School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Vision and Mission

Vision Statement

We are committed to establishing a school culture which recognizes no limitations in the achievement and success of each student.

Mission Statement

All Rustic Lane students will receive strategic instruction to master California Common Core State Standards as measured by ongoing collaborative assessments. Students will be supported and challenged academically and socially in a safe environment.

Collective Commitments (Values)

In order to achieve the vision of our school, the Rustic Lane Elementary staff has made the following collective commitments:

- Practice civility, collegiality, & professionalism in all levels of communication
- Utilize State and District adopted materials for standards-based instruction
- Develop, implement, and monitor, subject-level focused goals in all instructional areas
- Implement State, District, and Grade Level, assessments and analyze the results to make instructional decisions
- Conduct item analysis of student achievement data to identify individual and group strengths and weaknesses and collaboratively plan to improve weaknesses and maintain strengths
- Utilize identified instructional strategies, including technology support to promote success for all students
- Provide parents and students with resources, strategies/tools, and information to help students succeed

The Story

Rustic Lane Elementary School is located at 6420 Rustic Lane in Jurupa Valley within Riverside County. It is one of sixteen elementary schools in the Jurupa Unified School District. Our district includes 15 elementary schools, a TK-6 Music Academy, a K-8 STEM school, 3 middle schools, 3 comprehensive high schools, a continuation high school, and an adult school. The school year is a 180 traditional day schedule and has been restructured to include 40 minimum days in order to support teacher collaboration. Transitional Kindergarten (TK) and Kindergarten students receive 200 minutes of instruction daily. Grades 1 through 6 receive a total of 320 minutes of instruction 4 days per week and 240 minutes of instruction is provided on minimum days.

Rustic Lane is a TK-6, School-wide Title I school with an enrollment of approximately 542 students, 506 attending in person and 36 attending the virtual learning program. All classrooms from transitional kindergarten through third grade participate in a flexible Class Size Reduction program averaging approximately 24 students per class. Grades 4 through 6 have a maximum of 34 students each. There are 19 regular education teachers, 2 Special Education teachers and 3 Intervention teachers (2 supporting ELA and 1 supporting math). A school psychologist is present 2.5 days a week; and a Language, Speech and Hearing specialist is on site 2.5 days each week. Rustic Lane teachers are fully credentialed, highly qualified and EL authorized. The school services approximately 262 English Language Learners.

Two State Preschool classes are also located at Rustic Lane campus. Twenty-five students attend the morning session and twenty-five students attend the afternoon session. The preschool staff includes two preschool teachers and four preschool instructional assistants. The preschool curriculum emphasizes both developmental skills as well as pre-kindergarten academic standards.

Rustic Lane Elementary School, the home of the Leopards, guides students to explore the attributes of Respect, Ownership, Attitude, and Responsibility as they embark on their learning adventures. Our school is committed to providing learning opportunities that are engaging and will assist our students not only with academic success, but also in making responsible decisions when solving problems that may confront them in the challenging world they live in. We hold high standards of excellence for ourselves and our students and work hard to give every student what he/she needs to succeed. At Rustic Lane, we strive for students to experience a well-rounded program that helps them harness their uniqueness and strengths. Our teachers work diligently to create a learning environment that is responsive to the differences in our students' academic levels, interests, and learning styles. We provide a safe, positive, and supportive school experience so that all students feel valued and encouraged to achieve their personal best. Teachers meet regularly to discuss effective teaching strategies, and analyze data from Common Core aligned assessments to inform their planning. Within that collaboration time, teachers analyze data and use findings to organize curriculum and learning experiences to guide students in developing a deep understanding of the Common Core Standards. The goal is for students to be engaged in learning experiences that prepare them for their futures; developing skills along the way that guide them to be college and career ready. Problem solving, critical thinking, analysis, and technology are regular components of the high-level expectations that teachers build into the daily instructional practices. Besides the regular instructional program, various other programs exist to challenge and support our students. Rustic Lane has a variety of extended learning opportunities, Saturday School, AVID, Think Together, 100 Mile Club, GATE, Primary Intervention/Early Literacy programs, and schoolwide Guided Reading programs, and a Library/Innovation Center to encourage students in STEAM exploration and "making" to name a few. It takes true partnership to make Rustic Lane a success, and with everyone working together, our students can and will achieve their dreams. Rustic Lane students will become collaborative, reflective, and thoughtful citizens contributing great things to society.

