

## AP Biology

Go to [bozemanscience.com](http://bozemanscience.com)- click AP Biology

Watch these 2-3 times (know them)- take notes on all of them and send them to me to my email. I need a set of notes every 3-4 days throughout the summer.

This is one Big Idea one of four

Big Test will be given the first day and that is the grade you are starting the class with.

**\*\*If you don't finish the summer work you will not be accepted. This is an intense class and a lot of material will be covered. My email is [miner.teresa@hotmail.com](mailto:miner.teresa@hotmail.com). Don't hesitate to email me if you have a question.**

### Big Idea 1: Evolution

007 - Speciation and Extinction

008 - Speciation

009 - Evolution Continues

010 - Abiogenesis

011 - The Origin of Life - Scientific Evidence

001 - Natural Selection

002 - Examples of Natural Selection

003 - Genetic Drift

004 - Evidence for Evolution

005 - Essential Characteristics of Life

006 - Phylogenetics

Under Supplemental AP Biology resources on that page look for: Solving Hardy Weinberg Problems and Chi-square Test videos and also watch them 2-3 times.
