## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fq/aa/lc/](http://www.cde.ca.gov/fq/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Welcome to Mission Middle School, Home of the Mustangs. Our teachers, support staff, administrative team, and parents work together to create an engaging and supportive learning environment that maintains high expectations for mastery, promotes students' success in academics and social development, instills responsibility and pride, and fosters life-long learning.

### Vision Statement

The vision of Mission Middle School is to be an exemplary school where all students are successfully prepared for the rigors of high school and post-secondary learning. Our students will achieve success in academics and will learn the skills, abilities, and attitudes necessary to become productive members of a global society.

### Mission Statement

Our mission is to develop in all students the skills, abilities, and attitudes necessary to achieve success in academics and social responsibility.

### School Profile

Mission Middle School is located in Jurupa Valley, California. Our school serves students in grades seventh and eighth and follows a traditional calendar. During the 2021-22 school year, students attended in person instruction. There are 744 students enrolled, including 34% qualifying for English Language support services and 89.4% categorized as socioeconomically disadvantaged. Approximately 14% of our students receive services in special education and approximately 6% of our students are identified as gifted and talented (GATE).

Mission Middle School offers a variety of school programs. Students who are performing below the Proficient level on the California Assessment of Student Performance and Progress, district standardized assessments, or semester grades are provided with intervention classes such as reading and math tutorials as well as Extended Learning Opportunities (ELO) which are offered after-school. Elective classes such as AVID, Media Technology, Band, Strings, Choir, Robotics, Teacher Assistants, & Student Tech Team are also offered. Extracurricular clubs and activities (currently over 20 active clubs) for student enrichment include Club Outreach, Art Club, Mustang Express (school newspaper), Yearbook Club, Baking Club, GAP Club, Keep it Confidential Club, Book Club, Drama club, Club M.A.S., Science Club, Tech Club, Mustang Pride Days, Mustang Madness, and other reward assemblies. CAASPP and ELPAC chats are done to encourage and motivate students to perform to the best of their abilities. ELO sessions are offered to support students both socially/emotionally and academically. ## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	
<b>Intern Credential Holders Properly Assigned</b>	
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>

<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Jurupa Unified School District conducts an evaluation of instructional materials to adopt materials that best meet the needs of students. The district conducts adoptions on a districtwide basis. The review process includes a committee of a majority of classroom teachers in the appropriate discipline (Education Code Section 60210). In addition, all instructional materials are in compliance with social content standards. When making adoption decisions, the adoption committee uses the content standards, the curriculum frameworks, the State Board of Education-adopted evaluation criteria, and the reports on each adoption as resources. The final decision for selecting and recommending textbook adoptions is with the adoption committee. The most recently adopted textbooks were selected from the state-approved list.

All students, including English learners, have standards-aligned textbooks checked out to them, to use in class and to take home, in each of the core curriculum areas of reading/language arts, mathematics, science and history/social science; foreign language and health; visual and performing arts; and science laboratory equipment for grades nine through twelve as appropriate.

Elementary students receive core curriculum textbooks on the first day of enrollment. Middle school and high school students receive textbooks checked out to them at registration days a few days before the first day of school. All students enrolling after the first day of school have core curriculum textbooks checked out to them by the Library Clerk on their first day of enrollment.

## School Facility Conditions and Planned Improvements

Our custodial staff, consisting of 1 daytime custodian, 1 mid-day custodian, and 2 evening custodians, perform basic cleaning operations in every classroom on a regular basis. The safety, cleanliness, and adequacy of our school facilities are a high priority to the District. Overall, school grounds and facilities are in good repair maintenance does an excellent job at maintaining the facilities. The District's Deferred Maintenance Plan is assessed and updated every year. Work generated by the Deferred Maintenance Plan is generally completed during the summer months. Fire inspections are conducted on an annual basis and any issues are addressed immediately. The District also has an internal inspection team conducting annual safety inspections of all sites. All safety-related items are handled as top priority.

Safety is maintained through the coordination and efforts of several different agencies, including the local fire department, Keenan and Associates (Administrator of Workers' Compensation), Industrial Indemnity (Liability Insurance Carrier), the district safety committee, and our own school custodians.