Rustic Lane aligns the SPSA with the three focus areas of the Local Control Accountability Plan (LCAP). These areas include College and Career Readiness; Safe, Orderly, and Inviting Learning Environments; and Student and Community Engagement.

SPSA Highlights

Identify and briefly summarize the key features of this year's SPSA.

The SPSA for Rustic Lane aligns with the LCAP goals of College and Career Readiness; Safe, Orderly, and Inviting Learning Environments; and Student and Community Engagement.

Key features include:

- A commitment to accelerate learning through research based practices in ELA and Math that may include Units of Study and provide necessary interventions in support of student learning.
- Continuing development of AVID initiatives to support school-wide implementation
- Focus on foundational skills in Reading for primary students
- Furthering Math practices and refining instruction aligned to California State Standards
- Focus on conceptual knowledge and rigorous problem solving techniques.
- Further developing Integrated ELD practices enhanced with academic language structures while examining equity.
- Continuing development of Positive Behavior Programs and Social Emotional Learning to support school culture, safety, and positive learning environment
- Increase implementation of technology to support digital learning, access to STEAM opportunities and continuing making technology learning accessible to all students.
- Supporting families in connecting to the school environment, students participation and encouraging a partnership between school and home.

Review of Performance – Comprehensive Needs Assessment

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, what progress is the school most proud of and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

During the 21-22 school year we knew there would be a great need to accelerate student learning to help students recover from the Pandemic. As we administered the NWEA assessment we began to see growth from the beginning of the year to the spring. We saw that by Spring time that 49% of our students scored average to high average in ELA and 43% in math. We saw that 46% of our 4th grade students scored average to high average in ELA. We are proud of our efforts in supporting our students to make strong academic growth this school year. During the 21-22 school year teachers utilized the NWEA data to drive their instruction and determine which students would benefit most from participating in the intensive intervention groups offered by our team of support teachers. Literacy intervention was in place for grade levels 1-6. We are thankful for the addition of the Math Intervention teacher, which serviced 1st through 3rd grade. We have already seen growth in students who have been working within these small groups, even though it was only the last 4 months of the school year. Rustic Lane will continue to build our AVID strategies which are essential to ensuring both learner success and instructional strength. AVID has focused on notetaking strategies this year and what it means to add to and review notes. We look forward to growing and making inquiry and collaborative tools our areas of focus in 22-23. During the summer of 2022 we plan to take a team of teachers to the AVID training to be able to continue schoolwide mastery of AVID strategies.

With the addition of the TSA-Administrative Support we have seen a decrease in low level behavior. Supervisors, the TSA and administration work with students to learn conflict resolution skills and problem solving. PBIS and social skill lessons are taught regularly by classroom teacher to support in students' SEL capacities. The overall suspension rate for the 21-22 school year to date is .33%. This is lower than the pre-pandemic suspension rate for Rustic Lane. We believe that the layered systems of support we have for our students is the reason for this improvement in suspension rate.

When reviewing our school wide panorama data and comparing information that was gathered in the Fall of 2021 to Spring of 2022 we saw a 5% growth in student self belief that they are able to succeed academically. I believe these gains were made due to teachers really spending the time to help students transition back into the traditional school setting. Our highest growth was in the area of students feeling that they are able to comprehend complicated ideas.

Parents are eager to be a part of the school setting again, each of our school site council members attended each meeting that was held. This is important because it allowed us to progress through the year and collect informed input from these education partners throughout the school year. We had decent turn out for our ELAC meetings. Our elected members were present at each meeting. Parents were eager to share their opinions about what is important to them in their students' education.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the school received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the school has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the school planning to take to address these areas with the greatest need for improvement?

Greatest Needs

When reviewing our school wide panorama data and comparing information that was gathered in the Fall of 2021 to Spring of 2022 we saw a 4% decline in students Social Awareness. We saw significant declines in student ability to be respectful to peers with differing views as well as getting along well with students who are different. There was a 6% decline in students acting polite to other students. I believe these declines can be attributed to the time of the school year as well as the newness and excitement of returning to a traditional school setting wearing off.

Attendance is a great area of need moving into the next school year. Current data shows that 25% of our students with disabilities are chronically absent and nearly 19% of our EL students. Overall our school attendance rate is approximately 89%. This is much lower than pre-covid attendance rates. We will need to place a large emphasis on improving student attendance in the next school year.

Our NWEA data shows that our Kindergarten, 1st grade and second grade students did not meet the Grade-level projected norms in math or language arts. We also saw that our 5th grade did not meet their projected growth.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the school planning to take to address these performance gaps?

