The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Mission Middle School for meeting ESSA's planning requirements for Additional Targeted Support and Improvement (ATSI) in alignment with the LCAP and other federal, state, and local programs.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting the ESSA's planning requirements for Additional Targeted Support and Improvement (ATSI) in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

Our school conducted a thorough needs assessment, analyzing student achievement data across various subgroups. This analysis revealed a concerning gap in the chronic absenteeism rates of English Language learners and their math and ELA proficiency compared to their peers.

In response, our district developed a comprehensive goal within its Local Control and Accountability Plan (LCAP) to significantly increase college and career readiness, particularly emphasizing closing the gap for these identified subgroups. Our school mirrored this goal, breaking it down into specific, measurable targets aligned with our student population.

To achieve this goal, we developed a multi-faceted strategy leveraging funding from multiple sources in a coordinated manner. LCAP funds support the implementation of professional learning and collaboration time to support highly effective teachers, support staff, administrators, and counselors around Quality Teaching for English Learners (QTEL). Funds from the Every Student Succeeds Act (ESSA) are designated for professional development. They are focused on research-based strategies for teaching math to socioeconomically disadvantaged students and English learners to enhance our instructional approaches further. Recognizing the importance of family engagement, we also utilize local funds to provide translation services for parent workshops, empowering families to support their children's academic success.

We've established a robust system of monitoring and evaluation. Regular assessments track the progress of all students, with particular attention paid to our target subgroups. We've set a clear timeline for analyzing this data, allowing us to quickly identify the most effective strategies and modify our approach to maximize learning gains. Transparency remains a priority, and we actively share our plan, progress updates, and outcomes with parents and community members.

This integrated approach, drawing from ESSA, the LCAP, and local funding streams, demonstrates our school's deep commitment to ensuring that every student receives the support they need to excel in academics, regardless of background or language proficiency.

Educational Partner Involvement

How, when, and with whom did your Mission Middle School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

As part of the planning process for the SPSA/Annual Review, six School Site Council (SSC) meetings throughout the year provided review and input on the School Plan for Student Achievement. In addition, input was sought from the Leadership Team, departments, elective programs, and the English Learners Advisory Council (ELAC). Furthermore, resources and input for the development of the School Plan for Student Achievement were gathered at SBCP meetings, Principal meetings, and DAC/DELAC & GATE Advisory groups. Various student/teacher/parent survey results were also used to identify the greatest needs and performance gaps. Ongoing conversations and data analysis were utilized as part of planning for improvement.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI only.

Resource inequity exists to provide additional academic and attendance support for EL students. English Language Arts and Mathematics performances for EL Students continue to be below the grade level averages. We will offer our students a combination of ELD, sheltered, Reading Intervention, and math support placements. We will also use our staff-led Second Teams (Instructional Leadership Team and our Inclusive Practices and Supports Team) to present targeted professional development on how to support our EL students across content areas best.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

All student groups were red or orange in chronic absenteeism, suspension rate, CAASPP math, CAASPP ELA, and ELPI.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

English learners were red in Chronic Absenteeism. All student subgroups were red for CAASPP math. Socioeconomically disadvantaged students, English learners, and Hispanic students were red for CAASPP ELA.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

We have increased the number of SART contracts and SARB referrals to address chronic absenteeism. We have also increased student recognition and incentives for positive attendance. We have expanded advisory incentives for attendance and utilized district support for home visits through the Community Schools TSA program. Panorama/LCAP survey data has shown a lack of student connectedness to adults on campus. We have expanded our 6-week recognition and incentive opportunities and continue to increase our specialty advisories offerings to connect students to adults with similar interests. To address our EL attendance rate, we pushed our EL students into specialty advisories of their choosing for 2nd semester. We will also work with student groups such as AVID and ASB to facilitate student and staff sport-oriented team-building opportunities during lunch and late start mornings.

