 500 transitional kindergarten through sixth grade regular education students, 12 SDC Pre-K students, 38 Head Start children and 35 Spectrum students. According to CBEDS data, 93% of Ina Arbuckle students receive free or reduced lunch and 60% of students are English learners.

Optional Distance Learning, or In person daily “live” instruction is provided by appropriately certificated teachers who have been trained for effective distance learning teaching as well as in person instruction. Virtual instruction features appropriate opportunities for students to demonstrate learning, teacher feedback, formative assessments, student collaboration, and focused instruction.

All staff members are highly qualified. The Jurupa Unified School District actively seeks out highly qualified teachers and paraprofessionals through a variety of strategies. The district and site also provide quality, on-going staff development to ensure teachers and staff are effective. Teachers, paraprofessionals, and even parents are included in a myriad of trainings, which include, but are not limited to: G.A.T.E., Least Restrictive Environment, Positive Behavior Intervention Support (PBIS), Classroom Management, Student Study Team (Tier I/II Interventions), Restorative Justice Practices, Technology Integration, Professional Learning Communities, and School Safety training. Ina Arbuckle’s staff collaborates with parents examining program effectiveness, school safety, and learning opportunities to provide a supportive, exemplary learning environment for all students. An active three-way partnership among teachers, parents, and students is the cornerstone to Ina Arbuckle’s determination that all students succeed.

The Ina Arbuckle Elementary staff is dedicated to creating a safe and productive learning environment filled with positive school experiences. We are committed to:

- Providing individualized academic programs for each student that best advocates for their present and future educational needs and goals.

2021-22 School Overview

- Providing differentiated instruction that allows access to standards-based curriculum, innovative use of technology, and develops 21 century skills needed to be college and/or career ready, upon graduation.
- Creating a positive and productive learning environment that promotes social and emotional skill development by engaging students in activities that improve self-esteem; help students learn to interact in a positive manner with others; and utilize appropriate conflict resolution, anger management and decision-making strategies.
- Creating a safe, structured, well-defined instructional program that communicates high expectations, provides high levels of support and demonstrates staff unity in standing firmly together on standards of behavior, academic performance and ultimately the success of each and every student.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Jurupa Unified School District conducts an evaluation of instructional materials to adopt materials that best meet the needs of students. The district conducts adoptions on a districtwide basis. The review process includes a committee of a majority of classroom teachers in the appropriate discipline (Education Code Section 60210). In addition, all instructional materials are in compliance with social content standards. When making adoption decisions, the adoption committee uses the content standards, the curriculum frameworks, the State Board of Education-adopted evaluation criteria, and the reports on each adoption as resources. The final decision for selecting and recommending textbook adoptions is with the adoption committee. The most recently adopted textbooks were selected from the state-approved list.

All students, including English learners, have standards-aligned textbooks checked out to them, to use in class and to take home, in each of the core curriculum areas of reading/language arts, mathematics, science and history/social science; foreign language and health; visual and performing arts; and science laboratory equipment for grades nine through twelve as appropriate.

Elementary students receive core curriculum textbooks on the first day of enrollment. Middle school and high school students receive textbooks checked out to them at registration days a few days before the first day of school. All students enrolling after the first day of school have core curriculum textbooks checked out to them by the Library Clerk on their first day of enrollment.

School Facility Conditions and Planned Improvements

Our custodial staff, consisting of 1 daytime custodian and 2 evening custodians, perform basic cleaning operations in every classroom on a regular basis. The safety, cleanliness, and adequacy of our school facilities are a high priority to the District. Overall, school grounds and facilities are in good repair maintenance does an excellent job at maintaining the facilities. The District's Deferred Maintenance Plan is assessed and updated every year. Work generated by the Deferred Maintenance Plan is generally completed during the summer months. Fire inspections are conducted on an annual basis and any issues are addressed immediately. The District also has an internal inspection team conducting annual safety inspections of all sites. All safety-related items are handled as top priority.

Safety is maintained through the coordination and efforts of several different agencies, including the local fire department, Keenan and Associates (Administrator of Workers' Compensation), Industrial Indemnity (Liability Insurance Carrier), the district safety committee, and our own school custodians.