Performance Gaps

Based on the 2019 SBAC dashboard and CALPADS data, due to COVID-19 epidemic students did not participate in state testing for the 2020 school year. Based on the 2019 data there was a performance gap indicated for our Students With Disabilities. This group indicated on the dashboard that they were 1 level below that of the overall in ELA and Math (Orange instead of Yellow). This particular group of students has had challenges with frequent personnel change over for RSP and SDC services in past years and we are witnessing the benefits of the stability of personnel. While in the orange level, growth of 14.5 points was made in ELA and 31 points in Math.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The SPSA for Rustic Lane aligns with the LCAP goals of College and Career Readiness; Safe, Orderly, and Inviting Learning Environments; and Student and Community Engagement.

This schoolwide program includes:

- A commitment to accelerate learning through research based practices in ELA and Math that may include Units of Study and provide necessary interventions in support of student learning.
- Continuing development of AVID initiatives to support school-wide implementation
- Focus on foundational skills in Reading for primary students
- Furthering Math practices and refining instruction aligned to California State Standards
- Focus on conceptual knowledge and rigorous problem solving techniques.
- Further developing Integrated ELD practices enhanced with academic language structures while examining equity.

- Continuing development of Positive Behavior Programs and Social Emotional Learning to support school culture, safety, and positive learning environment
- Increase implementation of technology to support digital learning, access to STEAM opportunities and continuing making technology learning accessible to all students.
- Supporting families in connecting to the school environment, students participation and encouraging a partnership between school and home.

As a Title I Schoolwide program, we do a Comprehensive Needs Assessment annually, develop our SPSA with educational partner involvement, including strategies that support Common Core State Standards. We address the needs of all children but particularly those at risk of not meeting these standards with activities, strategies, and interventions that are evidence-based and outlined as part of our SPSA. Our SPSA implementation is monitored and evaluated through ongoing Leadership team, SSC/ELAC, SBCP meetings, and principal meetings. The SPSA is revised to ensure continuous improvement based on data analysis of student learning needs as part of the school's ongoing practices and identification of support strategies. All Title I funding supplements and does not supplant services that students would otherwise receive if not participating in a Title I program. Relative to LCAP alignment, our plan is directly coordinated with district LCAP goals, associated services, and planning requirements.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Rustic Lane is very inclusive and welcoming of input from staff, students, parents, and the community to build a strong SPSA for school improvement. Parent groups meet regularly and input is collected and requested regarding school programs within meetings and surveys issued as well as casual conversations: ELAC, SSC, Panorama Surveys, LCAP surveys, and more. Our site Leadership team had several opportunities to review and provide input on the School Plan throughout the year.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	18-19	19-20	20-21
Kindergarten	99	84	67
Grade 1	93	70	70
Grade 2	90	84	61
Grade3	80	90	82
Grade 4	90	81	89
Grade 5	101	90	81
Grade 6	83	102	86
Total Enrollment	636	601	536

Conclusions based on this data:

1. Rustic Lane is continuing to experience drops in enrollment. With enrollment of approximately 600 in 19-20, 540 for 2020-21, and 542 (including our virtual students) for 21-22, we are projected for a small decline to 515 for 2022-23 school year.
2. The site will continue to monitor attendance data and chronic absenteeism while offering student incentive programs for attendance. SARTs will continue to provide interventions and supports to families.
3. We will continue to use our website and social media resources and ParentSquare to share the many wonderful opportunities available to students attending Rustic Lane to encourage our students to stay at Rustic Lane.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	18-19	19-20	20-21	18-19	19-20	20-21
English Learners	243	187	168	38.2%	31.1%	31.3%
Fluent English Proficient (FEP)	105	136	100	16.5%	22.6%	18.7%
Reclassified Fluent English Proficient (RFEP)	20	56	9	7.7%	23.0%	4.8%

Conclusions based on this data:

1. ELD instruction is helping EL students at Rustic Lane to make progress towards becoming fluent in English. Due to distance learning the percentage of students reclassified in the 20-21 school year is significantly lower than previous years. Further developing integrated ELD practices enhanced with academic language structures will strengthen and provide more positive growth.
2. A focus on equity and examining EL typology will be necessary for 2022-23. Use of the ELD Roadmap, data, and professional development focusing on effective practices to support EL diversity and equity.
3. Use of the Ellevation platform to support students at their EL level with targeted strategies/supports will begin to be implemented.