Students with disabilities have been suspended at a higher rate than the site average. We have utilized the newly created wellness center to provide our students with behavioral and social/emotional wellness support. We will continue to use Second Step as our school-wide SEL curriculum during Advisory, which our students with disabilities have with their case carriers. We have also implemented Behavior Support Plans (BSPs) through the IEP process at a higher rate to address specific student behaviors. We have used JUSD's Student Youth Court as an alternative to suspension at a higher rate than in previous years.

Overall, English Language Arts and Mathematics performances have been low and very low for most student subgroups. We have continued offering our students a combination of ELD, Read180 reading intervention, and math support placements. We have also used our staff-led Second Teams (Instructional Leadership Team, Equitable Grading Team, and Inclusive Practices and Supports Team) to present targeted professional development on best supporting our EL students and SWD across content areas. Our core content teachers have been trained in Quality Teaching for English Learners (QTEL), and these strategies have been reinforced at the site level.

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level Mission Middle School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

| Student Enrollment by Subgroup | | | | | | |
|--------------------------------|-----------------------|--------|--------|--------------------|-------|-------|
| Student Group | Percent of Enrollment | | | Number of Students | | |

| Grade 10 | N/A | | |
| Grade 11 | N/A | | |
| Grade 12 | N/A | | |
| Total Enrollment | 688 | 696 | 694 |

Conclusions based on this data:

1. MMS maintained enrollment from the 21-22 to 22-23 school year.
2. With a smaller incoming 7th grade class in 22-23, our enrollment is now declining.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

| English Learner (EL) Enrollment | | | | | | |
|---|--------------------|-------|-------|---------------------|-------|-------|
| Student Group | Number of Students | | | Percent of Students | | |
| | 20-21 | 21-22 | 22-23 | 20-21 | 21-22 | 22-23 |
| English Learners (EL) | 228 | 237 | 213 | 33.1% | 34.1% | 30.7% |
| Fluent English Proficient (FEP) | 250 | 217 | 225 | 36.30% | 31.2% | 32.4% |
| Reclassified Fluent English Proficient (RFEP) | 5 | 11 | 12 | 2% | 5% | 6% |

Conclusions based on this data:

1. MMS has been steadily increasing the percentage of students who are reclassified each year.
2. The overall EL classification percentage declined between the 21-22 and 22-23 school years.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC)) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

1. The listening and speaking domains are relative strengths for our EL students.
2. Reading is a relative weakness.
3. Overall scores indicate students are progressing though EL levels.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

| 2022-23 Student Population | | | |
|---|--|--|---|
| Total Enrollment | Socioeconomically Disadvantaged | English Learners | Foster Youth |
| 694 | 90.9 | 30.7 | 1.4 |
| Total Number of Students enrolled in Mission Middle School. | Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma. | Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses. | Students whose well being is the responsibility of a court. |

| 2022-23 Enrollment for All Students/Student Group | | |
|---|-------|------------|
| Student Group | Total | Percentage |
| English Learners | 213 | 30.7 |
| Foster Youth | 10 | 1.4 |
| Homeless | 7 | 1 |
| Socioeconomically Disadvantaged | 631 | 90.9 |
| Students with Disabilities | 82 | 11.8 |

| Two or More Races | 2 | 0.3 |
| Pacific Islander | 2 | 0.3 |
| White | 24 | 3.5 |

Conclusions based on this data:

1. A majority of our campus is comprised of socioeconomically disadvantaged students.

2. Approximately one third of our campus are English Language Learners.

3. Our overall student population is declining.

To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

Conclusions based on this data:

1. While our students with disabilities have made enough positive progress to be categorized as orange, there performance is still well below standard.
2. There are performance gaps for our English Language Learners.

2. Students with disabilities are suspended at a higher rate.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

All students will be college and career ready.

