The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Ina Arbutckle Elementary School for meeting ESSA's planning requirements for Comprehensive Support and Improvement (CSI) in alignment with the LCAP and other federal, state, and local programs.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting the ESSA's planning requirements for Comprehensive Support and Improvement (CSI) in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

Our school conducted a thorough needs assessment, analyzing student achievement data across various subgroups. This analysis revealed a concerning gap in ELA and math scores in all student groups.

In response, our district developed a comprehensive goal within its Local Control and Accountability Plan (LCAP) to significantly increase college and career readiness, particularly emphasizing closing the gap for these identified subgroups. Our school mirrored this goal, breaking it down into specific, measurable targets aligned with our student population.

To achieve this goal, we developed a multi-faceted strategy leveraging funding from multiple sources in a coordinated manner. LCAP funds support the implementation of an afterschool ELA/math tutoring program specifically targeting the students displaying the most significant need. Funds from the Every Student Succeeds Act (ESSA) are designated for professional development. They are focused on research-based strategies for teaching ELA/math to socioeconomically disadvantaged students and English learners to enhance our instructional approaches further. Recognizing the importance of family engagement, we also utilize local funds to provide translation services for parent workshops, empowering families to support their children's academic success. We are working in tandem with our Community Schools group to develop more community and family involvement.

We've established a robust system of monitoring and evaluation. Regular assessments track the progress of all students, with particular attention paid to our target subgroups. We've set a clear timeline for analyzing this data, allowing us to quickly identify the most effective strategies and modify our approach to maximize learning gains.

Transparency remains a priority, and we actively share our plan, progress updates, and outcomes with parents and community members.

This integrated approach, drawing from ESSA, the LCAP, and local funding streams, demonstrates our school's deep commitment to ensuring that every student receives the support they need to excel in academics, regardless of background or language proficiency.

Educational Partner Involvement

How, when, and with whom did your Ina Arbuckle Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Ina Arbuckle Elementary seeks input from all educational partners (students, staff, parents, and the community). We currently have 4-6th grade students serving on the student council in which every aspect of the school is discussed, and the students are asked to share their thoughts, opinions, and input. We have chosen 5th- 6th grade students through community schools to represent our Peers Assistance Leadership (PALS). Their goal is to build a positive school climate through mentoring, conflict resolution, and bullying prevention. Each year, the students have the opportunity to provide input via LCFF/ Panorama/Healthy Kids surveys. Staff also provide input by completing a similar survey. Staff can also provide input on school initiatives in staff meetings and surveys sent throughout the year. The leadership team meets monthly to discuss staff input. Parents share their input via a yearly LCFF/Panorama survey and are encouraged to attend Back to School Night, ELAC, SSC, PTA, Coffee and Conversations, Community Schools Committee meetings, and parent workshops. Our site has a yearly Title 1 meeting open to all our school's families. Community schools offer classes to the community, specifically at our site, based on the survey needs of the families, but all community members are welcome. In addition, site-level educational partners & the principal meet with district administrators to review and provide our annual evaluation, analysis of our outcome data, and budget review and modification for the following year.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI only.

Due to decreases in enrollment, free and reduced lunch numbers as well as unduplicated student data, our funding was decreased in both federal Title I and state Local Control Funding Formula (LCFF) monies, and the rising costs of STRS/PERS (employee benefits) impacted the school site's budget. Despite these funding decreases, we are able to continue to provide base and supplemental services for our students. We are working with our staff to implement an afterschool ELA/math ELO opportunity for students who have the need additional academic supports. Also, we are

increasing our library content to create a more diverse and inclusive area for all students to feel a sense of belonging, such as purchasing more Spanish and bilingual books for our EL students to be able to read. With continued data review and current planning along with support from the district and professional development that provides additional support to promote Restorative Practices as well as best teaching strategies to help focus on our student's social and emotional needs as well as our four focus groups of ELLs, Hispanics, Socioeconomically Disadvantaged, and Students with Special Needs. We are purchasing new teacher materials to build their capacity teaching our Students with Special Needs and those who need more intensive interventions. We will create Literacy/Math based professional development to give teachers the opportunity to gain knowledge in our literacy focus as a district and school site. We are working collaboratively to help build strong relationships between our educational partners at Ina Arbuckle Elementary.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Ina has very low (red) performance categories in the areas of CAASPP ELA and Math, and the Suspension Rate.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