Conclusions based on this data:

1. ELD instruction is helping EL students at Rustic Lane to make progress towards reclassification. Further developing integrated ELD practices enhanced with academic language structures will strengthen positive growth already being made.
2. A focus on equity and examining EL typology will be necessary for 2022-23. Use of the ELD Roadmap, data dives, and professional development focusing on effective practices to support EL diversity and equity.
3. Use of the Ellevation platform to support students at their EL level with targeted strategies/supports will begin to be implemented.

School and Student Performance Data

Student Population

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population

Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
536	91.0	31.3	0.2

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

Conclusions based on this data:

1. Rustic Lane focuses on ways to support our significant subgroups (socioeconomically disadvantaged population, Hispanic, and EL students) by providing supportive family/school connection events, resources including ties to healthy living initiatives, parent meetings/training based on school programs, communication tools for families, academic interventions, etc.
2. With a socioeconomically disadvantaged population over 90 percent, Rustic Lane requires a significant dedication of resources and time to provide interventions and materials to ensure academic and social emotional learning needs are met. This year we provided an extensive ELO program to meet the needs of these students.
3. Rustic Lane is committed to making sure that all information communicated with families is done in English and Spanish.

Overall Performance

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

Conclusions based on this data:

1. Refinement of PBIS/SEL practices needs to continue: (Areas of focus: Classroom management systems, PBIS systems of acknowledgement and correction, Daily instruction of social skills, and professional development for activity supervisors). Furthering the development of the AVID culture on campus to be aligned and in coordination with PBIS/SEL will further reinforce positive trends with attendance and furthering a low suspension rate.
2. Chronic absenteeism is a primary focus of need. A variety of new strategies will be implemented to address these students and families early with interventions, information, resources, and partnership.
3. ELA and Mathematics rigor must continue to ensure ongoing improvement of student performance. Collaboration practices focused on student achievement, data analysis, feedback, formative assessment, and the expansion of impact team practices will reinforce core instruction.
In the area of ELA, Rustic Lane will continue literacy interventions and guided reading supports schoolwide to continue positive growth.
In the area of Mathematics, Rustic Lane will work towards furthering math practices and refining instruction aligned to Common Core standards (focus on conceptual knowledge and rigorous problem solving techniques).

Across the curriculum, staff will also work towards using technology and making activities to transform learning experiences for students. This will be essential as teachers can capitalize on strengths learned/acquired during distance learning, while balancing the need and benefit of hands on and in person collaboration opportunities that have not been possible due to distance learning.

Conclusions based on this data:

- Increase student inclusion practices and opportunities for co-teaching in order to provide the LRE for all students.
- Continue to provide 30 minutes of designated ELD as well as integrated ELD daily working towards mastery of EL standards.

-
-
3. Increase opportunities for small group instruction and guided reading to strengthen foundational skills (TK-6). Kinder teachers provide attritional tutoring to 1st and 2nd grade students who demonstrate a need in reading.

2. ELD instruction is helping EL students at Rustic Lane to make progress towards reclassification. Further developing integrated ELD practices enhanced with academic language structures will strengthen positive growth already being made. A focus on equity and examining EL typology will be necessary for 2022-23. Use of the Ellevation platform to support students at their EL level with targeted strategies/supports will begin to be implemented.
3. There is a need to increase use of technology tools to allow for EL students to participate/practice language construction at higher levels (written/oral). Many tech tools allow us to strengthen supports to ELs (ability to practice, record themselves, collaborate, etc.).

Conclusions based on this data:

- As Rustic Lane continues to experience declining enrollment, each absence significantly impacts our overall daily attendance percentage to a greater degree. The site struggles with completion of independent studies or families not requesting/securing them in the first place.
- We will concentrate on our subgroups and identify trends or habits that inhibit our daily attendance..

Rustic Lane will monitor/evaluate trends of attendance data and specific dates to increase messaging and connections to campus on those dates in hopes of reducing absences. Rustic Lane will continue to monitor attendance data and chronic absenteeism while offering student incentive programs for attendance. SARTs will be continued to provide interventions and supports to families. We will also use our website and social media resources to share with families the many opportunities available to students attending Rustic Lane as well as continue parent nights/family activities to reach out to our community and strengthen the home/school partnership.
- Rustic Lane will increase connections, communication, incentives, and interventions to families early in hopes of reducing absences as the year progresses. Rustic Lane will continue to utilize and promote the use of Saturday School to clear and make-up absences.

