## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

The mission at Van Buren Elementary School is to educate students academically and socially to ensure success in a diverse and global society. Van Buren Elementary school uses an integrated, balanced, and progressive curriculum, utilizing innovative teaching strategies while maintaining a secure and safe learning environment, where student learning is valued. Van Buren Elementary has adopted AVID's pledge to commit to preparing all students for college readiness and success in a global society. At Van Buren Elementary, the nurturing environment and challenging curriculum prepare students to become intrinsically motivated, independent learners, aspiring to higher learning. Van Buren's highly qualified staff works to foster critical and creative thinking skills, employing research-based strategies. Van Buren instills those qualities of character and integrity to encourage responsible, ethical behavior, and respect for self and others. Van Buren prepares students to meet life's challenges by teaching them to be articulate, effective communicators, possessing the technological knowledge necessary to be successful in a competitive world. Van Buren works to develop vital interpersonal skills based on acceptance, appreciation, and awareness of others. A collaborative partnership among staff, parents, students and the community is the cornerstone of Van Buren's determination that all children will be on the road to college and career readiness when promoted to middle school.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2020-21 Teacher Preparation and Placement

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Jurupa Unified School District conducts an evaluation of instructional materials to adopt materials that best meet the needs of students. The district conducts adoptions on a districtwide basis. The review process includes a committee of a majority of classroom teachers in the appropriate discipline (Education Code Section 60210). In addition, all instructional materials are in compliance with social content standards. When making adoption decisions, the adoption committee uses the content standards, the curriculum frameworks, the State Board of Education-adopted evaluation criteria, and the reports on each adoption as resources. The final decision for selecting and recommending textbook adoptions is with the adoption committee. The most recently adopted textbooks were selected from the state-approved list.

All students, including English learners, have standards-aligned textbooks checked out to them, to use in class and to take home, in each of the core curriculum areas of reading/language arts, mathematics, science and history/social science; foreign language and health; visual and performing arts; and science laboratory equipment for grades nine through twelve as appropriate.

Elementary students receive core curriculum textbooks on the first day of enrollment. Middle school and high school students receive textbooks checked out to them at registration days a few days before the first day of school. All students enrolling after the first day of school have core curriculum textbooks checked out to them by the Library Clerk on their first day of enrollment.

## School Facility Conditions and Planned Improvements

Our custodial staff, consisting of 1 daytime custodian and 1 evening custodian, perform basic cleaning operations in every classroom on a regular basis. The safety, cleanliness, and adequacy of our school facilities are a high priority to the District. Overall, school grounds and facilities are in good repair; maintenance does an excellent job at maintaining the facilities. The District's Deferred Maintenance Plan is assessed and updated every year. Work generated by the Deferred Maintenance Plan is generally completed during the summer months. Fire inspections are conducted on an annual basis and any issues are addressed immediately. The District also has an internal inspection team conducting annual safety inspections of all sites. All safety-related items are handled as top priority.

Safety is maintained through the coordination and efforts of several different agencies, including the local fire department, Keenan and Associates (Administrator of Workers' Compensation), Industrial Indemnity (Liability Insurance Carrier), the district safety committee, and our own school custodians.

Van Buren Elementary School has 5 Activity Supervisors to support student safety. X School in accordance with Senate Bill 187 has safe school strategies that include information on the status of school crime and the following elements: Safe school programs; child abuse reporting procedures; disaster response procedures; suspension and expulsion policies pursuant to Education Code Section 48900, 48915, and 49079; the District's Discipline Handbook and Sexual Harassment Policy; our school dress code; and procedures and rules for safety on the way to and from school as well as during school hours. This plan will be updated every year and approved by our School Site Council by March.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parents, staff, and community members are consulted as part of the planning process for the SPSA/Annual Review and Update. These stakeholders are invited to be a part of School Site Council (SSC) and English Language Advisory Committee (ELAC) in August and September. Class Dojo messages, Parent Square messages, flyers, letters, and phone calls are made to communicate opportunities for involvement in the decision making process. Meetings (at least six per year) are held throughout the year to reflect and make suggestions for the updating of the SPSA.

Contacts for the 2021-2022 school year are Veronica Gonzalez- SSC, ELAC- Monica Balbuena, GATE, Amanda Rusk and PTA, Alicia Padilla may be reached at 951-360-2865.

#### 2020-21 Chronic Absenteeism by Student Group

## C. Engagement

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.34	0.01	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Van Buren, in accordance with Senate Bill 187, has safe school strategies that include information on the status of school crime and the following elements: safe school programs; child-abuse reporting procedures; disaster-response procedures; suspension and expulsion policies pursuant to Education Code Sections 48900, 48915, and 49079; the district Discipline Handbook and Sexual Harassment Policy; our school dress code; and procedures and rules for safety on the way to and from school, as well as during school hours. Van Buren's Safety Coordinator attends a Safety Committee meeting where district personnel provide updated information for the site Safe Schools Plan. This plan is updated, presented, and approved by our School Site Council. Van Buren Elementary has also established Positive Behavioral Interventions and Supports (PBIS) Program and Behavioral Social-Emotional Learning (BSEL) program on campus to foster a learning environment that is physically and emotionally safe. Among its many functions, the programs work to promote a positive, safe, and productive school environment that ensures quality learning and enrichment for all students. Teachers and students are made fully aware of procedures to be followed in case of fire, earthquake, threats or disasters. Each is supplied with a clipboard housing evacuation routes, disaster plans, a walkie-talkie, and an emergency preparedness kit. Emergency drills are held each month to make sure that students know how to evacuate their classrooms and other school buildings in the unlikely event of a fire. In case of a serious disaster, Van Buren has developed an emergency/disaster plan to help ensure that students are kept safe. District-wide disaster drills are held twice a year in order to keep staff and students aware of procedures for evacuation, assisting injured students, and reuniting parents and children. The school safety plan was most recently reviewed and updated in January 2022.

## 2020-21 Types of Services Funded

Let's use this: Funds were spent for general education, inclusion, and state and federally funded special projects. In addition to state and local revenues received for general education, Granite Hill was allocated state and federal money for programs that include Title 1, Title III, and LCFF. These funds are allocated to support English Language Learners with Bilingual Language Tutors, AVID principles, Literacy using Literacy Support Teachers to assist targeted students, technology equipment and software, and materials/supplies for student learning. Funding is also allotted for the development of library/makerspace materials, to allow coaching for data analysis and reflection on instructional practices, BSEL supports, Units of Study collaboration, NGSS materials, and Balanced Math planning and support.

## 2019-20 Teacher and Administrative Salaries

## Professional Development

Jurupa Unified is dedicated to offering teachers, administration and support staff the on-going professional development needed to provide our students with learning opportunities that are engaging, challenging and preparing them to become college and career ready. The district offers full day and partial day trainings that are in-person, virtual and self-paced. Training topics range from building collective efficacy among teams through IMPACT Teams, building content knowledge through Units of Study, NWEA data analysis, English Learner data analysis through Ellevation, Social Emotional Learning, AVID, GATE, Crisis Prevention, school safety and building a library program that supports student learning. Our professional development topics align to Van Buren's goals. The range of topics are supported on-site through staff development meetings, district liaison support and the leadership team.

The 2021-22 planned professional development days include 70 partial days and 22 full days.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