In the area of CAASPP ELA and Math, all student groups are red. There are no red indicators for ELPI. Chronic Absenteeism is red for the subgroup of Students with Disabilities. Suspension Rate is red for Socioeconomically Disadvantaged and Hispanic student groups.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

To address the need to increase our CAASPP scores, our site will specifically target all subgroups in the area of ELA by focusing on interventions and creating a master schedule for the day that all teachers will follow. In the area of Math, we will utilize our Math Support Teacher to focus on specific standard needs. In the area of Chronic Absenteeism, we will focus on and monitor family communication with Students with Disabilities. In the area of Suspensions, we are becoming more aware of who our Socioeconomically Disadvantaged and Hispanic students are who are struggling with discipline issues.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level Ina Arbuckle Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

| Student Enrollment by Subgroup | | | | | | |

| Grade 5 | 72 | 62 | 56 |
| Grade 6 | 78 | 69 | 59 |
| Total Enrollment | 490 | 441 | 405 |

Conclusions based on this data:

1. A decrease in Hispanic/Latino student population.
2. Declined enrollment in the following grades: K, 3, 5, 6
3. Increase enrollment in second and fourth grades.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

| English Learner (EL) Enrollment | | | | | | |
|---|--------------------|-------|-------|---------------------|-------|-------|
| Student Group | Number of Students | | | Percent of Students | | |
| | 20-21 | 21-22 | 22-23 | 20-21 | 21-22 | 22-23 |
| English Learners (EL) | 212 | 206 | 200 | 43.3% | 46.7% | 49.4% |
| Fluent English Proficient (FEP) | 93 | 62 | 38 | 19.00% | 14.1% | 9.4% |
| Reclassified Fluent English Proficient (RFEP) | 4 | 3 | 9 | 2% | 1% | 5% |

Conclusions based on this data:

1. Our percentage of English Learners has increased approximately 3% yearly.
2. There has been a decrease in FEP's by approximately 5% yearly.
3. Reclassification of students has increased by 16 students in 3 years.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. All students were tested.
2. Growth in grades 3 and 5 in overall achievement.
3. Overall students decreased in standards not met in all areas.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. 4th and 5th grades overall language increased their scores in speaking and listening.

2. Language was a strength
3. Writing and reading are the two challenges.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

| 2022-23 Student Population | | | |
|--|--|--|---|
| Total Enrollment | Socioeconomically Disadvantaged | English Learners | Foster Youth |
| 405 | 96.5 | 49.4 | 0.5 |
| Total Number of Students enrolled in Ina Arbuckle Elementary School. | Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma. | Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses. | Students whose well being is the responsibility of a court. |

| 2022-23 Enrollment for All Students/Student Group | | |
|---|-------|------------|
| Student Group | Total | Percentage |
| English Learners | 200 | 49.4 |
| Foster Youth | 2 | 0.5 |
| Homeless | | |
| Socioeconomically Disadvantaged | 391 | 96.5 |
| Students with Disabilities | 40 | 9.9 |

| Enrollment by Race/Ethnicity | | |
|------------------------------|-------|------------|
| Student Group | Total | Percentage |
| African American | 14 | 3.5 |
| Asian | 2 | 0.5 |
| Hispanic | 376 | 92.8 |
| Two or More Races | 2 | 0.5 |
| Pacific Islander | 1 | 0.2 |
| White | 5 | 1.2 |

Conclusions based on this data:

1. Almost all of our students fit into two or more sub groups.
2. Most of our Hispanic population is also considered socioeconomically disadvantaged.

3. Half of our student population are EL's.

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

| Academic Performance | Academic Engagement | Conditions & Climate |
|--|--|-----------------------------------|
| English Language Arts Red | Chronic Absenteeism Yellow | Suspension Rate Red |
| Mathematics Red | | |
| English Learner Progress Green | | |

Conclusions based on this data:

1. Our suspension rate is in the red because the students in one of the smallest sub groups have the most suspensions.
2. Chronic Absenteeism is in the yellow which shows how attendance affects the ELA and Math scores.