Conclusions based on this data:

1. The 2020-21 Suspension rate was 0%. The 21-22 suspension rate to date is .33%.
2. Goal: Maintain or Reduce Pupil Suspension rate
Remain below district average for suspension and apply alternatives to suspension..
3. Rustic Lane has seen unique behaviors as we returned after the COVID 19 pandemic. The use of the Behavior Health Associate and the TSA-Administrative Support have help tremendously in being able to provide students with supports and interventions necessary to be successful.

Goals, Strategies, & Proposed Expenditures

Goal 1.0

College and Career Readiness

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities: P2

Identified Need from the Annual Evaluation and Needs Assessment:

Spring 2021-2022 NWEA ELA Data:

K 49% students scored average to high average
1st 12% students scored average to high average
2nd 31% students scored average to high average
3rd 28% students scored average to high average
4th 46% students scored average to high average
5th 33% students scored average to high average
6th 33% students scored average to high average

Spring 2021-2022 NWEA Math Data:

K 43% students scored average to high average
1st 20% students scored average to high average
2nd 28% students scored average to high average
3rd 20% students scored average to high average
4th 26% students scored average to high average
5th 11% students scored average to high average
6th 29% students scored average to high average

The NWEA results show that our students are struggling in both ELA and Math. Students scored low across the board, but 1st grade and 5th grade were significantly lower than the others.

Teachers and the intervention team (2 Literacy Support Teachers and 1 Math Support Teacher) will continue to analyze and student data to ensure students' needs are being met. Collaboration time will be necessary for teacher to utilize the data that is collected in an efficient manner. Inclusive practices continue to be implemented through the collaboration and planning of special education staff and grade level teachers.

Teachers will need to be trained in the new science adoption (Twig) to successfully implement the curriculum.

At the beginning of 22-23, a professional development refresher of ELD best practices will be offered. Rustic Lane will focus on looking at our practices with an equity lens and exploring all avenues for differentiation along with maintaining high expectations. Math intervention support will also be integrated in addition to the already existing interventions tied to literacy needs. Collaboration needs for teachers will also increase and budget allowances for release time will be utilized to inform decision making with data and setting clear goals.

Rustic Lane will also reevaluate the function of our Innovation center, offering push in experiences for students, continuing supports for making, and building ties to literature.

The deepening of understanding of AVID strategies and implementation will be accomplished through the continued efforts to send untrained staff to AVID training. Previously trained staff will continue to be provided a review of WICOR strategies provided through professional development and coaching by consultants, site AVID lead teacher, and site administration. Assessments will continue to be conducted in grades 3-6 to analyze student progress in mastering AVID site goals. Current AVID goals may be refined or altered to reflect site needs and expand on DOK/Inquiry-based learning. The RL site leadership team is composed of representatives from all grade levels who collaborate with site administration to determine site priorities and SMART goals.

Expected Annual Measurable Outcomes

Goals, Strategies, & Proposed Expenditures

Goal 2.0

Safe, Orderly and Inviting Learning Environment

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)

Local Priorities: P1

Identified Need from the Annual Evaluation and Needs Assessment:

Rustic will continue to have a focus on meeting the social emotional needs. We will do this by creating a BSEL team and revamping our school expectations and transition into using the SEL curriculum Second Step. Teachers will explicitly teach SEL lessons and identify student who may need more targeted support to work with our BHA in small groups.

When reviewing our school wide panorama data and comparing information that was gathered in the Fall of 2021 to Spring of 2022 we saw a 5% growth in student self belief that they are able to succeed academically. I believe these gains were made due to teachers really spending the time to help students transition back into the traditional school setting. Our highest growth was in the area of students feeling that they are able to comprehend complicated ideas.

Attendance is a great area of need moving into the next school year. Current data shows that 25% of our students with disabilities are chronically absent and nearly 19% of our EL students. Overall our school attendance rate is approximately 89%. This is much lower than pre-covid attendance rates. We will need to place a large emphasis on improving student attendance in the next school year.

We commit to continuing the practices of SARTs, SARB, providing resources to families, making mental health connections, conducting home visits, celebrating students with awards, pencils/medals, and Saturday School, etc.

b. Supervisors will be participate in trainings that focus on conflict resolution and positive reinforcement. Supervisors will be asked to supervise PTO sponsor events that may require additional supervision. Supervisors may also be asked to provide babysitting for parent trainings and meetings such as PTO, ELAC, and SSC. Occasionally for inclement weather/site safety needs, supervisors may be asked to provide additional supervision. Activity supervisors will provide appropriate campus supervision and enforce school rules and procedures.

