PRE-K STEM

Preschool children in Jurupa were able to participate in a brand-new parent involvement STEM program thanks to private funding from CyroWorks Inc. In spring 6 children and caregivers graduated with completion of both Level 1 (Explorers) and Level 2 (Pioneers).

ABC MUSIC & ME

ABC Music & Me was the first parent-child interaction program offered by PICO and has now completed its 4th year. Currently we offer classes for the entire span of 0-4 years old (infants, toddlers, twos, and preschool). Through our home visitation programs, we have been able to identify children who need additional support in communication and connect them to this early language and literacy program.

DINOSAUR SCHOOL

This Social Emotional Learning program was provided to Jurupa families through Victor Community Support Services. In June PICO staff members were able to attend Dinosaur School Training and will now be provided this service directly to our community!