The aim of college and career readiness is to ensure all students graduate high school prepared for their futures. This means equipping them with the academic foundation, critical thinking skills, and real-world experience to succeed in either higher education or directly in their chosen career path. By fostering college and career readiness, we empower students to transition smoothly into their next chapter and contribute meaningfully to the workforce.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will be college and career-ready.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

All student groups were red on the CAASPP math, CAASPP ELA, and ELPI Dashboard indicators. All student subgroups were red for CAASPP math. Socioeconomically disadvantaged students, English learners, and Hispanic students were red for CAASPP ELA. We will continue to offer a combination of ELD, Read180 reading intervention, and math support placements for our students. We will also use our staff-led Second Teams (Instructional Leadership Team, Equitable Grading Team, and Inclusive Practices and Supports Team) to present targeted professional development on supporting our EL students best and SWD across content areas. Our core content teachers will continue to be trained in Quality Teaching for English Learners (QTEL), and these strategies will be reinforced at the site level.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

1.3 Teacher-led PD cycles - Site leaders collaborated to plan valuable teacher-led professional development (PD) meetings that addressed areas of need, including supporting ELD students, technology integration, equitable grading, and student engagement and collaboration strategies. The site was able to work collaboratively to have multiple teachers lead PD on a variety of topics throughout the year. On 9/21, our technology coordinator and science department led a PD on technology tools, including Ellevation. On 10/19, our Teachers on Special Assignment led a PD on our Panorama data and provided updates from our new Mustang Wellness Center. On 11/16, our Equitable Grading Book Study Second Team led a PD on equitable grading. On 1/18, our AVID Site Coordinator led a PD on scaffolding and student collaboration. On 2/1, our EL Facilitator led a PD on Supporting ELD Students and preparing them for ELPAC testing. On 2/22, an RCOE representative led a PD focused on student-centered classrooms. On 5/9, we offered a teacher choice PD with either our PBIS Coordinator focusing on PBIS implementation school-wide, the ASB Coordinator focusing on 5-Star, or our AVID Coordinator focused on implementing WICOR strategies.

1.6 Counselor Supports - MMS Counselors focused on student conversations regarding 6-year plans where they are providing academic monitoring and college and career readiness support. Counselors have also coordinated SART and SARB contracts/meetings with our students to monitor attendance and contributed to the behavioral and SEL interventions logged in Q under Student Visits. The counselors have recorded 490 6-Year Plans, 195 attendance interventions, 1415 SEL interventions, 1467 contacts regarding academics and college and career, 80 SART Contracts, and 39 SARB referrals. Their involvement and support on campus have been critical in helping our students experience success both academically and socially/emotionally. They have also facilitated 33 Parent Teacher Conferences and 6 Student Study Team meetings.

1.6 CAASPP IAB/FIAB implementation - Grade-level teams worked collaboratively at the site and district levels to determine common assessments to implement across grade and content levels. Teams were able to review the data and use its findings to drive instruction. All English 7 teachers administered three common Focused Interim Assessments. All English 8 teachers administered four common Focused Interim Assessments. All math 7 teachers administered three common Focused Interim Assessments. All Math 8 teachers administered three common Focused Interim Assessments. All common assessments were given prior to the beginning of our CAASPP testing to ensure student familiarity and support student success.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Increased staffing costs impacted many action items, proposed expenditures, and funding sources. Money that was budgeted for maintenance contracts was absorbed and moved to site discretionary. AVID funds set aside for tutors and conferences were reallocated and used to purchase materials and supplies to promote school-wide implementation, including planners, notebooks, vertical non-permanent surfaces, etc. AVID funds were also used to support college field trips for 7th and 8th-grade students. Due to declining enrollment and increased salary costs, we will eliminate one 3-hour BLT position.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Action item "1.3 H - RCOE Excellence through Equity conference will be offered to department members to address best practice in supporting our ELD and SWD populations" will be removed from our SPSA due to declining enrollment and a lack of funding.
A 3-hour BLT position will be removed due to a decrease in funding.

Goals, Strategies, & Proposed Expenditures

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

All students will have a safe, orderly, and inviting learning environment.