c. Safety coordinator will annually revise the Safe School Plan to include these essential components: assuring each student a safe and healthy physical environment; assuring each student a safe, nurturing, and respectful emotional environment. Students and staff will participate in monthly safety drills and practice disaster procedures. The plan will be approved every year by the school site council.

d. Health aide office will provide appropriate health care and nursing services. Rustic Lane will communicate to keep families informed of health concerns and student visits to the health office. Supplies will be replenished as needed.

e. Staff will annually revise and distribute parent/student handbook digitally.

f. Rustic Lane will operate the 100 Mile Club that focuses on student health and well being by having them participate in running and monitoring the number of miles they have ran. Students will develop self-monitoring and goal setting strategies. Supervisors and staff will provide additional student supervision to ensure student safety. Scanners will be renewed annually to track miles of program. Track the Miles subscription will support the implementation of the 100 Mile Club.

g. Crossing guards and activity supervisors will be provided with adequate supplies to keep our students safe.

Goals, Strategies, & Proposed Expenditures

Goal 3.0

Parent, Student and Community Engagement

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 3: Parental Involvement (Engagement)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)

Local Priorities: P3 and P6

Identified Need from the Annual Evaluation and Needs Assessment:

Parents are eager to be a part of the school setting again, each of our school site council members attended each meeting that was held. This is important because it allowed us to progress through the year and collect informed input from these education partners throughout the school year. We had decent turn out for our ELAC meetings. Our elected members were present at each meeting. Parents were eager to share their opinions about what is important to them in their students' education.

Opportunities for parent involvement & participation in advisory groups is highly encouraged and Rustic Lane would like to have greater participation. Rustic Lane's PTO offers a variety of events welcoming parents to the school site. These additional activities provide opportunities for teachers and parents to converse and build positive relationships. Workshops/parent nights are planned to support site and district initiatives and provide parents the tools to be effective partners in the learning journey. There are also regular College and Career readiness workshops for parents and teachers. Teachers are also given college and career readiness lessons to do with their classes each trimester apart from their regular planning.

Continued communication is essential in helping families be more aware of site programs, student progress, and ways in which we can partner for success. We will continue to use resources in place for schoolwide communication such as Class Dojo, marquee, Parent Square, school website, facebook, twitter, etc. to keep families informed. Teachers and admin continue to use Class Dojo to keep parents informed of classroom and school based activities as well as student progress. All information continues to be sent home in both English and Spanish and translating is available upon request.

We will continue to strive to offer a welcoming school environment to ensure that Rustic Lane is a place families desire to send their kids to learn.

SEL has been an identified need for RL students to remediate behaviors and provide intervention. This need will be greater as we explore digital learning, transitioning back to a physical campus (to any degree) and uncover the impacts of trauma over the course of this time. Rustic Lane explored beginning small intervention groups of high need students focused on developing character and social skills using tools from Character Strong. The need to expand and continue this will be essential.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

From the beginning of the year our focus has been on our students' social emotional well being. Our students are dealing with stressors and trauma like we have never seen, teachers are needing to be more responsive to their data than ever. We know that students are not where they would typically be, socially or academically. Our teachers and staff have had to make modifications to what they normally do and adjust. Unfortunately due to staffing shortages professional development outside of our Wednesday minimum days has been limited. Teachers have been encouraged to complete independent PD through Alludo, an online professional development platform.

Intensive Intervention continues to be a need. In February of this year, the district added a Math Support Teacher to help accelerate our students' learning to ensure they have the foundational skills to be successful in accessing their grade level curriculum. We continued with our two Reading Support Teachers, they are in integral part of providing strong instruction during guided reading. Continued focus on the instruction of English learners will need to be analyzed. Culturally responsive teaching and a focus on student data will also continue. Guided Reading and small group support helps all students including students with an IEP and English learners.

As a district, we have began to utilize the NWEA assessment to monitor student progress three times per year in reading and math. Our LSTs have been trained to support the process of administering the assessment as well as how to evaluate the data to determine which students should be a focus in their intervention groups.

The media clerk continues to provide teachers and staff with classroom materials and with SEL materials that may be needed in a classroom. Technology is also being supported by the media clerk which includes Chromebooks, hotspots, and laptops.