Mission Middle School has 5 Activity Supervisors and 2 Campus Supervisors to support student safety. Mission Middle School in accordance with Senate Bill 187 has safe school strategies that include information on the status of school crime and the following elements: Safe school programs; child abuse reporting procedures; disaster response procedures; suspension and expulsion policies pursuant to Education Code Section 48900, 48915, and 49079; the District's Discipline Handbook and Sexual Harassment Policy; our school dress code; and procedures and rules for safety on the way to and from school as well as during school hours. This plan will be updated every year and approved by our School Site Council by March.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parental support and participation is facilitated through our School Site Council, ELAC, GATE Parent meetings, Coffee with the Principal, and counselor led information sessions and Parent Workshops. Our parents are encouraged to use the JUSD Parent Connect system to access their students' records. The Q Communication message system is used frequently to inform parents of school events, student behavior, and student achievement. Parents are informed of their student's academic progress via the progress reports and report cards that are sent home every 6 weeks. Parents are also invited to attend quarterly Coffee with the Principal sessions where school events are discussed, counselors host information sessions, and parent concerns are voiced. Student achievement recognition occurs on a grading period basis. The counselors also have an after school College and Career Readiness parent workshop where they cover A-G compared to graduation requirements, CTE pathways, and students' 4 and 6 year plans. The school counselors also coordinate and facilitate Parent Teacher Conferences at parent or teacher request.

Our contacts for each of the parent involvement opportunities are as follows:

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.92	0.00	0.34	0.01	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Our School Safety Plan, developed by a site committee, documents our efforts to ensure Mission Middle School is a safe and orderly place for teaching and learning. In order to prepare a plan consistent with student and state requirements, the Site Safety Committee conducted a needs assessment using a variety of data sources including suspension and expulsion reports, law enforcement intervention reports, and the California Healthy Kids Survey.

Mission Middle School's goals are: to provide training for staff and students on safety issues, to improve communication with the community on safety and disaster preparedness, and to provide a school environment where both students and staff are encouraged to report situations that would jeopardize their physical and optional safety. Our plan encompasses a description of seven separate strategies and programs ranging from a district Youth Court to the school resource officer. The School Safety Plan also includes policies, procedures and guidelines regarding child-abuse reporting, disaster preparedness, sexual harassment, and Internet Acceptable Use Policy, the District Parent Information Guide, and School Code of Conduct. Mission staff and students participate in drills for disaster, fire, and lock down during each school year. The 2020-2021 School Safety Plan was most recently reviewed and updated through our School Site Council on January 15, 2021.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

## 2020-21 Types of Services Funded

At Mission Middle School we are committed to improving student achievement outcomes and closing the achievement gap. We provide supplemental educational services that will enable all students to build and strengthen their academic skills. During the school day, we provide READ 180 and Math Tutorial classes to build skills in reading, writing, math fluency, and conceptual understanding. Historically, we provide Extended Learning Opportunities (ELO) that provided academic support in English-Language Arts, English-Language Development, and Math. However, with the COVID-19 pandemic, we were unable to do so during the 2020-2021 school year. Furthermore, the Think Together and Saturday School programs are traditionally offered to provide tutorial support in English-Language Arts, English-Language Development, and Math to assist students in meeting academic standards. During the 2020-2021 school year, we were not able to host Saturday Schools, and Think Together was offered as a full day program on campus to better support student/family needs.

## Professional Development

The Mission Middle School teachers are committed to developing as professionals to ensure students excel academically and socially-emotionally. Teachers participate in the Jurupa Unified School District learning sessions which provide high-quality, research-based professional development, responding to requirements set by CDE. Staff development continues to focus in the areas of ELA, NGSS Science, and Mathematics Units of Study, state adopted ELD standards, GATE teacher training, JORS District Technology trainings, and Digital Citizenship lessons. These learning sessions provided our teachers with the skills and tools necessary for implementing high-quality instruction to a range of students in their classrooms. Teachers work collaboratively each Thursday morning during our late-starts and all departments are receiving professional development to become Impact Teams, with a focus on learning evidence, analysis and action of student work. Additionally, implementation of Social-Emotional Learning lessons and accompanying professional development is provided through our work with Second Step.

The 2021-22 planned professional development days include 65 partial days and 44 full days.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