Our goal is to cultivate a learning environment where all students feel safe, respected, and supported. This means creating a space that is orderly and predictable, allowing students to focus on learning. We also want it to be inviting and stimulating, fostering a love of discovery and a sense of belonging.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will have a safe, orderly, and inviting learning environment.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

All student groups were red or orange on the chronic absenteeism and suspension rate Dashboard indicators. English learners were red in Chronic Absenteeism.

We have increased the number of SART contracts and SARB referrals to address chronic absenteeism. We have also increased student recognition and incentives for positive attendance. We have expanded advisory incentives for attendance and utilized district support for home visits through the Community Schools TSA program. To address our EL attendance rate, we pushed our EL students into specialty advisories of their choosing for 2nd semester. Students with disabilities have been suspended at a higher rate than the site average. We have utilized the newly created wellness center to provide our students with behavioral and social/emotional wellness support. We will continue to use Second Step as our school-wide SEL curriculum during Advisory, which our students with disabilities have with their case carriers. We have also implemented Behavior Support Plans (BSPs) through the IEP process at a higher rate to address specific student behaviors. We have used JUSD's Student Youth Court as an alternative to suspension at a higher rate than in previous years.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

2.6 Student Attendance Support - The administration, counselors, and our Behavioral Health Peer Specialist conducted interventions to increase attendance and decrease tardies, including counseling, contracts, detentions, and parent contacts. Bi-monthly reports for students eligible for SART contracts were run and provided to the counselors for targeted interventions and conversations. Monthly SARB eligibility reports were run and then referred to the district for SARB meetings. Saturday School attendance was promoted, and all eligible students are invited monthly to address their unexcused absences. Administration, counselors, and our Behavioral Health Peer Specialist have a combined 1338 Tardy Interventions, including counseling, contracts, detentions, and parent contacts. SART contracts have been implemented for all eligible students. There are currently 80 students on SART contracts, which include parent contact and a one-on-one meeting with a counselor. We have been diligent in our SART follow-up and monitoring and currently have 39 students who have been referred to SARB for higher-level attendance interventions. Saturday School attendance is being promoted, and all eligible students are invited monthly. 178 students attended Saturday school from September to April in order to make up their unexcused absences.

2.3 MTSS - Our progressive discipline model has been modified to provide an initial layer of support for students to remediate behaviors and remain in the classroom. The push-in support offered by our SMA TSA, Community Schools TSA, Behavioral Health Peer Specialists, Resident Subs, Counselors, and Administration is designed to confront issues that may have typically resulted in a student being sent out of the classroom and thus missing instruction. Push-in support may include redirecting the student in the classroom, providing the academic support needed to get them back on task, processing with students outside the classroom, sitting with students to focus on assignments, taking a quick break with a walk around the school, or facilitating next steps (i.e., a seat change, an apology to teacher, getting required materials, notebook organization, etc.). The continuum of discipline options remains in place, but alternative suspension is strongly considered and provided when appropriate. Thus far, over 100 push-in support opportunities have been provided to students, with the majority of these incidents resulting in the students remaining in the classroom to continue their learning. With the push-in support model, the amount of time a student has been outside the classroom and missing instruction has been significantly minimized. Additionally, proactive and productive conversations with students have increased, rather than being reactive and purely discipline-based.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet our goals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

2.4 C. Anti-bullying and Kindness Assemblies, Activities, and Parent Workshops will be offered through the Riverside Community Hospital Charitable Foundation HERO Program. This year, we worked with our Community School's TSA to build partnerships with Random Acts of Kindness (RAK), Club Live, and Kaiser's student theater, Ghosted. As we move forward, we will consider working with Riverside Community Hospital Charitable Foundation HERO Program.
2.6 H - The responsibility changed from assistant principal to counselor.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

All students will feel connected to their school community through engaging educational practices and partnerships with parents and community.