The AVID lead teacher provided support to teachers and students on AVID strategies and resources that they could use in the classroom so that all students are college and career ready. The focus for AVID has been agenda, organization and three column note taking. We found that students have deficits in basic organizational skills due to distance learning. Teachers had the opportunity to participate in AVID training outside the traditional school day, our Kindergarten team took advantage of these trainings and have been able to implement new strategies within their classes. In the coming summer, a team of 4 teachers, 1 TOSA and the principal will attend AVID summer institute. This team will then work to set goals and support the remaining staff to continue to implement AVID strategies in each of our classrooms.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

There were significant difference in proposed expenditures and actual expenditures due to a lack of staffing available for teachers and staff to participate in professional development opportunities. We were also able to incorporate ESSER Funds to cover funding that would have typically come from the school site.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue to focus on SEL, we look forward to the district provided a new SEL Curriculum for school site to access. Rustic Lane will participate in opportunities for professional development in understanding and supporting students who have suffered from trauma. We will continue to evaluate data to determine best practices in meeting the needs of our students.

e. Staff will annually revise and distribute parent/student handbook digitally.

f. PBIS coordinator and staff will provide a schoolwide assertive discipline program (PBIS/SEL Program). PBIS/SEL implementation will include training and materials for teaching social skills with social skills posters, class dojo app or Q Communications use for increased communication, and incentives to recognize student demonstration of positive behaviors.

g. Rustic Lane will operate the 100 Mile Club (provided that CDC guidelines allow) that focuses on student health and well being by having them participate in running and monitoring the number of miles they have ran. Students will develop self-monitoring strategies. Supervisors and staff will provide additional student supervision to ensure student safety. Scanners will be renewed annually to track miles of program.

h. Continued professional development will be provided to refresh teachers' skills & increase PE activity. SPARK materials have been provided in support. Release time for planning and training of students to develop student led "Sparkler" activities recesses will be continued and staff will work to revise activities of high interest for upper grade students to reduce behavior incidents during recess. Additional materials may be needed to offer activities that allow

**Actual
Actions/Services**

f. Our BSEL coordinators support teachers with BSEL lesson plans on a biweekly schedule. All teachers utilize Class DOJO to communicate with parents and families. Students are recognized with Lucky Leopards when they are observed following school and classroom expectations or demonstrating positive behavior. The BSEL coordinators have also reviewed the panorama survey data to determine effectiveness of our BSEL program and have an understanding of our students currently reality as we returned to in person instruction.

g. 100 Mile Club has been active, focusing on student health and well-being. Students have the opportunity to be active and earn miles on several occasions throughout the week. We purchased the Track the Miles software this year to ensure accurate mile tracking and for students to have access to monitor their progress. All scanners were in good working order and were not needing to be replaced.

h. Teachers have access to use the SPARK PE equipment as needed for their structure PE time.

i. Staff and students have followed CDC guidelines throughout the school year to ensure staff and student safety.

e. The Responsibility Room is not utilized this school year. We are using other forms of corrective actions when students need support in acquiring appropriate behavior strategies. This includes check ins with the Behavioral Health Associate, our on site TSA, small breaks when needed and reflective conversations with the TSA or principal.

f. The BSEL team meets regularly to discuss data and brainstorm ideas to meet the needs of students. Teachers have access to the BSEL Powerschool page which is full of lessons and ideas. Teachers regularly input behavior into the visit section of Q.

g. Minimal new training as provided this year as we struggled with the sub shortage. Trainings and sharing sessions took place during grade level collaboration meetings and staff meetings. This allowed teachers and staff to meet the specific needs of their students as we returned to full time in person instruction.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

As we returned to school, our students' SEL needs were a top priority. We intentionally monitored students who were disengaged the prior school year. Teachers spent a significant amount of time at the beginning of the school year reconnecting with students. Morning meetings and daily check in take place regularly in addition to the bi-weekly PBIS lessons to ensure the social emotional needs of our students are being met. Our PBIS team meets to ensure we are being responsive to our schools data and meeting our students needs. Student Council has been able to resume our weekly video announcements highlighting positive happenings on campus, teaching the social skills and encouraging overall connectedness to the campus. Rustic Lane holds a ROAR party at the end of each trimester rewarding students who have demonstrated ROAR (Respect, Organization, Attitude, Responsibility) These event are meant to encourage and support students to do their best and engage with school.

After school ELO started in the fall with the initial purpose of providing SEL support and connecting students back to school. For the fall session (Sept-Dec) nearly 20% of our students engaged in the ELO program either before or after school. The Winter session (Jan-Mar) doubled participation with 40% of our students participating. The winter session still had an SEL component, but incorporated a greater focus on academics to accelerate the learning of our students. We are preparing for a 3rd session (April-May) and currently have 46% of our students enrolled. We are proud that our students and teachers are taking advantage of the Extended Learning Opportunities, addressing students social and emotional wellbeing as well as their academic needs. GATE students are invited to participate in our Saturday School program with the Gate Coordinators.