-
-
3. We have a large EL population, but have increased to green for the dashboard due to overall EL performance in all subjects.

|--|---|--|
| 129.4 points below standard Decreased -8.8 points 104 Students | Less than 11 Students 9 Students | 104.8 points below standard Maintained -0.3 points 73 Students |

Conclusions based on this data:

1. We have decreased our score in ELA instead of maintained, as in math.
2. Over 100 points below in each sub group for ELA.
3. Our EL's have decreased significantly in their ELA scores, which is why we have created a Literacy team and increased time with our Bilingual Language Tutors.

|---|---|---|
| 120.5 points below standard Maintained +2.5 points 104 Students | Less than 11 Students 9 Students | 115.2 points below standard Decreased -6 points 72 Students |

Conclusions based on this data:

1. We are maintaining and not decreasing our number of EL's in Math and the score is so far below the standard. This is not a reading issue, it is concepts.
2. All the sub groups are in the red maintaining their scores, but not growing.
3. Our math scores are over 100 points below standard.

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

| Decreased One ELPI Level | Maintained ELPI Level 1, 2L, 2H, 3L, or 3H | Maintained ELPI Level 4 | Progressed At Least One ELPI Level |
|--------------------------|--|-------------------------|------------------------------------|
| 22 | 64 | 0 | 74 |

Conclusions based on this data:

1. 14% of students decreased their level. This area needs to be investigated more.
2. The number of students that maintained their level is about 40%. That means no growth for almost half of the students.
3. We do not celebrate the progression of students; 74 students improved their level, we need to acknowledge and celebrate.

Conclusions based on this data:

1. Chronic absenteeism has declined significantly overall.
2. One third of our student population is chronically absent.
3. All subgroups have declined significantly except for our SWD group.

Conclusions based on this data:

1. One of the smallest subgroups (African American) had the most suspensions.
2. The students who are getting suspended are from multiple subgroups.
3. Hispanic population is our largest population and we increased significantly.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

All students will be college and career ready.

The aim of college and career readiness is to ensure all students graduate high school prepared for their futures. This means equipping them with the academic foundation, critical thinking skills, and real-world experience to succeed in either higher education or directly in their chosen career path. By fostering college and career readiness, we empower students to transition smoothly into their next chapter and contribute meaningfully to the workforce.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will be college and career-ready.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Ina has very low (red) performance categories in CAASPP ELA and Math, as well as the suspension rate. In the area of CAASPP ELA and Math, all student groups are red. There are no red indicators for ELPI. Chronic Absenteeism is red for the subgroup of Students with Disabilities. The Suspension Rate is red for Socioeconomically Disadvantaged and Hispanic student groups.

To address the need to increase our CAASPP scores, our site will specifically target all subgroups in the area of ELA by focusing on interventions, developing a literacy plan, and creating a master schedule for the day that all teachers will follow. In the area of Math, we will utilize our Math Support Teacher to focus on specific standard needs. We are implementing an after-school program (ELO) to help students develop skills and become more proficient in the CAASPP.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

- 1.1A. The math and language support teachers were effective and helpful in achieving the site's goals. The new Twig curriculum will encourage STEM implementation.
- 1.1 The use of developing PLC time to create common formative assessments and a writing plan.
- 1.1J Band and Strings were done with fidelity and had classes and performances.
- 1.5B The purchase of Reflex was a success.
- 1.6 Inclusion of PK and Head Start was created.
- 1.1L Student Council and Career Day are implemented at our site.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

1.5B Spent \$3200 on Reflex Math to improve math fluency and data is showing an improvement through our NWEA scores.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

- 1.1 M Remove the Science Camp line item that had a \$0.00.
- 1.1B Remove the statement about distance learning.
- 1D.E.F will be combined into one statement.
- 1.1K Science Fair Coordinator position will be eliminated due to a district stipend position available.
- 1.2 The classroom teacher will perform an intensive guided reading intervention for the Upper Grades (Grades 4-6) in the classroom with a supplemental resource.
- 1.2 A literacy coach is now replacing a C District coach.
- 1.3 D Classes will be configured evenly regarding the EL student population, with the intent of leveling students during ELD time to put a higher emphasis on EL proficiency.
- 1.3 F Provide supplemental hours to BLTs to provide additional support.
- 1.3 H This line has been deleted as no full-time TSA exists in this position.
- 1.4 A Change the name of AVID to College and Career Readiness. Remove the Avid coordinator from being compensated.
- 1.5 B Increase funds to add Reflex Math to our site subscriptions.
- 1.5 D Digital platform will change to Hanover from Ellevation for ELD instruction/resources

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

All students will have a safe, orderly, and inviting learning environment.