We strive to build a strong school community where all students feel like valued members. This involves creating engaging educational practices that spark curiosity and make learning relevant. We also foster partnerships with parents and community members, allowing them to contribute to the learning experience and creating a support system that extends beyond the classroom walls. This collaborative approach ensures students feel connected, supported, and empowered to thrive.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will feel connected to their school community through engaging educational practices and partnerships with parents and the community.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Panorama/LCAP survey data has shown a lack of student connectedness to adults on campus. We have expanded our 6-week recognition assemblies to include academics, attendance, core values, and testing recognitions. We have also increased our incentive opportunities and our specialty advisory offerings, allowing students to connect with teachers who share similar interests. We have also implemented staff vs. student and advisory competitions to build community on campus. We will also work with student groups such as AVID and ASB to facilitate student and staff sport-oriented team-building opportunities during lunch and late start mornings.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

3.3 Parent/Family Provided Resources - The process of supporting students and families has been effective. It has brought a greater awareness of the needs of our students, which presents challenges that are new sometimes for us to navigate and support. The tiered system of support from staff, counselors, our Community School's TSA, social worker interns, licensed clinicians, and outside agencies creates a more comprehensive system needed to support our students and families better. Support for families, and ultimately students, has continued to be an emphasis. The number of mental health services referrals through January of this year surpassed all of last year's referrals, with 263 PICO contacts, students, and families having directly received onsite mental health support and resources from social worker interns and full-time outreach workers. Along this line, 54% of all students screened using CBITS met the criteria for additional support, meaning they have experienced the minimum number of designated traumas. Additionally, Counselors make routine contact with families to provide resources and potential support for students, including community resources, such as food pantry locations, health clinics, and immigration services. Our licensed clinician can provide on-site therapy through the Wylie Center.

3.4 Student Engagement - Student engagement is a priority on our campus, and research has shown that students who are more engaged at school will have increased success. This year, we increased our schoolwide incentives to include activities every 6 weeks for the students to meet behavior and academic expectations. These incentives included our Carnival Party, a Mustang Madness each semester, and Glow Pizza Party. Our percentage of S1P1 eligible students was 72.4%, while S1P2 was 71.6%, S2P1 was 68.5%. We will continue to compare eligibility data year to year to determine student engagement and academic success levels. Another effort to increase staff-to-student connectedness has been the maintenance and expansion of Specialty Advisory classes where students can self-select a specialty advisory class hosted by a teacher with a similar interest. We currently have 68.1% of our students in a specialty advisory. In an additional effort to increase student connectedness and engagement, Mustang TV provides a student-run video-based morning announcement on Fridays that is shown in all advisories. On other days, Advisories volunteer to share the morning announcements, campus reminders, and updates over the intercom. The continuation and improvements of MustangTV and our advisory programming have brought a new layer of student ownership to determining school culture.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet our goals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

3.1L. Staff will use Social Media, School website, Parent Connect, Q Communication, and Peach Jar as forms of communication to families. - Peach Jar is no longer used to communicate with families.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

| Name of Members | Role |
|-----------------------|----------------------------|
| Alicia Heimer | Principal |
| Krystal Thiessen | Classroom Teacher |
| Cheryl Clark | Classroom Teacher |
| Jacob Updegrave | Classroom Teacher |
| Sofia McCarthy | Classroom Teacher |
| Yesenia Munoz | Other School Staff |
| Belem Zepeta Valle | Parent or Community Member |
| Rosa Medina | Parent or Community Member |
| Emilee Fox | Parent or Community Member |
| Karen Salinas | Secondary Student |
| Stayce Chavez Ramirez | Secondary Student |
| Emily Medina | Secondary Student |
| Nancy Lopez | Secondary Student |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/14/24.

Attested:

Principal, Alicia Heimer on 5/14/24

SSC Chairperson, Nancy Lopez on 5/14/24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is:

- Specific,
- Measurable,
- Achievable,
- Realistic, and
- Time-bound.

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of

adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school’s eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.
Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the “Strategy/Activity #” for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either “All Students” or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA’s LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA’s LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