Several modifications to classified staffing has taken place. Staffing to support our safe and orderly school environment has included additional HCA hours paid through Esser funding. This has been a great support in ensuring we are following the current health guidelines. Supervisors attended a beginning of the year training to reconnect them to the school and provided supports on how to best support students as they returned to school. The PICO department has supported our school site tremendously by providing us with a Behavioral Health Associate (BHA). The BHA is able to support students for check-ins as needed, complete and submit referrals for Behavioral Health Service, conduct classroom presentations on social skills and meet in small groups with students as needed. A Teacher on Special Assignment (TOSA) was added to our site this year to support students and administration. The primary role has been centered around student supports.

While attendance has been monitored for students, we understand that families and students are still dealing with the effects and trauma from the COVID-19 pandemic. Independent study contracts were offered when appropriate, but were not always completed by students.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

ELO has proven to be effective for many of our students. When we look at the NWEA data for those students who are attending an academic ELO course regularly, they have made growth throughout their NWEA assessments.

Our attendance rate was affected significantly due to COVID related issues, with an overall absentee rate of 22.6%. Students with disabilities as well socioeconomically disadvantaged students both had higher absentee rates that the overall average.

We had zero suspensions in the 20-21 school year due to being in distance learning for the majority of the school year.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Funds that were able to be reallocated due to availability of ESSER funds were utilized to increase the amount of students supports/incentives that were provided to students to reengage the into a full time in person school environment as well as teacher materials to meet the current needs of their students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue to focus on supporting our students social emotional needs through staff trainings. Attendance will be an increased area of focus as we know that there are direct correlations to student achievement and their attendance rates.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Opportunities for parent involvement and participation in advisory groups is highly encouraged and sought out. Due to COVID restrictions we have been unable to invite parents on campus until until late March. Rustic Lane has continued to provide strong communication from the school to all educational partners. We utilize our school website, ClassDojo, social media, ParentSquare, our marquee etc. to stay connected with our school community. All teachers have active Class Dojo accounts and communicate regularly with parents regarding class information as well as students specific information. Our TCTs have been instrumental in continuing the connection to our Spanish speaking population. Translation is always available for all parent meetings including IEPs. Rustic lane has continued to meet the needs of our parents by giving the opportunity to request in person or virtual meetings to best suit their needs and level of comfort.

We continue to encourage student engagement through the use of our Lucky Leopard tickets, Cookies with the Principal, and student council activities and spirit days.

Rustic Lane has utilized our Behavior Health Associate to support communication regarding student needs directly to the parents. Parents are aware of the supports available and have reached out to inquire how to take advantage of the supports available. There has been an increase in PICO referrals as a result of the COVID-19 pandemic and the trauma that students and families are dealing with.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Overall our educational partners feel as though Rustic Lane is doing well in maintain a community partnership. 79% of respondents to the LCAP survey reported that the school/district is doing "well" or "quite well" in community partnerships.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

There was a significant decrease in spending on teacher hourly, classified hourly, materials and supplies related to parent involvement as well as contracts for parent nights due to restrictions of having visitors on campus and the lack of available staffing. This funding was utilized to replace the school sound system, so when we are ready to welcome parents and community members back on campus we will have a safe and inviting space to celebrate students and hold parent meetings.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As families are able to join us back on campus, we will continue to work to engage our families and students. We will reimplement family nights, 100 mile club activities, parent workshop etc.

Budget Summary and Consolidation

The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Allison Hesler	Principal
Patricia Dawson	Classroom Teacher
Jaynee Luna	Classroom Teacher
Latressa McCullough	Classroom Teacher
Reina Belmontes	Other School Staff
Myriam Simmons	Parent or Community Member
Myrna Domagala	Parent or Community Member
Diana Butler	Parent or Community Member
Leticia Lazaro	Parent or Community Member
Sandy Amezcua	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

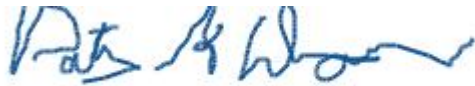

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/25/2022.

Attested:

Principal, Allison Hesler on 5/25/22

SSC Chairperson, Patricia Dawson on 5/25/22

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the Annual Evaluation and Update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Evaluation and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Evaluation and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Evaluation and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
 - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
 - c. the devotion of sufficient resources to effectively carry out professional development activities; and
 - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - a. Ensure that those students' difficulties are identified on a timely basis; and
 - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