Our goal is to cultivate a learning environment where all students feel safe, respected, and supported. This means creating a space that is orderly and predictable, allowing students to focus on learning. We also want it to be inviting and stimulating, fostering a love of discovery and a sense of belonging.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will have a safe, orderly, and inviting learning environment.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Our school attendance rate and chronic absenteeism need to improve overall. Chronic Absenteeism is red for the subgroup of Students with Disabilities. Suspension Rate is red for Socioeconomically Disadvantaged and Hispanic student groups. Suspensions need to decrease, especially for our African American students. Also in the area of Suspensions, we are becoming more aware of who our Socioeconomically Disadvantaged and Hispanic students are who are struggling with discipline issues. We will improve our Restorative Practice implementation for the staff to help develop this potential shortcoming. Our school site needs to build caring relationships with students and have them feel safe at school.

Annual Measurable Outcomes

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

2.2 PBIS Applying for a silver award this year for our external TFI.
2.2 C PALS was started this winter.
2.2 D Attendance team was created and meets monthly.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

2.5 Activity Supervisors we do not meet monthly, but will begin this Spring.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

2.2 C Add Peer Assistance Leadership to the student groups.
2.2 E Delete the line due to it being stated in groups above.
2.3 B Remove distance learning support phrase
2.4 The LCFF does not provide Funding for the 100 Mile club; the district's ELOP pays for it.
2.4 B Remove organized activities/sports during recess and note that the LCFF does not pay for them.
2.6 E Behavioral Associate is now a Behavioral Therapist

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

All students will feel connected to their school community through engaging educational practices and partnerships with parents and community.

We strive to build a strong school community where all students feel like valued members. This involves creating engaging educational practices that spark curiosity and make learning relevant. We also foster partnerships with parents and community members, allowing them to contribute to the learning experience and creating a support system that extends beyond the classroom walls. This collaborative approach ensures students feel connected, supported, and empowered to thrive.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

3.1 Parent and Community Engagement has been successful this year.
 3.2 With the use of a Community School TSA, the level of parent and student involvement has increased drastically.
 3.3 VAPA teachers have been introduced to Ina, and we have art, music, and theater this year, with more options in the 24-25 school year.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The modification of the Translator Clerk Typist position from 8 hours to 4 hours.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

3.1 B Delete African American Parent Council: We currently do not have one.

3.1 C Delete AVID from this line item. The salary of the Translator Clerk Typist will be decreased due to a cut in hours. The position will be a 4-hour position funded through the district.

3.2 A Add Community School TSA will create a variety of parent workshops and classes.

3.2 B This line item has been deleted. We do not have ESL classes.

3.2 C Delete this line item. The information is in 3.2 A.

3.3 D Delete the phrase video broadcasts.

3.3 G Add the PALS student group to the student engagement plan and recycle it. Delete peer conflict resolution skills, character development, growth mindset, and AVID implementation; PAL is doing this type of plan.

3.3 H Add PAL and what it entails.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

| Name of Members | Role |
|------------------|----------------------------|
| Tina Herrera | Principal |
| Connie Dam | Classroom Teacher |
| Nicholas Rangel | Classroom Teacher |
| Liliana Lopez | Classroom Teacher |
| Vacant | Other School Staff |
| Maira Alvarado | Parent or Community Member |
| Christina Arroyo | Parent or Community Member |
| Juan Ixcoy | Parent or Community Member |
| Juan Lopez | Parent or Community Member |
| Andres Mendez | Parent or Community Member |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 22, 2024.

Attested:

Principal, Tina Herrera on 5/22/2024

SSC Chairperson, Liliana Lopez on 5/22/2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- Specific,
- Measurable,
- Achievable,
- Realistic, and
- Time-bound.

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of

adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school’s eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.
Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the “Strategy/Activity #” for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either “All Students” or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA’s LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA’s LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