Ina Arbuckle Elementary School has 6 Activity Supervisors and 1 Campus Supervisor to support student safety. Ina Arbuckle Elementary School in accordance with Senate Bill 187 has safe school strategies that include information on the status of school crime and the following elements: Safe school programs; child abuse reporting procedures; disaster response procedures; suspension and expulsion policies pursuant to Education Code Section 48900, 48915, and 49079; the District's Discipline Handbook and Sexual Harassment Policy; our school dress code; and procedures and rules for safety on the way to and from school as well as during school hours. This plan will be updated every year and approved by our School Site Council by March.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

During Distance Learning Parent Involvement programs are provided virtually. Ina Arbuckle works actively to increase parent participation as a strategy for increasing student achievement. The Parent Policy includes the following elements: an annual meeting of parents will be held to describe the school sites Title I program; opportunities to participate in the planning, review and improvement of the Title I program through DAC, DELAC, SSC, ELAC, and PTA; school communication about the Title I programs will be distributed in all the major languages spoken by the families of the students at the school; assessment information reflecting student academic progress will be shared with parents at parent/teacher conferences in the fall; school leaders will determine who is responsible for the coordination of parent involvement activities at the site; training for meaningful parent involvement will be provided; appropriate roles for community organizations will be developed; and surveys will be conducted to assess needs and to evaluate the effectiveness of the parent involvement activities. Our parent involvement focus is based on the National Standards for Parent/Family Involvement: Parenting, Communicating, Volunteering, Learning and Home, Decision Making and Advocacy, Collaborating with Community, and Relationship Building.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.34	0.01	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Ina Arbuckle Elementary's comprehensive school safety plan had been updated include COVID-19 CDC Guidelines and was designed to be utilized as a school resource for prevention/mitigation, preparedness, response and recovery planning and training as well as functioning as a template for meeting the requirements for the annual Safety Plan Process under SB 187 and the National Incident Management System. The document is designed as a living document to be updated as necessary to meet site, district and community needs, forms, or requirements. The plan addresses school crime, mandated policies and procedures, child abuse reporting and prevention, suspension and expulsion and due process, staff notification of dangerous students, campus safety, school discipline, sexual harassment policy, discrimination and other harassment policy, dress code policy, drug free expectations, parent involvement strategies, prevention and intervention strategies, emergency and disaster response and procedures, procedures for safe ingress and egress, emergency evacuation routes and procedures, drills, medical emergencies, and mass casualty procedures. Most importantly, the plan addresses the needs of the school and students and considers the following three essential components in accordance with Ed. Code 35294.21: 1) Assures each student a safe physical environment, 2) assures each student a safe respectful, accepting, and emotionally nurturing environment, and 3) develops each student's resiliency skills.

The school safety plan was last reviewed, discussed, and updated in February 2021. It will be reviewed and updated again in January 2022.

Professional Development

Professional development opportunities are offered and modified to virtual means due to COVID-19. Ina Arbuckle staff kept up with best research-based teaching practices. Evaluation of the effectiveness of the previous year's staff-development activities are also reviewed annually. Individually, teachers identify strategies they'd like to add to their repertoires. From the data, professional-development priorities are established, with activities planned to meet those needs. Over the past few years, training initiatives included the implementation of new English Language Arts curriculum to address California Common Core State Standards for English Language Arts (RCOE, provider); Next Generation Science Standards (JUSD, Consultant provider); implementation of English Language Development Standards as a component of both Integrated and Designated English Language Development blocks (RCOE, provider); Behavior Social Emotional Learning (BSEL); JUSD Special Education Department, provider); Integration of HAIKU (Power Learning), ALLUDO technology training, and GAFE utilizing Chromebooks with a 1:1 ratio in grades 2-6 (JUSD Education Technology Department, provider with Virtual PDs for all staff); Five Easy Steps to a Balanced Math Program (Leadership and Learning Center training, provider); ELA and math Units of Study (Leadership and Learning Center Rigorous Curriculum Design consultants and Jurupa writing committee teachers, providers); Language! intervention teacher training (Voyager Learning consultants, provider); DIBELS Early Literacy teacher training (RCOE consultant, JUSD Early Literacy coach), transitional kindergarten teacher training (JUSD Education Services Professional Development Program, provider); and GATE teacher training (Dr. Susan Daniels, The Summit Center, provider). Staff also received training on trauma informed practices. These trainings provided teachers with the skills and tools necessary for implementing high-quality instruction to a range of students in their classrooms.

The 2021-22 planned professional development days include 64 partial days and 48 full days.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
