

The Dual Immersion Program at Jurupa continues to grow!

Do you have an incoming Kindergartener for the 2022-23 school year?

Would you like your child to be bilingual?

Have you heard about our Dual Immersion Program?

The Dual Immersion program is designed to develop bilingualism and biliteracy in English and Spanish for students who are English speakers and students who are learning English. It is a rigorous program in which students will not only work on academic standards, but in addition they will become linguistically and academically fluent in two languages. Instruction is provided by highly qualified, trained, and specialized teachers.

Who can participate?

Any Kindergartener whose parents want him/her to be challenged and well prepared for this 21st century and to be bilingual and biliterate can be part of this advanced program. The program is offered at Sunnyslope, Stone Avenue, and Pedley Elementary schools as well as Jurupa Middle school and Patriot High. Classes are filled on a first come first served basis; we create a waiting list once classes are filled. Parents must attend a **MANDATORY** informational meeting for their child to be officially considered for the program.

If you have not already filled out an interest form for your child, please complete one by clicking on the link below.

[Dual Immersion Interest Form](#)

Once you fill out the interest form, we will forward you a link to the October 14th, 2021 required meeting which will be held virtually.
