Information for Parent of Guardian:

Transitional Kindergarten is the first year of a two-year kindergarten program that uses a modified kindergarten curriculum that is age and developmentally appropriate. Kindergarten has become more academically demanding, especially with the adoption of California Common Core Standards. Transitional Kindergarten is designed to support our young students who turn five between September 2nd and April 2nd. It gives students the gift of time to develop the social, emotional and academic skills that will help prepare them for traditional kindergarten and help them succeed in elementary school and beyond.

At the end of the transitional kindergarten year, your child will promote to a traditional kindergarten classroom.

I agree to have my child placed in a Transitional Kindergarten program. I understand that this is the first year of a two-year kindergarten program.
